Back From Safety School

Columbus Police Department Safety Officer Stephen A. McDonald is shown as he demonstrated with a midget simulated traffic light the rule for safety, in a Columbus elementary school. He has just returned from a safety school in Indiana (see story).

Patrolman Stephen A. McDonald of Columbus Police Department, a traffic education officer, has returned to his home here, at 5007 McAllister-av, after attending the National Aquatic School of the American Red Cross near LaGrange, from June 10 to 20.

The safety officer a former resident of the South Side with his home at 215 E. Welch-av, was sponsored by Mercy Hospital in making the trip to the mid-west to undergo advanced training in accident prevention, first-aid, swimming and life-saving techniques. The student body was composed of police officers from the Mid-West.

Faculty members were full-time American Red Cross experts in safety education, among them being Sgt. K. E. Miller, supervisor of first aid and safety education, Columbus Police Department, and Capt. A. S. Justice, supervisor Columbus Fire Department emergency squad.

Supt. Charles Beard of Mercy Hospital said that the hospital recognized in the special training given at La Grange a type of service in which the hospital ought to participate in the public interest, therefore the trip of Patrolman Stephen A. McDonald was sponsored by Mercy.

by sister," Clara, at 504 Reinhard-av.

When questioned about his military service, John said, "I ended the First World War." It seems that John, at the age of 22, walked into recruiting headquarters on Nov. 9, 1918, and enlisted. When he came out, the newsboys were selling extras proclaiming the end of the war. John still hasn't figured out how the Kaiser found out so soon that he had enlisted.

At the time he enlisted he was superintendent of the packing department. When Henry Arnold, plant manager at that time, heard that John would not have to don an army uniform, he made John superintendent of "Forming."

In the early days of the plant there was no personnel department and the supervisors did their own hiring at the gatehouse. There are still a number of people working at the Columbus plant who were hired by John.

While John was superintendent of the packing department, three of his brothers worked for him. Charlie "Pop" Leslein has 37 years with Owens-Illinois and is now retired. The other two, Mike and Pete, are also retired. To make it a real family affair, John's father also worked here for a short time.

When asked what he plans to do when he retires, John said: "I'm just going to take it easy. My sister and I plan to do a little traveling and I'll probably play some euchre with my brothers. There are a lot of old friends right here in the south end I want to visit and I'm going to do a lot of work around the end I want to visit and I'm going yard and the house. Of course, I'll have to make regular visits to the plant to make sure they have everything under control."

Saluting his 53 years of faithful services to Owens-Illinois, Monday, June 24, was officially designated as "John Leslein Day."

On that day John was guest of honor at the morning meeting, followed by a testimonial luncheon at the Onlsed Club ballroom.

All active Quarter Century Club members were on hand to give John a send-off on his last day.

Concluding the special festivities was a farewell plant tour, with John being conducted royally through the plant to give him a chance to say goodbye to all of his friends.

Fireworks A'Coming!

Fireworks are coming! They are as natural for the Fourth of July celebration as — well, as the Fourth of July. Perhaps we as a people can extract sufficient judgment and experience from the past "fireworks" of taking lives, of fighting wars, and lead the world to get more joy from beautiful patterns in the sky than in explosions which take life and wreck the future for millions.

Rev. Lang In South

This seems to be the week when Rev. John Lang is in the South — I believe that's where he said he would spend a week. Goodness! Seems unfair that such a vital man could get only a week's vacation! Here's wishing him a happy period under the sun with the most delightful breezes. Here's hoping he returns refreshed and ready "for the fray."

Graduates In Germany

Pfc. John A. Duckworth, son of Mr. and Mrs. John J. Duckworth, 713 Sixth-st, was graduated June 15 from the 8th Infantry Division Non-Commissioned Officer Academy in Schwabach, Germany.

A rifleman in the division's Headquarters Company, Duckworth received instruction in leadership, map reading, and other subjects.

He entered the army in March 1956, received basic training at Fort Carson, Colo., and arrived in Europe in Oct., 1956.

The 20-year-old soldier attended Ohio State University.

Judo Bouts To Be Featured At Lockbourne AFB

Visitors to Lockbourne Air Force Base for the gala "community open house" on July 5 will be treated to a series of thrilling judo bouts.

Robert Keefe, supervisor of the Lockbourne Judo Team and himself a wearer of the black belt (second degree), recently returned from a clinic in Tokyo where he received new training in this method of unarmed hand-to-hand combat.

The Lockbourne judoists showed their talents recently at the Armed Forces Day celebration at the Columbus General Depot, where they attracted large crowds. They have made numerous appearances in Columbus and throughout central Ohio.

Judo receives considerable emphasis in Strategic Air Command, which considers the sport a requirement in the training of its combat crews.

The Lockbourne Open House commemorates the golden anniversary of the United States Air Force, which traces its beginnings to Aug. 1, 1907, when the aeronautical division of the Signal Corps of the United States Army was created.

Lockbourne's all-day celebration will lift the gates of security at this Eighth Air Force installation and give the public an intimate glimpse behind the scenes.

Laundry Equipment Prices To Go Up

G. E. Laundry equipment prices in 1958 will be approximately 10 per cent higher at retail than 1957 models.

J. W. Tracy, president, Bard, Inc., 1070 W. Third-av, General Electric major appliance distributor, announced the new prices to dealers in this area today. He explained that the increase is due to product improvements and increased labor and material costs. The 1958 General Electric models feature "wash to order" keys which completely eliminate any guesswork on the part of the operator and wash each fabric according to "recipe". The full line of washers will continue to feature "Filter-Flo," G.E.'s exclusive moving filter.

Lincoln Playground News

Lincoln's Little Jet League began this week with 10 teams filling out the league. The league has two games nightly, beginning at 6 o'clock. The schedule for next week is as follows:

Monday, July 1, Team 1 vs. Team 6, Team 4 vs. Team 8; Tuesday, July 2, Team 2 vs. Team 10, Team 3 vs. Team 9; Wednesday, July 3, Team 5 vs. Team 7, Team 1 vs. Team 8.

No games will be played on the Fourth of July.

Friday, July 5, Team 6 vs. Team 10, Team 4 vs. Team 9.

Lincoln has two softball teams entered in the Recreation Softball League. One group is made up of boys 12 and under, and the other is made up of boys 13, 14, and 15 years old.

Pet Show Winners

Winners of the Pet Show held on the playground were as follows: First, Delmon Robinette, best performer; first, Linda Stevens, most unusual; first, Victor Staley, smallest.

At the sectional pet show at Schiller Recreation Playground, Delmon Robinette won first prize for the best performer.

Thursday, June 24, there will be a doll show at 8 o'clock on Lincoln Playground.

Deshler Playground News

The first full week of the playground season was a busy one at Deshler. The highlight of the week was the second annual pet show. Twenty-four boys and girls entered their pets, which ranged from guppies to parakeets. Winners in each category were:

Prettiest pet, Bobby Burchfield; best-costumed, Nita Alexander and Joyce Pinto; most unusual, Jimmy Snyder; most obedient, Tondra Moore; best performer, David Oty; cutest, Karen Fleshman; best-groomed, Susie Jordan; smallest, Barbara Moore and Delores Leonard; largest, Billy Gregory; most affectionate, Teddy Oder.

Seven boys and girls from Deshler entered their pets in the Southside Pet Show at Schiller and Teddy Oder and his white bulldog again won first place in the most-affectionate category.

George Harrison, winner of the local freckle contest, continued his winning ways at Schiller Playground and was sent to City Hall as the freckle representative of the South Side. Again George came through with flying freckles and was named freckle champion of the City of Columbus, and given a key to the city by the mayor.

Jet Little League, sponsored by United Commercial Travelers, opened last Tuesday. This year there are 12 teams, an increase of four over last year. Fortunately, 11 dads generously offered their services as managers, which relieves the playground leader of many of the managerial duties. However, if there are any men who are interested in either managing a team or umpiring, please stop in at the playground any time between 12:30 and 8:30 p.m.

Outstanding Little League performances were turned in by "Rebel" Hiatt, who pitched a one-hitter and struck-out 14 in five innings; Dick Turner, who pitched a no-hitter and struck-out 17 in six innings; John Jacobs and Mike Harold, who are hitting 1.000 at the end of the first week of play.

Any boys interested in joining a Jet Little League team may stop in at the Deshler Playground any time, 12:30 to 8:30 p.m.

The second annual clown contest will be held at Deshler this Thursday afternoon at four o'clock. Prizes will be given in the various categories.

Several boys from the Deshler Playground have spent many hours in the hot sun in order to improve the ourdoor facilities. Paul Dolby and Terry Treneff spent one morning painting boundries for the basketball court and the four-square game. Charles and Robert Moncrief, Rudy, Robert, and Richard Schwab, George Ruzicka, Buddy Jones, Mike Smith, and Denny Green all worked getting the baseball diamonds in better playing condition.

Smith Rd. Playground

Smith Road Playground has had another busy and fun week!

The daily schedule ran like this: Story hour, including dramatizations, from 1 to 2 p.m.; games from 2 to 3 p.m.; arts and crafts, crayoning, painting, finger-painting and gimp lanyards, from 3 to 4 p.m., and softball practice from 6:30 to 8:30 p.m.

The climax of the week was the sectional pet show at Schiller Park. Smith Road Playground had three winners: Douglas Orr, 1019 Lawrence, received an award for his dog, which took second place as the prettiest; Sally Wilcox, 1101 Innis, for her dog, which took second as the largest; and Donna Tuvell, 1841 Weiler, for her dog, which took second place as the most obedient.

Clown Contest

The special event for this week of June 24-28 is the clown contest in which all of the playground members may participate. An award will be given the best.

Plans are being made for the junior olympic track and field meet, to be held at the Ohio State stadium, Aug. 10. Prior to this a sectional meet will be held on July 11. Any boy or girl under the age of 18 by Aug. 10 is eligible to compete. Those interested should contact the playground as soon as possible.

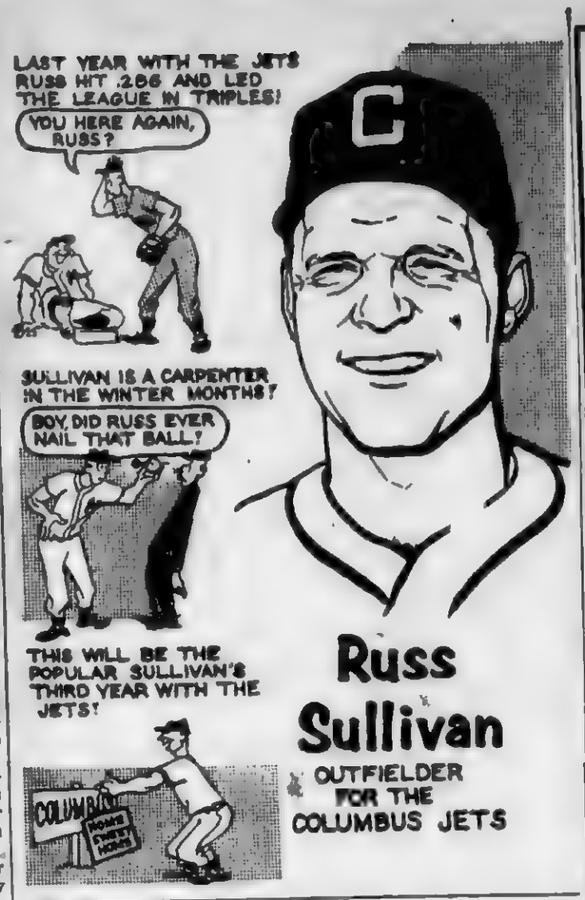
Southwood Playgrounds Files Report

Miss Lois Lyons and Norman Preston, co-leaders at Southwood Scohol Playgrounds, report the organizing of orderly activities on the playgrounds. The hours shown are for Monday through Friday, and are from 1 to 8 p.m., as follows:

Group games, 1 to 2:30 p.m.
Story time, 2:30 to 3 p.m.
Crafts, 3 to 4 p.m.
Sports, 4 to 6 p.m.
Free play, 6 to 8 p.m.

Special events: Puppet show Tuesday evening. Bicycle show, Thursday evening.

Reports From Karns Playgrounds



Some pretty nice freckles were put on show at Karns Playground, at a freckles contest, according to Miss Shirley Lantz, co-leader of the playground. She reports that Jimmy Hope, 923 Studer-av, and Judy Gugliemotto, 1298 S. Champion-av, were freckles contest winners. She also looked ahead and saw that there will be a doll show Friday, June 28, at 7 p.m., with awards for the largest, smallest, prettiest dolls . . . The arts and crafts period will be from 3 p.m. until 5 p.m. every day.

In the pet show the following results developed: Largest dog, Gregory Monet; second largest dog, Paul Adolph; Mike May won the first place for the smallest tadpole. The smallest bird brought Jimmy Tiedt second place.

'Thinking' Missile In July 5 Show

Air Force's Falcon missile will be one of the featured displays of the Open House at Lockbourne Air Force Base on July 5 when this Strategic Air Command base opens its gates to the public to celebrate the golden anniversary of the Air Force.

The Falcon GAR-1 is one of the air force's newest air defense weapons, it is said. It is an air-to-air missile with a brain of its own. It is small enough to be carried by fighter type aircraft and can track down and destroy a dodging target. The Falcon is designed by Hughes Aircraft Co., and is now being produced for the air force and will be supplied to the all-weather fighter interceptors that guard the air approaches to North America.

Rodeo Show Begins July 3

The roughest bulls and the wildest horses in the West are being rounded up for the Mid-Western Horse Show and Rodeo scheduled for the State Fairgrounds Coliseum on July 3, 4, 5, 6, and 7.

Sponsored by the American Legion Smith-Barratt Post No. 249 to benefit their Welfare fund, the event will feature a "calf scramble" which is a new type of entertainment in this part of the country.

The contest will be open to the six chapters of the Franklin County FFA and a good quality steer club calf will be awarded to the winner at each performance.

Over 500 horses will take part in the show. Afternoon performances beginning at 2 p.m. are slated for July 4, 6, and 7 with evening performances scheduled for 3, 4, 5, 6, beginning 8 p.m.

'Ted Shell' To Be Heard In Pulpit

The professor is an ordained Lutheran minister, the pastor said.

Vol. VI, No. 16 | Columbus, Ohio, Thursday, July 4, 1957 | Total No. 276

Site Eight Miles South Of Big Walnut Creek And Alum Creek Is Suggested

Construction of the proposed southeast sewage treatment plant approximately eight miles south of the location originally suggested at the confluence of Big Walnut Creek and Alum Creek, was recommended today by the Development Committee for Greater Columbus

The result of an exhaustive study of the 1954 Master Plan Study of Sewers and Sewage Treatment, the change was recommended by the Development Committee's Water and Sewage Technical Committee and has been adopted by the Steering Committee of the Development Committee, a non-political group of citizens pledged to developing a better community.

The committee said it endorsed the 1954 Master Plan with the exception of the southeast plant location and a possible revision of the route for the Big Run Main Trunk Sewer, which is now under study by the City of Columbus. In carrying out the 1954 Master Plan, the committee stated that, "as much, if not more, emphasis should be placed upon the construction of those trunk sewers which will relieve the existing overloaded conditions as upon those which will serve presently developed areas."

The committee outlined projects estimated to cost a total of of the Greater Columbus area soon as possible

Would Aid Southeast Area

The recommendation to change the location of the southeast plant was made, the committee said, to further the committee's goal of an integrated sewage collection and treatment system for the metropolitan area by making possible extension of service to Groveport, Obetz, Canal Winchester, and Lockbourne Air Force Base. The 1954 Master Plan suggested the southeast plant, estimated to cost $9,000,000, with a treatment capacity of 35,000,000 gallons per day, be constructed at Big Walnut and Alum Creeks

Legislation to construct this facility at that point was presented to City Council in both 1955 and 1956 but has not been passed to date.

Inquiries by the committee revealed that it would cost an estimated $4,800,000 to change the location approximately 8 miles south on Big Walnut Creek. Such a change, however, would obviate the necessity of building a third treatment plant, also recommended in the 1954 study, and parts of two trunk sewers at a total savings of approximately $3,100,000. Total extra cost would thus be reduced to about $1,700,000

The committee said there were four main reasons for proposing the shift in location: furthering the establishment of an integrated system, providing adequate facilities for the metropolitan area, attracting additional revenue, and preparing for future industrial expansion. Service to the south, southeast, and east sections of the metropolitan area adequate for the foreseeable future could be furnished thus encouraging the orderly development and growth of the Marion Township area and South Side.

The committee estimated that revenue of approximately $115,000 annually would be attracted by the change and said this amount would contribute measurably to financing the overall cost.

"Accordingly, it is the committee's recommendation that steps be taken to proceed as rapidly as possible with the construction of this plant at a location approximately 8 miles south of the confluence of Big Walnut Creek and Alum Creek," the report stated

Suggests Big Run Revision

The committee recommended a revised route for the Big Run Main Trunk Sewer, estimated to cost $3,500,000, subject to an engineering study now under way. The revised route would extend north and west from the present sewage treatment plant to the western edge of the city, then proceed northerly to the Hilliards area. "Such a plan, if feasible, is recommended since it will eliminate having to construct a large sewer (West Scioto Main Trunk) through ground underlain by extensive rock formations as well as serve the communities of Grove City and Urbancrest and relieve overloading of the Sullivant Avenue trunk sewer in the vicinity of Demorest-rd," the committee said

In establishing construction priorities, the committee urged that as much, if not more, emphasis be given to construction of those trunks which will relieve existing overloaded sewers. This relief was termed "essential to the well being of the entire community." A high priority should be assigned to sewers which will both relieve overloaded conditions and serve undeveloped areas the committee added.

Other Projects Listed

The committee endorsed a program estimated to cost $38,185,000 as representing immediate needs of the Greater Columbus area but said $7,685,000 of this is already available. In addition to the southeast treatment plant and the Big Run Sewer, this pro-

Bruck, Whittier, Thurman People Ask 'Stop' Signs

Group shows South Side Leader man one of several trees damaged by cars out of control.

Columbus Traffic Commission Tuesday received a petition from a group of citizens in the Whittier, Bruck, Thurman area, requesting the placing of a stop sign or signs at Bruck and Thurman, as a means of getting rid of what they call "Suicide Alley."

This is not a new cry on the part of the group in the area, and particularly in the immediate Thurman and Bruck area. It was said that an effort was made two years ago to have the traffic commission place stop signs "and remove the peril of injury and death constantly before us here," one of the spokesmen said.

Schools Near

Pointing to trees whose bark has been scraped by cars out of control, the petition makers declared that it is only by virtue of a great miracle that many have not been killed. They also pointed out the close proximity of Barrett Junior High School and several other public and parochial schools whose children are "constantly subjected to the danger of being maimed or killed" by the speeders

Commissioner Aids

Traffic Commissioner Otto Meier told the Leader Tuesday afternoon that the commission had received the petition at the meeting of the group that day. The normal procedure, it was stated, is to refer the petition to the traffic engineer with instructions to make a thorough investigation and report back to the commission at its next meeting, probably two weeks from now.

Petitioners are reported as being satisfied with the promptness with which the traffic commission took notice of the complaints so recently filed. They also look hopefully forward and hope that circumstances will permit the setting up of the stop signs which the petitioners believe will result in "slower travel and more protection" for the people of the immediate neighborhood.

The Leaders

Leading the program to secure stop signs are, from left to right, Mrs. Edna Lahoud, J. W. Paver, Mrs. John Keller, Mrs. Ethel Osborn. Frank Bateman was unable to be present.

The picture shows one of the trees which had been denuded of a good deal of its bark by a recent accident, when the automobile smashed into the tree and also damaged the curb just back of the tree

Mrs. Keller pointed out a number of other trees which had been damaged by cars, "so we are afraid all the time that one of the cars may smash into one of our homes."

Mrs. Keller pointed out the fact that often there is not adequate money available for such protection as asked for at this location, but expressed the hope that sufficient funds may be available to prevent a "major tragedy when a car smashes into some one's home."

Two Weeks' Wait

Commissioner Meier said that the petition for the signs was referred immediately to the traffic engineer, who is expected to give thorough study to all angles of the petition, and make the report to the commission in two weeks

Celebration On Today

Seven additional contributions have been received by the Council of South Side Organizations, according to a report by Secretary Jim Wagner. These contributions, the secretary said, are welcomed, but the amount now available is insufficient to put on the Fourth of July program and carry on the organization's Halloween parties and other programs

Additional contributions were made by Blue Bird Bakery, Caskey Cleaning Co., Columbus Serum Company, Scioto Fish and Game Club, Bill's Service Station (Mithoff and Jaeger), Mohawk Grill, Ray Fischer, 1042 Linwood av. The total to date is $382, it was reported

A baseball game early in the evening will start the Fourth of July celebration sponsored by the Council of South Side Organizations. Teams representing the Capitol City Products and Southway Post, American Legion, will meet on the Southview Park baseball field

Following the usual custom, fireworks will get underway with the coming of dusk, a spectacle usually awaited by thousands of persons

Bob Achatz is Council of South Side Organization Fourth of July celebration chairman.

Troop's Camp-Out Balm To Sore Feet

Twenty-six Scouts and Explorers, Troop 111, sponsored by Washington-av EUB Men's Brotherhood, made their fifth annual Ohio River hike on a recent week-end. A camp-out, the Scouts left home Saturday morning and had two days of hiking and two nights of camping out. The Explorers and Scouts were accompanied by four leaders. The trip is "no picnic," it was stated, but "a wonderful experience." Each boy carried a 20-pound pack. Some griping? Yes, but not to equal the joy of comradeship in the camp-out by the camp fire.

This year's trip was to "Horse Cave," several miles from Ohio River. Swimming, fishing, games, and camp fire skits Saturday and Sunday evening made tired feet and legs just a passing thing, it was said. Monday morning the campers started back home, looking forward to next year, according to Herb Shart, Scoutmaster for Troop 111.

Mother, Baby, In Close Midnight Train Escape

"Right out of the jaws of death" could well cover the situation of Mrs. Patricia Atkins, 21, of 3321 Deshler-av, and her five month-old daughter Theresa, early Tuesday morning

Mrs Atkins had left her home with the child to drive to North American Aviation, Inc. to get her husband, Larry, and take him home. She was on the Pennsylvania Railroad crossing between Cleveland-av and Westerville-rd, when she saw another car stopped on the other side. Quickly applying brakes, she came to a standstill with the front wheels on the tracks

Mrs Atkins "looked to her left, and I thought I was dead. A freight train was bearing down on the car, its light shining right down on me."

The train struck before Mrs. Atkins could get the car into reverse and out of a stalled position, caused when she stopped quickly when the other car called to her mind the oncoming train

According to Engineer Rufus B Green of the train, the slow speed at which the train was traveling probably was the factor which saved the lives of mother and child. However, the car was dragged a considerable distance, wrecked and Mrs. Atkins reportedly received only a bruised forehead and knee cut and the child a slight bump on the forehead.

Steel Plant Blast Lures Attention

An explosion heard over a large area of the South Side last Friday morning resulted in injury to one man and comparatively slight damage to the plant of the Bonney-Floyd Steel Co., 611 Marion-rd

John J. Meyers, 38, of 1604 S. Champion-av, suffered first degree burns on the neck when splashed with hot slag. A fire department official was quoted as saying that the explosion resulted when a ladle of hot slag was dumped into a pit into which early morning rain had drained

As a safety factor the power was shut off for approximately an hour, causing the major monetary loss

The alarm brought out many pieces of fire-fighting equipment

The worship services will last just one hour, with special music and a sermon by the pastor, Rev. Paul C. Kaefer. The announcement was made by Pastor Kaefer

Friday Dance At Y-Park

The second of the summer series of Y-Park Square Dances is scheduled for Friday, July 5, at Y Park from 8 to 11 p.m.

Dancing is held in the large open pavilion at the park, according to Jim Wagner, for enjoyable dancing. The dances are open to young and old alike he said. However he stated that all dancers must properly register at the Gate House before participating

The dances are sponsored by the South Side YMCA Young People's Inter-Church Council. South Methodist Youth Fellowship is the host for the July 5 dance

It was stated that anyone desiring instructions, or interested in doing some of the easier western-style dances, may participate from 7 until 8 p.m. without additional dues

New Pastor Welcome

A pleasant visitor this week was Rev. E. Mosslander, new pastor of Thurman Avenue Methodist Church. We are happy to have a delightful visitor like the pastor to pick on from time to time. Rev. Ray Huff was a good friend and a good visitor. The new pastor is a good visitor and, I hope, a frequent visitor.

Fourth Of July

One can become maudlin about a day like our Fourth. Only trouble is that maudlin people get over it pretty quickly and move on to other things to "maudlin" about. But for the sound of mind and correct of heart, there is a spirit abroad on this day which should, and often does, rekindle the hope and aspirations of a people for a greater and greater nation as the years go by. But let's define the word "greater" so we won't be misunderstood. Fairness in dealings and relationships, recognizing the value of other nations, keeping "solid ground" under our feet when we think of our dealings with other nations . . . permitting a therchy ennobled spirit within us to cast a glow of good will and rectitude over all the nations of the world. That might be of some help in fashioning a universal good will attitude to all nations by all nations.

Don't Get Hurt

Just a warning that won't do any good. But here it is: Keep within the law in handling fireworks, keep within the area of common sense. If this is done ambulances will not have to hurry to pick up little victims whose burns might be fatal. Let's be lawful! Let's be safe!

"ALL I HAVE LEFT IS WHAT I HAVE GIVEN AWAY"

"How come" asked an old friend. "Well," related the old man, once of great wealth and standing in the community, "I made money pretty rapidly in the late Twenties and gave freely to charity. In the early Thirties I lost all I had left and then some

"In solemn reflection I have the satisfaction of knowing I helped many during my lifetime and my only regret is that I hadn't given more Now in my retiring years I haven't many means but I have much to be thankful for, and the respect of all the people"

Others, too, made profits in times of prosperity by helping their fellow men through organized charity either by current gifts or by naming their favorite charities in their wills.

Mock A Bomb Blast Slated At Air Base

At precisely 3:25 p.m. on Friday, July 5, an RB-47 will sweep over the runway at Lockbourne Air Force Base before an expected record Open House crowd of 50,000 persons. A few seconds later a mock A-bomb blast will occur.

The audience, guests of the 801st Air Division which is opening its gates to the public in celebration of the golden anniversary of the United States Air Force, will be well protected.

The explosion will occur from a 30-foot tower in full view of the spectators but about a mile distant. Ground to air communications, keyed to a public address system, will tick off the seconds audibly. A mushroom-shaped cloud, similar in shape but not in size to the familiar nuclear blast cloud, will rise from the scene.

This demonstration will highlight a two and one-half hour air show, which includes the giant new B-52, Strategic Air Command's latest heavy bomber, the F-100 fighter, and numerous flyovers.

Pheasant Survey Shows Number Is About Same

Results of the 1957 spring pheasant survey, conducted by Game Protectors and other field personnel of the Division of Wildlife, have shown the brood stock to be about the same as last year with the better portions of the lake plain region of northwestern Ohio having more birds.

It is too soon to evaluate the effect of the heavy and prolonged rains of April and May on the pheasant nesting success. But since many of the birds bagged in the fall will be birds "of the year," nesting success together with hay mowing operations and other normal farm operations will be determining factors in this fall's pheasant population.

Results of a 1956 national vehicle safety check showed that with nearly 2 million vehicles inspected in 800 city and 95 county programs in 34 states 1 out of 5 vehicles checked was in need of maintenance attention.

Moisture content of wheat or oats to be stored for a long time should be 13 per cent or less to avoid loss in grade, say Ohio State University extension agricultural engineers.

Schiller Park and Dutch Fifth-Av History Is Written By Aged Citizen

(Editor's Note: Henry W. Cotner, 81 years of age, 248 E. Whittier, who has lived most of his lifetime in the Schiller area, has written the following history of what is now Schiller Park for the South Side Leader.)

Long, long ago, when the city of Columbus was a much smaller place than it is today, the many German emigrants in the south end of the city met for recreation and meeting at Stewart's Grove. This was a pleasantly wooded section of land lying just north of Deshler-av, the most exclusive residential section of Columbus, with the execption of East Broad-st.

"Dutch Fifth Avenue"

Deshler was locally in parlance as "Dutch Fifth-av," and thereon resided a number of very important families, including the Deshlers and the Thurmans." The Thurmans were of such importance that one of them, Allen G. Thurman, was the vice-presidential candidate with Grover Cleveland.

Allen G. Thurman was known as the "Old Roman." On his 77th birthday he was honored by a banquet given by prominent Democrats of Ohio. It was attended by former President Grover Cleveland and about a thousand others.

In 1867 the city of Columbus acquired Stewarts Grove for a city park, the 23.59 acres being purchased from the Deshler and Thurman families at a cost of $35,000. It was named "City Park."

Park Renamed

Shortly after the purchase the South Side German societies collected money to buy a bronze statue of Schiller and had it placed in the park, where it stands today. The City Council renamed the Park "Schiller" and the street two blocks north Schiller-st. This was done in honor of Johann Christoph Frederick Von Schiller, a famous German poet, dramatist, and historian, who was born in Wurtemburg Nov. 10, 1759.

Schiller fought restraint of the German law requiring military service from all youth. To avoid this many of these people came to America, a free nation. Others came on labor contracts and all of the emigrants holding the love of freedom as lived in the United States became loyal citizens Schiller was highly respected by all Germans, especially those in this country.

Name Changed

At the time of the Civil War the government recognized the loyalty and patriotism of the South Side German-Americans, many of whom served in the Union Army. When World War I came, the war hysteria swept the nation and all things German were swept into oblivion. Schiller Park then became Washington Park, and Schiller-st was changed to Whittier-st.

Before World War II began the name Schiller Park was restored, Whittier-st still remains.

From the beginning as Stewart Grove, then City Park, and then Schiller Park, this land has been the recreation center for the South Side. Music, loved by all Germans, was always a feature of the entertainment. Children loved playing in its natural setting, while grownups used it for a garden spot.

Linden Trees

Some of the original German settlers wrote to their homeland and had Linden trees sent here for planting in Schiller Park. Two of them have been carefully preserved and are still growing today

Schiller Park is a natural woodland and should be preserved as such. New native trees should be planted therein to replace those dying or downed by high winds. This beautiful park is also used today as a place where school children are able to see and study trees and shrubs which otherwise they might never be given the opportunity to look at. It is truly a spot of beauty in the heart of a big city.

And there was that dumb girl in the commodity house who thought spot hides came from a leopard.

Making love is like making pie. All you need is a lot of crust and some applesauce. (Then mix it with a spoon.)

The Gadabout

Priscilla LaRue Lenow
HI. 4-1651

Lots of travel this week and we found out about some of it, so will gladly share our knowledge with the ones who're staying home for the holiday. Danny O'Hara, of Lewis-rd, is participating in the outdoor life of Camp Alfred Willson at this time. The Camp family of 97 Reeb-av, are spending some of their vacation time in Toledo this week, while Debby Blair, cute lass of 1385 S. 6th-st, was thrilled by a short visit in Indiana over the past weekend.

Our deepest sympathy to the family of Jessie Kinser, who passed away last week. She was a tireless worker in many worthwhile things, so her loss is a great one indeed.

Didn't mean to slight Nancy Paulus' birthday last week, so we'll send her an "extra-special" belated June 30 greeting.

A 60th wedding anniversary was the big event for Rev. and Mrs. J. Elmer Lutz, 952 Lockbourne-rd, on June 30. The couple has five children, 14 grandchildren, and 21 great-grandchildren.

One Fourth of July wedding and four for July 6 are listed among the week's items. The July 4 wedding is that of Mary Lee Francisco, 377 E. Gates-st, and James Mangia, 745 S. Cassingham-rd. On July 6 these couples will exchange the words that make them man and wife: Marilyn Knore and William Allmon, Darlene Kay McCalla and Lowell Wharton, Erika Foetinger and Joseph Creek, and Loretta Mary Smith and Richard Kirwin. To give a few more details on the young couples' plans, we'll say that Miss Knore, 499 E. Gates-st, will exchange her vows with Mr. Allmon in St. John's Lutheran Church in Grove City, home of the groom-to-be. Miss McCalla, 626 Scriven-av, is a South High graduate, and her fiance received his diploma from West High. Lowell is a seaman apprentice on the USS "Sirago." Miss Foetinger, 2775 Lear-rd, attended OSU, while Mr. Creek is a student in the college of engineering, in OSU. Mr. Creek resides at 1406 Frebis-av. Miss Smith, of 72 E. Frankfort-st, graduated from Sacred Heart and her groom-to-be is a Rosary High graduate. Their marriage will be solemnized in St. Mary's Church.

Frank and Jean LaRue are spending their vacation at E-Z-Duz-It, their cottage at Buckeye Lake, O.

The kiddies birthday list for this week . . . Pamela Buchanan, 1372 City Park, July 3; Fred Jeffreys, 49 W. Welch-av, July 9; Nancy Earhart, 1544 S. 4th-st, July 9; Donna Smalley, 34 Woodrow-av, July 7; Karen Taylor, 151 Hinman-av, July 9; Gary Brown, 44 W. Neff, July 9; Dana Donley, 267 E. Mojer-st, July 7; David Claytor, 38 E. Markison-av, July 6; Stephen Kovaleski, 333 E. Jenkins, July 1; John Whitacre, 158 Southwood-av, July 6; Carolyn Nesselrode, 1431 S. 4th-st, July 6; Timothy Oyler, 1372 City Park, July 4; Lana Gregory, 32 Southwood-av, July 1.

The Itskin family, 1713 S. 3rd-st, utilized the first part of the week in visiting relatives in northern Ohio.

Congratulations to Mrs. Leonard S. Hanf, 1389 S. 6th-st, newly-elected 12th District president of the American Legion Auxiliary. She was elected on June 25 at the district convention at the Virginia Hotel. She will serve as the delegate to the September national convention in Atlantic City. Mrs. Arthur C. Bolef is the alternate.

Last February we had the fun of working on a rummage sale for the BOP group of South High School and one of our Coworkers was Betty Drugan. We noted the fact that she had a July 10 birthdate, so it's time to wish her a happy day. See you next rummage sale, Betty?

The Brewer family planned to to spend a few days in Kentucky, visiting relatives. Daughter Deanna was planning to stay for a longer visit.

Gilbert Fuleki, 1637 Frebis-av, and John Solt, 1202 Innis-av, had a glorious experience from June 16 to 28. They attended the high school science workshop at Athens, Ohio University. According to Gilbert's mother the boys are so enthused about the twelve days there, they can talk of nothing else. Gilbert and John the stay-at-homes on a day's out-Franklin High School. Gilbert had his fifteenth birthday on June 10, so we'll wish him belated greetings. Mrs. Solt and Mrs. Fuleki made the trip to bring the budding scientists home.

Janice Wolf, former Columbusite now residing in Long Beach Calif., last week visited her mother, Mrs. Gladys Wolf, 809 S. Champion-av. Miss Wolf, a graduate of Miami University and now a teacher in Long Beach, was enroute to New York City, where she left by plane to spend her summer touring 18 countries.

It doesn't seem "cricket" to have to add get well wishes on to "Happy Birthday," but such is the case for Katherine Barnes. Mrs. Barne's birthday was an event of June 20. For the Card-minded, her address is 889 Gilbert-st.

Sounds like the Wiechers family will be having a fine summer. Ginny, Fritzie and David are going to make New York City their temporary abode, so that Oscar can spend more time with his family. Have fun, Wiechers!

It just can't be! We remember Shirley McCaffrey as a wee little tyke, and here she's growing up and will have her 16th birthday on July 7. You shouldn't do that, Shirley! Another lass who is to have a birthday soon is Sylvia Lynn. Sylvia's natal day is the 10th of the month.

Well, we managed to open one eye last Saturday when the Jamaica-bound gang got going. Our gal was ready to go at 2:30 a.m. and she's lucky we got ONE eye open! We've had no news, naturally, but we know the group is having a fine time. Mr. and Mrs. Grey, with Linda and Peggy, drove the Christian Crusaders to Florida, from whence (get me!) they'll fly to Jamaica. Those making the trip were Barbara Biete, Bob Dean, Danny Boyes, Ed Day, Linda Hatfield and Priscilla Dicke. The remaining singers had a fine Sunday; not to be outdone by the Jamaica-bound members, Mr. and Mrs. Sedwick (the other sponsors of the group) took the stay-at-homes on a day's outing to Cincinnati, where they attended the Cinerama presentation. Twyla McCain, Emerson Darst and his mother, Mrs. Darst, and Donald Dicke were the ones to make the one-day trip.

Guess we've used all the news for the week . . . Do remember us when there's something going on at your house, won't you? It makes for better reading! Till the next time then, 'tis

Mary Catherine Henn Is Wed To Hugh Bohn

For her marriage ceremony last Saturday in St. Mary's Church Miss Catherine Henn, daughter of Mr. and Mrs. Roy Henn, 2643 S. High-st, chose a rose point and chantilly lace and nylon tulle wedding gown. The groom was Hugh Bohn, son of Mr. and Mrs. Hugh Bohn of Gulfport, Miss.

The 10:30 a.m. ceremony was followed by a reception at Balcony Hall.

The bridal gown featured a basque bodice with scalloped neckline, long sleeves and a full skirt that fell into a train.

Mrs. Robert Troy, the matron of honor, wore a yellow ballerina gown made with scoop neckline, short sleeves and full skirt. The other attendants, Mrs. Frank Heslop, Miss Mary Catherine Zang and Miss Gloria Warner wore blue gowns in the same style.

Independence Day

"Life, Liberty and the Pursuit of Happiness." With these words, our forefathers set American freedom ringing, on July 4, 1776.

• • •

As we celebrate the Fourth, let us pause to remember the men of vision who made this Day possible.

• • •

And let us pledge to preserve our heritage, our American way of life.

• • •

Let us put the "spirit of 76" into our celebration of '57 and rededicate ourselves to the liberty that has made and preserved us as a Nation.

Public To See Giant B 52 At Air Base

The general public will get its first closeup locally of the giant new B-52 heavy bomber at the Open House at Lockbourne Air Force Base on July 5, celebrating the 50th anniversary of the Air Force.

The eight-jet Stratofortress will be on static exhibit throughout the day and will play a feature role in a spectacular air show which will highlight the celebration.

Lockbourne's gates will swing open at 11 a.m. and the formal program is slated to begin at 1:00 p.m.

The B-52 is currently phasing into Strategic Air Command's aerial arsenal, replacing the B-36 as the nation's foremost heavy bomber. The aircraft carries a crew of six, has a ceiling of over 50,000 feet, is in the 650 mph class, and has a range of over 6,000 miles. Its cargo, or bomb capacity, is 20,000 pounds.

Recently SAC's B-52s made international headlines when they flew nonstop around the world from Castle Air Force Base. The B-52 has a span of 185 feet, is 156.5 feet long, and stands 48.3 feet high. It made its first flight in April, 1952. Since then later models have added improvements, increased range.

If he dodges jitneys, he is a pedestrian; if he dodges taxes he is a financier; if he dodges responsibility, he is a statesman.

The world has facilities enough now for transmitting intelligence rapidly — that is, until we get more intelligence to transmit.

James Ray, Lockbourne's Last Blacksmith, Recalls Era Of Canal Boats And Horses

For many years the ring of the blacksmith's anvil, blended with the rich voice of James Ray lifted in song, has been a familiar sound to residents of Mechanic-st in Lockbourne.

For the past 33 years, Ray, now 67 years old, has operated his rustic blacksmith shop next to his home at 141 Mechanic-st.

A happy man, who enjoyed his work, Ray often sang at the top of his voice while shaping a plow share or smoothing a white hot horseshoe. And although Ray no longer shoes horses and doesn't spend as much time in his shop as he used to, neighbors still occasionally hear him singing, possibly not quite as loud but still with the old enthusiasm.

You see, 12 years ago Ray suffered a stroke and for five years following he couldn't work in his shop. Since returning to work he has had to eliminate some of the heavier jobs, including shoeing horses. He still is troubled by his left leg.

Ex-Railroader

An ex-railroader who served on the Norfolk and Western for six years as a fireman, Ray started blacksmithing part-time several years before he opened his own shop.

He can recall that as a boy Lockbourne once had four blacksmith shops at the same time.

Born in Jackson, Ohio, Ray came to Lockbourne with his family as a boy of seven. He has never left since.

Recalls Canal

He still recalls the old Ohio Canal and how as a boy he and his brother used to play along its banks. "I remember how one day shortly after we moved to Lockbourne," Ray said, "I and my brother were walking along the canal and we came upon a man who was chasing a bunch of ducks attempting to herd them up a gangplank to a nearby boat. The fellow asked us to help him, so we did. After we got the ducks aboard his boat he thanked us and went down the canal. The next moring our own landlady was running all over the place trying to find her ducks. I don't think they ever did catch that duck rustler," Ray added.

Ray and his wife, Laura, had four children but only two are living. One, their son, Harry, lives in Columbus and the other a daughter, Mrs. John Scheetz, lives in Lockbourne.

In addition to his blacksmith work, Ray serves as a village councilman.

VILLAGE BLACKSMITH — James Ray is shown forging a plow share in his shop. Many residents recall when they were youngsters how Ray would fix their wagons and skates at no charge.

MRS. RAY is shown at one of her two looms. For a hobby she weaves rag rugs for her friends and relatives.

The members of the smart set never get that way by listening to one another.

Rain Slows Ball Play

Rain and church camps slowed down play in the South Side YMCA Church Leagues last week. July 3rd and 4 games will also be postponed due to holiday trips.

The Monday Junior League was postponed last week because of rain. The Tuesday Girl's League had only two games, due to the absence of some Methodist teams to church camp at Lakeside. In the games played, St. Leo defeated Gates-Fourth Methodist 28 to 6 and St. John's E&R lost to Corpus Christi, 24 to 2. Martha Ebelberger was the big gun in St. Leo's win, hitting four for four.

Three games were played in the Wednesday Junior League. Oakwood Methodist defeated St. John's E&R, 14 to 0, with help from Jim Sider's four hits, including a home run, and Bob Drury's home run. Ohio Avenue EUB came out on top of Gates-Fourth Methodist, 14 to 9. Bill Rundio had a perfect day at the plate, for Ohio Avenue, with five hits, including two home runs. Emmanuel Lutheran beat St. Paul Lutheran, 15 to 3, behind good pitching by Joe Middendorf. Joe also helped his own cause with a home run in the fifth inning. John Fabing got two hits for the losers.

Only two games were played in the Intermediate League, but they were enough to keep the spectators busy. St. Paul E&R beat Southwood Church of Christ, 22 to 3. Southwood was hindered by having only eight players, but this can take nothing away from a well-played game by St. Paul. Dave Kramer hit a homer for the winners. Hungarian E&R lost a close one to St. John E&R, 9 to 7, in a thriller all the way. Both teams played good ball, with no individual star on either team.

White Bass Now Biting In Lakes

White bass, noted for their phenomenal growth, were stocked in a number of inland lakes in Ohio last year and apparently liked their new home.

Danny Armbruster, Fish Management Supervisor of Wildlife District 3, reports that white bass, stocked in Charles Mill Lake, in October, 1956 as 6 to 9 inch fish are now 13 to 14 inches in length.

Richland County Game Protector George Griffith reports checking one fisherman who had caught four white bass with a total weight of five pounds. The fish ranged from 13 to 14 inches long which shows remarkable growth for one year old fish.

Snowshoes Come Back To Ohio

In a cooperative effort which should eventually benefit both the New York Conservation Department and the Ohio Division of Wildlife, Ohio has received 24 snowshoe hares in exchange for a like number of Ohio quail.

For the past several years Ohio has been experimenting with stocking snowshoe hares in northeastern Ohio, hoping the animals might establish themselves in an area where at one time, up until about 1850, they were abundant. Destruction of habitat caused their disappearance.

Game biologists have evidence that the snowshoes are reproducing in Ohio and with the pines, hemlocks and other evergreens as favorite foods, becoming reestablished, the hares should find this area of cold winters and deep snows much to their liking.

The New York Conservation Department released the Ohio quail on the Oak Orchard Game Management Area, a rugged northern section of the state. According to biologists from that state 90% of the released birds are still present near the release site, some four months after release.

Co-Leaders At Southwood Playground Have Many Charges

Southwood Elementary School Playgrounds, Southwood-av and Fourth-st, has an active program for the summer to meet the needs of the large number of children who make use of the facility, which is provided by the City of Columbus. Pictured at top are Miss Lois Lyons and Norman Preston, co-leaders of the Summer Playground. The top picture shows one segment of the attendance working at a table, outdoors, while the lower picture shows contestants in a bicycle show lined up for the photographer . . . and the judges. Southwood is one of a great number of such playgrounds in the city.

Reports From . . .

Playgrounds

Baby Parade

A baby parade will be held at the Schiller Playground Friday, July 12, at 6:30 p.m. Registration for this event begins July 5 for babies of one year or younger.

Score 19 to 10

Schiller Playground's girls' intermediate softball team played their first game Thursday, June 25, at 2 o'clock. The game was played with Palsgrove Playground. Palsgrove won with a score of 19 to 10. Playing for Schiller were Jerri Clements, Sue Skeen, Kathy Meyers, Jane Clements, Linda Grinstead, Jean Clements, Clara Clements, and Pat Skinner as manager

Tennis Instruction

Schiller Playground's tennis court is a popular place this time of the year according to reports. Teams are polishing serves and practicing strokes in anticipation of the city tournament beginning July 8. Instruction and playing begin each week day at 1 o'clock for both boys and girls. Interested persons should sign the sheet posted on the Schiller Playground bulletin board, it was stated.

Indian Lore At Schiller

Boys and girls at Schiller Playground will have an opportunity this summer to learn some of the customs of the American Indian by joining a new group which is being organized at the park.

Indian crafts, such as making feathered head-dresses, beadwork, moccasins, rattles, tom-toms, Katchina dolls, and cornhusk dolls will be part of the activity. In addition to these crafts, other types of Indian lore featuring the ceremonial rites and dances of various Indian tribes and tom-tom beating will be included in the program.

Any boy or girl in the community wishing to learn about the American Indian should sign up with one of the leaders at Schiller as soon as possible, it was said at the Schiller Park headquarters.

Lincoln's Intermediate boys' softball team defeated Fornof 7 to 6. Richard Green drilled a triple and a double to lead the attack for Lincoln.

Lincoln's junior boys' softball team defeated Fornof last Thursday by the score of 16 to 4. Mike Rodgers of Lincoln pitched a three-hitter. Three double plays were turned in by the brother combination of Danny and Bobby West.

All boys and girls between the ages of 8 to 12 years again this year will have the opportunity to attend Day Camp at Indian Village Camp, north of the city. Children in the Deshler area may attend the week of July 29. The fee is $2.50 and further details may be received by contacting the playground supervisor.

Little League play was hampered by the inclement weather, but several fine mound performances were turned in by Dick Turner, John Passero, James Wiltshire and Bob Ganter. Consistent hitting by Paul Alford, John Bobo, Mike Harold and others continued.

Latest to qualify in the physical fitness tests were John Durgant, Sidney Meisner, Dick Turner, Roy Binkley, Denny Green, Bill Foley, Barbara Moore and Sharon McKitrick.

Boys and girls interested in entering the South Side track meet held July 11 at South High School should stop in at the playground. A portion of each day is to be devoted to physical fitness and track and field, regardless of ability or experience.

Livingston Playgrounds

Mrs. Lydia O. Burkes is again supervisor of Livingston Playgrounds, with Miss Sue Harris and Emile Jones assisting. The Livingston Playgrounds participated in the recent clown show.

Mrs. Burkes said the playgrounds will again have a full program, with sports activities, including tennis, volley ball, basketball, gymnasium. There will be a wading pool for the little tots, Mrs. Burkes said.

Hours for the days ahead will be 12:30 noon to 8:30 in the evening. The location: Livingston and Monroe-sts.

During the past week a doll show was held Monday evening and the traveling zoo visited the playground Tuesday and Wednesday.

A clown contest was held.

Lanterns are being started by the annual lantern parade July 18. The South Side track meet will be held July 11.

Practice is being held every evening, according to Shirley Lantz, co-director.—Shirley Lantz.

Thursday a doll show was held on the playground with 26 children participating in the doll contest. Winners for the "prettiest doll" were Wilma Rhodes, first; Linda Gallagher, second. Nina Ryan, third.

In the "most unusual" category the following were winners: Sunny Robinette; second, Nina Ryan.

Smallest dolls: Louise Tillman, first; Sandra Bailey, second.

Largest dolls: Mary Ann Kalb, first; Joan Little, second.

In a clown show, also held last week, prizes were taken by two brothers, Stevie and Garry Allison.

To Cincinnati

Arrangements have been made for tickets to Cincinnati to see Cincinnati Reds and the Brooklyn Dodgers in a baseball game July 27. This is for boys and fathers of the playground, it was stated. Full details may be had at the Karns Playground, it was said, and reservations made.

First-round action in the South-East Lions Little Jet League found two no-hitters.

The first no-hitter occurred on opening day as Bob Frost fanned 17 batters while he and his Dodger teammates defeated the Red Legs.

gram includes the following projects:

1. Construction of the Alum Creek Trunk Sewer to Morse-rd at a cost of $7,645,000. Parts of this system between Livingston-av and Johnstown-rd have been designed and are under construction.
2. The Big Walnut Main Trunk from the southeast plant to Broad-st at an estimated cost of $3,000,000. The city has already undertaken construction of the section from Livingston-av to Broad-st.
3. The Olentangy Trunk to Worthington to provide service to Worthington and North Columbus at the cost of $2,000,000.
4. The East Scioto Main Trunk to relieve overloading in the Grandview and Upper Arlington areas at a cost of $4,500,000. The Big Run feasibility survey, the report noted, should include recommendations about possible changes in the size of the Scioto Main Trunk.
5. Expansion of the present treatment plant to the capacity of 120 mgd secondary treatment and 160 mgd primary treatment at a cost of $3,740,000.

The Water and Sewage Technical Committee is chaired by C. Carlton Hartley of the Hartley Printing and Publishing Company. Other members include Arvin J. Alexander, Roy Brenholts, Edmund A. Donnan, Henry A. Flaharty, J. Parker Garwick, L. A. Guzzo, Paul L. Jones, Robert K. Levy, Harry E. Mayfield, Don E. Weaver, and Allen W. Lundstrum.

Show Special Pressure Suit

One of the highlights of the Air Force exhibits on display to the public at Lockbourne Air Force Base's Open House on July 5 will be the T-1 Partial Pressure Suit.

Designed for wear above 45,000 feet, the suit protects the flyer against decompression sickness (bends and chokes) resulting from accidental loss of cabin pressure at high altitudes. A closely fitting garment of porous inelastic nylon, it is worn under regular flying clothes.

When inflated, the suit becomes skin tight and protects the pilot's body against loss of air pressure above 40,000 feet. For emergency bailouts, an independent 10-minute oxygen supply is built into the suit.

Another display designed to interest the thousands of visitors to Lockbourne when this Eighth Air Force base celebrates the golden anniversary of the United States Air Force is a cutaway modified Allison J33 jet aircraft engine.

These power the Lockheed F-90, the XF-92 delta wing, and the F-94 night interceptor — all Air Force fighter planes. The J33 is a centrifugal flow jet engine developing 5,400 pounds of thrust with water injection and 4,600 pounds without water injection. An afterburner gives the J33 some 2,300 more pounds of thrust for additional speed and power.

The gates at Lockbourne will swing open to the public at 11:00 a.m. for the all-day celebration. A formal program begins at 1 p.m., highlighted by a spectacular air show.

One of the things you can be sure of — a lifetime of free reading pleasure. That's what the Columbus Public Library means to you.

Acton Lake Boating Open

V. W. Flickinger, chief of the Ohio Division of Parks, announces that the new 625 acre Acton Lake in Hueston Woods State Park is now open to boating.

Hueston Woods State Park is located on the Butler-Preble county line near Oxford, Ohio. The lake, which was filled only this spring, will be limited to motors of six horsepower or less, Flickinger said.

Boat launching ramps are available to the public as are boat docks. A nominal fee is charged for the use of the boat docks. Boat and motor licenses are available at the Park Managers office on the area.

Hueston Woods and Acton Lake are located five miles north of Oxford off Route 177, thirty-five miles southwest of Dayton and forty miles northwest of Cincinnati.

Most of us are confident we could move the mountains if somebody would clear the hills out of our way.

Five Generations At Altar

Five generations of the family pictured above met at the altar in St. Paul E&R Church, where the pastor, Rev. Paul Kaefer, officiated at the baptism ceremony of Kimberly Sue Weiss, three-month-old daughter of Mr. and Mrs. Shirley Brand Weiss, until Monday of this week living at 971 Geers-av.

Shown in the picture are, rear row, left to right, Mrs. Elizabeth Zipf, age 92, of 850 S. Champion-av, the great-great-grandmother; Carl H. Zipf, Sr., 69, of 1766 King-av, great-grandfather; Mrs. Edw. C Brand, 910 S. Third-st, the grandmother.

Kimberly Sue and her mother left Monday for Seattle, Wash., where husband and father is associated with the Boeing Corporation, having recently returned to the company after being away for some time.

Nazarene Assembly Convenes

Rev. D. E. Clay, 896 Wilson-av, will make his fifth annual report for the Wilson Avenue Church of the Nazarene at the Central Ohio district Nazarene Assembly at the denominational Camp Grounds, Morse-rd, the week of July 16-19.

The traditional district missionary convention with four services, July 15-16, will precede Assembly. The 22 annual camp meeting will follow, July 19-28, with preaching services three times daily.

Dr. Harvey S. Galloway of Columbus will give his 14th annual report as district superintendent. He has been the chief district leader since its organization in 1943.

The presiding officer will be Dr. D. I. Vanderpool, San Jose, Calif., one of five Nazarene general superintendents, an office that corresponds to bishop in some denominations. He will preach and ordain a class of candidates into the ministry, Thursday, July 18.

A home missions rally is set for Wednesday night, July 17, at 7:30. Last year at this service $15,000 was raised toward the home missions revolving fund on the district.

Election of district officers will start Thursday, July 18.

Delegates will not vote this year on the local superintendency, having elected Dr. Galloway for a three-year term in 1956. However, they will ballot on other district offices, including secretary and treasurer. The convention will end Friday.

Leo Rampage Ends Threat

Holidays and Church camp again made games scarce at Southwood in the South Side Branch YMCA Church Leagues. Both the Intermediate and Wednesday Junior Leagues were postponed because of the July 4 holiday.

The Monday Junior League had only one game played between St. Leo and Livingston Methodist. St. Leo won a close one, 6 to 3, behind some good team work. Neither team had any individual star, as each boy played his position as a member of a team.

St Leo almost received its first defeat in the Tuesday Girl's League, as Southwood Church of Christ stayed in the lead until the last inning. Twelve runs in the fifth inning proved too much for Southwood to make up, and they lost, 17 to10. St. Paul E&R shut out St. John E&R, 9 to 0, in the other game. Marilyn Metzger hit a home run for the winners.

Lantern Show Set: July 13

The annual Schiller Lantern Festival will be held Thursday, July 18, at Schiller Park, according to an announcement. At this time each of the playgrounds in the southeast section of the city will participate in a parade of lighted lanterns which have been made by children of the various playgrounds represented according to D. T. Crawshaw, Schiller director.

This is a highly colorful spectacle, the director said, that has come to be a tradition of the summer playground season. During the evening's activity the boys and girls parade in front of the bandstand carrying lighted lanterns of their own design and making. Some are large and some are small and make an impressive sight as they wend their way around the lake and across the bridge and up through the park.

Last year the largest lantern was a huge scale model of an old pirate ship complete with yard arm and lighted portholes which had to be transported on a specially made float.

Any boy or girl wishing to be in the Lantern Parade should see the craft teacher at the nearest playground for information.

Vacation Bible School Date Set

Zion Lutheran Church, 766 S. High-st, will have its annual vacation Bible school from July 22 through Aug. 2, from 9:30 to 11:30 a.m. The program is for children between the ages of three and 12 years.

Registration of children will be on Saturday, July 13, from 1 to 5 p.m. at the Columbus-st entrance to the church.

There will be no registration fee it was stated.

Library Program Meets Summer Reading Moods

Story hour is a state of mind.

To appreciate it fully, you have to have either freckles or braids. Or both. Or you have to have an instinctive hatred of washing behind your ears, or a fondness of your "gang" plus a distrust of most adults. Oh sure, parents are okay. And some others, too, I guess, but you only "really like" a few.

Live Place

Story hour is a real live place, too, for scores of South Side youngsters who have followed in their parents' footsteps as faithful fans of the Parsons Branch Library Story Hour.

Many of their parents, however, thrilled to the skillfully spun tales of Miss Margaret Bausch, head of the branch since its founding in 1928. Since the branch moved to its new building at 845 Parsons-av last spring, Miss Bausch has been fortunate in having a staff that includes several masters of the age-old art of tale-spinning.

This year, for instance, blond, petite, and pretty Miss Alice Tuemler is handling the operation. A part-time staff member, Alice is a native South Sider and has been working at the branch for the past three years while studying elementary education at Ohio State University. Before her a sister, Miss Mary Ellen Tuemler, completed five years of library staff work before leaving Columbus to teach youngsters on an Indian reservation.

Right On Dot Of 10

Story hours commence sharply at 10 a.m. each Thursday morning. But the youngsters begin congregating an hour earlier when the branch opens. They've got a million and one things to do in the meanwhile. For instance, they have to obtain credit for the books they have read in the summer reading club. There are magazines to scan, books to thumb through, and frequent trips to the water cooler to keep them occupied.

At this point in the summer, attendance frequently goes beyond the hundred-mark. Bible vacation schools have completed their semesters and most of the "must" projects of vacation have been accomplished.

Quietly Seated

By the time Alice is ready to commence, the normally boisterous crew of youngsters is quietly seated in folding chairs and at her feet in the special children's room in the building basement. Not a word or sniffle can be heard as "the story teller lady" begins.

Alice usually half-reads, half-

Corpus Christi Festival Set

The parishoners of Corpus Christi Catholic Church are planing their Summer Festival for Friday, July 19 and Saturday, July 20 on school grounds, Deshler and Linwood-av.

Fish dinners will be served Friday, beginning at 5 p.m. and fish sandwiches, french fried potatoes, and pizza will be served throughout the evening.

On Saturday, starting at 5 p.m. a roast beef dinner will be served and roast beef sandwiches, hot dogs, and pizza will be available

The grand prize, a 1957 Plymouth Suburban station wagon, will be awarded at the close of the festivities on Saturday evening

There will be games of skill for everyone, and many which appeal to the children.

Church Picnic Set For July 18

St John's Evangelical and Reformed Protestant Church has completed plans for the annual church picnic Thursday, July 18, to be held at the picnic area south of the rides at Norwood Amusement Park, according to the committee in charge, Jack Davies, Bill Reiner, Geraldine Wood.

The picnic program starts at 1 p.m and there will be rides, games, prizes, square dancing, "etc" it was stated. Square dancing will begin at 7:30 p.m. according to the program.

Mrs. Jack Davies said she hopes there will be donations of pies, cakes, cookies, beans and other picnic "eats."

That Here Again!

In this hot weather maybe I should let the subject drop. However, while the "link" is hot, maybe we'd better iron it out. That is, it might be worth the warm weather suffering to spend a bit of time unraveling, with the help of a Johannesburg, South Africa, scientist. He has found the "missing link" between prehistoric and modern man! Let's shout with excitement! The name of the "link" is "Australopithecines"—that is, the name of the species, and it has an "almost human body." Maybe it is a genuine link, since it is difficult to picture any kind of person but man who would fashion guns and axes especially for killing other men.

Many skeletal remains have been found, and they had almost-human bodies, it is said. They walked upright in human fashion and improvised tools and weapons — so like man!

Press reports state that the Canadian Red Cross, upon learning of the tidal wave destruction in Louisiana, immediately sent $50,000 in cash to the American Red Cross, recalling that a number of years ago the American Red Cross contributed $250,000 to Canada Red Cross for use in the great Manitoba flood. Russia might find in the situation a spirit which exists only when there is respected, honest friendship. And it might find, with a bit of reasoning, that co-operation, unselfish participation, is a good way to make friends and keep the peace of the world.

"Summer Festivals" at several churches are making colorful what might be all drab, hot summer days, although they will come later on in spite of everything. But maybe the toys of the festivals will keep up our enthusiasm when the heat bears down hard. I enjoyed both — the hot weather and the festivals. I'm glad they come along at the same time. Among those immediately ahead are Corpus Christi and St. Mary's. See Stories in this issue of the Leader. I'm told many others are in the making.

Funds Grow For Council Purposes

Jim Wagner, secretary, Council of South Side Organizations, has announced additional contributions to the July Fourth celebration fund. These are Sycamore Cafe, Sycamore Recreation, Gager Keim, Harry Masser Co., Ward Baking Company, St. Leo Court No. 1475 Foresters.

The secretary expressed gratification that business people continue to help build the fund upon which many depend for desirable activity.

Had To Hurry

The weather man seemed to have a grudge against the usual fireworks display on the Fourth, making Thursday and Friday evening use of the park impossible. The group went to work with enthusiasm in preparation for the display Saturday evening but again the rain was turned on and the fireworks people had to rush things to get the fireworks used up before another downpour.

Reports from all sections of the city indicated that the story was the same throughout the city and county.

Whittier Man Ends Course

Stilts Give Lockbourne Youth 'Higher Outlook' On World

HIGH WALKER—There aren't many opportunities today for a real young fellow to get up in the world, but with a trusty saw, a couple of pieces of solid wood and a little hard work, it can still be done. To illustrate our point we have 13-year-old Lonnie Scheetz of Lockbourne, above, who now has a higher outlook on things since he built himself a pair of stilts. Lonnie said he averaged a bruise a day for almost a week before he got the hang of the "sneaky" stilts.

Our town has its faults, no doubt, but why talk about its faults when there are so many good points to talk about?

A hole-in-one golf tournament will be held with $100 going to anyone making a hole-in-one. Maurice Jackson, Columbus, disk jockey, will act as master of ceremonies. Other highlights will be a Friday fish fry, Sunday chicken dinner, pony ride and amusement stands.

Pizza will be furnished by Leonard's of Columbus. G. A. Reid and Basil Blower, co-chairmen of the ticket distribution committee, are placing tickets with parish families. Co-chairmen for the festival are Andrew Zamarelli and Mrs. John Hooper, both of Grove City.

Proceeds will be used toward the building of a school hall and school. Future plans include the erection of a church, rectory and convent. Father Richard Hoch is pastor of the church and Father Robert Luchi is assistant pastor.

FROM SCRATCH

A new man was brought into battalion headquarters office by the sergeant-major. "Here's a new man, sir," said the sergeant to the commanding officer, "what can he do?"

"Nothing," replied the sergeant.

"Good, then we don't have to break him in."

Bids Asked For Highway Edgelining

Some Franklin and Madison County Highways will have a new look in the near future.

Instead of the single white line down the center of the thoroughfares, the highways will also be dressed with another line down each edge.

"Edgelining" as engineers term it, is an innovation in Ohio promoted by Governor William O'Neill and highway Chief Charles Noble to make traveling safer on Ohio's highways.

The edge of the highway will be painted with white paint to show the driver the exact width of the pavement and how much maneuvering room he has, keeping him off the road's shoulder.

Routes in Franklin County that will be included in the primary project include Nos. 3, 16, 23, 33, 40, 62, 161, 257, 315, 317 and 665. Routes in Madison County are 29, 38, 40, 42, 62, 142 and 161.

Bids for the project will be opened July 23 at the department of highways in Columbus. Work is expected to be done by Oct. 15.

Annual 'Operation Alert' Set During The Coming Weekend

"Operation Alert, 1957" is a National training exercise which will bring into coordinated action: (1) The Civil Defense organizations of the United States (2) the Department of Defense, (3) the Office of Defense Mobilization, (4) other Federal Departments and agencies and (5) Canada. The exercise will be conducted during the period 11 a.m. July 12 through 6 p.m. July 14.

The Columbus and Franklin County Civil Defense organization will participate in this annual nationwide exercise of assumed mock attacks.

The sirens will be sounded, but the public should disregard them, and take no action. It will be strictly a communications exercise.

The Main Control Center will be in operation for a 55-hour around the clock schedule, maintained by the "key" volunteers and local staff.

The mock action will follow instructions after the opening of a sealed envelope from the Ohio Civil Defense Corps.

Dear Son

By Joseph Martell

Chittlin Switch,
Sunday Night

Dear Jason:

Well, it sure has been a long time since I dropped you a letter but I've been very busy lately. I've got plenty of news to tell you about the goings on at Chittlin' Switch.

First of all, your Paw has been in the hospital for two weeks. He met with an accident. The still exploded. Poor man; he was all set to bottle the stuff, too.

You'll no doubt be surprised to learn your brother, Snod, has a new girl. As a matter of fact he gave her a ring last week. I can't say I like her as she's one of those uppity things who works in the library. Snod was half-gassed one day and wandered into the library thinking it was a saloon. This book stamper, Chlorine Gooch, gave him the heart of gold. (and teeth to match)

Old Grandmaw Sludge nearly came to a sad end about a week ago. You know she lived in that old shack near Polecat Ridge—well in the middle of the night the house caught fire and burned to the ground. Thank God she wasn't burned to death. The firemen arrived in time and she was drowned.

However, here's some good news. Your cousin, Myolis, married one of those French lads. She has every reason to be happy. He has two Cadillacs, comes from a wealthy family; his father bought them a ranch; he's vice president of a bank and he's insured for $50,000. To make it even nicer he's in very poor heath. He's got only six months to live.

I do have to tell you that your nephew, little Cheddar, has been naughty again. Last Sunday he was playing William Tell with his sister in the back yard. He'd make her stand against a tree, then he'd march 40 paces, turn around and shoot at the apple with his father's old rusty rifle. She would be eight years old tomorrow. Well, guess that's all the news I know for now.

Your loving Mom.

Al 'Helwig' Ross, Local Clown, Finds 'Cooking Beats Clowning'

Al Helwig, private life

Al Ross, professional life

From juggling clown to chef seems a little incongruous, but that's exactly what happened to Al Helwig, or "Al Ross" as he is known professionally.

Al, who entered show business as a youthful tumbler in 1926, turned to clowning when he joined the Tom Mix Circus in 1936. Since then he had added tumbling and magic tricks and has developed one-man routines that permit him to perform solos and make personal bookings outside the circus.

For the past several years, he has shied away from circus work as much as possible, preferring fairs and special shows, which, he is frank to admit, pays better and is less strenous.

Through the years Al has worked with just about every circus in the land and has performed in most of the states. During the war, as a GI, he served in a Special Service entertainment unit and made more than 400 overseas appearances.

"We had a young GI master of ceremonies traveling with us who was really terrific," Al said. "He later entered television and gained quite a bit of recognition. You've probably heard of him . . . Jack Parr."

Al has also appeared on the television shows, Super Circus and Big Top.

A native of Cincinnatti, Al has called Columbus home for several years. He intends to relegate clowning to an avocation now, and devote most of his time to his modern new chrome and tile "Circus Chef Diner," that he has just built at 3260 S. High-st. He will continue to work the fairs this year but eventually hopes to devote himself fulltime to the diner.

Al is staging a gala open-house celebration tomorrow and Saturday, July 12-13, and said, "If you want a fine luncheon, sandwich, or just a piece of pie and a cup of coffee, stop in and see us. We think we've got the best."

Hall Ridge Plans Fireworks Show

The fireworks display originally planned for July 4 at Hall Ridge Club will be held in connection with a family night program on July 12, 9 p.m., at the club grounds, 4822 Hall-rd.

Regularly scheduled moonlight swims will be held from 10 p.m. to 1 a.m. July 13 and July 20.

Medical Division Opens At Local Training Center

The chief of naval personnel has authorized a naval reserve medical division to be established at the U.S. Naval and Marine Corps Reserve Training Center, 240 N. Sandusky-st. This unit was activated on July 1 and is known as "Naval Reserve Hospital Corps Division 4-3."

This medical division was formed so that medical personnel could receive a higher level of instruction and indoctrination.

Commander Warren G. Harding, II, nephew of the late president, will be the original commanding officer of this unit.

The division will be composed of five medical officers and 90 enlisted personnel of the hospital corps. Persons qualified in the hospital corpsman ratings can become a proud part of this division by contacting the commanding officer at CA. 1-8818.

How Come You Pump Gas Back In The Ground?

To keep you warm next winter!

The amount of natural gas your family uses varies greatly from one season of the year to another. In fact, it's not uncommon for a family to use 15 times as much gas on the coldest day in winter as on a summer day.

Billions of cubic feet of gas are constantly being piped here from the southwest. In summer, when you need less gas, the surplus supply is stored in underground rocky formations, which once held natural gas. Then on cold winter days, your increased requirements are met by tapping these down-in-the-earth storehouses.

That's one more reason why natural gas is the modern, efficient fuel. And it serves you best when you use it with modern, automatic gas appliances.

The Gadabout

Priscilla LaRue Lones
HI. 4-1051

The Dean family of 33 E. Jenkins-av, is partaking of the pleasures to be found at Mainistee Lake, Mich. Virgil Mae, Jill and "Dadd" Dean are the ones who made the trip, while Bob is one of the Christian Crusaders who made the trip to Jamaica.

We do hope many folks will send cards to Betty Donahoe Stinson, who is very ill in University Hospital. Betty currently lives in a nearby Ohio town, but Columbus was her home five years ago and we know she's well-known to many of the readers.

A good friend, Betty Dean, will have a birthday this coming Saturday, July 13.

The young couple, residing at 52 Thurman-av, are young marrieds of a few weeks, so congratulations to Mr. and Mrs. Kenneth Wohlforth. Mrs. Wohlforth is the former Barbara Ellen Klingler. Both are South High graduates.

Beverly Oursler celebrated her birthday in fine style, for comembers of her Camp Fire Girl group helped to commemorate the event with a party.

Maryellen Igel, a South High graduate, will exchange her vows with A/1c James C. Boone this Saturday, in Corpus Christi parish at 9:30 a.m.

Happy birthdays to . . .Deborah Gibbs, 1457 Parsons-av, July 11; Sandra Earhart, 1544 S. Fourth-st, July 12; Stephen Ullman, 1445 S. High-st, July 14. Lewis Herold, 82 Hanford-st, July 4; Stephen Toth, 1524 S. Fourth-st, July 12. William Warner, 1571 S. Sixth-st, July 12; Robert Truax, 67 Hanford, July 14; Sandra Browning, 160 Hinman-av, July 15, and SuEllen Jayne Ross, 746 Thurman-av, July 8.

South High students, former and present, will join in mourning loss of two fine people, Miss Edith Tallant and Mr. Klise S. King. Though Miss Tallant had been absent from the school halls for quite a time, she will be mourned by the older graduates we know.

The incoming officers of the Trudeau Guilds were honored last evening by the staff of Benjamin Franklin Hospital at the annual dinner held in the dining hall of the Nurses' Home.

The young sons of two friends were singled out for special recognition last week, so we'll add our congratulations to those they have already received. Dick Turner, son of Carl and Margaret Turner, was lauded as an outstanding player in the Little League baseball for his all-around fine play. The Turners were residents for years on Sheldon-av, but more recently reside on Fair-av. The other young lad we mentioned last week, so this is a "repeat mention for him. He was chosen as the "Teenage Citizen" of the week. His name? Gilbert "Butch" Fuleki, 1637 Frebis-av.

Jim, Shirley and Debby Keys spent part of last week in Cincinnati. Jim got to see the Cincy ball team first-hand while in the river city. Little Debby had a birthday earlier in the week, July 8. She's now a young lady of three years.

Margaret Fielder and Roseanna DiGoria were quite excited young ladies last week for they were planning to take a train trip to the state of Washington.

Barbara Clark will have another birthday before the next edition rolls around, so we'll hope that July 17 is especially nice.

Did anyone see the "Big Payoff" last Friday? If you saw Nan and Jim Buchan, you were seeing some real fine friends of the Gadabout. Lived for years on Linwood-av and her mom and dad, Mr. and Mrs. Fraggiotti, now live at 1250 Moler-rd. Nan got lots of pretty new things on the "Payoff," thanks to her lawyer hubby's intelligence. Now rates another mention, for she had a birthday last Saturday, July 6.

This we found amusing . . . two-thirds of our household spent four days in Pennsylvania visiting relatives over the holiday, and with our "Jamaica kid" still gone the house was going to be the exclusive property of our son, Donald Dicke. He was fairly gloating about how he would enjoy the solitude. It must have proved a little overpowering though, so he and Emerson Darst (also left alone for the holiday) took off to Great Onyx Cave, Ky., to do some sightseeing! The recent mail has brought several picture postals from our daughter, Priscilla, and the travelers must be eating a lot . . . practically every message starts with "Just finished eating, having lots of fun."

Guess we've exhausted our tiny list of items . . . Hope we hear from lots of folks so that we won't have to write a "diary." What YOU do is lots more interesting than what happens at HI. 4-1051! Call us, and till next edition, tis

THE GADABOUT

Plan Ahead To Be Sure

Good landscaping of the home grounds starts with a good plan. The simplest way for most people is to have a local landscape nurseryman lay out a very simple planting design. Then all the home owner has to do is order the plants recommended and have them set on the ground in their proper locations where he can plant them himself according to directions.

To help you in deciding, there are several things your landscaping should accomplish: (1) you should have a center of interest; (2) you want to create a beautiful picture both outside and from within the house as you look out, and (3) house and sky and earth should be tied together in a way to give pleasure to everyone. Other things your landscaping should provide are privacy, beautiful flowers and foliage all year around, as well as a certain amount of home fruit.

Plant Groupings

Groupings of plants often add to the attractiveness of the picture as a whole. If you have a one-story house, low-growing trees and shrubs are preferable.

Your center of interest may be a beautiful tree. Do not place it in the center of the lawn, which usually is better left open to grass.

Along the street, you may have groupings of trees or tall shrubs at the corners of the property. They may be tied together with low-growing plants, or a hedge. Lower growing shrubs will soften an abrupt change from lawn to tree, if planted around the tree. Don't overplant. Allow for the growth of trees and shrubs. Do not plant them too thickly unless you wish immediate effect and intend to thin them out in a few years. Planting in gentle curves is better than in straight lines.

In relation to the foundation plantig, you desire first to frame the home. A low tree, surrounded by a grouping of shrubs often is attractive at each corner, tied together by low, spreading evergreens and low flowering plants at the base of the house.

Flowering shrubs have the added advantage of supplying cut flowers for the home. Roses and similar plants not only blend well but serve that purpose. A living fence of floribunda roses may make a striking property division line.

Surprise For Guild Member

Needle and Thread Guild's social of the Hungarian E&R Church was held July 9 in the church basement.

Mrs. Patty Finta was honored with a surprise shower by the members. Hostesses serving were Mrs. Margaret Santa, Mrs. Esther Gadnai, Mrs. Rose Benyi, Mrs. Margaret Kinniard.

Films were shown of the memmers attending the Easter sunrise services and breakfast and also films of the May style show.

Mother Nature Keeps Her Word

THE EARTH YIELDS. Once again the farmlands of Ohio have kept their pledge to supply the people with the "staff of life." Preparing to begin the mid-summer harvest in a field near Galloway is W. S. Grooms, of near Grove City. Grooms judges his Seneca wheat about "the best there is" and expects his crop easily to exceed last year's harvest. Wet weather this year has forced farmers to extra labor with corn cultivating, hay gathering and wheat harvesting coinciding on many farms.

Glenwood Methodist Choirs To Appear In Band Concert

Chancel and Fellowship Choirs of Glenwood Methodist Church will combine in a featured spot during the band concert at Schiller Park July 14, 8 p.m. The choirs will sing several choral numbers, ranging from a tone poem to a well known hymn.

D. Talmadge Crawshaw, minister of music at Glenwood and conductor of the band, has planned an international program with a short musical world tour.

Program includes "Star Spangled Banner," "Military Escort in Five Ways," overture: "Der Freischutz," "Golliwogs Cake Walk."

Covered Dish

A covered dish dinner in the meeting rooms of Washington Avenue Evangelical United Brethren Church will precede the regular meeting of the Ladies' Aid and the WCTU Thursday, July 18, according to an announcement early in the week.

Last night I asked Hank what we would be photographing today.

"Air conditioners," replied my photographer-husband, not even looking up from his newspaper.

"That's fine. And what's planned for the afternoon?" I asked, mentally packing my hatbox.

Hank lowered the paper this time.

"Air conditioners, dear. Morning, afternoon, and probably part of the evening, we'll be photographing air conditioners."

"Hank, stop kidding," I told him. "After all, there's only so much we can do pictorially with an air conditioner."

The newspaper was folded and put aside while I recived an education on the 1957 line of RCA Whirlpool room air conditioners.

Hank started with the models that have an electronic filter and are so compact in size that they can be used in either the upper or lower part of a double-hung window without blocking the view. Then he described the units without side louvers that are ideal for through-the-wall installation. After that, I heard about the special models for casement windows.

"Then there are a couple of reverse cycle units that will heat as well as cool the air," Hank continued.

We didn't photograph all of the 16 units today, but enough to convince me that air conditioners have installation possibilities I'd never realized. One such possibility I'm going to investigate before summer is our living room.

Class Meeting

Members of the Ladies' Bible Class of Washington Avenue Evangelical United Brethren Church will meet Monday evening, July 15. The hour: 7:30, according to an announcement.

THE LAST STRAW

The enraged tenant called his landlord and shouted: "The walls of the house are bulging more each day. Just what are you going to do about it"?

"Hm-m-m," came from the landlard, "As I see it you're getting more cubic feet for the same rent. I'll have to raise you accordingly."

We meet people in all walks of life, from all over the globe in books at the Columbus Public Library.

The world never will be wholly civilized. Some outlying portions have no natural resources worth seizing.

If you are planning a wedding, we would be happy and privileged to give you an estimate on the flowers. We keep up to date on fashion trends and can give you the loveliest of modern floral designs. Call for an appointment without obligation. We prefer not to give telephone estimates.

Flowers as an anniversary gift bring happy memories of the wedding day and of the years spent together. A lovely tradition is a rose for each year of marriage. New babies, too, mean loving gifts of flowers from proud daddies, beaming grandparents, aunts uncles and friends. We do love to make up those pretty little baby arrangements.

No matter what the occasion, flowers are the right gift. We strive to have every order leave our shop as fresh and well-designed as possible. We have daily city-wide delivery. Call us the next time you need flowers.

We close at noon on Wednesdays during July and August.

Time For Vendor Taxes

All persons having Ohio vendors' licenses will be required to file their next semi-annual sales tax returns by July 31, for the period Jan. 1 to June 30, according to announcement by the Department of Taxation, Division of Sales and Highway Use Taxes

Returns mailed to the Treasurer of State should be postmarked not later than July 31 to avoid a dollar a day charge for delinquent filing, according to a department spokesman.

To assist vendors with these returns, the Department of Taxation has arranged to have an examiner or examiners stationed at the First District Office, 240 Parsons-av, and at the Central Office, 68 East Gay-st, fifth floor, to assist vendors from July 1, through July 31, it was announced. Hours were stated as daily, 8 a.m. to 5 p.m. Saturday hours (at 240 Parsons only), 8 a.m. to 12 noon, according to the statement.

team won over Smith-rd 6-1. Danny Sells got a triple, driving in two runs, and Jim Harris got two singles to lead the attack. Mike Rodgers allowed only five hits.

The following boys and girls have completed and passed their A.A.U. junior physical fitness tests: Dan West, Robert Vick, James Benson, James Cook, Richard Fink, Mike Rodgers, Robert West, James Harris, Jackie Knapp, Garry Allison, Garnet Bowser, Joe Stevens, Mike Burgett, Bill Allison, Jerry Platz, Ernest Bean, Tina Hayes and Richard Kalb.

The South Side track meet will be held today, July 11, at South High School. All boys and girls who have not signed up and are interested should contact the playground supervisors immediately. Boys and girls 13 and under will run at 1:30 and those 14 and over will run at 6 p.m.

The winner of the tennis tournament for Lincoln was Harold Bauer.

At the end of two weeks of play, Team 5 is in first place in the Southeast Lions Little Jet League. Their record is two victories and no losses. Teams 10 and 9 are tied in second place with two victories and one defate. The scores of last week's games were: Team 6 over Team 1, 4-3; Team 4 over Team 8, 7-3; Team 2 over Team 10, 7-2; Team 9 over Team 3, 16-15; Team 5 over Team 7, 17-5; Team 10 over Team 6, 8-5; Team 9 over Team 4, 17-6.

Leading hitters for the week were Stephen Harris and Mike Burgett of Team 3, Bill Elliott of Team 5, and Dan Sells of Team 8. Mike Rodgers again turned in a good pitching performance.

Lantern parade is the next coming event, planned for the week of July 15. We will begin making lanterns this week.

Smith Road Playground

It was a big night at Smith Road on July 3! The clowns were all tops, although Mark and Mike Wiess, 1788 Weiler-av, excelled as the best and funniest dressed; Elizabeth and Donald Conaway, 1182 Smith-rd, as the funniest acting; Mary Lou Riffle, 1279 Smith-rd, as the worst-dressed clowns.

Next came the bicycle races. The winner in the boys' competition was James Gartin, 1873 Fairwood. The winner in the girls' competition was Sharon Gartin, 1129 Woodrow.

Last but not least were the refreshments served by the mothers—cookies and Kool-aid.

This week preparations are being made for the lantern parade at Schiller Park, July 18.

The past week wasn't successful for our softball teams. The intermediate girls lost to Fornof on Monday, but beat Southview on Friday. In Friday's game, Arlene Masch, 1287 Innis-av, hit two home runs. The intermediate boys lost to Fornof on Tuesday. Wednesday, the junior boys lost 6-1. John Stanton, 1948 Studer-av, pitched a five-hitter. This week the intermediate girls go to Groveport to play the girls there. Later in the week they will play Southeast Lions. The intermediate boys go to Lincoln Park on Thursday, and the junior boys are at home against Fornof on Wednesday.

TOUGH LUCK

When Smith walked into his friend's office, he found him sitting at his desk, looking very depressed.

"Hullo, old man!" said Smith. "What's up?"

"Oh, just my wife," replied the other, sadly. "she's engaged a new secretary for me."

"Well, there's nothing wrong about that. Is she a blonde or a brunette?"

"He's bald."

Inspecting '58 Television

Pictured above are, left to right, John Sanford, Mr. and Mrs. Charles Dykes, and Mr. and Mrs. Johnny Green, all of Buckeye Radio Lab, 368 E. Whittier-st, as they made close inspection of the new 1958 radio-phonograph line shown for the first time to Central Ohio RCA Victor dealers at the distributor showrooms in Columbus. Buckeye Lab folks said the 1958 Victor line features "lean, clean, and mirror sharp" television. The Lab people are expecting a lot of people in to see the new line.

Safety Pin Set's Royalty Coming

The King and Queen of the "Safety Pin Set" will be crowned at Schiller Playground this Friday evening at 6:30 p.m. Three prominent South Side men will act as judges at this event for small fry of the community.

Any parent wishing to enter a baby one year or younger in this baby show may do so by bringing the child to the playground Friday evening, July 12, at the time mentioned above.

"Spook" Beckman, well known disc jockey of radio station WTVN will act as master of ceremonies and will assist the judges in selecting the baby boy and girl destined to wear the royal crown.

tells about four stories, pausing frequently to show the audience pictures or ask questions about "What would you have done?"

As she talks four youngsters, chosen as "volunteers of the day," are busily weaving a huge mat from yarn on a large loom. The mat will comprise the group project and each child who wishes will have his turn at weaving.

Individual Prospects

Simple papercraft is usually a part of the session, too. Paper hats, twirling discs, boats and Indian teepees are a few of the typical individual projects.

Faithful story hour fans are looking forward to an even more exciting time than last year, when the peak attendance for a single session was 160 boys and girls.

In store for the youngsters in coming months are a pet show, movies, a hobby show, and puppet presentation.

O.G.'s Notes—

(Continued from Page 1)

when perspiration rolls down the face and into the eyes and it seems that disintegration may start at any time, here comes a card from our esteemed educator friend - - and imagine! He says, "If you're hot, think of us - - 27 degrees last night. The water pipes froze." Aw, Harold,—all right, go on and have a good time. Hope this of the Leader catches up with you so you will know just how darned hot it is around here! The card also referred to the natural wonders being on an enormous scale. Mighty are the stones, wonderful is the capacity of the stones for hiding secrets of the past—previous generations, previous worlds. We are so tiny in capacity in contrast with the majesty of the mountains, giants running up into the heavens! We are meek in the presence of the grandeur which friend Washburn looked upon.

Becoming Slaves

How would you feel if one morning you received a letter telling you that you and your family, particularly the "older ones", would be required to leave at once for, say, northern Alaska to work and thereby make room for younger labor at home? The equivalent of that is happening in Bulgaria. Some of their oldsters are going to Russia, others to Siberia, probably, and to quick death. Any who resent leaving Bulgaria under the Soviet's orders are considered anti-social. That means dungeons, irons, beatings and, probably, in some cases, merciful deaths. Even Russia should be able to evolve better, more humane solutions to economic weaknesses than methods presently used.

IT'S EXPECTED

Clerk (to manager of store): "When I sold that lamp why did you want me to bill him extra for the shade, electric cord, and a bulb?"

Manager: "Oh, he's our local automobile dealer."

"Of course, I must ask you for a deposit," said the landlady.

"Certainly," replied the new tenant, handing over the required sum.

"Thanks. Now, shall we trust each other, or do you want a receipt?"

Pilot Dogs Alumni To 'See' New Training Center Here

Something unique in alumni reunions is being held in Columbus this week.

The fifth annual reunion of alumni of Pilot Dogs Inc. will be held Friday and Saturday at 625 W. Town-st. Some 40 blind persons and their seeing-eye dogs, coming from as far as Massachusetts and Texas, will return to their alma mater. But things won't be the same. They'll "see" the new Pilot Dogs student training center, one of the finest of its kind in the world. Constructed during the past year, it will be dedicated sometime this fall.

A similar get-together was held here two years ago, but this will be the largest yet, says Stanley Doran, founder and manager of training.

Doran started his first class of training dogs for the blind 10 years ago this week.

A Columbus woman is president of Pilot Dogs alumni. She and her constant boxer companion operate the concessions stand at the Bureau of Unemployment Compensation building.

A highlight of the gathering will be an outdoor obstacle course contest from 3 to 4:30 p.m. Saturday. A portable radio will be given to the most outstanding team. On Sunday a picnic is scheduled at Sunshine Recreation Center at Sullivant-av and Sandusky-st.

A full-dress banquet and program will conclude the reunion at 8 p.m. Sunday at the Southern Hotel.

Bachelor

A bachelor is a man who gives in when he is wrong; a married man gives in when he is right. A bachelor either lacks the sand to propose or the rocks to marry. He is the only man who never lied to his wife. The difference between a married man and a bachelor is that when a bachelor walks the floor with a baby at midnight he is dancing. The fellow who never says a hasty things he has to regret afterward. It has been said, "Not all men are fools—some are bachelors." A man who, when he accomplishes something great, gets all the credit.

Installation Of Tile Flooring Simplified For Home Owners

Here are seven suggestions for laying a new tile floor:

1. Needed materials: Notched trowel, tile knife, chalk and chalk string for measuring, awl and a tape measure or rule. For wood undercovering floors you need 15-pound asphalt felt paper, linoleum paste and clay emulsion cement. Concrete underfloors require only clay emulsion cement.

2. Lift molding from around edge of floor so tile can be laid flush to the wall. Remove old floor covering, paint, wax and foreign matter.

3. If the wood underfloor is a bit warped, install over the floor one-quarter inch plywood nailed every 6 inches throughout. Cracks and holes should be filled with filler or wood putty.

4. Lay felt paper at right angles to the wood boards. After fitting felt strips, pull one side back and spread linoleum paste on floor in thin, even coat, press felt paper down firmly and then do other half. Repeat this operatio until felt paper is down securely in all parts of room.

5. Get the exact center of the room by marking the middle of one wall and then the other, repeating the procedure with the other two walls. By connecting these points with chalk-covered string and then snapping the string, an accurate guide line is imprinted on the felt.

6. To get the border, start from the center and dry-lay on one line of tiles in each direction in order to see how much room is needed.

7. Actual tile laying is the next step. Starting at the midpoint of the guideline, spread clay emulsion cement over an area just large enough for comfortable reaching. Lay each tile firmly against those already laid and press down with a minimum of "sliding".

Scouts Rush Season, Find Fun Outdoors

When the play is over, a good meal is a happy way to end activities. Pictured here are, in order, left to right, Dave Regan, John Henry, Ed Gehart, who seek to add to the group's store of supplies. Worms come first, fish second.

Here, when the fun, the fishing, other preparations are made, the cooking absorbs the full attention of these boys. It'll be chow time, pretty quick, now, and these fellows and their mates will join in thanks for the blessings of the moment.

John Henry, left, rides aquatic "horsey" Dave Regan, while in center the Hercules, Dave Whaley, supports Stewart Everett. Left to right are Bill Hall, Tom Everett, Ed Gehart.

And when play and preparation are all ended and a hungry group sits at the table—well, it's just beyond putting into words. But companionship, participation, these add to a solemn moment—then the plunge into a hearty meal.

Scout Troop 22 of St. Vincent's Children's Home rushed the season a bit by spending eight "unforgetable" days and nights on a recent Scout safari. "The days were wonderful and the night hours by the camp fire made all they had learned richer in their minds," according to a number of the Scouts.

The "encampment" was at Lake Hope, where swimming, boating, fishing and hiking over the miles of trails through surrounding Zaleski State Forest kept the Scouts busy.

Scouts John Henry and Dave Regan were able during their stay at camp to earn the rank of Second Class Scout. A number of other Scouts passed tests required for their next rank.

Boys attending the camping trip were Tom Everett, David Regan, David Whaley, Stewart Everett, John Henry, Edward Gehart and Bill Hall. Leaders were Neil Hodgson, Jim McTeague, assistant Scoutmaster, and Dick Cressman, committeeman. The trip was financed by the Rosary Council of Knights of Columbus.

Neubeck Is Lion Prexy

President Neubeck

Pictured above is the newly elected president of the Southeast Lions Club, who took office the first meeting of the club in July. The new president is a member of St. Leo Catholic Church and the Knights of Columbus, fourth degree, and of St. Vincent De Paul Society and the Holy Name Society of St. Leo.

President Neubeck is a graduate of St. Mary's High School and is a former member of the Columbus Foremen's Club. He lives at 253 Thurman-av and has lived on Thurman all his life. He and his wife team up to operate the Neubeck's Confectionery and Paint Store at 216 Thurman-av.

The recently elected president of the Lions has long been active in all phases of the organization, and particularly has given large effort to the sale of "The Lions Roar", the organization's annual publication, the sale of which brings into the treasury the funds with which the organization performs so many high civic services during the year.

President Neubeck reported that he has appointed committees for the coming year and has begun planning for this year's issue of the "Roar."

Market Basket

THIS WEEK LOOK FOR:

Fruits — Watermelon, cantaloupe, canned applesauce, canned and frozen orange juice, frozen lemonade, fresh and frozen strawberries.

Vegetables — New cabbage, green beans and potatoes.

Protein foods — Rib and pork roast, chuck roast, milk, cheese, eggs.

"Roll out the barbecue" and "Let's have a picnic" are familiar terms in Columbus and Franklin County. Certainly we make up a large percentage of the two billion meals which are expected to be cooked outdoors in 1957. One survey indicated that 55 per cent of all families in the United States prepare an outdoor meal one to three times a month.

It is estimated that some fifty million dollars will be spent on grills, long handled forks, briquets and other barbecue accessories this year. While this figure may seem high, perhaps it is one for which greatest value is received in terms of wholesome family life and recreation.

It's easy to get ready for a picnic on a minute's notice if you have a well stocked refrigerator of fresh vegetables, fruits, milk, lemons or lemonade concentrate. It costs no more to have a picnic, it's easier on the cook, and best of all there's little or no dishwashing afterwards.

Picnic Foods

High-grade meat is best for barbecuing or grilling outdoors. Small turkeys and young broilers are excellent buys right now and will make a hit. Lamb, hamburgers, spare ribs and fish, especially if Dad caught them, make interesting outdoor meals.

Turkey and Chicken — Buy four to eight-pound turkeys and plump two to two and one-half pound broilers for barbecuing. Allow one pound for each adult and one-half pound per child. Split small chickens in half lengthwise. Break drumstick, hip and wing joints to keep bird flat during broiling. Brush with melted butter and place bone side down on the grill. Broil slowly, five to seven inches from heat source. Turn several times during cooking period, basting each time with melted butter. Add salt when about half done.

Beef Cuts — All kinds of top-grade steaks are good for barbecuing. Have them cut at least one inch thick and trimmed of excess fat. Grill three to five inches from glowing coals and turn only once during cooking time. Salt before and after turning.

Other beef favorites include hamburgers, minute or cube steaks, and bite size chuck for Kabobs. Cube steaks and Kabobs are better in flavor and tenderness if allowed to soak in a marinate sauce before cooking. The less tender the cut of meat the longer the marinating period should be.

Other Meats—Barbecued spare ribs, grilled bacon and ham slices are good choices for outdoor cookery.

Don't forget the good old American weiner or frankfurter for picnic fun and good eating.

In the lamb department, choose lamb steak, chops or cubes of stew meat for Kabobs.

Select fish fillets, steaks, boned or unboned whole fish. Sprinkle fillets or steaks with salt, brush with butter or a marinate, place on a greased rack, if moist, usually it is unnecessary to turn fish fillets and steaks.

Marinate cube steaks, Kabobs, chicken and spare ribs in barbecue sauce or French dressing. Use ¼ cup melted butter and 1½ tablespoons of lemon juice for chicken, fish or beef steak.

Add ½ teaspoon thyme or marjoram to melted butter and brush chicken or turkey with this as it barbecues. Marinate fish in lemon-butter sauce or French dressing before broiling.

Council Pledges Support For Sewer Proposal

Aged Man Is Active

Henry W. Cottner

Pictured above is a man who dominates the years he has lived. No retirement, no withdrawing from activities. This fact was illustrated a few weeks ago when the 84-year-old man wrote for the South Side Leader about the history of Schiller Park. He is active in real estate and related fields and also is engaged in the fitting of trusses for ruptured people. His home is at 348 E. Whittier. The picture was taken at the base of the Schiller Park monument.

By Oliver Gadeist

We Asked For It

Many Ohio farmers have been fined by federal authorities because they harvested more wheat than they were authorized to raise by U.S. Department of Agriculture. Senator Bricker wants to get facts in the public interest. Fact: it is a sad state, due to the something-for-not h i n g era, and undoing the damage, to say nothing of stopping it, seems a forlorn hope. What we sacrificed a little at a time put us into the clutches of a philosophy which has destruction of human independence as its soul.

Introducing . . .

Not that Mrs. I. L. Bier of 742 E. Gates-st. needs introduction, but because it is delightful to have happy memories and inspiring objects to keep us "hepped" up in good works. Most of the Lader's readers know that Mrs. Bier accepts dolls with worn-out clothing, or with no clothing, and makes pretty clothing for them, then she and Mr. Bier take them to where they will do the most good. I recall a year ago, come Christmas, when they took the dolls to Nightingale Cottage—to little tots who were made happy through the sacrificial labors of Mrs. Bier. Then, I remember that parents who would be unable to give gifts of any kind were given dolls to give to their little girls. But that's all, except this: please round up your dolls that are not working, send or take them to Mrs. Bier—to give a wisp of heaven to those whose Yuletide joy would be only sad disappointment were it not for this splendid woman. Mrs. Bier buys the materials and dresses the dolls — let's give her a hand . . . and dolls.

Four Local Churches Under 'United' Listing

Followers of the Leader's Church Calendar, and especially members of the Evangelical and Reformed Church and the Congregational Church, will find a decided change in the calendar in two respects.

The heading "Evangelical and Reformed" and the heading "Congregational" have disappeared. In the place of those two churches with nation-wide adherents there appears a new heading "United Church of Christ."

Readers will recall the action in June by which the Congregational and Evangelical and Reformed Churches voted to amalgamate. Rev. Paul Kaefer, representing the South Side Ministerial Association, told the Leader that since the churches consolidated a change to conform with that action would be desirable in the Church Calendar. The change has been made, effective today.

In the changed Church Calendar the listing is like this: "United Church of Christ" and listed under the heading are these: Hungarian Church; St. John's, St. Paul, South. The latter previously has been listed under "Congregational."

Summing it up, according to Pastor Kaefer, there is no more "Evangelical and Reformed" and there is no more "Congregational." There IS, instead, United Church of Christ.

St. Mary's Dance Big Aug. 3 Lure

There's going to be three hours of "feet shuffling" at St. Mary's from 9 p.m. to 12 midnight in the school gym, 700 S. Third-st, according to Mrs. George Maurer, who is publicity chairman. "Mr. M" and the "Esquires" will furnish the music, it was announced. Other chairmen and co-chairmen are Joe Tanner, Fred Trout, and George Maurer. Entertainment chairmen, Herb Brooks and Pearl Ward

Refreshments committee, George Vogel and Dick Minshall; tickets, Mr. and Mrs. Ike Sweeney; Mrs. George Maurer, publicity. Mrs. Maurer in telling the editor about the affair said that there will be a lot of fun for $1.50, which, she said, is the price per couple. She also added that the dance is open to the public.

Miss Ater Is State Prexy

Miss Ater

Miss Marjorie Ater, secretary to L. D. Shuter, executive secretary of the State Teachers Retirement System of Ohio, was elected president of the Ohio State Division of the National Secretaries Association (International) at the recent state meeting held in Canton. The Ohio Division is the largest division in the United States and seven of the 30 chapters will be under Miss Ater's direction and guidance.

Miss Ater is the daughter of Mr. and Mrs. John D. Ater, Sr., and lives at 997 Carpenter-st. She has been active in the Columbus Chapter of NSA since joining the association in 1950. She was elected vice-president of the chapter in 1952, president in 1953, chairman of the State Program Committee in 1954, secretary of the Ohio State Division in 1955, and vice-president of the Ohio State Division in 1956.

She is also a member of the National Association of Educational Secretaries.

Third Dance In Series On Friday

The third of the summer series of Y-Park Square Dances for teen-agers and adults is scheduled for the large open shelter at Y-Park Friday, July 19, 8 to 11 p.m.

The dances are sponsored by the Young People's Inter-Church Council of the South Side Branch YMCA.

The Youth Fellowship from Hungarian Evangelical and Reformed Church will serve as hosts for the dance.

Dan Lyle Finishes Boot Training

Mr. and Mrs. Newton Lyle of 638 Southwood-av have received word that son Dan has completed his boot training at Great Lakes Naval Training Station near Chicago. The local boy is now attending electronic technician school at Treasure Island, San Francisco. He arrived there June 21. The young man graduated from South High School in January of this year.

Shoot Sunday On Innis-rd

The Oakland Park Conservation Club has announced a merchandise shoot Sunday, July 21, at 2491 Innis-rd.

Ten bird events are announced in singles, doubles and walk-ups. Shooting is slated to start at 10 a.m. To reach trap grounds, go north on 3-C Highway to Innis-rd, turn right and follow signs.

Local Man Lands At Nancy, France

Specialist Second Class Adam J. Reeves, Jr., whose wife, Christine, and parents live at 669 Stambaugh-av, recently arrived in France and is now assigned as a cook at the U.S. Army Ordnance Depot in Nancy.

Specialist Reeves was last stationed at Fort Eustis, Va. He entered the army in 1943.

Golden Age Hobby Show Cashier Has Been Named

Mrs. Lena Fravel, 940 Linwood-av, was appointed cashier for the ninth annual Golden Age Hobby Show, according to an announcement by Mrs. Bernard Mentser, general chairman. The event is scheduled for Sept. 15-22 in the Columbus Gallery of Fine Arts.

The hobby show is the largest annual affair for Senior Citizens in Franklin County. It is designed to encourage free-time activities for older persons.

Mrs. Fravel noted that more men are expected to exhibit this year due to the increase in do-it-yourself projects. Last year more than 100 prizes were given for hobbies ranging from knitting to sculptoring and collections from dolls to guns.

Sponsors of the show are the Columbus Citizen, the Council of Social Agencies, the Columbus Recreation Department, and the Junior League of Columbus.

Anyone over 60 who has a hobby or collection and wants to exhibit should telephone the Department of Services to Older People, CA. 8-5696.

Peak And Valley Scoring Mark Church Softball

South Side Branch YMCA Church Softball resumed once again its normal schedule as holidays and church camps are left behind.

The Monday Junior League is still dominated by Washington-av EUB as their winning streak by beating St. Leo, 10 to 5. Mike Jacobs got five hits for the winners, including three doubles and a triple. Livingston Methodist out-ran the Thurman Methodist team in a 16 to 14 score. Livingston came up with 21 hits while Thurman had "only" 17. St. Paul Lutheran again had to forfeit due to lack of players, and this time it was to Oakwood Methodist.

Tuesday's Girls'

Tuesday's Girls' League again found St. Leo winning to keep their league lead and this time it was 25 to 5, over Corpus Christi. Judy Krineski got five hits for the victors. Thurman Methodist also turned on the steam as they beat Oakwood Methodist, 25 to 6. Kay Hussey was the big gun for Thurman with four out of five at the plate. St. Paul E&R played a good game to come out on top of Southwood Church of Christ, 21 to 14. Retha Burris had a perfect day at the plate for the winners, with four hits and Jean Floven and Janice Hegenberger had three for three for the losers. Gates-Fourth Methodist forfeited to St. John's E&R because of not enough players.

St. Leo Wins

In the Wednesday Junior League, St. Leo won over Gates-Fourth Methodist, 10 to 2, in a well played game. St. Leo's John Reis got four for four at the plate. Oakwood Methodist overpowered St. John's E&R with a ten-run fourth-inning to beat them, 16 to 8. Both teams displayed good teamwork and sportsmanship throughout the game. Emmanuel Lutheran won over Ohio-av EUB, 25 to 10, with help from some 22 hits. Jerry Edwards hit four fo five for Emmanuel. St. Paul Lutheran got on the short end again, and this time from St. Paul E&R, by a 13 to 2 score.

The Intermediate League still finds Emmanuel Lutheran leading the pack to date. In the game played on Monday, St. Paul Lutheran defeated Oakwood Methodist, 10 to 4. Kenny Baker had a perfect day at bat with four hits. Thursday, South Methodist beat Washington-av EUB, 19 to 3, with help from Bob Franz's two homers and Don Wishon's one. Jack Floven pitched and hit St. John's E&R to a 12 to 0 victory over Livingston Methodist. Floven hit a grand-slam homer in the first inning to start things off right. Emmanuel Lutheran won 8 to 5 over St. Paul E&R in a very tightly played game.

Multiple Sclerosis Victims To Be Aided By Contest

Saving sales tax stamps will pay off for many Columbus youngsters when they enter the fourth annual sales tax stamp contest to benefit multiple sclerosis victims.

A TV set will be awarded to the boy or girl who turns in the largest dollar value of stamps during the contest, which begins Monday, Aug. 5, and ends Sunday, Sept. 15.

The top-ranking boy and girl for each of the three two-week periods of the contest win Huffy bicycles. Second place winners will receive Gruen watches for each of these two-week periods.

An autographed baseball or a charm bracelet goes to each boy and girl turning in $500 worth of receipts.

This year, in addition to children entering the contest as individuals, teams have been organized throughout the city. These boys and girls are not only collecting stamps to win individual prizes, but also to win the top-team prize at the end of the contest.

Funds from these stamps will be used for research and patient aid for the 800 persons in Central Ohio afflicted with multiple sclerosis or a related disease of the central nervous system.

All Central Ohio children are eligible to enter the contest by taking or mailing tax stamp receipts to Irwin "Early Worm" Johnson, WBNS-radio, 33 N. High-st, beginning Monday, Aug. 5.

New Pastor From Johnstown, Ohio

Gates - Fourth Methodist Church has a new pastor. Rev. Carl E. Brown, was transferred here from Johnston, at the recent Ohio Methodist Conference at Lakeside. He succeeds Rev. S. R. Martin, who was transferred to Lewisburg, O.

The new pastor was sent to Gates-Fourth from the Johnstown Methodist Church, where he served for the past three years. During his tenure in the pastorate there, members of his former congregation say, the church structure was completely renovated, from basement to roof. The greater part of the cost of the extensive renovation was paid before the end of the church year and the pastor's transfer to Gates-Fourth.

Previous to going to Johnstown, Rev. Brown served seven and a half years in Springfield, where he was president of the Clark County Ministerial Association and district youth counselor. He graduated from Findley College, Boston University School of Theology. He also attended Garrett Biblical Institute Chicago.

Lantern Festival Set For Tonight

The annual Lantern Festival at Schiller Playground will be held this evening. The actual parade of lanterns will start at 8:00 p.m. However, all boys and girls planning to be in the festival should be at Schiller no later than 7 p.m. so judges will have ample time to inspect the construction and decoration of the lanterns before the parade begins.

In case of rain the festival will be held tomorrow, Friday evening at the same time as that scheduled for tonight.

Judges for this year's Lantern Parade will be Mrs. Helen Latella, Neil Hummel, and Mrs. Neil Hummel. Judging will be on a playground basis and each participant will receive a certificate of participation.

The participants will go to the section designated for his or her playground. After the various groups are assembled the parade will move west along the south side of the lake and cross the bridge over the lake and make its way up through the park past the band stand, make a circle, and return to an area west of the audience. This will give the spectators an opportunity to view both sides of the lanterns.

The affair is open to the public and there will be no admission charge, Director D. T. Crawshaw announced.

'Y' Special Car To Reds' Ball Game

Eighty boys and girls who have been having a good time in the Church Softball Leagues will have first call on seats in a special car of the Pennsylvania Railroad headed for the ball game in Cincinnati on Saturday, July 27.

That's what Executive Secretary Hoover of the South Side YMCA told the Leader editor. On that day the Redlegs will have as their opponents the high-powered aggregation from Brooklyn.

The seats are for sale on a first-come-first-served basis for the 80 boys and girls of the groups stated above. The train will leave the Union Station at 8 o'clock on Saturday morning, July 27, and will return to Columbus at 8 o'clock in the evening of the same day.

"Y" officials say that "it's safer to make the reservation now than to just wish you had."

City Council Okays Bids On Sewer

Columbus City Council Monday night passed an ordinance authorizing taking of bids for construction of the $270,000 South Scioto sewer force main and pumping station.

Carl Schoene, chief of sewage and drainage, said the new pumping station will be located on the east bank of the Scioto River opposite Williams-rd, extended.

Eventually, it will serve as an outlet for all sewer lines in former Marion Township, south of Watkins-rd and west of the Norfolk and Western Railway.

In the immediate future, Schone said, the main and pumping station will handle sewage from a one-mile line to be built to the Great Southern Shopping Center.

Here's A Happy Ending To A For-Sale Adv.

Mrs. Catherine Powell, 1532 Livingston-av, called us on the telephone the other day and made us glad. You'd be glad, too, in such a situation. You can understand it better when you read these lines: Mrs. Powell had advertised several items of household furnishings in the South Side Leader, and you know what? Mrs. Powell said that during Thursday morning the whole lot and parcel of the goods were cleaned out—SOLD!

This is a frequent occurrence, of course, with the Hartley Newspapers, including the South Side Leader, and just shows YOU that when YOU have something to sell, or when you want to buy something, it's a good idea to advertise it in the South Side Leader.

Group Praised, Get Assurance Program Acceptable

Whole-hearted endorsement of the recent report of a subcommittee of the Development Committee for Greater Columbus has been made by the Council of South Side Organizations through the organization's executive secretary, M. V. (Cap) Hoover.

The executive secretary, in a letter to Robert F. Mott, Development Committee for Greater Columbus, expressed the sentiments of the committee, saying, "The recent release of your findings and recommendations for sewers and sewerage treatment, to serve a greater Columbus area, gives us a renewed confidence in the judicial thinking of our community leaders."

The Report

The report to which the executive secretary's letter referred was made by a subcommittee late in June of this year and published in the July 4 issue of this newspaper.

In that report by the committee, which was chaired by C. C. Hartley of the Hartley Newspapers, a recommenation was made that a proposed southeast sewage plant be built eight miles south of the location "originally suggested at the confluence of Big Walnut Creek and Aum Creek."

Recommends Action

"Accordingly, it is the recommendation of the committee that steps be taken to proceed as rapidly as possible with the construction of this plant at a location approximately eight miles south of the confluence of Big Walnut Creek and Alum Creek."

In his letter to the chairman of the Development Committee for Greater Columbus the executive secretary said "progressive efforts that do not include the future, can only be called costly failures of the past."

Will Help

In his letter to the committee the executive secretary made the following statement: "We now hope that your findings and recommendations will enable our political leaders to expedite a favorable decision, which will be acceptable today and praised tomorrow . . . The Council of South Side Organizations will do all in its power to encourage the acceptance of the Committee's recommendations."

Grateful

In his letter the executive secretary of the Council of South Side Organizations said; "We are grateful, appreciative, and cognizant of the volunteer time given by the committee, as well as by the professional staff, to the study of this problem, and revealing the facts."

Cincione Brothers To Be Featured Sunday, 8 p.m.

The concert to be played by the Columbus Federation of Musicians' Concert Band at Schiller Park Sunday evening, July 21, has been designated as "Cincione Night" when, collaborating on the podium, will be the Cincione brothers, Raymond and Henry. These musicians, both leaders of their own dance bands, have long been prominent in the field of music in Columbus and vicinity and are direct descendants of Alphonse and Phillip Cincione, who came to Columbus as musicians about the turn of the century. A modern program will be played. The concert will start promptly at 8 p.m., with no admission charged.

These concerts are an extension of the recreauon program of the Recreation Department of the city and, as such, are underwritten partly by the Recreation Department. Hungarian Day Picnic July 28

Announcement has been made by President Louis Tokar of the American-Hungarian Grand Committee that the annual Hungarian Day Picnic will be held this year at Camp Darby, S. Parsons-av and Route 665 beginning at 1 o'clock in the afternoon, on Sunday, July 28. President Tokar showed no interest in a "stoping" hour.

This event, an important one for a great many people, helps build the treasury and therefore provides funds for many good uses by chairtable organizations, Hungarian and American. Funds are also allotted to pay the cost of Hungarian children wanting to learn the Hungarian language.

The importance of this annual event is further attested, it was stated, by the number of people coming from out-of-town to participate in the activities of the day.

The committee has promised to serve Hungarian goulash, cabbage rolls (Kolbasz), sausage. Also, it was stated, a popular Hungarian music orchestra will entertain for the Hungarian Csardas and American music.

Admission will be free "for the entire family to attend a day of fun and entertainment the group's president told the news writer.

Goodrich Store Customer Wins Prize: Cash He'd Paid For Washer

A Columbus pastor recently "walked in" to a happy finding. The incident took place in the B. F. Goodrich Store at 1940 S. Parsons-av. The minister enjoyed the incident.

Needing a washer, Rev. H H. Teague, 1352 Cole-st, walked into the Goodrich Store and bought and paid for a No. WR5P washer. It was delivered.

Rev. Teague later was surprised to learn that he had been a winner in the firm's "Activity Activate" Kelvinator sales program. He was also surprised to learn that he was to receive the amount he had paid for the new Kelvinator washer.

The pastor thinks all who had something to do with it are just all right, including the Columbus distributor, the McCleery - Carpenter Electric Co. and Ed Nelson, Kelvinator Division sales manager, and naturally the Goodrich Store.

Annual Press Day Slated At State Fair

Ohio's newspapers and its radio and television stations will be honored by the traditional "Press Day" on Sunday, Aug. 25 during the eight-day Ohio State Fair, which opens Friday, Aug. 23 at the Fairgrounds in Columbus.

Dr. James R. Hay, state director of agriculture, this week extended invitations to Ohio's "press" to attend what should be the biggest day at the star-studded 1957 industrial and agricultural exposition.

D. Robert Jones, manager of the fair, has lined up a galaxy of entertainers to support the colorful full display of farm machinery, industrial exhibits, farm animals, youth projects and commercial booths.

Tennessee Ernie Ford, the old pea picker of radio and television renown, is the headliner, appearing in 10 performances before the grandstand starting Sunday, Aug. 25 and continuing through, Thursday, Aug. 29.

Other top attractions will include the rapidly rising star Ricky Nelson, son of Ozzie and Harriet, and Molly Bee, singing star of Ernie Ford's daytime TV show, featured in a big attraction in the Coliseum Friday and Saturday, Aug. 23-24, together with Blue Barron and his Orchestra; Rin Tin Tin, Rusty and Lt. Rip Masters, Matt Dillion, star of TV's "Gunsmoke," and the Championship George Holmes Rodeo, to be seen before the grandstand the first two days and nights of the fair. Dillon's appearances are scheduled for Saturday.

There'll be harness racing, horse shows, wrestling, late model automobile racing, scores of bands including the always popular and spectacular All-Ohio Boys' Band — to name a few.

Press Day guests were asked to enter only at Gate "G" on 17th-av and to register for badges that will entitle them to complimentary admission to the horse show or to general admission at the night grandstand show. Free parking also will be provided, as well as free ride tickets for children from Gooding Amusements Co. Children under 12 are admitted free.

County Prosecutor Samuel L. Devine reported recently that Columbus has responsibility for furnishing fire protection to Franklin Township areas which have been annexed since the proposed incorporation of the area.

CORPUS CHRISTI • SUMMER FESTIVAL • Friday Saturday • JULY 19-20 Everyone Welcome

WHAT DO 11,000 NEW CUSTOMERS A DAY MEAN TO YOUR BUSINESS ?

WHO ME? I'm a customer already. Shucks I don't have any money . . . Sure my daddy buys my baby needs, food, drugs, clothes, toys — but poor daddy!

YOU MEAN TO SAY that when my daddy buys me what I need some other baby needs the services my daddy sells? Oh as we 11,000 babies grow up we will need all kinds of products.

WELL NOW . . . That does make sense! In other words, I will make more business for everyone — just like my 11,000 baby brothers and sisters. That's good!

IT'S ASTONISHING BUT TRUE

11,000 NEW BABIES ARRIVE IN THE U. S. EVERY DAY OF THE WEEK . . !

Our population is growing so fast that every month we add enough people to populate a Richmond, Va., or a Tulsa, Okla. At this rate, we'll have about 180 MILLION people by 1960.

This is a very healthy thing for America — and for you. It means an ever-increasing demand for every kind of consumer goods. Not just for cribs and baby bonnets — but for EVERYTHING that people eat, wear and enjoy.

Our soaring population is just one of the many big changes taking place in America today — changes that open up new opportunities for us all. Here are a few of these changes:

1. **MORE JOBS** — Even though employment in some areas has fallen off, we still have 20 million more jobs than we had in 1939. And NINE TIMES more Americans are in the $5000-plus income bracket than in 1941!

2. **MORE MONEY** — In spite of inflation and higher prices, the American people have over TWICE as much spending power now as they had in 1940.

3. MORE SAVINGS — Individual savings in America rose from $68.5 billion in 1940 to about $250 billion in 1953.

4. **MORE FARM OUTPUT** — 52% more per man-hour than we had in 1940 — and this in spite of a net shift of almost six million AWAY from farms since that year!

5. **MORE LEISURE TIME** — Forty million Americans get paid vacations — a great boon to the hotel and transportation business, to the sports, hobby and entertainment fields.

6. **MORE ATOMIC POWER** — Sooner or later, atomic energy will run our trains, heat our homes and light our cities. This — plus advances in electronics — can usher in a fabulous new era for America.

MORE DEMAND — Right now there is a $500 billion backlog of demands for goods and services to build roads, schools, hospitals, highways and factories. (For example, we have to nearly DOUBLE our school system in the next few years.) Filling these demands will create more jobs, more spending power, more industrial opportunities.

You are BOUND to profit from all these changes — whether you're a businessman, a housewife, an industrial worker, a farmer, or a salaried employee.

Barring a major war, America's future NEVER held greater promise.

The better you know America, the better the future looks!

'Safety Pin' Contest Keen

The contest to select the "King" and "Queen" of the "Safety Pin Set" at Schiller Playground last Friday evening found 22 babies entered in the affair.

"Spook" Beckman of radio station WTVN introduced the judges, Edward Brand, Neil Hummel and Raymond Leddy, all of the Schiller advisory council. They had a little difficulty in selecting the winners. The competition was keen.

Final selection: "King," Garry Lee Evans of 413 Siebert-st, aged 10½ months, and "Queen," Rita Kay Kemmerling, 836 Mohawk-st, aged 9½ months.

Each winner received a gold crown almost as large as the child and, as a special award, a pair of gold "Twin Pins" in the shape of over-size baby pins.

THESE SOUTH SIDE DRUGGISTS ASK YOU . . . .

WHEN WAS THE LAST TIME YOUR DOCTOR GAVE YOU A COMPLETE PHYSICAL EXAMINATION

Was it a year ago? If so, it's time for another right now. If it has been eighteen months or two years, call your doctor in the morning! And there are people who are reading this message who have not had a thorough physical for years. This poor judgement is often shown by many people who are regularly smart and discerning on other important matters. Most people take excellent care of their automobiles, pets and home but neglect their most important possession, their human body.

There is nothing seriously wrong with most people but it is just common sense to MAKE SURE. SOUTH SIDE is blessed with a large number of excellent doctors of medicine. It is not difficult to make an appointment for an examination. The examination does not take long, and it is inexpensive. Futhermore, it may discover something that needs attention to give you a longer, happier and healthier life. If you are not acquainted with South Side doctors, the pharmacists below will be happy to recommend one.

For Your Health's Sake – Visit Your Doctor & Your Pharmacist

Your pharmacy has raised its prices less in proportion to the general increased cost of living than any other merchant with whom you deal. The cost of a physician's call is no greater than that of a plumber or an electrician. The cost of medicine he prescribes is no higher than the cost of a valve, a faucet or an electric outlet.

Buy Your Drugs and Drug Needs From A South Side Drug Store

You may see a lot of promotions and ads on nationally advertised merchandise such as Tooth Paste Deals, Hair Shampoos, Hair Tints and many other offers – But most of these items CANNOT BE BOUGHT FOR LESS THAN OUR STORES SELL THEM FOR.

law of respecting others' rights. A youngster from a "good family" has difficulty understanding the conflicting position of his advisor, his father, juvenile authorities—he has learned that "boldness in doing as one pleases" is a better guide to life than "having respect for others' rights." What would YOU do if you were in my position . . . something, I mean, to give this youngster a deep understanding heaped upon us by our attempted civilization? I'll be interested in YOUR conclusions.

Worth Remembering

Today is the day when a lot of people will be going to Norwood Amusement Park to attend the picnic of St. John's Evangelical and Reformed Church annual picnic. The picnic area will be south of the rides, Mrs. Jack Davies told the Leader writer. Picnic period starts at 1 p.m., dancing starts at 7:30 p.m.

Corpus Christi Affair

Yes, it'll be quite "an affair"—it's tomorrow, Friday, and Saturday, on school grounds. They'll be looking for you.

At St. Mary's, Too

It's a "long" time away, but it will be here Zip! Zip! just like that. When Aug. 16 comes around the two-day "affair" will blossom—and it will end with a lot of dancing, too!

Neglectful? Well . . .

Breaking sonic barrier . . . traveling faster than sound . . . war materials that will blow a state into eternal darkness through ages to come . . . and we accept it all . . . languidly . . . O, well, I'll not be the only one wiped out . . . let's have fun!

HAPPY VACATION!—HERE'S WHAT YOU DO

This vacation map is based on business surveys which indicate that during the year, 85,000,000 persons will go on vacation with 70,000,000 traveling by car. The most popular vacation area appears to be the North Atlantic States from New Jersey upward. Other popular areas are around Lake Michigan, out on the Pacific Coast and along the South Atlantic Coast. However, there are many popular vacation states outside these areas. About $30 billion is spent annually having fun and relaxing.

Lincoln Park Playground

Lincoln Park track team scored 10 points in the recreation department's track and field meet at South High School. Linda Stevens scored a first place in the girls' softball throw, by throwing the ball 127 feet five inches. Ron Bell placed third in the running broad jump and Sam Wilson placed fifth in the 50-yard dash.

Thursday evening the Lantern Parade will be held at Schiller Park. The theme of the lanterns from Lincoln will be the different holidays of the year. The park will be closed at 5:30 Thursday because of this special event.

The Little Jet League standings at the end of three weeks is as follows:

Indians,	5 wins, and	no losses
Redlegs,	3 wins and	2 losses
Tigers,	3 wins and	3 losses
Braves,	2 wins and	2 losses
Firates,	2 wins and	2 losses
Giants,	2 wins and	2 losses
Dodgers,	2 wins and	2 losses
Cardinals,	1 win and	2 losses
Jets,	1 win and	2 losses
Yankees,	1 win and	3 losses

In the Intermediate Softball League Lincoln remained undefeated by beating Smith Road by the score of 26 to 7. Danny Hritz and Ron Bell both blasted homers, while Richie Fink went 3 for 3 and caught a steady game. Games for this week include away games with Livingston Avenue and Fornoff Road playgrounds.

In Little Jet Leagnue play Merl Richey blasted a home run and a triple to lead the Redlegs in the past week. Other boys who have been doing some lusty slugging include Bill Elliott, Mike Greenhoward, and Mike Rodgers. Mike Rodgers and Merl Richey have turned in good pitching performances.

Smith Road Playground

The days have been busy, preparing for the sectional Lantern Parade Thursday night at 8 o'clock at Schiller Park. Many varied and beautiful lanterns have been created by the playground members and they are looking forward to a fun-time parade.

Registrations are being received for the Day Camp at Indian Village Camp for the week of July 29. The ages are 8 to 12. Tickets are on sale for the Cincinnati-Brooklyn ball game excursion on July 7 for all Little Leaguers, their friends and families.

A swimming party for the playground members at Crystal pool is planned for tomorrow (Friday) morning.

Softball games this week find the girls playing two games at home. Monday night Southeast Lions are here, while Friday afternoon Fornof is here at 1:30. Next Wednesday night at 6 o'clock the girls from Groveport are to be here. The intermediate boys are off this week, but next week play Fornof here. The Junior boys have a date with Karns Park this Thursday at 1:30 p.m. The Junior Boys, sparked by a five-hitter thrown by John Stanton of 1948 Studer-av, won their game from Fornof. Stanton was aided by Joe Raine of 606 Koebel-av, Fritz Gore of 728 Stanbaugh, and Kenny Meuser of 1963 Studer-av, who each batted 1.000. Joe had 3 for 5, while Fritz and Kenny had 3 for 3. The only home run of the game was hit by Kenny Meuser.

In the South District of Junior Olympic we scored a total of 14 points. Of these points, John Warner of 572 Stanbough-av scored 10½ points. He won the high jump, was second in the broad jump, and anchored the 220 relay team.

Some of the boys have made plans to enter the North Side Junior Olympics on July 25.

A no-hit game, a one-hit 11-inning game highlighted the Southeast Lions Little Jet League play.

Mike Woodward pitched a no-hit six-inning game as his Indian teammates backed him up with 16 runs as they defeated the Tigers 16-0.

Bob Frost pitched a brilliant game for 10 innings before he gave up a single to Dana Martin. Frost and his Dodger teammates won the game in the 11th inning as Dodger catcher Jim Hope hit a home run. The Dodgers defeated the Giants 3-0.

Vince Stokes spoiled Rocky Roshon's bid for a no-hit game as he clouted a double with two out in the last of the sixth inning. Although the double by Stokes was in vain, since the Phillies scored three runs on the Parker brothers, Pat and Rodney's back-to-back doubles to help their Phillies defeat the Braves 3-0.

Wissenbrenner hit two home runs and pitched beautiful ball for eight innings, but lost to the power-hitting Orioles 8-3 in nine innings.

In the softball circle, Karns intermediate softball team remains undefeated, as they defeated Schiller Park 8-6. The Karns boys are leading the league with a 2-win, 0-loss record, thanks largely to the defensive work of Larry Tigger and the pitching of John Schumacher and the power hitting of Dan Markus and Chuck Stoper.—By Jim Harper, co-director at Karns.

Livingston Playground Prowess Demonstrated

The Livingston intermediate softball team is showing good mid-season form by sweeping the first round of the area softball schedule. The boys are undefeatde for season. Their latest victory was against Mohawk, 41-4.

The junior team is also enjoying an undefeated season. Main Street Playground was their most recent game.

The children have been busily preparing for the South Side Lantern Festival to be held this Thursday, July 18, at 7:30 p.m. at Schiller Park. Everyone is excited over the playground's theme, "Cinder-Ella," and the boys and girls are looking forward to this Thursday evening, when they will display their lanterns constructed from paper boxes and glass jars. Group games, story-hour, and an arts and crafts program complete a typical day's schedule on the playground.

Furlough Of 130 May Idle 2,000 At Westinghouse

The possibility of some loss of time by about 2,000 workers at the Columbus Westinghouse plant loomed today as a result of disciplinary action by company officials against a group of 130 employees in the fabrication department, who have been furloughed for three days.

Spokesmen for the firm claimed the group had joined in a sit-down strike shortly after noon Tuesday. The dispute is said to have stemmed from a disagreement over bonus rates being paid.

Because of the integrated nature of work at the plant, it was believed by company officials that work in the rest of the plant would be halted or sharply curtailed during the furlough period.

Search Starting To Find National TB Seal Design

An opportunity to win national recognition and more than $500 in awards is being offered amateur and professional artists by the Columbus Art School and the Tuberculosis Society of Columbus and Franklin County.

Object of the competition is to design the national tuberculosis Christmas seal. Competition will run locally until Sept. 4 with the first place winner receiving a $350 professional art scholarship. Two additional $50 evening scholarships will be given to the runner-ups.

Among those whose entries were considered for the 1958 national seal were Robert Kaderly, 6979 Hall-rd, Galloway; Joyce Bagby, 5188 Cavalier-dr, Hilliards; Fritz R. Hoffman, 95 S. Florence-av and Eva Faye Compton, Rt. 1, West Jefferson.

Entries should be mailed to the Tuberculosis Society, 503 Oak-st, Columbus 15, not later than Sept. 4. Additional details and seal specifications are available by calling CA. 8-6704.

Rowdyism May Mean Tight Lake Supervision

The Ohio Division of Wildlife may soon be forced to erect signs at wildlife lakes, constructed with hunter's and fishermen's money, which would read: "No swimming after 9:00 P.M." and "Intoxicating liquor prohibited."

According to Wildlife Enforcement officers the move may be necessary to curb rowdyism and drinking parties on a number of State-owned areas where fishermen are being driven away due to the use of vulgar language and unsanitary conditions caused by broken bottles, empty cans, refuse and garbage.

Considerable damage has been done on some areas to embankments, shrubbery, toilet facilities and picnic tables, with most of the depredations occurring at night. Even though containers are provided for waste disposal and personnel hired to keep the area in nice condition, it has been almost impossible to have them always presentable because a few visitors refuse to do their part and must still be classed as "litterbugs."

In the interest of and for the protection of the majority of citizens desiring to use these fishing areas in the manner intended, state laws affecting public use facilities, use of intoxicating liquors, sanitation, rubbish, etc., will be enforced.

New Citizens To Be Feted

Newly naturalized citizens will be honored at the Nineteenth Annual Citizenship Day Program, Sunday afternoon, Sept. 22, at the Gallery of Fine Arts, George W. Kauffman, general committee chairman, announced recently.

The program is sponsored by fifty patriotic, civic, and religious organizations coordinated through the Council of Social Agencies and highlights the observance of National Citizenship Week wherein communities throughout the country officially recognize the persons who have received their final citizenship papers.

In the Columbus area, approximately 300 new citizens will be guests at this civic occasion along with their families and friends.

The final meeting for all committee members will be held Monday afternoon, Sept. 9, Board Room, Community Services Building, 137 E. State-st, 3:30 p.m. All organizations participating are urged to send a delegate to the meeting.

Some are bent with toil, and some get crooked trying to avoid it.

MEARL E. CASKEY, whose residence is at 176 E. Duncan, will take up his new duties as principal of Southwood School in September. Announcement of his appointment to succeed Miss Marguerite Chapman, who was transferred to Oakland Park Elementary School, was made by the Board of Education a few weeks ago.

Happy Beginning

This is a happy morning. The first thing which greeted my eyes as I looked at the morning paper was the picture of a girl and her father—and the story of how the 14-year-old girl pulled her father from the water, saving his life. Long life for you, young lady, and the long life jammed with happiness, is the immediate wish in our mind. What a wonderful contrast with so much junk occurring daily!

Visitor and Peaches

John H. Shevlin, known to great numbers of Barrett Junior High School students, stopped around at the editor's home a few days ago—a kindly thought which was much appreciated, although he had much better chance of seeing me down here at the Leader office. However, John had a happy idea in the form of peaches—and his thoughtfulness was appreciated—wait up here, horsey! Let's not be too joyful! We have been nursing a peach tree for—well, ever so long, and I had hoped to send him some of the first of this year's crop. Blast it! there's to be no crop; the peach tree won't yield until next year. Us amateurs! Anyway, I'm happy that friend Shevlin didn't forget just because school is out. He is really a pretty nice fellow, as a lot of Barrett "customers" well know!

Reporting

Last week a post card was received from Harold Washburn, Roosevelt Junior High School principal, showing a familiar scene: Cascade Mountain at the end of Banff-av in Banff. "Weather ideal," he writes, and "the scenery indescribable." One cannot stand in the midst of such natural grandeur without being subdued in mind while thrilling to splendor. But the principal's trip is about over—he is due home today — with wonderful memories!

• • •

Tell Us, Please

The foregoing item from Banff suggests this: Write to OG's Notes while you are away — or send us a card. Most of us are interested in what our neighbors do—just as you and I. Maybe vacation is not as splendid in scenery as that of Banff, but for one who is on vacation, that place . . . well, it's just a whole lot of all right.

The Past Brought Back

Excavations out South High-st bring back the past. It is unfortunate that more time was not available for many more people to see some of the things that relate to the past. Mrs. George Pedlar, 1427 Parsons-av, stopped in to talk about the value of uncovering things that put 'way back and now into the same sack. Mrs. Pedlar is of the earliest settlers and built one of the first houses between our South High-st and the river. She travels considerably, always finding a union of now then a happy way to keep satisfied as now fades away from our present.

Karen Hopes Her Suit Cases Will Come Back

A classified advertisement in the South Side Leader this week awakened our interest. Along with the copy was a note from a young girl in Urbana, asking if any reader had "collected" the suit cases while they were alone on the sidewalk.

The story is this: Karen Jo Bennett, with her mother, had been visiting Karen's grandmother, Mrs. B. Bennett, 625 Reinhard-av, and upon leaving on the way to a bus to go to Urbana she found it was necessary to return to the house for a forgotten responsibility, and set the two suit cases on the sidewalk "just for a minute."

The story ends abruptly — some one took the suit cases. Now, Karen wants to know if anyone has the suitcases and if they have she wishes they would return the suitcases and the contents to the grandmother at the address given above.

Losing he clothing is a hard blow to Karen and her mother. "Please" Karen said, "whoever took the suitcases won't want them and our clothing, and we do need them." Karen said she and her mother would be grateful — so grateful.

All a newswriter can do is to record what happened and the results — but this time the news writer asks, please return suitcases and contents to Mrs. B. Bennett, 625 Reinhard-av, Columbus.

There will, then, be a happy mother and a happy Karen, whose home is with her mother at 504 N. Main-st, Urbana, O.

Africa, India Speakers At WSCS Meet

Clair Chapel Methodist Church Woman's Society of Christian Service will observe its annual woman's day this Sunday at the church, located on Barthman-av.

Miss Nancy Faulkner, a native of Africa, will be guest speaker for the morning worship. Miss Faulkner came to this country early this spring and is now working as a nurse at Grant Hospital. She received her education in England.

The afternoon speaker will be Miss Betty Penn, a returned missionary from India. Miss Penn will speak on her work in India and will show slide pictures of that country.

In the evening there will be a song service, led by Mrs. Elizabeth Early, president of the Woman's Society. Mrs. Grace Steward will preside over the morning worship and Mrs. Robert Streaty will preside in the afternoon. Mrs. Willis Spencer, Mrs. Mary Cook, and Mrs. Mary Jenkins constitute the program committee.

Pictured above is the beginning of operations to add a much-needed addition to Mercy, according to Supt. Charles Beard. He is shown silhouetted in a window of the building which later the same day could not be recognized. The new property is just across the north-south alley at the east end of the hospital. The new building will "tie-in" with that section of the present building.

Frame Structure Is Torn Down To Allow Expansion

Wreckers moved in next door to Mercy Hospital last Monday morning with wreckage in mind, while Supt. Charles Beard and members of the board saw through the destruction to be wrought one of its long-time ambitions — to add more building to the present hospital structure, and therefore provide more aid for the rapidly increasing number of people who require hospitalization.

Shown in the picture, the tearing-down squad, Starling Street Wrecking Co. had just started on the demolition of the building when time was called to permit Supt. Beard and the foreman of the wrecking group to really overlook the beginning of operations for this picture. Supt. Beard is seen silhouetted in an upstairs window. Immediately afterward, the men whose business is to "tear down" started in with vigor and soon the building was pretty much on the way to getting away from there. The destroyed building was numbered 28 on Southwood-av.

Dietary Department

The principal use for the ground-floor of the new building to become a part of the main structure on the east side of the existing building will be for a completely modern dietary department. The new structure also will permit the addition of a sufficient number of beds to bring the hospital's beds to a total of 150.

The new building will permit, in addition to the dietary department, operating rooms, delivery rooms, plus the increased number of patient beds. The superintendent said plans were made by Inscho, Brand and Inscho, architects.

Total cost of the new structure integrated with the existing Mercy Hospital building across the alley which separates the demolished building site and the hospital building will be $427,000, of which $381,400 will come from the bond levy voted at the last election.

The balance, approximately $46,000, will be furnished by hospital funds and private subscriptions.

Hospital History

In February, 1950, when the new front wing of Mercy Hospital was opened for public use, opinion of hospital officials generally was that the needs of the hospital for a number of years had been met. However, hospitals across the country have been feeling the bulge in their facilities, just as has Mercy Hospital, the superintendent said. That, he said, led to the preparations for continued expansion in the interest of public health.

"It was noted that Mercy Hospital had its beginning in humble circumstances in 1904 in a farm house, and this latest expansion to meet public need is an indication of the service-to-the-public policy of the hospital from its beginning," one of the staff commented.

When Supt. Beard Came

Following the death of Dr. Joseph G. Price, founder of Mercy Hospital, the board of trustees, headed by Judge Dana F. Reynolds, recognized the need for an

EUGENE E. KIRBY is to be the new principal of Siebert and Stewart Elementary Schools. The transfer from administrative cadet to principal was recently announced by the Columbus Board of Education. The new local principal graduated at OSU in 1949. The Kirby family lives at 1041 Grandon-av in Bexley.

Resident Balk Over County Garbage Bills

Confused residents of former Marion Township have bombarded City Hall with complaints protesting recently received January and July bills from the county for garbage collection.

Residents thought the bills were to go to the city under an agreement worked out by city and council officials prior to the annexation.

City Attorney Russell Leach will meet with county officials yet this week to work out details on a payment contract. An earlier meeting scheduled for last Thursday was cancelled. City Council will have to approve the contract.

County Sanitary Engineer Desso T. Mitchell said quite a few of the complaining residents had already paid the $6 semi-annual assessment. The money will be refunded when the city picks up the tab, he said.

Terms of the city-county agreement which must be put into the contract are: The county will continue to pick up refuse for Marion Township and will permit the city to use the landfill on Alum Creek-dr.

And the city will agree to pay the county some $28,000 annually to be used to retire the bonded indebtedness created in 1952 when the county established a sanitary landfill district encompassing part of Marion Township. Bonds were issued to buy equipment to operate the dump south of Benjamin Franklin Hospital. Under bond commitments, the district must continue until the 20-year bonds are retired

Lantern Style Show Is Lure

The Lanter parade sponsored by the Columbus Recreation Department and held at Schiller Park playground last Thursday, July 18, was quite a gala affair. Lanterns of all shapes and sizes which had been made by the children on the playgrounds, in the southeast section of the city, were carried past an audience estimated at 1,000.

Each of the 14 playgrounds had a different theme, which was carried out in the design and decoration of its lanterns. Some outstanding themes were holidays, transportation, fairy tales, Disneyland characters, clowns and Indians.

The panel of judges awarded certificates in the following categories:

Best theme: first place, Schiller, Indian lore theme, with authentic designs, telling the story of the American redman and complete with totem pole and [illegible]

Second place, Mohawk, the story of clown alley; how some are sad and others funny, fat, or skinny.

Third place, Fornoff, the story of this playground.

Best executed: first place, Livingston, construction of a huge pumpkin coach and six white horses carrying Cinderella and the Prince.

Second place, Schiller, authenticity of design in Indian lore.

Third place, James Road, construction of a railway train complete with whistle.

Drama Festival At Schiller 31st

There will be a drama festival in the auditorium at Schiller Recreation Center Wednesday, July 31, at 6 p.m. Those participating will be children from the various playgrounds in the southeast section of Columbus, according to D. T. Crawshaw, Schiller director.

This is expected to be entertaining and it is open to everyone without charge to see these skits by the children, the director said.

Schiller's contribution to the festival will be the "Mad Tea Party" scene from the play "Alice in Wonderland."

Bonnie Wins Race

The South Side's Bonnie Lee Husse kept up her winning habit recently when for the third consecutive time she won the Ohio State Women's Bicycle championship at Franklin Park. Bonnie is just 14 and is a junior at Barrett Junior High School. Her father, Gus Husse, is a former champ and a national bicycle official.

Summer Literature Popular At Parsons Branch Library

Seven hundred forty-four boys and girls are now members of the Summer Reading Club, according to a statement at the Library last week. For every book he reads the youthful member receives two travel stickers to paste on his cardboard suitcase. When he has read 16 books the suitcase is completed and he takes it home. One hundred fifty children have finished and received their suitcases. Four hundred others are well on their way. Library officials have stated that those who have signed up but have not returned any books to date should start at once so that they may finish before the summer is over. It was said all members should finish their books before school begins.

ADULT PATRONS are you looking for a cool, quiet spot in which to spend some time these sizzling afternoons?" a library worker asked. The answer: Your branch library is the place, cool and comfortable and with plenty of good reading material at hand.

Here is some recent fiction available: "The Bridge," a new novel by Pamela Frankau, author of a "Wreath for the Enemy," "To the Moment of Triumph," and many others, including "Never So Few," by Tom Chamles. This book tells a story of guerilla warfare in the jungle of Burma during World War II. "The Black Obelisk" by Erich R. Marque author of "Arch of Triumph," "A Time to Love and a Time to Die." Parents have been urged to attend and participate in this evening of old-time dancing, which will be held on the blacktop area from 7 to 9 o'clock.

Instruction for beginners in square dancing will be available for those who wish it. In case of rain, the event will be held inside the recreation center.

There will be no charge for admission, and the evening's enjoyment is open to everybody.

Well-Child Conferences To Be Held Every Week

Because of sharply increased enrollment, well-child conferences held in the South Side Settlement House, 363 Reeb-av, by the Columbus Health Department, have been increased from two to four each month, Dr. Ollie M. Goodloe, Columbus health commissioner, has announced.

Previously held on the first and third Mondays at 8 a.m., the clinics now will be open each Monday at the same hour. Pediatrician in charge will be Dr. Elizabeth D. Barnes, with Ruth Bishop, R.N., supervisor in charge of the nursing staff.

Well-baby conferences are held so that children of pre-school age may receive complete physical examinations, administration of immunizations for diphtheria, whooping cough, tetanus, smallpox, and polio, Dr. Goodloe said, as well as for consultations with mothers on problems of child care. They are designed particularly for children who otherwise would not receive medical attention.

Already operating nine clinics in Columbus each week, Dr. Goodloe said the department expected to increase the number to 10 soon with addition of a clinic in the recently annexed Marion Township area.

Multiple Sclerosis Sales Tax Stamp Contest Begins Aug. 5

Saving sales tax stamps will pay off for many Columbus youngsters when they enter the fourth annual Sales Tax Stamp Contest to benefit multiple sclerosis victims.

A TV set will be awarded to the boy or girl who turns in the largest dollar value of stamps during the contest which begins Monday, Aug. 5 and ends Sunday, Sept. 15.

The top ranking boy and girl for each of three two-week periods of the contest win Huffy bicycles. Second place winners will receive Gruen watches for each of these two-week periods.

An autographer baseball or a charm bracelet goes to each boy and girl turning in $500 worth of receipts.

This year, in addition to children entering the contest as individuals, teams have been organized throughout the city. These boys and girls are not only collecting stamps to win individual prizes, but also to win the top-team prize at the end of the contest.

Funds from these stamps will be used for research and patient aid for the 800 persons in Central Ohio afflicted with multiple sclerosis or a related disease of the central nervous system.

All Central Ohio children are eligible to enter the contest by taking or mailing tax stamp receipts to Irwin "Earlyworm" Johnson, WBNS-radio, 33 N. High-st, beginning Monday, Aug. 5.

Service Honored

Theodore A. Kundts, 42 E. Welch-av, who retired a year ago after almost 53 years of service with Federal Glass Co., has an additional distinction in the matter of long service, according to C. D. Mulkin, minister of South Church of Christ (Disciples), Woodrow and Bruck-sts. He has just recently brought to a close more than 40 years of faithful service as treasurer of the church. As a token of appreciation the congregation presented him with a reclining chair. Two other officers who have retired in recent times because of health after many years of service to the church were honored with awards. They are J. H. Crist 1813 S. Sixth-st, who served as elder, and Frank Hannan, 1025 S. Hampton-rd, who served as deacons. From left to right those pictured are J. H. Crist, Theodore A. Kundts, Frank Hannan, the minister, C. D. Pennsy Family Club Sets Sunday, 28, For Picnic

President Ed Warren of the Pennsy Family Club of the Pennsylvania Railroad in an announcement stated that "it's time for the big annual affair—the Annual Family Picnic.

The yearly party, the president said, will be held this Sunday, July 28, at Echo Woods Park, three miles east of Reynoldsburg, on Route 40.

The official said the traditional rides, refreshments, prizes, games, contests and varied entertainment have been planned so that there will be something to interest all ages. President Warren said that the picnic is for those furloughed, retired, or active, and their families.

"Flippo the Clown" is scheduled to appear at 6 p.m. as part of a planned show.

Nazarene Mission Funds Increase

Missionary Societies in Nazarene Churches in the Columbus, or Central Ohio, district, last year increased their contributions for world missions by $4,000 for a total of $79,500. One of the important Nazarene Churches in this district is the Wilson Avenue Nazarene Church, with Rev. D. E. Clay as pastor.

The financial report was made by district president, Mrs. Harvey S. Galloway, 2657 Morse-rd.

In her 14th annual address as district president, Mrs. Galloway also cited a 10 per cent increase in membership last year to a total of 4,450. She said that 114 out of a total of 121 Nazarene churches in the district now have organized missionary programs.

The annual convention was held on the Morse-rd camp grounds with about 1,200 delegates and visitors in attendance.

'Humming Birds' To Sing Sunday

Rev. E. S. Maxberry, of the Maxberry Tabernacle Methodist Church, has announced that the Tabernacle will have as guests Sunday evening at 8 o'clock, the "Humming Birds." They will present a program of music. The Tabernacle is at Parsons-av and Forest-st.

Meet At St. Lad

The Altar-Rosary Society of St. Ladislaus Parish will hold its regular monthly meeting Thursday, July 25. Rosary will be recited in the chapel at 7:30 p.m. Games and refreshments will be available after the meeting, it was stated.

You will learn much about the Columbus Public Library and its services bywatching its TV program on WOSU-TV each Friday evening at 6 o'clock.

Twigs To Play For 'Aid' Funds

"The Desk Set," popular office comedy by William Merchant, will be presented from July 29 to Aug. 3 at the Playhouse on the Green. The leading role will be played by Miss Toni Rothe.

Six Twigs of Children's Hospital, Twigs 31, 62, 69, 83, 96, and 104, are combining to sponsor the opening night, Monday, July 29. Curtain time is 8:30 p.m. The proceeds from this performance will go to Children's Hospital.

Reservations may be made by calling the Playhouse ticket chairman, Mrs. Lloyd Stout, HU. 8-7574, or other Twig members participating in this event.

Farmers Should Watch For Slugs In Cool Season

A cool, moist season is perfect weather for slugs in corn fields, according to C. R. Neiswander of the Ohio Agricultural Experiment station's entomology department in Wooster.

Damage from these organisms has been reported from several sections of Ohio. The injury is easily recognized as the slugs give the plants a shredded appearance. The feeding is confined to the outer leaves and the plants make a quick recovery after feeding stops.

Cultivating the ground as soon as slug damage is observed is the best method of control, Neiswander says. When the soil surface dries out, the organisms disappear quickly.

Many farmers fail to observe the presence of slugs on their plants since the organisms feed only after dark. By taking a flashlight into the field at night their feeding can be readily observed.

When slugs appear in a corn field it usually is where corn follows a good growth of alfalfa or clover, according to Neiswander.

Junior Fair Program Is Rounding Into Final Form

Planners of the Franklin County Fair are busy preparing the fullest slate of activities in recent years for "the liveliest of the fairgoers."

And any parent who has ever taken his children to the fair will admit that fairgoers can come "no livelier" than the youngsters who dart here, there and everywhere, all at once.

On the night preceding the four-day fair which begins Aug. 14, the Junior Fair exhibitors and their families will be welcomed to the annual county-wide show by a square dance.

Tentative plans have also been completed to show movies each evening against the walls of the new Junior Fair Building. The movies, if arranged, will include comics, educational, and other types of films.

Feature of the Junior Fair will be the crowning of the King and Queen on Wednesday night who will reign for the duration of the event. Not judged on beauty alone, the winners of the contest must also possess a fine personality and be active in Junior Fair, school, church and club activities.

Report Demonstrations

Demonstrations will be picked to be repeated at the State Fair. Entries from Franklin County at the State Fair have done consistently well. According to Jim Mills, associate Franklin County agriculture agent, there are several "real" top girl's demonstrations and some boy productions this year. "We always rank up with the best," he added.

Plans have been made to run the annual 4-H style show differently this year. Instead of all styles being introduced by Bertha B. Everhart, County Home Economics Agent, junior superintendents and advisors representing the different areas will also take part.

The Junior Fair tent will again be located in the "paddock" area of the race track near the west end of the grandstand. "There is almost always something going on in the Junior Fair tent," Mills stated.

Much of the organization and planning of the Junior Fair is done by its own board composed of 4-H and FFA club leaders from throughout Franklin County. Officers of the Junior Fair Board are Roy Hoffman, president; Robert Schneider, vice-president; Sharon Carpenter, secretary; and George Bitler, treasurer.

Fair Planners

Boys' and Girls' 4-H Club Superintendents are Carolyn Budd and Kaye Holder, clothing; Maxine Bunnell and Susan Halliday, nutrition; Bob Kunz and Tom Scott, swine and sheep; Dean Krieger, poultry and rabbits; Sharon Carpenter and Roy Hoffman, dairy and beef cattle; Mary Leppert and Ronald Cuthbert, flowers and vegetables; and Joe Litzinger, electrical and miscellaneous projects.

Future Farmers of America Superintendents are George Bitler and Harry Fisher, dairy cattle; George Bitler and Harry Fisher, beef cattle; Norma Klamforth and Karl Grube, swine; Robert Schneider and Terry O'Keefe, poultry; John McKitrick and Ronald Headlee, sheep; William Grossman and Richrd Barbee, farm shop and crops; and Jim Huggett and Eddie Goldhardt, publicity.

Activities program of the Junior Fair follows:

Wednesday—Exhibits, judging, 4-H Home Economics Demonstrations, King and Queen selection.

Thursday — Exhibits, judging, 4-H Nutrition Day, Rural Arts Talent Show.

Friday—Poultry Judging, 4-H clothing judging, 4-H style revue, livestock auction and finals in safety speaking and agricultural demonstrations.

Saturday—Junior Fair Day, FFA safe driving contest, 4-H tractor rodeo, FFA horseshoe pitching, Junior Fair Frolics, float parade, parade of livestock.

Special awards to be given at the Junior Fair include:

Cash prize of $7.50 to the owner of the Grand Champion barrow over all breeds and cross breeds provided it is a Poland China sire out of a registered sire and dam.

A prize of $5 to the exhibitor of the Grand Champion barrow over all breeds provided it is a Hampshire whose sire and dam are recorded.

Special Prizes

A trophy will be presented by the Ohio Shorthorn Breeders' Association to the boy or girl who shows a Shorthorn steer to Grand Championship over all breeds in the Junior Fair.

The Central Ohio Holstein Association will make an award to each Junior Fair Holstein exhibitor and a championship prize to the exhibitor of the Best Holstein female in the Junior Fair.

A certificate for one service to a Central Ohio Breeding Association sire will be awarded by the Franklin County Dairy Service Unit to the owner of the Champion Junior Fair female in Ayrshire, Brown Swiss, Guernsy, Holstein and Jersey breeds.

The Ohio Brown Swiss Breeder's Association will present a suitable trophy to the boy or girl exhibiting the Junior Fair Brown Swiss Champion animal.

A halter will be presented to the owner of the Grand Champion registered female in the Junior Fair by the Central Ohio Ayrshire Breeders' Association.

Fair Office Will Open August 1

Office of the Franklin County Agricultural Society at the fairgrounds in Hilliards will open Aug. 1 according to Harold Hart, secretary of the fair board.

Any exhibitors who wish space at the fair should contact Hart as early as possible. Until Aug. 1, he may be reached at TR. 8-5479. After the office opens, his number will be TR. 6-7235.

Catalog for the fair is available and may also be obtained by contacting Hart. Date of the fair is Aug. 14-17.

The difficulty in turning immigrants into good Americans is to find a model to work by.

Vacation Bible School Continues

The vacation Bible school of South Methodist Church will continue each Friday from 9:30 to 11:30 a.m. until public schools resume in September, according to an announcement Monday by Mrs. William McCleary, vacation Bible school director.

The day's activities will include Bible study and worship, followed by handicraft and refreshments.

There are no restrictions upon attendance for children in primary and junior grades, Mrs. McCleary said.

Rev. Clay Goes On Church Job

Rev. D. E. Clay, pastor, Wilson-av Church of the Nazarene, was re-elected as a member of the church school board at the recent meeting of the Central Ohio District Nazarene Church, held on Morse-rd denominational camp grounds.

The local pastor was renamed for a period of three years.

A very pretty postal chronicled the fact that Eleanor Jones of 317 Moler-st, was in Portland, Ore. last week attending the Christian Endeavor Convention that was held there. Another postal, from nearby Kentucky told us that Deanna Brewer, of 523 Sheldon-av, is becoming a summertime farmer this year. The soon-to-be South High co-ed is milking the cow, feeding calves, planting beans and doing a little "hoe-work" in the garden. (Last year we twitted Deanna about her milking, you may recall.)

The younger set's birthday list . . . Mark Stickel, 336 Markison-av, July 27; Diane Carter, 1408 S. Fifth-st July 29; Linda Driscoll, 62 Frebis-av, July 31, Cassius Boysel, 69 E. Markison-av, July 25, Peter Fornof, 103 Fornof-rd, July 29; Phyllis Cooke, 80 E. Woodrow-av, July 30; Bonnie Hayes, 1586 S. Fourth-st, July 25; Paul Howell 343 Frebis-av, July 26; Kenneth Springer, 409 Hanford-st, July 27; Diana and Donna Coy, 28 W. Neff-st, July 28; Linda Swartz, 380 Frebis-av, July 30; Jerri Houpton, 190 Jenkins-av, July 28; David Mouser, 173 Hanford-st, July 29.

Two Cloverleaf Clubs that meet within the week in Leaderland are numbers 2 and 26. Leaf 2 will have Mrs. Erwin Blum, 1976 Linwood-av, as a hostess on July 30 for cards and dessert. Meeting time is 8:30 p.m. Leaf will have a 7:30 p.m. casserole on July 29, with Mrs. Mary Davis, 474 Southwood-av, as hostess.

A July 27 wedding listed in our week's item is that of Patricia Laycox and Warren Rinehart of Canton. O. Miss Laycox, 902 Ellsworth-av, is a South High graduate and her fiance is a student at Capital University where he will enter the seminary in the fall.

Donnie Ryan and his family are now Columbus residents, after having lived in Washington, D. C. these past few years. We know he'd enjoy hearing from his friends again and renewing acquaintances so for their benefit we'll tell you he can be reached by calling HI. 3-1332. His mother, Lilliam, is real pleased to have three of her grandchildren near her, naturally. (It just dawned on us that Lillian had a birthday not too terribly long ago, and we forgot to acknowledge it. Well, the wishes have had a little longer to mature, Lillian, so are even more fervent than usual!)

A sudden-like appendectomy caused Billy Weakley, 1440 Champion-av, to find himself a patient in Mercy Hospital recently. He was due home the first part of this week.

Art Cox of Cleveland was a July guest of Maureen and Harry Ruden, 901 Heyl-av.

Had a wonderful chat with Dorothy Wells who is once again a Columbus resident, after living for a few years in Obetz. Dorothy told us that her sister, Mary Anderson will be here from Tampa, Florida. Accompanying Mary will be her daughter, Judy, and Mary's and Dorothy's dad, Harry Knapp (for the 1934 graduates of South, Mary should be in town by now, the phone number to call is HI. 3-7052, and Dorothy's address is 1243 S. Ohio-av. Call her; she'll be thrilled to hear from her schoolmates, we know.)

A surprise July 4 birthday party was practically a family reunion. It seems Mrs. Homer Ball was the honor guest at Westgate Park on July 7. Those attending were Homer Ball Mr. and Mrs. John Ball, Ray and Naomi Ball, Mr. and Mrs. Bob Swain, Mr. and Mrs. Paul Hayman, Mr. and Mrs. Robert Brown, Lucille and Mike Long, Mrs. Lillian Meyer, Freddie and Sue Ann Salter and Miss Sharon Burton, all of Columbus.

These guests made longer journeys to attend the party: Arnold Swain, Mr. and Mrs. Don Swain, Donna and Nancy Swain, South Charleston, O.; Mr. and Mrs. Ira Swain Mr. and Mrs. Bill Swain and Allen, Bloomdale, O.; Mr. and Mrs. Don Smurr and girls, Canal Winchester; Mr. and Mrs. Russell Wright, Springfield.

Gerry and Paul Baughman, 1575 S. 6th-st are enjoying a week's vacation in Dayton, O., visiting their son, Dick and his family.

More birthdays that occur at this time of the year are these: Robert Speakman, 324 innis, July 26; Roberta Coslett, 504 Morrill-av, July 25; Diana Leach 99 Reeb-av, July 31; Pamela Wolford, 1311 Parsons-av, July 23; Nikki Morlon, July 28; Marlene Wagenbrenner, July 24.

Mrs. Ralph Stinson, whom many would remember as Betty Donahoe in her Columbus school days, has been quite an ill young woman, for she is once again in the hospital, after a very short interval at home after her previous visit. Don't know the room number so will give you her home address. It is 298 E. Water-st, Chillicothe. Do send her a card, won't you?

An item received a mite too late for last week's edition concerns a 50th wedding anniversary. Our congratulations nevertheless to Mr. and Mrs. Carl Anderson, 151 Jenkins-av, whose half-century of marriage was achieved on July 19.

A young gentleman who will become one year old on July 31 most certainly should be congratulated, so we'll do just that to Master Peter Tabor, 1566 S. Sixth-st. Peter, son of Charles and Peggy, was born in England, so he's quite a seasoned traveller for such a young 'un.

Two Frebis-av residents who will now have to give new ages are Essie Buller, 326 Frebis-av, and Mary Ann Whalen, 224 Frebis-av. Essie's "uppance" occurred on the 21st and Mary Ann's natal day was the 17th.

Cleo Canter and her son, Howard, are relaxing in the cooler Michigan climes for a little vacation. The lucky ones are at Platt Lake for a week's stay.

Our brother Frank LaRue, is hoping to renew acquaintances at Jean-Marie, his store at Jenkins and Eighth-sts. The combination grocery and carry-out is open until 10 p. m. every night but Sundays.

Well, the Christian Crusaders are back again, and naturally full of incidents that happened in Jamaica. They took movies of their trip, which we're anxious to see. Last Saturday, the group assembled in the home of Don and Priscilla Dicke, 1411 S. Sixth-st, for a wiener roast, scavenger hunt, singing and general fun. Honor guests were Jan Flores, a Holland native, and Gasper LaRue. A few days before, their sposors Mr. and Mrs. Sedwick and Mr. and Mrs. Gray, treated them to a home-made ice cream feast. (Emerson Darst kindly volunteered to go down the night before to sample the frozen confection while it was being made. Smart boy, Emerson.)

Duke Eichel, 1341 S. Third-st, is on the ailing list these days, we're sorry to relate. Hope the inactivity is of short duration. Duke.

If anyone has any loose, unneeded king Korn and G. I. stamps here's an idea of how they can bring happiness to unfortunates. Send them to PVA, Box J, Orient. Casting rods and reels are being obtained in this manner for patients who work in the fields at the institution. The PVS gladly accepts all premium and sales tax stamps have been redeemed for child's rocking chairs and First Prize stamps have been redeemed for plastic bricks for other patients. So, if you get stamps you don't need, won't you send them to this group? They'll appreciate it, we know.

Bea Conkle and her troupe of entertainers will be at Benjamin Franklin Hospital this evening entertaining the patients there.

Congratulations to newly wedded Shirley and Ronald Ennis, who exchanged their vows on July 20, in the S. High-st EUB church They are residing at 375 Groveport-pk, Obetz. Shirley's maiden name was Darst.

Christmas is a long way off, but the work of our wonderful friend, Mrs. Bier, is a year round project. She is running short of dolls to "pretty up," so we'll see if we can't help her to get some. If you want to, call the Gadabout and we'll see that she gets them. Phone number's still HI. 4-1051.

We'll be writing about Roberta Blackburn in next week's edition, but this week we're saying "hi" to her mother Alberta, who had a July 18 birthday. Hope it was a happy one, Bertie. A July 21 birthdate was celebrated by Edward Schmitt 419 Zimpfer-st. Eddie was seven years old on his cake and candles day.

Guess we've used all available material so there's nothing to do but close shop for the week. Till next edition, then, tis

TALK, YOU FEATHERED FOOL!

Groveport Lad Has Talking Crow That Refuses To Talk

TALKING CROW—Ten-year-old Stevie Raver of Groveport has a problem. Stevie is the owner of "Blackie," a talking crow who refuses to talk in front of anybody except members of the Raver family. Consequently Stevie has been unable to prove to his buddies that Blackie actually can and does talk. Aside from being a stubborn crow, Blackie is very friendly and at times ornery. He loves attention and likes to play, but when things get a little dull Blackie starts looking for excitement. If he can't find any, he taunts the family cat by pulling his tail. This is particularly annoying to tabby because Blackie usually waits until the cat is snoozing. Almost full grown, Blackie was just a featherless fledgling when Stevie found him and brought him home. Free to come and go as he pleases, Blackie spends most of his time in the laundry room. Stevie is the son of Mr. and Mrs. Paul Raver, 735 Blacklick-st.

Inquiry brought the information that a definite date has not immediately been set.

What? 300 Million Years To Cook Our Dinner!

That's right. The natural gas that now cooks your meals so quickly and does so many other chores so well was born 300 million years ago—or more.

When the earth was still quite young, the vast seas that covered it began to recede. As they did, trillions of tiny organisms and ocean plants were covered by sediment. The sediment became rock. Intense heat and pressure then distilled the embedded plants and organisms into natural gas.

There the gas lay, trapped beneath the ground for centuries, until man discovered it and solved the problems of bringing this clean, dependable, economical fuel right to your home. Nature's gift of 300 million years ago has become the "wonder fuel" of the Twentieth Century.

Today, natural gas is the modern, efficient fuel. And it serves you best when you use it with modern, automatic gas appliances.

Area Nazarenes To Up Missions

Nazarene Church members in this area will endeavor to make the 1957-58 year the best in record, according to plans announced at the annual central Ohio district assembly last week in Columbus.

Special reason for this effort will be the golden anniversary of the demonination, starting in January, 1958, and continuing throughout the calendar year.

Dr. Harvey S. Galloway, in his 14th superinendent's report, cited income totaling $1,311,160 for the 121 district churches last year. Of this total, $114,000 went to foreign missions. This was an increase of $23,500, or 20 per cent over the preceding year.

The 10 per cent given to missions placed the district among the top five for the year in the denomination.

The district will attempt to establish 12 new churches in 1957-58. To help implement this plan, a home mission reserve "army" of 2,500 Nazarenes will be recruited.

These members will contribute $2 each upon notification that a home mission project is in need of funds. Four or five appeals each year are planned.

Church membership in the district increased last year to 10,555. Sunday school enrollment gained 780 to 14,380.

Two new churches were established at Plymouth and West Chillicothe.

Church and parsonage valuation increased $385,300 to a total of $4,569,955.

Miss Overmyer On Honor Roll

Miss Janet E. Overmyer, daughter of Mr. and Mrs. Fred E. Overmyer, 831 Oakwood-av, is on the honor roll for the spring quarter of the college of arts and sciences at Ohio State University, according to a release issued last week by OSU.

Miss Overmyer is a junior and earned all "A's" during the spring quarter, the announcement from the university said.

Miss Saul Is Betrothed To D. L. Sansbury

Mrs. Myrtle M. Saul, 870 S. Third-st, has announced the engagement of her daughter, Rosemary, to David L. Sansbury, son of Mr. and Mrs. Harold H. Sansbury, of 328 W. Sixth-st.

Miss Saul, a secretary for the Forrest Towel Supply Co., is a graduate of St. Mary's High School. The prospective bridegroom is a graduate of North High School, studied engineering at Ohio State University, and plans to enter the University of Miami in the fall to study for an electric engineering degree. He is an employe of Ammann and Whitney, consulting engineers.

A date for the wedding has not been set, it was stated.

Researchers at Ohio State University now are studying the possibility of using pumps for heating and cooling poultry houses.

Playgrounds

Smith Road Playground

The Lantern Parade was grand fun!

All the Smith-Roaders created their lanterns and participated in the parade very well.

More fund was had Friday morning at the Crystal swimming pool. We hope that this can be made a weekly activity of the playground.

This week the arts and crafts project is basketry. At the completion of this we will make dolls with the materials and instructions provided by the Swan Cleaners.

Preparations are being made for the drama festival at Deshler School Wednesday, July 31, at 2 p.m. and for the pageant at Central High School on Aug. 15. The playground leaders have expressed their appreciation to parents who so graciously gave their time and effort in helping us with the playground program.

A group of little leaguers, their friends and families are planning to attend the Cincinnati-Brooklyn baseball game this Saturday. They will travel by train and be provided with a box lunch and ticket to the ball game at a very low cost. This is a service sponsored jointly by the Recreation Department and the Pennsylvania Railroad.

The Junior boys beat Karns 12-10, behind the good pitching of John Stanton. John got help from teammate Ricky Kremer, who hit a triple. These boys now need a victory over first-place Deshler on Wednesday to be tied for first place. The intermediate boys played Fornof last Tuesday and next week will play Lincoln on Tuesday or Wednesday. The intermediate girls lost to South-East Lions last Monday. They beat Fornof on Friday and are now tied for first place in the playground league. Tomorrow at 1:30 the girls travel to Southview.

Today we have some boys and girls participating in the north section at track meet at Linden McKinley.

Lincoln Playground

The Lincoln Junior boys' softball team went down to defeat at the hands of both Karns and Deshler last week. Jerry Sopher was the leading hitter, collecting two triples, a double and a single.

In the Little League Mike Rodgers of the Indians and Jerry Sopher of the Red Legs made Little League history. Mike pitched a no-hitter, struck out 18 men out of a possible 18 and hit a home run to lead the Indians to a 10 to 1 victory over the Pirates. Jerry hit three consecutive home runs and also hit a double to drive in 11 runs while leading the Red Legs to a 15 to 11 victory over the Jets.

Andy Pocizlo was the hero for the Pirates in a 6-6 tie with the Cardinals. Andy banged a double with two men out to drive in the tieing run. Dave Mouser of the Cardinals went three for three and drove in five of the six runs for the Cardinals.

The standings at the end of four weeks of play are:

1. Indians	6	0	1.000
2. Red Legs	5	2	.714
3. Cardinals	3	2	.600
4. Jets	3	3	.500
5 Tigers	3	4	.428
6. Dodgers	2	3	.400
7. Braves	2	3	.400
8. Pirates	2	3	.400
9. Giants	2	3	.400
10. Yankees	1	4	.200

As for the arts and crafts program at the playground, Lincoln playground was awarded a certificate for having outstanding participation at the Lantern Parade. There were 26 children who made lanterns for the parade.

During this week the boys and girls will work on their program for the drama festival to be held the week of July 29. Children who are interested in plays, skits, etc. may visit Lincoln playground and receive full information.

experienced hospital administrator, to guide the hospital on its "service path" through the years in the community.

The board of trustees in 1952, recognizing the capacity of C. B. Beard, employed him to chart the way from then on. The surprising fact involved in this history is that which answered the editor's curiosity and the question which was natural: "No one ever has been turned away because of lack of funds. Percentagewise, according to the records, Mercy has done more than its fair share of charity work."

A Year's Activity

In 1956 Mercy Hospital admitted 2,305 patients with a total of 13,776 patient days. Two hundred and fifty-one babies first saw the light of day in Mercy's emaculate and attractive maternity department; 945 major surgical procedures were done; X-rays of 2-196 patients were taken; 12,107 clinical laboratory tests were made; 2,551 received emergency treatment.

"Mercy has 185 dedicated hospital workers on its payrolls," Superintendent Beard said, their income totaling about $360,000 per year. All of which adds up to this: Mercy Hospital can be said to be one of the most important institutions on the South Side, an official said.

In this novel, Mrs. White concerns herself with one of the tensest and most complex problems of family life, the which can arise between twins rivalry which can arise between twins and become a life-long antagonism. It holds the reader absorbed and leaves him with deeper human understanding. "Birthright, Lettie Hamlet Rogers, has setting in the South of today. The story of Peegram is the story of many Southern towns. Without arguing, without taking sides; the author has managed to express and illumine the most urgent feeling of the South today. Livingston Methodist Wins With 33 To Nothing Score

Time is just about out in the South Side Branch YMCA Church League play, with one week left in the Junior and Girl's Leagues. The Intermediate League is still left with three weeks of play due to rain earlier in the season and more teams in the league.

Lopsided Score

Monday, the only Junior game played was between Livingston Methodist and Oakwood Methodist, with Livingston coming out on top, 33 to 0. Don Howell hit two homers for the winners. The other games ended in forfeit because of not enough players. St. Paul Lutheran forfeited to St. Leo and Thurman Methodist did likewise to Washington EUB.

In the Tuesday Girl's League, St Leo almost clinched the pennant for the second round by defeating St. Paul E&R, their toughest rival, 7 to 5 in a thriller all the way. A three run-rally in the fifth inning turned the trick for St. Leo. Corpus Christi looked good as they beat Southwood Church of Christ, 13 to 6. A home run by Marilyn Schilling in the fifth inning, together with four other runs, put the game on ice for Corpus Christi. Jackie Schoonover pitched and batted St. John E&R to an 11 to 5 victory over Oakwood Methodist. Jackie hit three for four and scored three runs for St. Johns. Pat Taberon got a home run for the losers. Thurman Methodist won its game by forfeit from Gates-Fourth Methodist.

Twelve Runs

The Wednesday Junior League saw Oakwood Methodist knock St. Leo out of first place by beating them 6 to 4. Bob Drury hit a home run for the winners. Ohio-av EUB put on a splurge and beat St. Paul E&R 16 to 5. Bill Rundio played some fine ball for Ohio. Home runs by Karns and Hahn and a 12-run first inning helped St. John E&R post one over Gates-Fourth Methodist, 25 to 4.

Game Well Played

Emmanuel Lutheran held on to first place in the Intermediate League, beating Hungarian E&R, 13 to 6, in a well-played game. Tom Weatherington helped the cause by hitting a home run in the third inning for the winners. St. Paul let their big guns loose and beat Washington EUB, 28 to 5. Everybody registered high in the hit column for St. Paul E&R except "Tiny" Watters, who "only got a home run." South Methodist won over Oakwood Methodist, 7 to 4 in spite of Guy Cory's nine strike-outs for Oakwood. St. John E&R came out on top of St. Paul Lutheran with help from a battery of home-runs, two by Jack Flovin and one each for Bob Karrer and Dick Brixner. The Monday game between Livingston Methodist and Southwood Church of Christ was forfeited to Southwood.

CHARLES G. KELLER

Funeral services were held on Thursday, July 18, at Schoedinger's State-st chapel, at 2 p.m. for Charles C. Keller formerly of 264 Reinhard-av, who died Monday, July 15. Survivors are his wife, Mary; son Charles A; Oak Ridge, Tenn.; daughter, Mrs. Mary Hagans; two grandchildren; sister, Miss Mina Keller; two brothers, J. William and Elmer A. Keller. Burial was in Glen Rest Cemetery.

Parsons Branch Goes Turtlesy, Dogsy, Catsy, As Publicity Man Tells It

By Galvy Gordon,
Public Relations,
Columbus Library

Thursday of last week Parsons Branch Library really went to the dogs . . . the cats, hamsters, parakeets, and turtles, too, for that matter!

More than 180 members of the small fry set showed up for the third annual library pet show. Many of them were camped on the library lawn as early as 8 a.m., although the library didn't open until 9 a.m. and the show wasn't scheduled until 10 o'clock.

Miss Alice Tuemler and Mrs. Yvonne Morgan, library assistants, served both as emcees and judges. The show had been planned by the "regulars" at Thursday story-hour session for the past month.

The event was held on the lawn just south of the library building and centered around the four large trees which run in a line from Parsons-av to the alley.

Real Difficulty

Attempt to keep show participants in one area was not particularly successful, it must be reported. Some of the more daring boys tried to sic dogs on cats, cats on dogs, and otherwise stir up excitement.

To the great and everlasting credit to the animals, though, not one single fracas ensued. One dog, "tail-wagging happy" at all the strange animals about, did confuse things a little with his excited barking throughout the show.

And to the everlasting gratitude of the library staff, all of the animal categories were not filled. For instance, they didn't miss at all the snakes — and there have been lots of them in the past. Miraculously, too, there were no rabbits entered. Can it be that this particular pet, so popular in pest years, is now scorned by the up and coming generation?

Cats in the show ranged from the huge one almost as fearsome-looking as the huge grinning Cheshire cat of "Alice in Wonderland" to a coal black kitten less than a month old. One thing all cats shared in common, however, was the ribbon painstakingly tied around their necks by proud owners.

Dogs And A Story

Dogs ranged from a giant Doberman pinscher to cuddly pups scarcely weaned.

One adult observer heard the following conversation being carried on by the young men who were busily stroking some of the hamsters in a cardboard box: 'I'll bet you that's a woman hamster — 'cause a friend of mine had one the same color and he had a whole bunch of little hamsters."

But back to the dogs, for a moment. All pets were supposed to demonstrate some talent and that was taken into consideration in the judging. Only one dog, however, behaved as his master boasted. And he sat up only after the owner bribed him with a dog biscuit. The mutt, highly touted for his ability to chase his tail, wouldn't even circle once.

Each owner wore a ribbon designating the class in which his pet was entered. Some pets were co-owned by brother and sister, or pal and pal. In that event, each wore a ribbon.

Most of the birds were parakeets and there was only one turtle. Two snails graced the show.

Inevitable Parade

The big show started with a parade of pets and owners around the library building and concluded with the awarding of large white ribbons. During the actual showings, each owner stated his name and address, "bragged" a little about the ability of his pet, and then tried to make it go into its act. Members of the audience kept "hootching" forward and the show had to be stopped at intervals to permit room for the showings.

In the pandemonium that ensued when the show was over, it was difficult to obtain names. But we learned that Sharell Downing of 1724 Frebis-av had won first prize in the cat division with Kitty Baby; and that Eric and Joanna Hairston of 281 E. Barthman-av earned first prize in the parakeet division with their birds Mary and Romeo.

Other first-prize winners were Frank Hottentrott of 616 E. Columbus-st, with Cutie, a toy Mexican hairless Chihuahua; Cassandra and Teresa Latella of 273 Rinehart-av for their turtle Joe; and Edward Swadley of 960 Jaegar-st for his hamster, Hammie.

Owners of cats in the show included John Blake of 220 E. Gates-st, Danny Hoffman of 411 Deshler-av, Kathleen Keckley of 865 Parsons-av, Teresa Irwin of 288 Lear-st, Janice Reed of 272 E. Sycamore-st, Frances Lackey of 1272 Parsons, Doris Fink of 631 S. Grant-av, Jean Reed of 272 E. Sycamore-st.

Dog Owners

Dog owners included Janet Richardson of 1080 City Park, Beverly Melrose of 482 E. Gates, Sandra Kline of 599 Siebert, Gary Stewart of 1511 Wilson-av, Sherry Frye of 280 Siebert, Linda Gockenbach of 1132 Bulen-av, Steve Mason of 516 Forest-st, Danny Mitchell of 192 E. Gates, David Downing of 880 Wager-st, Steve Kraus of 436 Rinehart-st, Linda Grotsky of 878 Beech-st, and Bobbie Hughes of 1094 Parsons-av.

Other hamster owners were Joe and Barry Paugh of 1387 Lisle. In a class by herself was Karen Barber of 1162 Bulen, who exhibited both snails and goldfish. Parakeet exhibitors included Marilyn Stewart of 1511 Wilson-av, Connie Carney of 516 Forest, Cheryl Kirby of 561 Rinehart, and Richard Fyre of 260 Siebert.

Exhibitors of tropical and goldfish were Michael Muetzel of 1393 Bruck-st, Barbara Naegle of 257 Moler-st, and Christine Van Cleave of 588 Rinehart.

In all, 15 dogs, 12 cats, five bowls of fish, four hamsters, a turtle, and two snails were shown.

Letters To The Editor

(Editor's Note: A native-born German neighbor and Leader reader, C. H. Beyer, 658 Southwood-av, taking notice of the continued juvenile delinquency problem, has expressed his thoughts in the following letter. The visit to Germany mentioned in the letter was about 18 months ago.)

Delinquency Can Be Curbed

"With every passing day you read in the newspaper about crimes committed against society by young adults. These crimes can be measured in staggering sums of money paid for the apprehension, prosecution, and detention of the guilty. It can also be measured in human suffering of the victims as well as those responsible for the young adults committing the crimes.

"This situation was made worse by the eruption of World War II. It may subside if world peace can be maintained.

"First of all, we know the parents are at fault—working mothers who are needed at home think they must obtain luxuries for their families. In exchange they let their children grow up wild. Here in Columbus Mrs. Burke, head of the County Investigation staff, concurs that it is the parents who are at fault. Too many American parents are working and have no time to properly care for their growing offspring, therefore a wholesome family life is unknown to many children of all ages. The parental responsibility law should be backed by all means.

"I believe you are familiar with the critical situation at the Boys' Industrial School at Lancaster, O. It is an overloaded institution of a population of 960 and is designed for the housing of only 500 boys. The institution is running out of mattresses, clothing, and seats in the dining room, not to mention school rooms and other ways to keep the boys occupied. It is the world's largest correctional school.

"Delinquency stems from young people shirking their obligations; thus misdemeanor follows. In many cases younger boys are misled or influenced by older boys to turn to alcohol and/or drug addiction.

"After spending nine and one-half years at the Southside Settlement, where I worked with children of all ages in the wood class and shop work, experience has taught me the child's character can be traced to his or her environment at home.

Visits Germany

"A short time ago I visited my only sister in Germany and while there I was afforded an excellent opportunity to see the progress made with their delinquency problem. Some time ago Chancellor Bismark, who was noted for his executive ability, farsightedness and diplomacy, suggested a law in which every young person above 14 years of age, if leaving school, must learn a trade. The first three years of this trade were to be spent as an apprentice with pay, then one year as a journeyman. After passing the examination as a master he was registered as such. This did away with delinquency and loafers, of which there was an abundance.

"As a master of trade he receives work through the Tradesmen's Home. Board and room are furnished free by every trades home, which is supported by the cities. Each tradesman carries an identification card or a license of his trade and this is registered at the police department.

"When I arrived in West Germany on my trip abroad in 1955, I noticed such a difference in the people; they were so polite and cooperative. I was pleased to see young boys average age of 15 years working as apprentices and making a good living. A journeyman told me, 'We have to thank Chancellor Bismark; he gave us the trades law.' There is hardly any crime among this age group. We drove past a very large penal institution and I inquired, 'What is this building filled with?' The answer was, 'Here we keep the enemies of our government.'"

Club House Is Donated To Well-Child Clinics

Through the co-operation of William R. Bowman, manager, and Lorenzo O. Boice, owner, the clubhouse shown above has been made available to the Columbus Health Department for Well Child Conferences on the first and third Wednesdays of each month, beginning Aug. 7. It is located on the tract immediately behind the South High Amusement Park, 2291 S. High st. Clinic hours begin at 11:30 a.m. Shown here are, left to right, Bowman, Boice, Nurse Ruth Schultz, Nurse Ruth Bishop, and Dr. Ollie M. Goodloe, Columbus health commissioner.

Well Child conferences, of which the Columbus Health Department now maintains 10 with the advent of the latest clinic at South High Amusement Park are in reality clinics for pre-school age younsters aimed at keeping the well baby well, an official said

"In other words they are not sick babies" it was said "that is the responsibility of the private physician The health department's function is preventive Its services, for adults as well as infants and children, is to protect the health of the community as a whole and its individual citizens"

Each clinic is under the direction of a pediatrician Dr Robert S Shaw, veteran member of the department's medical staff, is in charge assisted by a staff of department nurses under the direction of Ruth Bishop, R N., clinic supervisor since the inception of such clinics

Initially, each child is given a complete physical examination to eyes, ears, nose, throat, lungs, heart, and bone structure. If any deficiencies are found, the mother is advised where remedial services may be secured She also is given any advice she may request on any of the aspects of child care

Another service is immunizations against diphtheria, whooping cough, tetanus, smallpox, and polio

Children as young as one-month and through the age of five who otherwise would not secure the medical services they need are welcomed at these clinics

"We expect this to become one of our most popular clinics," Dr. Ollie M Goodloe, city health commissioner, told those in attendance at the clinic's opening. "It was designed particularly for those in the area formerly known as Marion Township which was recently annexed to Columbus. We shope mothers in that area will make full use of it."

Swings: On A Warm Summer Sunday Afternoon

Although Schiller Playground is not officially open on Sundays, a lot of little folks keep Schiller swings swinging throughout the day. The pool draws much attention, of course, but when a "vacancy" in a swing develops it is immediately occupied by one of the long list of waiters. Many wait for a long time for the coveted swing, but signs of selfishness happily are absent.

Hospital Zoning To Benefit Area, Said

Citizens in the immediate area of Southwood-av and South High-st and immediately adjoining areas have been assured that the recent zoning of the property adjacent to the east side of the hospital does not mean a letting-down of the bars to indiscriminate use of the property in the area

Protection

Recognizing the rapidly increasing need for more hospitalization in the South Side, request was made for zoning which would permit the building of an addition on the east side of Mercy Hospital Permission was granted Some protesting property owners declared that information reaching them indicated that "any kind of business can be put in right here in our home-owned area." It was emphasized that there is complete protection

Hospital authorities and public officials are understood to have explained that the new zoning does not permit any of "the horrible things which a few home owners in the neighborhood have feared" The rezoning made possible, it was stated the adding of the urgently needed addition to Mercy Hospital as was announced last week in the South Side Leader

Reassured

It was stated that the story in these pages last week reassured a good many local people who, it was said, "were properly worried" prior to the Leader's story.

The building shown in the Leader story last week has been completely demolished and carted away The new building will be an integral part of the present Mercy Hospital building. The new work will be from the eastern side of the now-demolished building lot and will occupy the alley which adjoins the east side of the hospital building, becoming a part of the main building.

Rearrangements

This long-awaited improvement will result in the shifting of a number of hospital arrangements. Superintendent Charles Beard says that while there may be a few inconveniences rearrangements will be made as the new section progresses and patient care will be maintained at the high level for which Mercy is noted the official said

With the count 3 and 2, he proceeded to hit a mighty home run to give Jets a 6 to 4 victory. Other outstanding hitting feats

Groveport residents will receive two separate brochures in their mail boxes the latter part of next week on the special sewer election scheduled for Tuesday, Aug. 13.

One brochure will be distributed by village officials. It will contain in study form a complete history, dating back to 1935, on all official action taken by the village in its quest for a sewer system

Village officials believe the study will explain their sewer system proposal.

The other brochure will be distributed by the "Referendum Committee," a body of five local residents representing a "group of village taxpayers" who state their mission is to acquire an adequate sewer system and sewage treatment plant at reasonable cost to the property owners."

The Referendum Committe believe their brochure will induce village voters to defeat the sewer plan proposed by village officials.

Ancient Indian Village Found Back Of Scioto Trail School

Traces of a Late Woodland Indian Village, estimated to have existed between 1100 and 1300 A D., have been found in diggings west of S High-st and north of the Scioto Trail Elementary School.

The discovery was made by an archaelogy crew headed by Raymond S Baby curator of archaeology of the Ohio State Museum and the Ohio Historical Society.

The crew found traces of an almost circular structure 21x22 feet, outlined by postholes in the Indian village Baby said the postholes, a half-foot in diameter, indicated a house, that was not too substantial and probably built for one family, stood in the spot some 800 or more years ago

The site has yielded a nearly complete picture of the economy of the Indians. Evidence indicates the Indians subsisted mainly from hunting and fishing

Similar evidence has been partly uncovered in other parts of the state, Baby said but this is the first time a complete house outline has been explored scientifically. Refuse pits were also on the house circle indicating it was used after the house was abandoned.

Permission to work the site was given by the Zenith Trading Corp A housing development is scheduled to be constructed on the site.

Want To Uncivilize

A virus with powerfully destructive capacity in the human system is so small it may be seen only with a great-capacity enlarging glass Just as dangerous is the intellectual "virus" in the intellectual "bloodstream" of our population. Indifference, born of laziness in thinking, to the use of language, indifferntce to the proper organization and use of words—the use of the big exaggeration, the distortion of words and phrases through building a helter skelter personal vocabulary — these constitute the virus which, if unchecked, could leave the human race grunting out its efforts to communicate with other like people who, too, had lost their capacity of speech Loss of capacity of speech would mean the loss of intellectual intercourse between neighbors and others. Man developed speech but only a comparatively few appreciate it enough to use it properly and protect it

Mexico City

I've often wondered how Mexico City would fare if it were hit by a heavy earthquake. I'd like to see it now, but I can't I can only hope that many interesting landmarks and mementos of historical occurrences were not wiped out. How great is MAN!—until, that is, he meets earthquake. We really have little to be vain about! As I have stood in awe and wonder now I feel proud of the people's behavior in the face of a catastrophe I salute them

No News In This

I shall be out of the Leader for the next week or more. As soon as I'm let out of where I'll be, I will be back—perhaps two or three weeks Next Monday afternoon I enter University Hospital for a little "picking over." Many things I prefer to that, but I shall try to extract some of the blessings of life while there and get out as fast as possible One thing bothers me: I'll be gone long enough to let the boss know how REALLY DISPENSABLE I am

Mercy's Founder

DR. J. G. PRICE

Keen interest has been exhibited concerning Mercy Hospital and its orgin and founder since the South Side Leader published a story last week concerning the new expansion program. The founder, shown above, was Dr. Joseph G. Price, who established the institution in 1904. He died in 1950. His wife, Mrs. Georgia Ball Price, is still living. Dr. Price was a member of the American College of Surgeons and the Columbus Academy of Medicine.

St. Mary's 'Dads' Fixed Up Dance Saturday Night

Mr. "M" and the "Esquires" will supply music for dance-inclined folks at St. Mary's this Saturday evening from 9 to 12 p.m., according to Mrs. George Maurer. They have a good time when St. Mary's "Dads Club" gets behind an affair. They are sponsoring this square-dance party this Saturday night. It will all be in the gymnasium, according to Mrs. Maurer, publicity chairman.

Committee in charge is Chairman Joe Tanner and co-chairman is George Maurer and Fred Trout. Herb Brooks and Pearl Ward make up the entertainment committee and George Vogel and Dick Minshall will take care of refreshments while Mr. and Mrs Ike Sweeney are in charge of seeing that sufficient of those little pieces of card board are generously distributed — and, they add, getting in their commercial—$1.50 per couple.

One more item: the dance is open to the public, they all said. And it is at the school gym—700 S. Third-st.

Y-Park Square Dance Tomorrow

Additional free instruction for beginner or advance square dancers will be offered from 7 to 8 p.m., with Jim Wagner of the Y-staff being on hand for the instructions.

The Y-Park summer square dances are sponsored by the South Side Branch YMCA Young People's Inter Church Council. St John's Evangelical and Reformed Youth Fellowship is the host this Friday. Jim Wagner says it's for young and old and admission may be had by properly registering at the gate.

Approve Plans For $300,000 Child Receiving Center

THIS IS A FRONT ELEVATION VIEW of a new $300,000 receiving center at Franklin County Children's Home, for which preliminary plans have just been approved by county commissioners. Located at Frank and Gantz-rds the county home has often been overcrowded when emergencies arose. As the result of fires, poverty, drunken parents, etc., whole families of children are often hurriedly sent to Franklin Village for refuge. Detailed specifications for this 36-room building, furnishings and parking lot are being completed by Ralph Kempton Architects, 50 W. Broad-st. It will be located near the present dispensary. Fifty children or more can be accommodated in rooms of five each, separated according to various age groups. Double decker beds could increase the capacity if needed, said Ollie Oelgoetz, chairman of the building commission. In addition to the county commissioners, other members of the committee include Mrs. Marjorie Goller, Ralph Smith and Harry Baehr. The members studied buildings in Toledo and Milwaukee before approving design of the new proposed Franklin Village Center. During the next 90 days architects' specifications must be completed and bids advertised before actual construction can be started.

Market Basket

By Bertha B. Everhart
County Home Economics Agent
Franklin County

THIS WEEK LOOK FOR:

Fruits—Cherries, peaches, watermelon, cantaloupe, canned applesauce, frozen strawberries.

Vegetables—Tomatoes, green beans, potatoes, fresh salad greens.

Protein Foods—Ham, broiler-fryers, eggs, dairy foods.

Cherries

Some like 'em sweet, some like 'em sour, but either variety makes delightful eating. Use them in your favorite pie, pudding or salad—any way they add color to your table and appeal to any appetite.

If cherry pies are your family's favorite, now is the time to bake lots of them. Salads with a few of the dark red cherries are a real delight.

Now is the time to make some cherry jam or ice cream topping, and to freeze or can some for winter use.

VARIETIES—The most popular sweet cherries are: BING—extra large, heart-shaped, almost black; TARTARIAN — medium-sized, also almost black; ROYAL ANN—the leading light colored sweet cherry; LAMBERT—looks much like the Bing but comes to market later.

The most important sour cherries are: MONTMORENCY—light to dark red, abundant juice; EARLY RICHMOND—light red changing to dark red, earliest on the market; ENGLISH MORELLO—medium to large-sized, dark red to black

BUYING GUIDES—Try to select fresh cherries which are firm and shiny, plump and well colored, free from blemishes or brown circular spots.

HOME CARE—Fresh cherries are best soon after they are picked. Buy only as many as you plan to use within a short time. Handle carefully; cover loosely with wax paper and store in the refrigerator. Wash just before using

PRESERVATION—Canning and freezing of cherries is relatively easy. Two quarts of fresh cherries will yield about three pints of the canned or frozen product. Be sure to choose a firm-skinned variety for canning and particularly for freezing. For complete information on canning and freezing cherries, call your County Home Economics Extension Agent, CA. 1-6411, Extension 454.

Ice Cream

SUMMERTIME IS ICE CREAM TIME. Did you know that there are over 200 varieties of ice cream on the market? Hot summer weather is an ideal time to use this all-around food often.

Church Women Prepare For Annual 'Sweet Corn Festival'

Committee chairmen of the forthcoming Corn Festival, sponsored by the Hope Evangelical United Brethren Church, corner of Watkins-rd and Bulen-av, are shown working out details for the gala event. The festival will be held Saturday, Aug. 17, from 5 p.m. to 9 p.m. at the church grounds. In addition to all the "golden sweet corn" you can eat for only $1, the menu will include wiener sandwiches, sliced tomatoes, baked beans, pie, coffee and tea. Children's price is 75c. The show will also feature pony rides, fish pond, balloons, and home made ice cream. Chairmen shown above are, left to right: Mrs. Eleanor Mapes, chairmen of advertising; Mrs. Margy Price, chairman of entertainment; Mrs. Carolyn Brigner, chairman of pastries; and Mrs. Emma Wagner, general chairman.

Auction Sale Is Set: Aug. 16, 17

Friday and Saturday, Aug. 16 and 17, have been set aside for the first annual auction sale, a new development in the community, according to Tom Sharp, president of the South Side Business and Industrial Association. The group formerly was known as the Steelton Merchants, and in the minds of many the tag still holds on, although the new name, adopted a few months ago, is more expressive of the organization's activities and responsibilities.

Bargains

President Sharp said that the organization is stressing such bargain prices as the public puts on the for-sale merchandise at the auction.

The occasion is to be a gala affair, with rides for the little folks and refreshments along with other features which are still not ready for announcement.

The auction sale will be held on Schottenstein's lot, it was stated, and everything will be sold to the highest bidders. It is expected that the public will be a hard taskmaster and will "work" the auctioneers pretty hard. Of course, each item will go to the highest bidder — and much fun is expected before many of the items are sold.

Merchants will donate the goods to be sold, and all profits from the affair will be devoted to promotion of local deserving activities. Further details, including hours of sales, will be announced in next week's newspaper, the group's president stated.

Night Racing Program Set

A $10,000 speed program with eight races slated for each night has been lined up for the Franklin County Fair which begins Aug. 14 and runs until the 17.

Each night's program will consist of four classes going two heats apiece. The races are split evenly between the trotters and pacers.

Members of the speed committee of the fair are Robert Reece, Hilliards; Bailey Bradley, Hilliards; Carl Griffith, Columbus and Russ Carter, Powell. Dave Wetterman, Columbus, is the race secretary

Races the first night are for 19 and 28 class pacers and 17 and 22 class trotters. Events on the final night are for 17 and 25 class side-wheelers and 14 and 19 class trotters.

Mr. and Mrs. Fred G. Koch Plan Mass To Begin 40th Anniversary

Pictured above are Mr. and Mrs. Fred G. Koch with their daughter, Sister Angela Marie of the Sisters of the Poor of St. Francis, the former Miss Mary Ann Koch (see story below). Plans are said complete for the 40th anniversary of the Fred G. Koch's wedding.

A High Mass will be offered in St. Leo's Church at 9 a. m. Monday, Aug. 5, in observance of the 40th wedding anniversary of Mr. and Mrs. Fred G. Koch of 1584 Berkeley-rd. The couple was married in St. Leo's parish house Aug. 1, 1917.

Celebrant of the Mass will be the Rev. Ralph Huntzinger of St. Charles College Seminary, a native of the South Side and former St. Leo parishioner.

All of Mr. and Mrs. Koch's four children and the families of the three who are married, including eight grandchildren, will be present.

The anniversary celebration will be highlighted by the visit home of their younger daughter, Sister Angela Marie, the former Mary Ann Koch, of the Sisters of the Poor of St. Francis. She is at present on the staff of St. Elizabeth's Hospital in Dayton as an X-ray technician, and recently began studies in radiology at the University of Dayton.

The other children are Frederick J. Koch, who with his wife, Mary, and three sons lives at 1580 Berkeley-rd; Walter F. Koch, who with his wife, the former Eleanor Gavin, lives at 1590 Berkeley-rd; and Mrs. William E. Davis (Jeannine) of 1744 Rhoda-av, University View, who has five children, including a set of twins.

Mr. Koch is a descendant of a pioneer German family of the South Side. He is a veteran of World War I and operated a grocery store at the corner of Southwood and Parsons for many years. He is now a decorating contractor. Mrs. Koch is the former Martha Titolski of Leavenworth, Kan.

Mr. and Mrs. Koch are members of Corpus Christi Church.

Three young ladies in this area will become graduate nurses from Mt. Carmel Hospital on Aug. 4. The soon-to-be RN's are Annabelle Kiraly, 1516 Whittier-st; Elizabeth Policella, 883 Carpenter-st; and Mary Lou Renz, 1339 Wilson-av.

Mary Long, S. Ohio-av, will be having an Aug. 4 birthday, so greetings to the secretary of the BOP organization.

Ladies of St. Ladislaus Church of the K through F group, will have a breakfast and bake sale this Sunday following the Masses. Special orders will be taken by phone. Call Mrs. Albert Macioci, chairman, or Mrs. Frank MacDonald, co-chairman.

Willa Davis, erstwhile Columbusite, spent a pleasant week in San Francisco, visiting "familiar faces and places."

Our ailing list for the week includes Violet Keller, 116 E. Blenkner, and Mrs. Harry Coder who was expected to be home the first part of the week from the hospital.

On Aug. 3 the Fellowship Class of Southwood C of C will have an outing at Blacklick Woods. Time: 4 p.m.

Three Aug. 3 weddings in our list of memos: Roberta Ann Blackburn, 756 Jaeger-st, will exchange her vows with Howard C. Wilkins, 563 S. Burgess-av. Both young folks are South High graduates. Roberta is a secretary in a law firm and Howard is attending the American Academy of Art in Chicago.

The Blackburn-Wilkins nuptials will occur in the South Congregational Church. Another Aug. 3 wedding will take place at 7:30 p. m. in Emmanuel Lutheran Church. The bride and bridegroom will be Marty Sue Greeno, 1388 S. Fifth-st, and Joe Dan Buettin, of Marion. O. Marty is a South High graduate and her groom graduated from Harding High School in Marion. He also attended Miami and Ohio State Universities. The third young couple who will have an Aug. 3 anniversary in the years to come will be Patricia Joan Albaugh, Bellaire, O., and Marvin H. Pastor, Aquinas graduate. The 10:30 a.m. ceremony will take place in St. Leo's Church. Both are Ohio Bell Telephone Co. employes.

Small Fry birthday list: Timothy Dailey, 127 Morrill-av, Aug. 1; Bill Asher, 1297 S. High-st, Aug. 7; Gary Conkle, 189 Frebis-av, Aug. 7; Betty Jo Shorts, 487 E. Morrill-av, Aug. 1; Nancy Kirby, 123 E. Woodrow-av, Aug. 4; Andrea Cullison, 1650 S. Third-st, Aug. 7; Janice Alexander, 25 W. Markison-av, who will be 10 years old on Aug. 4.

Pity poor Jeri Hampton! This winsome miss fell and broke her arm the evening before the family vacation was to take place! However, the Hamptons continued with their plans and spent their planned week's outing at Cedar Point.

Local 103, A. F. of M., will hold its annual picnic at Echo Woods Park this Sunday. Families of the musicians are welcome to attend and all union members who care to bring their instruments are free to do so. There's a swimming pool available for swimmers. Sounds like fun; maybe we'll go this year.

South High School readers, this is mostly for you. Harold E. Edwards would love to hear from his school friends, as he's a wee bit homesick. This June, 1957, grad is taking his boot training at Great Lakes. Here's his address: Harold E. Edwards S.R. 492-96-83, Co. 227, 10th Reg., 104th Bn., U.S.N.T.C., Great Lakes, Ill. We enjoyed talking to Harold's mom (their home address is 692 Thurman-av, incidentally) and were amused when she said Harold had requested that she send some toothpicks, of all things!

Mr. and Mrs. Ray Rohr and their daughter, Carolyn, 719 Hanford-st, have been having a fine vacation this summer. Since July 12 their time has been occupied by journeying to California and visiting Mr. Rohr's sister, a California resident. They should be arriving home again in the near future.

Three more early-August birthdays are those of Johnny Leist, Aug. 4, Sue Ann Steffens, 473 E. Welch-av, Aug. 9, and Carol Looks, 164 E. Gates-st, Aug. 5.

Ardis Chambers, 121 E. Whittier-st, has been ailing for a while now and we will be anxious to hear that she has a quick return to health.

Our sympathy to the families of Mr. Abrahamson and Mrs. Darrel Williams. Both seemed too young to have already spent their earthly allotment! (South High students of the early 1930's would remember Mrs. Williams as Gerty Mallory, perhaps.)

A birthday party was the happy setting for a wedding announcement. The two who will exchange their vows in the near future are Clarice Johnson, 569 E. Gates-st, and William Herbert Strawser, 3815 Strack-rd. Wishes for many years of happiness go winging their way, naturally.

Four out-of-staters visited Columbus relatives last week-end and it was a joyful, unexpected affair. Mr. and Mrs. David Hamilton of Wager-st and Mr. and Mrs. John Sisk of Parsons-av were the hosts and hostesses. The guests were Mr. and Mrs. Louis Clay of Mullins, W. Va., and Mr. and Mr. Greenville Clay of Tampa, Fla.

Service Dates Important Toward Bonus

"Already some applicants who have received their Ohio Korean bonus checks believe that they did not receive full payment," Director Chester W. Goble of the Korean Conflict Compensation Fund, said here today.

This belief is due in most part to the applicant's forgetting that the compensable period of time is between June 25, 1950 and July 19, 1953. All service which does not come between these dates cannot be considered.

"If an applicant feels that there is a question as to the amount of his check, he may write to the Director of the Korean Conflict Compensation Fund and request a review and re-examination of the claim," Director Goble said.

Such a review must be requested within 60 days from date the check is received.

Applicants having problems in connection with their claims for the Ohio Korean compensation were advised here today to seek the assistance of the local county representative, John J. Quinlan, 250 W. Broad-st.

They Have Confidence

Newspapers carry a story from the New York Central Railroad Co. There's much promise, and assurance, in the story. The company expects to spend $250,000,000 in expanding the physical property of the road to permit quicker, better, and lower-cost handling of present merchandise load and the increased shipping ahead of us. Good it is that we have at this time assurance of the permanence of things.

• • •

He Had (and Has) Vision

Papers tell of J. C. Penny observing his ninetieth birthday—a ripe age, a good record in the background, a good foundation for the step from here to THERE—a step everyone must take, of course. But Mr. Penny, hard-working, helping, kind — a good example for our youth as they look into the future.

• • •

Prejudice

With all our "advance" in the science of living, it seems as though we should have developed the ability to use friendly approaches to race and other acute problems instead of constantly harping on the useless "I'm better than you" in vogue in many parts of the world.

Gates-st Boy In 12th Parajump

Army Pfc Earnest J. Dawson, son of Mr. and Mrs. Joseph C. Dawson, 522 E. Gate-st, recently participated in a tactical training parachute jump with the 11th Airborne Division's 187th Infantry in Germany.

Dawson has now completed 12 jumps. He entered the Army in November 1954 and completed basic training at Fort Knox, Ky.

The 20-year-old soldier attended Ashville High School.

Man — The only animal with brains enough to find a cure for the diseases caused by his own folly.

For Thou, O Lord, hast not forsaken those who seek Thee.—(Psalm 9, 10.)

Most happy and blessed is he who, early in life, has experienced a real demonstration of God's love and mercy, through devotion and prayer—and who then, having sought and found Our Heavenly Father, never for an instant thereafter departs from Him and His goodness all the years of his being...Too few of us, unhappily, seek God and His grace until our course is almost run.

County Bookmobiles Average 800 Book Loans Each Visit

PORTABLE KNOWLEDGE — Local youngsters are shown entering one of three Columbus Public Library Bookmobiles serving the county during summer months. The Bookmobiles make bi-weekly appearances in each area, and will conclude the summer schedule Aug. 23. Miss Margaret Armour, librarian in charge, reports that each Bookmobile lends approximately 800 books per day. The above picture was taken last Thursday at the corner of Lockbourne and Williams-rds.

Up From Powell Land . . .

Minister From Mount, Valley, River Powell Has 689th Evening Service

Down in the area of Cumberland Gap, Tenn., a South Side preacher's childhood was spent among several well-known natural phenomena. These were natural settings for a youth who was destined to spend most of his life in what he says is the "greatest business" on earth — "the saving of souls." True, he does not live in "marble palaces" nor does he seek for much in the way of personal luxuries. "I seek only the salvation of souls," he said.

But about those natural phenomena. Rev. Roger Powell, whose services are held nightly in a former store room at the southeast corner of Parsons and Markison-avs, was born in the shadow of Powell's Mountain, which helped create Powell's Valley, and he fished for food in Powell's River which flowed through Powell's Valley.

Of course, there is more to tell. In the midst of the silent mountains, in the grandeur of the rolling valley, near the streams which made the river — these things had significance for the growing boy who lived in the midst of a valley surrounded by mountains and river bearing the name of his family. Rev Powell subscribes to the thought that in such great silences there is an opportunity for the soul to stir and lead to dedication "to the Power" which placed these natural phenomena where they are. This boy responded and followed the biblical injunction to "look unto the hills from whence cometh my strength."

Married

To help along, he married a girl who lived in the valley of the mighty mountain and the flowing river — all named Powell. The boy grown up received his education in a country school in the hills. His wife was a helpmeet. He became a "preacher" because he believed in the existence "of souls needing salvation" and he perceived it his duty to personally answer that call.

Passing over evangelistic meetings covering several states and there were many of these, he was encouraged to believe with deep conviction that he was called for this particular work. However, the man who was to assume the pastorate of a newly organized Church of God of the Mountain Assembly was not certain of his permanent charge. About this time there was some correspondence between members of the Church of God of the Mountain Assembly who had previously come to Columbus, and he was asked to come to Columbus and establish a church within the denomination. After some time had elapsed and much correspondence passed back and forth, Rev. Powell came to Columbus.

Soul-Saving First

The work carried on at Parsons and Markison is daily — 'saving souls is an every-day job," according to Rev Powell and that's so "whether a person at the altar has ragged clothing and shoes or dressed in the latest fashion — salvation is for everyone," the minister said.

On July 25 Rev. Powell held his 689th evening service since accepting the call to come from "Powell land" to Columbus. He and Mrs. Powell have two children. One is Mrs. (Fay) M. R. Barnhart of Columbus and the other is a son, in Cumberland Gap, Tenn., where he is receiving education to fit him for the ministry.

Rev. Powell explained to the news man that the official name of the denomination and the certificate of entry into the ministry is "The Church Of God Of the Mountain Assembly." He came to Columbus in 1955, and feels that he has found a need for his work and similar work by others — because, he said, "as long as there is a lost soul it is our duty to try to save that soul for the Kingdom of God." He is an all-out believer in healing through faith.

Club Prizes Are Upped

Garden club competition at the Franklin County Fair promises to be keener than ever this year.

Prizes in the division have been upped and more clubs are expected to enter than in previous years. First prize is $20 with $15 going to the runner-up plus four other awards.

All plants and flowers that will compete for prizes at the fair must be in place not later than 11 a.m., Aug. 14. The fair runs from the 14th through the 17th.

Awards for flowers will be given in five classifications. There will be judging for decorative and flowering potted plants, cut flowers, dahlia, gladioli and arrangement of flowers.

Exhibitors and garden clubs wishing space at the fair should contact Harold Hart, fair secretary, as early as possible. Hart may be contacted at the fair office, TR. 6-7235.

Schiller Records Success At Meet

The Schiller Recreation Center track team amassed 36½ points at the last sectional track meet held at Linden McKinley High School.

Point winners in the last meet were Mel Mishon with a first in the low hurdles and a second place in the high hurdles. Sue Skeen won second place in the high jump and the running broad jump. Paulette Fix tied for second in the standing broad jump. Kenny Schumacher placed second in the eight-pound shot-put event. The girls' relay team placed third in the 200-yard relay. Jum Ritchason tied for third place in the high jump. Pat Fix placed fourth in the softball throw and Grace Howard placed fifth in the 50-yard dash.

The Schiller team is now in the process of conditioning for the final meet of the season. The Junior Olympic Track Meet will be held at Ohio State University Aug. 10. Anyone interested in running for Schiller in the track meet should see or phone LeRoy Wise at the Recreation Center before Aug. 8.

Letters To The Editor

(Editor's Note: A native-born German neighbor, and Leader reader, C. H. Beyer, 638 Southwood-av, taking notice of the continued juvenile delinquency problem, has expressed his thoughts in the following letter. The visit to Germany mentioned in the letter was about about 18 months ago.)

Delinquency Can Be Curbed

"With every passing day you read in the newspaper about crimes committed against society by young adults. These crimes can be measured in staggering sums of money paid for the apprehension, prosecution and detention of the guilty. It can also be measured in human suffering of the victims as well as those responsible for the young adults committing the crimes.

"This situation was made worse by the eruption of World War II. It may subside if world peace can be maintained.

"First of all, we know the parents are at fault—working mothers who are needed at home think they must obtain luxuries for their families. In exchange they let their children grow up wild. Here in Columbus Mrs. Burke, head of the County Investigation staff, concurs that it is the parents who are at fault. Too many American parents are working and have no time to properly care for their growing offspring, therefore a wholesome family life is unknown to many children of all ages. The parental responsibility law should be backed by all means.

"I believe you are familiar with the critical situation at the Boys' Industrial School at Lancaster, O. It is an overloaded institution of a population of 980 and is designed for the housing of only 500 boys. The institution is running out of mattresses, clothing, and seats in the dining room, not to mention school rooms and other ways to keep the boys occupied. It is the world's largest correctional school.

"Delinquency stems from young people shirking their obligations; thus misdemeanor follows. In many cases, younger boys are misled or influenced by older boys to turn to alcohol and/or drug addiction.

"After spending nine and one-half years at the South Side Settlement, where I worked with children of all ages in the wood class and shop work, experience has taught me the child's character can be traced to his or her environment at home.

Visits Germany

"A short time ago I visited my only sister in Germany and while there it afforded me an excellent opportunity to see the progress made with their delinquency problem. Some time ago Chancelor Bismark, who was noted for his executive ability, farsightedness and diplomacy, suggested a law in which every young person above 14 years of age, if leaving school, must learn a trade, the first three years of this trade to be spent as an apprentice with pay, then one year as a journeyman. After passing the examination as a master he was registered as such. This did away with delinquency and loafers, of which there was an abundance.

"As a master of trade he received work through the Tradesman Home. Board and room are furnished free by every Trades Home, which are supported by the cities. Each tradesman carries an identification card or a license of his trade, and this is registered at the police department.

"When I arrived in West Germany on my trip abroad in 1955, I noticed such a difference in the people; they were so polite and cooperative. I was pleased to see young boys average age of 15 years working as apprentices and making a good living. A journeyman told me, "We have to thank Chancelor Bismark; he gave us the trades law. There is hardly any crime among this age group. We drove past a very large penal institution and I inquired, "What is this building filled with?" The answer was, "Here we keep the enemies of our government."

St. Mary's Annual Festival Program Has 'All Ages Working For The 'Best Ever'

Festival Work Committee

With much planning ahead, according to Mrs. Harry H. Esselstein, publicity chairman of St. Mary's festival time, things are shaping up and many of the smaller details have been fitted into place for the festival scheduled for Friday and Saturday, Aug. 16 and 17.

The festival will be followed on Sunday by a round and square dance starting at 8 p.m. and continuing until 12 midnight, with the Esquires furnishing the incentive to keep the dancing toes busy.

Illustrative of the "everybody helps" atmosphere surrounding St. Mary's preparation is the group pictured above, showing, left to right, Steven Sauer, 760 S. Third-st; Rev. James Haag, general chairman; A. J. Rueckel, 740 Mohawk; George Mauer, Jr., 117 E. Frankfort-st. This committee represents a wide spread in years, Mrs. Maurer said. Rev. F. Schaefer (not shown) is co-chairman.

A fish dinner will be served from 5 to 7 p.m. Friday, Mrs. Esselstein said, and prizes will be awarded every hour on the hour starting at 8 p.m. Climax has been set in the form of a four-door Chevrolet, which will be awarded Saturday evening.

Rev. J. Haag is general chairman and Rev. F. Schaefer is co-chairman. The festival is open to the public, it was announced.

Verbance To Conduct Auction

Andy Verbance, associated with the local auctioneering organization of Dewey Rosenfeld, will conduct an auction Friday night, Aug. 16, being sponsored by the Southside Business and Industrial Association. Verbance, a native South Sider, recently returned from California to again reside here.

The event, to be held on Schottenstein's parking lot, will make available to bidders a great variety of articles such as toys, an automobile, television and radio sets, a record player, cosmetics, movie tickets, household items, groceries, furniture, clothing and hundreds of other miscellaneous items.

Beginning at 8 p.m., the auction will continue until everything is sold. Money raised by the sale will be used by the organization to further its program of civic aid to the South Side and South Siders, according to Tom Sharp, president of the sponsoring organization.

All merchants have been requested to contribute merchandise to the auction which is expected to become an annual affair.

Sharp has issued an invitation to the public to attend. "Let the kids ride on one of the concessions and save money as well as have fun at the auction," he advises.

St. Paul In Drive For New Members

St. Paul's Evangelical Lutheran Church, Bruck at Stewart-sts, is now in the midst of an evangelism campaign. Rev. John Lang and the members of this church are hoping to contact and bring into the fellowship of the church those persons in the South Side who have no church home.

The committee aiding the pastor in this campaign includes Mrs. Charles Worch, Mrs. Evelyn Schmitt, Mrs. Walter Scheiderer, Curtis Hicks and Andrew Weber.

In line with this campaign, Pastor Lang will preach Sunday, Aug. 11, at the 8 and 10 a.m. service on the topic "When a Second Journey Was Planned."

Local Group Will Sponsor Football Team

For the second year, the South Side Business and Industrial Association is sponsoring a football team in the middle-weight division. The first meeting of persons interested in participating will be held at 6 p.m., August 14, at Lincoln Park.

There is no specific age requirement, but prospective players must be between 175 and 185 pounds. Anyone who desires more information concerning this team or its organization may contact Charles Smith, 501 Morril-av, or call HI. 3-1256.

Local Group Sings Its Way To West Indies

Pictured are, left to right, Clyde Tippie, Priscilla Dicke, Dan Bayes, Barbara Biete, Bob Dean, Twyla McCain, Eddie Day and Linda Hatfield. Other members are Don Dicke and Janice Correll.

Enthusiasm for missionary work brought to a group of several South Side boys and girls an unusual experience. They describe their motto as "Foot-Loose and Fancy Free, We're C. C (Christian Crusaders) for C. E. (Christian Endeavor)." Their enthusiasm took them to the island of Jamaica, surrounding which there is an unusual story.

Most of the young men and women in this group are South Side people. The others are from other sections of the city, but all are members of the Church of Christ. Churches of Chist raised approximately $400 to defray the transportation costs for this group to make the trip to Jamaica and help missions there present the "gospel story." It is a singing aggregation, and had as its mission "evangelism through song."

According to Dan Bayes, spokesman for the group in the South Side, the members did not consider that they were planning anything of extraordinary interest—they were just carrying out an injunction to "spread the word."

Of course, this group had been doing much work prior to the take-off for Jamaica, for it is available to congregations of the Church of Christ in Ohio. They have made numbers of out-of-the-city trips to sing in churches.

Southwood Group

Members of the group from Southwood Church of Christ are listed as Danny Bayes, Linda Hatfield, Twyla McCain, Janice Correll, Bob Dean, Ed Day, Don Rickey, Clyde Tippey, Barbara Biete, and Priscilla Dicke.

Flying from Miami, Fla., the group arrived at Kingston, Jamaica, in which district there are three Church of Christ congregations. They spent their 10 days of Christian Endeavor activity in these three churches. 'We were a busy group, from the time of arrival until we left,' Dan Bayes said in recounting the activities. Emerson Darst and Dixie Darst could not make the trip.

Moving Pictures

Motion pictures were taken of the people, the country, including the churches where they worked, and, Dan said, these are available for churches, as are the singers. He said arrangements may be made by communicating with Bob Dean, the group's manager, at HI. 3-2205, or Dan Bayes, the latter at HI. 4-8401, for either the singers or the movies — or both

'Coming-Up' Reunion Of Old Reeb-av Church Involves Yester-Year's Styles

Pictured above are members of Miss Grace Wright's 1917 Sunday School class of the then Reeb Avenue Methodist Episcopal Church. Ross Wilson, Norma Turner, Cecil Turner, Evelyn Spangler, Annis Hitchew, Margaret Williams, Irene McKinley, Goldie Eichenlaub, Mildred Van Gondy, Nellie Hitchew, Mary Barack, Ethel Eichenlaub, Thelma Brink.

Looking at it with casual eye, one may not think that so great changes may take place in just 40 years. But the picture with this story proves the point, as many who were old enough to "know what was going on" at that period well know—in the mid-teens—around 1917.

Of course, the younger generation would not be able to tell much about it, but the oldsters who used to kick a wicked foot dancing the "Charleston" and the "Turkey Trot" and several other "steps" of the time, will revive pleasant memories of the social life of the time.

Our main point in presenting the picture is to show the great difference in the dress of that time and the dress of the young ladies (and older ladies, too) of the present.

Since at that time the Methodist Church laws prohibited dancing, it is likely that some of those who were here then didn't dance—much, anyway, with some abstaining entirely. Very likely the girls shown in the photograph indulged not at all in dancing at their social affairs. But they had a good time, just as well, declared an "old-timer" consulted by the writer in advance of putting this story together.

Lifted Ban

The Methodist Episcopal Church lifted the ban eight or 10 years following the taking of the picture of Miss Grace Wright's Sunday School Class of the Reeb Avenue Methodist Episcopal Church.

This story developed because it is getting "near that time" for another reunion of the members of the Sunday School Class shepherded by Miss Wright, along with other still living members of the former Reeb Avenue Methodist Episcopal Church.

Material progress often has unlooked for results on places whether they may be holy or unholy. The business world, the writer was told, needed the area where the building housing the Reeb Avenue Methodist Episcopal Church stood, and the church membership in a large measure moved over to the South Side Methodist Episcopal Church in 1922.

The new attachment naturally occupied the time of those who had transferred, and the former home for the congregation finally went the way of all wrecked buildings—away, that is. However, a bit of fervor for the former church held in the hearts of a number of the congregation, and, a few years ago, it was decided to get together with others—and the annual reunion of the members of the former Reeb Avenue Church was started with the "first reunion" of former members of the church.

Getting Along

Garrett Allwine of 391 E. Kossuth-st, is authority for the statement that three reunions have been held and that "the fourth reunion of former members of the Reeb Avenue Methodist Episcopal Church is coming up" on Sunday, Aug. 18. He wanted to tell about the former church home of many of the South Methodist Church and he also wanted to let all of them know about the coming-up reunion to be held on the Walter Suver home near Jersey, O.

"By Golly, He Wants You!

Where are those former members? Garrett Allwine could not tell us. Many have gone from whence there is no return. Many others long ago moved away. But this man Alwein hopes to reach many of these through these columns, and he hopes they will appear at the picnic. Here's what he wrote:

"Reunion No. 4 is coming up Sunday, Aug. 18. Come; bring your baskets and meet and greet old friends. We want to see you. Naturally, for some reason or other there are some people we have not been able to contact. But by Golly—we want you there!"

Picture to be Topic

There is one certain thing about the picnic; the reproduction of the styles of the middle teens with this story will give the ladies of that period still living a topic for discussion. A goodly number of those pictured here will be in attendance at the picnic and they will be first-hand experts on the differences and the values between the styles worn by social belles of that "far-distant" past and the styles of the present. One of these recently commented, "They may look crazy to youngsters of the present, but if you want to find whether there is enduring value in the long blouses and, particularly, in the long skirts, just ask any junior whether she prefers a long or short "formal" and see how quickly the young miss will demand a "longie."

Good Fellowship

Sponsors of the fourth reunion for members of the congregation of the long-ago say that details will be complete in advance of the picnic. "Good fellowship will prevail," said Garrett Allwein, and he asked that we say that each "should take his basket and meet and greet old friends." He also suggested that further information may be had by telephoning either of these people: Garrett Allwine, HI. 3-6111; Mildred Telfer, HI. 3-6186; Mrs. Gladys Brown, CA. 1-3225.

Yes, the "fourth annual reunion is coming up, and 'by Golly' . . . well if you are in the group of the past, you be there, that's all.

With the Drama Festival completed last week, we are now looking forward to the pageant to be held August 15 at 7:30 at Central High School. The theme of the pageant is "Recreation Through the Ages" and we will participate in that portion entitled "Story Time," by presenting a dance to the music of the "Syncopated Clock."

In arts and crafts this week we enjoyed paper sculpture and gimp, the latter including bracelets and lanyards. Papier mache is the next project.

Concerning sports Smith Road had three ball games last week. The intermediate boys lost to Fornof and Lincoln Park. The junior boys, however, defeated Southview 17 to 7. This week, on Monday, the junior boys played Deshler here while the girls played Southeast Lions there. Today (Thursday) the junior boys play a game at Southview.

The boys and girls have been busy preparing themselves for the Junior Olympic Track and Field Meet, which will be held on Saturday, Aug. 10. Field events start at 11:30, running events at 12:30.

Smith Road had two entries in the swim meet at Maryland Pool yesterday (Wednesday): Judy Smith, 1083 Woodrow, and Arlene Masch, 1287 E. Moler

Karns Park

Mike Tigger hurled his second no-hit game while his Cub teammates backed him with a 16-run attack. Joe Britenicker hit a grand slam home run. Roger Wharton was the only person to hit the ball and he reached first base safely on a fielder's choice.

Other highlights in the Southeast Lions Little Jet League were the upset of the previously unbeaten Phillies of the National League and the Indians of the American League. The Giants defeated the Phillies 4 to 2 and with the pitching and hitting of Sam Katz the Red Sox were victorious over the Indians 3 ot 0.

There will be an All Star game played at Karns Park Friday, Aug. 10, 5:30 p.m. The best players from each of the National and American League will compose the teams

A wiener roast will be held at Karns Park Saturday, Aug. 11, for the Southeast Lions Little Jet League, with the managers of each team serving as sponsors

Lincoln Playground

The intermediate softball team raised its season's record to five wins and two losses by defeating Smith Road 23 to 4. Both Cliff Carr and Bill Steward pitched good ball for Lincoln playground. Ron Bobo led the team in hitting by getting five hits in six times at bat. Mike Blake got two hits and Rich Fink walked four times and then chipped in with a base hit. Lincoln ended the regular season tied with Fornoff for first place, so a play-off game will be required to decide who will represent this division of the South End in the city softball playoff.

The horseshoe pitching championship was won by Ron Bobo in a best-two-out-of-three match with Cliff Carr as his worthy opponent. Ron was very hot in the first match and beat Cliff 11 to 0. Then in a very thrilling second match Ron closed the tournament with a 21 to 17 victory and the playground championship.

High spots from Little League include a thrilling 17 to 3 upset of the previously undefeated Indians by the Dodgers. Outstanding in the one-sided win was the pitching of Scott Brown, who struck out 11 batters and allowed only four hits. The leading hitter for the Dodgers was Mike Greenhoward, who collected four hits and batted in nine runs. The Redlegs have a murderous row just like their major league namesakes. They blasted 14 hits in defeating the Pirates 13 to 3. Even their little, but classy, first baseman can hit for the distance as 11-year-old Jimmy Yates smashed a homer and a single. Newly acquired pitcher Mike Schmidt pitched the improved Cardinals into a share of first division by beating the Dodgers 8 to 3. Mike gave up only three hits and struck out 12 as he pitched against a very strong Dodger team. Leading the Cardinals offensively was their giant shortstop, Dave Mauser, who slugged three doubles.

Garfield; Eddie, Jim and Kay McGhee, 611 S. 22nd; Patricia Ware, 431 Frank; and Bernice Watson, 591 Ann St.

Up From Powell Land . . . .

Minister From Mount, Valley, River Powell Has 689th Evening Service

Down in the area of Cumberland Gap, Tenn., a South Side preacher's childhood was spent among several well-known natural phenomena. These were natural settings for a youth who was destined to spend most of his life in what he says is the "greatest business" on earth — "the saving of souls." True, he does not live in "marble palaces" nor does he seek for much in the way of personal luxuries. "I seek only the salvation of souls," he said.

But about those natural phenomens. Rev. Roger Powell, whose services are held nightly in a former store room at the southeast corner of Parsons and Markison-avs, was born in the shadow of Powell's Mountain, which helped create Powell's Valley, and he fished for food in Powell's River which flowed through Powell's Valley.

Of course, there is more to tell. In the midst of the silent mountains, in the grandeur of the rolling valley, near the streams which made the river — these things had significance for the growing boy who lived in the midst of a valley surrounded by mountains and river bearing the name of his family. Rev. Powell subscribes to the thought that in such great silences there is an opportunity for the soul to stir and lead to dedication "to the Power" which placed these natural phenomena where they are. This boy responded and followed the biblical injunction to "look unto the hills from whence cometh my strength."

Married

To help along, he married a girl who lived in the valley of the mighty mountain and the flowing river — all named Powell. The boy grown up received his education in a country school in the hills. His wife was a helpmeet. He became a "preacher" because he believed in the existence "of souls needing salvation" and he perceived it his duty to personally answer that call.

Passing over evangelistic meetings covering several states and there were many of these, he was encouraged to believe with deep conviction that he was called for this particular work. However, the man who was to assume the pastorate of a newly organized Church of God of the Mountain Assembly was not certain of his permanent charge. About this time there was some correspondence between members of the Church of God of the Mountain Assembly who had previously come to Columbus, and he was asked to come to Columbus and establish a church within the denomination. After some time had elapsed and much correspondence passed back and forth, Rev. Powell came to Columbus.

Soul-Saving First

The work carried on at Parsons and Markison is daily — "saving souls is an every-day job," according to Rev. Powell and that's so "whether a person at the altar has ragged clothing and shoes or dressed in the latest fashion — salvation is for everyone," the minister said.

On July 25 Rev. Powell held his 689th evening service since accepting the call to come from "Powell land" to Columbus. He and Mrs. Powell have two children. One is Mrs. (Fay) M. R. Barnhart of Columbus and the other is a son, in Cumberland Gap, Tenn., where he is receiving education to fit him for the ministry.

Rev. Powell explained to the news man that the official name of the denomination and the certificate of entry into the ministry is "The Church Of God Of the Mountain Assembly." He came to Columbus in 1955, and feels that he has found a need for his work and similar work by others — because, he said, "as long as there is a lost soul it is our duty to try to save that soul for the Kingdom of God." He is an all-out believer in healing through faith.

Letters To The Editor

(Editor's Note: A native-born German neighbor, and Leader reader, C. H. Beyer, 658 Southwood-av, taking notice of the continued juvenile delinquency problem, has expressed his thoughts in the following letter. The visit to Germany mentioned in the letter was about about 18 months ago.)

Delinquency Can Be Curbed

"With every passing day you read in the newspaper about crimes committed against society by young adults. These crimes can be measured in staggering sums of money paid for the apprehension, prosecution and detention of the guilty. It can also be measured in human suffering of the victims as well as those responsible for the young adults committing the crimes.

"This situation was made worse by the eruption of World War II. It may subside if world peace can be maintained.

"First of all, we know the parents are at fault—working mothers who are needed at home think they must obtain luxuries for their families. In exchange they let their children grow up wild. Here in Columbus Mrs. Burke, head of the County Investigation staff, concurs that it is the parents who are at fault. Too many American parents are working and have no time to properly care for their growing offspring, therefore a wholesome family life is unknown to many children of all ages. The parental responsibility law should be backed by all means.

"I believe you are familiar with the critical situation at the Boys' Industrial School at Lancaster, O. It is an overloaded institution of a population of 980 and is designed for the housing of only 500 boys. The institution is running out of mattresses, clothing, and seats in the dining room, not to mention school rooms and other ways to keep the boys occupied. It is the world's largest correctional school.

"Delinquency stems from young people shirking their obligations; thus misdemeanor follows. In many cases, younger boys are misled or influenced by older boys to turn to alcohol and/or drug addiction.

"After spending nine and one-half years at the South Side Settlement, where I worked with children of all ages in the wood class and shop work, experience has taught me the child's character can be traced to his or her environment at home.

Visits Germany

"A short time ago I visited my only sister in Germany and while there it afforded me an excellent opportunity to see the progress made with their delinquency problem. Some time ago Chancelor Bismark, who was noted for his executive ability, farsightedness and diplomacy, suggested a law in which every young person above 14 years of age, if leaving school, must learn a trade, the first three years of this trade to be spent as an apprentice with pay, then one year as a journeyman. After passing the examination as a master he was registered as such. This did away with delinquency and loafers, of which there was an abundance.

"As a master of trade he received work through the Tradesman Home. Board and room are furnished free by every Trades Home, which are supported by the cities. Each tradesman carries an identification card or a license of his trade, and this is registered at the police department.

"When I arrived in West Germany on my trip abroad in 1955, I noticed such a difference in the people; they were so polite and cooperative. I was pleased to see young boys average age of 15 years working as apprentices and making a good living. A journeyman told me, "We have to thank Chancelor Bismark; he gave us the trades law. There is hardly any crime among this age group. We drove past a very large penal institution and I inquired, "What is this building filled with?" The answer was, "Here we keep the enemies of our government."

St. Mary's Annual Festival Program Has 'All Ages Working For The 'Best Ever'

Festival Work Committee

With much planning ahead, according to Mrs. Harry H. Esselstein, publicity chairman of St. Mary's festival time, things are shaping up and many of the smaller details have been fitted into place for the festival scheduled for Friday and Saturday, Aug. 16 and 17.

The festival will be followed on Sunday by a round and square dance starting at 8 p.m. and continuing until 12 midnight, with the Esquires furnishing the incentive to keep the dancing toes busy.

Illustrative of the "everybody helps" atmosphere surrounding St. Mary's preparation is the group pictured above, showing, left to right, Steven Sauer, 760 S. Third-st; Rev. James Haag, general chairman; A. J. Rueckel, 740 Mohawk; George Mauer, Jr., 117 E. Frankfort-st. This committee represents a wide spread in years, Mrs. Maurer said. Rev. F. Schaefer (not shown) is co-chairman.

A fish dinner will be served from 5 to 7 p.m. Friday, Mrs. Esselstein said, and prizes will be awarded every hour on the hour starting at 8 p.m. Climax has been set in the form of a four-door Chevrolet, which will be awarded Saturday evening.

Rev. J. Haag is general chairman and Rev. F. Schaefer is co-chairman. The festival is open to the public, it was announced.

Verbance To Conduct Auction

Andy Verbance, associated with the local auctioneering organization of Dewey Rosenfeld, will conduct an auction Friday night, Aug. 16, being sponsored by the Southside Business and Industrial Association. Verbance, a native South Sider, recently returned from California to again reside here.

The event, to be held on Schottenstein's parking lot, will make available to bidders a great variety of articles such as toys, an automobile, television and radio sets, a record player, cosmetics, movie tickets, household items, groceries, furniture, clothing and hundreds of other miscellaneous items.

Beginning at 8 p.m., the auction will continue until everything is sold. Money raised by the sale will be used by the organization to further its program of civic aid to the South Side and South Siders, according to Tom Sharp, president of the sponsoring organization.

All merchants have been requested to contribute merchandise to the auction which is expected to become an annual affair.

Sharp has issued an invitation to the public to attend. "Let the kids ride on one of the concessions and save money as well as have fun at the auction," he advises.

St. Paul In Drive For New Members

St. Paul's Evangelical Lutheran Church, Bruck at Stewart-sts, is now in the midst of an evangelism campaign. Rev. John Lang and the members of this church are hoping to contact and bring into the fellowship of the church those persons in the South Side who have no church home.

The committee aiding the pastor in this campaign includes Mrs. Charles Worch, Mrs. Evelyn Schmitt, Mrs. Walter Scheiderer, Curtis Hicks and Andrew Weber.

In line with this campaign, Pastor Lang will preach Sunday, Aug. 11, at the 8 and 10 a.m. service on the topic "When a Second Journey Was Planned."

Local Group Will Sponsor Football Team

For the second year, the South Side Business and Industrial Association is sponsoring a football team in the middle-weight division. The first meeting of persons interested in participating will be held at 6 p.m., August 14, at Lincoln Park.

There is no specific age requirement, but prospective players must be between 175 and 185 pounds. Anyone who desires more information concerning this team or its organization may contact Charles Smith, 501 Morril-av, or call HI. 3-1256.

Local Group Sings Its Way To West Indies

Pictured are, left to right, Clyde Tippie, Priscilla Dicke, Dan Bayes, Barbara Biete, Bob Dean, Twyla McCain, Eddie Day and Linda Hatfield. Other members are Don Dicke and Janice Correll.

Enthusiasm for missionary work brought to a group of several South Side boys and girls an unusual experience. They describe their motto as "Foot-Loose and Fancy Free, We're C. C (Christian Crusaders) for C. E. (Christian Endeavor)." Their enthusiasm took them to the island of Jamaica, surrounding which there is an unusual story.

Most of the young men and women in this group are South Side people. The others are from other sections of the city, but all are members of the Church of Christ. Churches of Chist raised approximately $400 to defray the transportation costs for this group to make the trip to Jamaica and help missions there present the "gospel story." It is a singing aggregation, and had as its mission "evangelism through song."

According to Dan Bayes, spokesman for the group in the South Side, the members did not consider that they were planning anything of extraordinary interest—they were just carrying out an injunction to "spread the word."

Of course, this group had been doing much work prior to the take-off for Jamaica, for it is available to congregations of the Church of Christ in Ohio They have made numbers of out-of-the-city trips to sing in churches.

Southwood Group

Members of the group from Southwood Church of Christ are listed as Danny Bayes, Linda Hatfield, Twyla McCain, Janice Correll, Bob Dean, Ed Day, Don Rickey, Clyde Tippey, Barbara Biete, and Priscilla Dicke.

Flying from Miami, Fla., the group arrived at Kingston, Jamaica, in which district there are three Church of Christ congregations. They spent their 10 days of Christian Endeavor activity in these three churches. 'We were a busy group, from the time of arrival until we left.' Dan Bayes said in recounting the activities. Emerson Darst and Dixie Darst could not make the trip.

Moving Pictures

Motion pictures were taken of the people, the country, including the churches where they worked, and, Dan said, these are available for churches, as are the singers. He said arrangements may be made by communicating with Bob Dean, the group's manager, at HI. 3-2205, or Dan Bayes, the latter at HI. 4-8401, for either the singers or the movies — or both

'Coming-Up' Reunion Of Old Reeb-av Church Involves Yester-Year's Styles

Pictured above are members of Miss Grace Wright's 1917 Sunday School class of the than Reeb Avenue Methodist Episcopal Church. Rose Wilson, Norma Turner, Cecil Turner, Evelyn Spangler, Annie Hitchew, Margaret Williams, Irene McKinley, Goldie Eichenlaub, Mildred Van Gondy, Nellie Hitchew, Mary Barack, Ethel Eichenlaub, Thelma Brink.

Looking at it with casual eye, one may not think that so great changes may take place in just 40 years. But the picture with this story proves the point, as many who were old enough to "know what was going on" at that period well know—in the mid-teens—, around 1917.

Of course, the younger generation would not be able to tell much about it, but the oldsters who used to kick a wicked foot dancing the "Charleston" and the "Turkey Trot" and several other "steps" of the time, will revive pleasant memories of the social life of the time.

Our main point in presenting the picture is to show the great difference in the dress of that time and the dress of the young ladies (and older ladies, too) of the present.

Since at that time the Methodist Church laws prohibited dancing, it is likely that some of those who were here then didn't dance—much, anyway, with some abstaining entirely. Very likely the girls shown in the photograph indulged not at all in dancing at their social affairs. But they had a good time, just as well, declared an "old-timer" consulted by the writer in advance of putting this story together.

Lifted Ban

The Methodist Episcopal Church lifted the ban eight or 10 years following the taking of the picture of Miss Grace Wright's Sunday School Class of the Reeb Avenue Methodist Episcopal Church.

This story developed because it is getting "near that time" for another reunion of the members of the Sunday School Class shepherded by Miss Wright, along with other still living members of the former Reeb Avenue Methodist Episcopal Church.

Material progress often has unlooked for results on places whether they may be holy or unholy. The business world, the writer was told, needed the area where the building housing the Reeb Avenue Methodist Episcopal Church stood, and the church membership in a large measure moved over to the South Side Methodist Episcopal Church in 1922.

The new attachment naturally occupied the time of those who had transferred, and the former home for the congregation finally went the way of all wrecked buildings—away, that is. However, a bit of fervor for the former church held in the hearts of a number of the congregation, and, a few years ago, it was decided to get together with others—and the annual reunion of the members of the former Reeb Avenue Church was started with the "first reunion" of former members of the church.

Getting Along

Garrett Allwine of 391 E. Kossuth-st, is authority for the statement that three reunions have been held and that "the fourth reunion of former members of the Reeb Avenue Methodist Episcopal Church is coming up" on Sunday, Aug. 18. He wanted to tell about the farmer church home of many of the South Methodist Church and he also wanted to let all of them know about the coming-up reunion to be held on the Walter Suver home near Jersey, O.

"By Golly, He Wants You!

Where are those former members? Garrett Allwine could not tell us. Many have gone from whence there is no return. Many others long ago moved away. But this man Alwein hopes to reach many of these through these columns, and he hopes they will appear at the picnic. Here's what he wrote:

"Reunion No. 4 is coming up Sunday, Aug. 18. Come; bring your baskets and meet and greet old friends. We want to see you. Naturally, for some reason or other there are some people we have not been able to contact. But by Golly—we want you there!"

Picture to be Topic

There is one certain thing about the picnic; the reproduction of the styles of the middle teens with this story will give the ladies of that period still living a topic for discussion. A goodly number of those pictured here will be in attendance at the picnic and they will be first-hand experts on the differences and the values between the styles worn by social belles of that "far-distant" past and the styles of the present. One of these recently commented, "They may look crazy to youngsters of the present, but if you want to find whether there is enduring value in the long blouses and, particularly, in the long skirts, just ask any junior whether she prefers a long or short "formal" and see how quickly the young miss will demand a "longie."

Good Fellowship

Sponsors of the fourth reunion for members of the congregation of the long-ago say that details will be complete in advance of the picnic. "Good fellowship will prevail," said Garrett Allwein, and he asked that we say that each "should take his basket and meet and greet old friends." He also suggested that further information may be had by telephoning either of these people: Garrett Allwine, HI. 3-6111; Mildred Telfer, HI. 3-5186; Mrs. Gladys Brown, CA. 1-3225.

Yes, the "fourth annual reunion is coming up, and 'by Golly' . . . well if you are in the group of the past, you be there, that's all.

Smith Road Playground

By George Thompson and Jane Kennewag

With the Drama Festival completed last week, we are now looking forward to the pageant to be held August 15 at 7:30 at Central High School. The theme of the pageant is "Recreation Through the Ages" and we will participate in that portion entitled "Story Time," by presenting a dance to the music of the "Syncopated Clock."

In arts and crafts this week we enjoyed paper sculpture and gimp, the latter including bracelets and lanyards. Papier mache is the next project.

Concerning sports Smith Road had three ball games last week. The intermediate boys lost to Fornof and Lincoln Park. The junior boys, however, defeated Southview 17 to 7. This week, on Monday, the junior boys played Deshler here while the girls played Southeast Lions there. Today (Thursday) the junior boys play a game at Southview.

The boys and girls have been busy preparing themselves for the Junior Olympic Track and Field Meet, which will be held on Saturday, Aug. 10. Field events start at 11:30, running events at 12:30.

Smith Road had two entries in the swim meet at Maryland Pool yesterday (Wednesday): Judy Smith, 1083 Woodrow, and Arlene Masch, 1287 E. Moler.

Church Softball Leagues

The Girl's League of the South Side Branch YMCA Church Softball Leagues finished the season with St. Leo winning the trophy by an undefeated season. In the final games of this year, St. Leo defeated Southwood Church of Christ, 24 to 4; Oakwood Methodist won by forfeit from Gates-Fourth Methodist as did St. Paul E&R from Corpus Christi; St. John E&R took the "B" championship by defeating Thurman Methodist 15 to 14.

Standings of Girl's League

"A Section	W.	L.
St. Leo	3	0
St. Paul E&R	2	1
Corpus Christi	1	2
S'thw'd Church of Christ	0	3
"B Section	**W.**	**L.**
St. John E&R	3	0
Thurman Methodist	2	1
Oakwood Methodist	1	2
Gates-Fourth Methodist	0	3

The Intermediate League continued play in both "A" and "B" sections. Emmanuel Lutheran and South Methodist were stopped by darkness with a 12 to 12 deadlock despite a homerun for Emmanuel by Tom Weatherington.

St. John E&R continued in first place by an 8 to 4 victory over St. Paul E&R. The "B" section is now led by Oakwood Methodist who defeated Washington EUB, 21 to 2, with the help of a home-run by Jim Justus. Southwood Church of Christ, with six home-runs, defeated St. Paul Lutheran 21 to 12. Dan Bayes batted out three while Willard Kirby, Frank Meadows and John Hoke each accounted for one. Livingston Methodist won over Hungarian E&R, 10 to 4, with a sixth inning homer by Randy Reed.

Karns Park

Mike Tigger hurled his second no-hit game while his Cub teammates backed him with a 16-run attack. Joe Britenicker hit a grand slam home run. Roger Wharton was the only person to hit the ball and he reached first base safely on a fielder's choice.

Other highlights in the Southeast Lions Little Jet League were the upset of the previously unbeaten Phillies of the National League and the Indians of the American League. The Giants defeated the Phillies 4 to 2 and with the pitching and hitting of Sam Katz the Red Sox were victorious over the Indians 3 of 0.

There will be an All Star game played at Karns Park Friday, Aug. 10, 5:30 p.m. The best players from each of the National and American League will compose the teams.

A wiener roast will be held at Karns Park Saturday, Aug. 11, for the Southeast Lions Little Jet League, with the managers of each team serving as sponsors.

In the softball circle the Karns Intermediate boys won the league title with a 4 won, 0 lost record, which puts them in the Southeast District playoffs.

Lincoln Playground

The intermediate softball team raised its season's record to five wins and two losses by defeating Smith Road 23 to 4. Both Cliff Carr and Bill Steward pitched good ball for Lincoln playground. Ron Bobo led the team in hitting by getting five hits in six times at bat. Mike Blake got two hits and Rich Fink walked four times and then chipped in with a base hit. Lincoln ended the regular season tied with Fornoff for first place, so a play-off game will be required to decide who will represent this division of the South End in the city softball playoff.

The horseshoe pitching championship was won by Ron Bobo in a best-two-out-of-three match with Cliff Carr a shis worthy opponent. Ron was very hot in the first match and beat Cliff 11 to 0. Then in a very thrilling second match Ron closed the tournament with a 21 to 17 victory and the playground championship.

High spots from Little League include a thrilling 17 to 3 upset of the previously undefeated Indians by the Dodgers. Outstanding in the one-sided win was the pitching of Scott Brown, who struck out 11 batters and allowed only four hits. The leading hitter for the Dodgers was Mike Greenhoward, who collected four hits and batted in nine runs. The Redlegs have a murderous row just like their major league namesakes. They blasted 14 hits in defeating the Pirates 13 to 3. Even their little, but classy, first baseman can hit for the distance as 11-year-old Jimmy Yates smashed a homer and a single. Newly acquired pitcher Mike Schmidt pitched the improved Cardinals into a share of first division by beating the Dodgers 8 to 3. Mike gave up only three hits and struck out 12 as he pitched against a very strong Dodger team. Leading the Cardinals offensively was their giant shortstop, Dave Mauser, who slugged three doubles.

Local Couple Design Summer Home Like Mountain Cabin

WITH MR. RIGLES looking on, Mrs. Rigles refreshes a lawn bird bath. "The Mountain Cabin" in the rear was originally designed as a garage but was later converted to a summer home by the Rigles.

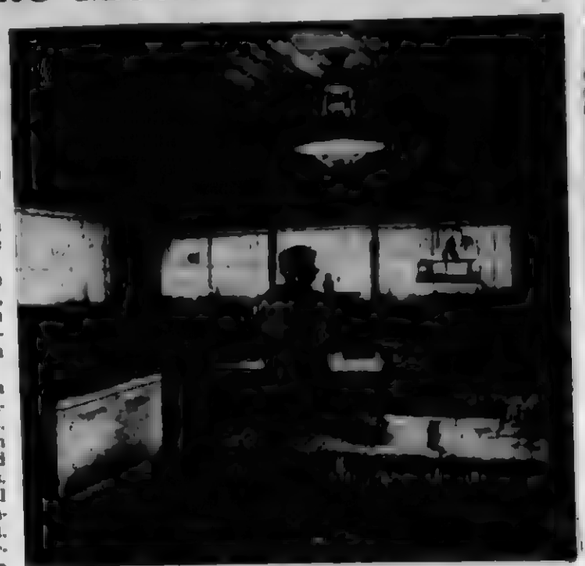
HAVING no city water, Mr. Rigles constructed a shelter over their well designed like the fairy-tale wishing well. The Rigles have ivy like that shown at the base of the well growing throughout the grounds.

Sitting back off the road at 89 Williams-rd is one of the cutest little places in this area. The occupants call it "The Mountain Cabin," and it's easy to understand why.

Not much larger than a garage — fact is it started out as a garage — the place is patterned after a typical mountain cabin one might find in the Smokies or Northern Rockies.

Occupants of the place are Mr. and Mrs. Carson Rigles, who designed it after mountain cabins they had seen while motoring through the Southern States.

The Rigles built the cabin three years ago with the intention of renting it, but Mrs. Rigles was so enchanted when it was completed she insisted that they occupy it themselves. The Rigles own a conventional bungalow adjacent to The Mountain Cabin that they now rent.



Completely insulated and air-conditioned, the one-room cabin would be quite comfortable for year-round use, but the Rigles spend their winters in the South.

The exterior of the cabin is stained in a natural finish and the interior is completely wood paneled, affecting a rustic appearance.

Shaped in a rectangle, the one large room is designed to include bedroom, living room, dining room and kitchen. At one end of the room is a large storage closet and a modern lavatory.

Set on almost three acres of land, the Rigles have landscaped the grounds with flower garden and shrubbery. Both Mr. and Mrs. Rigles are gardening and landscape enthusiasts.

Semi-retired, the Rigles cooperate a market in Columbus. Mr. Rigles was a stationary engineer at Buckeye Steel Castings Co. for 25 years.

MRS. RIGLES is shown finishing the luncheon dishes. The kitchen covers one complete end of the cabin and is as large as the normal kitchen in a conventional home.

Water Show Scheduled

The Columbus Jewish Center Aquatic Committee in cooperation with Gallery Players is presenting a water show, "Neptune Goes Calypso" on Sunday evening, Aug. 11, at 7:45 p.m. at the Jewish Center Outdoor Pool, 1125 S. College-av. Admission will be free.

The show will feature members of the Nereides Club, the Center Synchronized Swimming group, the center swimming classes, and swimmers from various pools throughout the city.

In spite of higher interest rates both farm non-real estate debt and the farm mortgage debt have continued to increase during the last two years.

Portable TV Is Top Prize In Contest

A Columbus area boy or girl will walk off with a handsome portable TV set for his efforts in the fourth annual Multiple Sclerosis Sales Tax Stamp Contest opening Monday, Aug. 5 and ending Sept. 15.

Bicycles, wrist watches, baseballs, and charm bracelets will also be awarded throughout the contest to children turning in sales tax receipts.

Money received from the stamps will be used by the Multiple Sclerosis Society of Central Ohio to provide research and patient aid for the 800 persons in this area afflicted with multiple sclerosis and related diseases of the central nervous system.

All Central Ohio children interested in entering the contest are urged to send their sales tax stamps with their name and address to Irwin "Earlyworm" Johnson, WBNS-radio, 33 N. High-st.

Senior Citizens Plan Tour Of Lockbourne Air Force Base

A popular series of summer outings has served to vary the season's program at the Senior Citizens Recreation Center, with a visit to Lockbourne Air Force Base scheduled for Aug. 7.

Senior Center members, whose ages range from 60 years up, are eager to see at close range the air-age "jets" which will be on the flight line, and to become better acquainted with other features of this mammoth military installation so near at hand.

They will be taken in Air Force buses to the flight line as well as the housing and recreation facilities, and will have a break in the day's sight-seeing with a "nose-bag" lunch served in the Lockbourne picnic area.

Advance reservations are necessary. Private cars and a chartered bus have been arranged to transport the senior citizens to the gate of the base where the Air Force men take over. They leave the quarters in Old Memorial Hall at 10 a.m.

Two other outings are also scheduled for the remainder of the summer. A boat trip on the chartered "Queen of the Lake" at Buckeye Lake is set for Aug. 21, and the final event will be a potluck picnic at Indian Village Camp on the Scioto River on Sept. 10.

The advent of a new member in the family is always exciting, so imagine how it must have been in the Bowshier family recently when two little ones appeared the same week! Mrs. Rose Bowshier, 37 E. Morrill-av was the proud grandmother when Mr. and Mrs. Robert Bradford became parents of a little girl and Mr. and Mrs. Thomas Bradford became parents of a little boy.

Women of Trinity Evangelical Lutheran Church Church, Circle I, will meet August 14, at 7:30 p.m. with Mrs. Thomas Osier, 1178 S. 22nd-st. Miss Beverly Spessmaker will assist.

We're hoping that the 70th birthday of Mrs. Mary Baker, 404 E. Moler-st, was a very happy one. Mrs. Baker has a twin sister, Mrs. Carrie Chapman, Zanesville, O. The birthday was an event of July 31.

Cleo Harden, 540 E. Markison-av, had ample reason to enjoy a happy birthday this year. Cleo's son, Doug. Harder, of Arizona, has a record on the market now for which he received a fine write-up in Billboard, entertainer's "Bible." 1783 S. Champion-av has lost its residents recently and though we're glad that the Gordon Knepper family has a beautiful new home, we hate to lose them from this area. (We had to chuckle when Mrs. Knepper told us that they'd have no phone service until much later, due to the phone company's inability to keep up with the demand. Quite philosophically she said they'd just have to get carrier pigeons for a while.)

A Difference

The liner was encountering bad weather in mid-ocean and some of the passengers were very uncomfortable. Watching a miserable-looking man who was bending over the side of the ship, a fair young thing turned to the woman at her side.

"Your husband is a poor sailor is he not?" she said.

"Certainly not," said the woman, "he's a rich stockbroker."

Shawnee Forest Map Available

The Division of Forestry announces the publication of a new Shawnee State Forest map.

Shawnee State Forest, the largest of Ohio's State Forests (containing 55,634 acres), is located in Scioto and Adams counties, one of the most picturesque regions of the state.

This region, once the hunting grounds of the Shawnee Indians, is unlike any other portion of Ohio. Here is mile after mile of forest broken only by an occasional patch or strip of cultivated soil in the narrow valleys.

This area is again becoming a favorite hunting grounds, and a cooperative program between Divisions of Wildlife and Forestry is being conducted to improve hunting.

This 2-color map showing roads, trails and streams should prove invaluable to hunters, hikers, picnickers, camera enthusiasts and other visiting the forest.

The maps may be obtained from the Division of Forestry, 1500 Dublin-rd, Columbus.

Market Basket

By Bertha S. Everhart
County Home Economics Agent
Franklin County

THIS WEEK SHOP FOR:

Fruits — Melons, California oranges, peaches, apples, frozen strawberries.

Vegetables—Sweet corn, homegrown tomatoes, cabbage, canned and frozen peas.

Meats — Chuck roast, smoked picnics, turkey.

Melons

This is the season for melons, so you'll want to serve them often the next few weeks. Nothing is quite as refreshing as chilled melon for dessert. Bite-size pieces or melon balls are refreshing and attractive in fruit salads, too. Serve cantaloupe and honey dew melons for a real breakfast treat. They are high in vitamin C so may be used in place of citrus fruits which are scarce during the summer months.

Large Indiana cantaloupes are on our markets in good supply, their quality is excellent, and prices reasonable.

Honey dew melons are not plentiful as yet, so their price is relatively high.

Watermelons have passed their peak in supply but their quality and price are still very good.

Homegrown Vegetables

This is the 10th annual vegetable week. At this season our local homegrown vegetables are at their best. Markets are sporting sweet corn, tomatoes, cabbage, beans, salad greens and other choice vegetables for variety on your table. Make the most of them while they last.

Turkey

Turkey is still an excellent buy. Large hatchings, plus heavy carryover make turkeys a real value to the consumer. So far this year the turkey supply is 55 per cent higher than a year ago. Look for attractive prices on turkeys of all sizes. Today they are a year 'round meat to be enjoyed in summer as well as at holiday time.

Teenagers To Take Part In Jr. Olympics Awards, Parade

THESE FIVE lovely teenagers will present awards to all five place winners in the Central Ohio Amateur Athletic Union Junior Olympics, Saturday, Aug. 10. They also will be featured in the parade which will follow the bearers of the "Olympic Torch" from City Hall to Ohio State University. The girls are (left to right) Sara Manning, 19, 228 Glencoe-rd; Kit Edwards, 15, 1954 Studer-av; Lynda Fletcher, 17, 4537 St. Francis-ln; Joyce Evans, 18, 68 Governers-pl; Mary Grabill, 17, 162 Ogden-av.

The annual Central Ohio AAU Junior Olympics Track and Field meet will be conducted by the Columbus Recreation Department at Ohio State University Stadium, Saturday, Aug. 10. Patterned after the "Olympic Games," 63 events will be offered to boys and girls 17 years of age and under. All field events start at 11:30 a.m. and running events will begin at 12:30. Events are divided into four age groups — for boys and girls 11 and under; 12 and 13, 14 and 15; and 16 and 17

An additional feature is the pageantry which will take place at City Hall at 12 noon. Mayor Sensenbrenner will light the "Olympic Torch" which will be relayed by runners from City Hall to OSU. The "Olympic Oath" will then be given to all participants at the stadium by N. J. Barack, vice president of the National AAU and local recreation director.

All five place winners in the various events will receive awards through the hands of five teenage Junior Olympic queens. Records will be sent to National AAU headquarters where they are compared for national recognition.

Entry blanks for this meet, available at Room 124 City Hall or any of the city's 59 play grounds, are to be completed and returned to Room 124 City Hall by 9 p.m. Thursday, Aug. 8.

Administrator Of Mt. Carmel Is Appointed

Mt. Carmel Hospital announced this week the appointment of a new administrator to replace Mother M. Constantine who was recently elected Provincial of the Eastern Province of the Sisters of the Holy Cross.

Sr. Miriam Dolores, formerly administrator of St. Joseph's Hospital, South Bend, Ind., has been named to head the local hospital. She will assume her duties here on Aug. 15.

Sr. Miriam Dolores, who last year served as acting director of the School of Nursing at St. John's Hospital, Anderson, Ind., is a native of Chicago and a graduate of St. Mary College, South Bend and St. Louis University.

Mammoth Oxen Slated At Ohio State Fair

PETE AND PUNK, billed as world's largest and strongest oxen team will be at this year's Ohio State Fair, Aug. 23-30. These purebred Canadian Holstein oxen weigh more than 6,500 pounds, stand nearly six feet high and are about 12 feet long. They can pull 11 tons of dead weight.

Department Of Wildlife Plans Big Exhibit During State Fair

Bert M. Carroll, exhibits director of the Ohio Department of Natural Resources, has announced that plans have been completed and work is now underway on the construction of the Department's huge exhibit at the 1957 Ohio State Fair, Aug. 23-30.

Annually one of the most outstanding exhibits at the state exposition this year's display is being touted as one of the biggest and best of its kind.

According to Carroll, all divisions of the department will be represented in the display, including wildlife, forestry, water, lands and soil, parks, geology and shore erosion. The exhibit will be housed in two tents, located at the southeast corner of the fairgrounds near the twin lakes.

Carroll reported that one tent will extend 210-ft. in length and 60-ft. wide. The other tent, which will house beautiful dioramas and other showcase exhibits, will be 60 by 80-ft. in size.

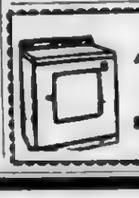
Biggest attraction for fairgoers will probably be the live deer herd which will be exhibited in the tent. In charge of the live animal exhibit will be a veteran wildlife employee, recently retired, Ollie Niemeyer of Prospect, Onio.

According to Carroll it is planned to have several does, fawns and a mature buck. Other animals which will be displayed along the beautiful nature trail laid out outside the tent areas will be raccoon, coturnix quail, pheasant, squirrel, hawks and owls and a cub black bear.

FOREST WORK

The Forestry Division plans an exhibit of trees depicting forest management practices, the Division of Lands and Soil will have a large exhibit of good and bad land use practices and the Division of Parks will construct a before and after exhibit of the planned rehabilitation of two islands in Indian Lake for recreational use by dredging and land fill.

Carroll reported that once again the large tent will house the attractive 220-ft. simulated stream which will cascade down a rock filled 12 foot waterfall. Two powerful centrifugal pumps will recirculate the water in the stream which will flow through the channel at the rate of 120,000 gallons per hour.



The Division of Wildlife will again hold its highly popular kiddies fishing rodeo on the nearby twin lake. Youngsters 14 years and under will be permitted to fish for channel catfish and other species for 30 minute periods.

Approximately 8,000 youngsters fished the pond during the 1956 fair with reasonably good success.

Madison School Board To Conduct Information Campaign On Merger

Members of the Madison District School Board made plans Monday night for a public information program in the school district on the recent school merger recommendation.

Voters in the Madison, Hamilton and Canal Winchester local school districts will ballot on the recommended consolidation of the three districts at the Nov. 5 election.

Robert McCracken, executive head of Madison, said the board, through pamphlets or public meetings, will explain the proposed consolidation to residents living in the area. The program is to start yet this month, he said.

Board Opposes

The Madison Board earlier went on record as being opposed to the consolidation. It was pointed out that their schools have adequate housing, financing, and faculty members for the "foreseeable future."

The consolidation was approved July 22 for submission to the voters by E. E. Holt, state superintendent of public instruction, on recommendations of a citizens committee that the county's nine districts be made into three large ones.

Other school mergers to be voted on are Reynoldsburg, Gahanna, Plain and Mifflin schools in the northeast part of the county, and Scioto-Darby and Washington school districts in the northwest sector.

Other Business

In other business, the Madison Board heard a report by McCracken on a disputed area recently annexed to neighboring Hamilton District.

The County Board of Education was to decide Wednesday, (yesterday) where some 80 students in the area will go to school. (The Rural-Urban News will carry a report on this decision in the next issue)

More than 100 residents in the area recently petitioned the county board to permit the students to continue attending Madison District schools.

Local 7-Year Old Lad Takes Solo Vacation Trip To Norfolk

By Mrs. Richard Smith
HI. 3-1184

Arthur Chapman, seven-year old son of Mr. and Mrs. Russell Chapman will have a lot to tell his schoolmates when he goes back to school in September. He took his first vacation without his family. He went by airplane to visit his sister, Dolly June Brumfield and her family at Norfolk Va. He spent three weeks fishing, swimming and viewed the Fourth of July fireworks on the ocean front at Ocean View Amusement Park. The outstanding part of his trip was the day he spent aboard the U.S.S. Domer, the ship on which Bob is assigned. He is convinced now that he wants to be a sailor. Mr. and Mrs. Chapman, their daughter Carolyn and Donna Brewer drove to Norfolk and brought the tired but happy little boy home with them.

Sharon Buchler celebrated her 16th birthday on Tuesday, July 30.

I'm sure we all remember the picture of Channing Betz and his horses, that was in the paper recently. Well, Mr. Betz is not feeling very well at this time. Last July 29 while he was milking, a piece of paper blew in front of the cow he was milking and frightened her so much that she knocked Channing over and then tramped on him. The children on the farm saw what was happening and ran for help, and it was thought for a little while that help might be too late. But, luckily not, and Channing was brought to Mercy Hospital where he was found to have some fractured ribs, leg injuries, and lots of bruises. He was operated on in Mercy Hospital for a blood clot but is now at home. With the aid of a cane he is getting around a ltitle.

Mrs. Elkins of Cedarwood-rd is in Mt. Carmel Hospital for an operation, We are wishing for her quick recovery.

Pat Smith entertained 10 of her classmates recently. All these teenagers need for an evening of good clean fun is a record player, dance records and their evening is off to a good start. The get-together ended with each one making his own sundae from a variety of toppings and ice cream.

There will be no prayer meetings or Sunday evening service at the South High EUB Church for the duration of the Stoutsville Camp meeting. It is hoped that a good number can attend the meetings at the Stoutsville Camp Grounds.

The Youth Fellowship met recently at the home of their president, Pat Smith, with about 20 young people present. They had an enjoyable evening of croquet, badminton, ping pong and horseshoes. This was followed with a devotions period and plans were made for a complete month of activities by the group.

There will be a picnic at Smith's cottage near Ash Cave, Aug. 11, after Sunday School. Vesper services are being planned by the Youth Fellowship. Everyone is invited.

Mr. and Mrs. William Foreman and family spent a recent weekend visiting in Hocking County with Dick and Margie Foreman, near Ash Cave.

We are losing one of our long time families of this community to Florida. Mr. and Mrs. Harry McQuiniff and children, Joanne, Paul, Ronnie and Donnie, are moving from 202 Williams-rd. Their first stop in Florida will be in Crescent City to see Harry's parents, Mr. and Mrs. Louis McQuiniff. From there they will go to one of the larger cities so Harry can get settled in his line of work as a printer. We are sorry to lose them, but do wish them the best of luck in their new home.

Mr. and Mrs. Walter Gerano, 150 Collingwood-rd, are moving into the McQuiniff home on Williams-rd.

On Thursday evening, I entertained with a goodbye get-together for my niece, Jeanne McQuiniff. Eight of her girl friends enjoyed an evening of games and refreshments.

We are glad to welcome newlyweds, Mr. and Mrs. Ronald Ennis (Shirley Darst) to the neighborhood. They are living temporarily at 237 Williams-rd.

Kenny Darst has just had another bad attack of asthma, but at this writing is better.

Local Beauties Add Glamour To Swim Meet

Swim queens for the Central Ohio A.A.U. Junior Olympic Swim Meet pose for the cameraman. Left to right they are: Sue Wilson, 786 Pierce-dr; Sandy Zuiowitz, 233 S. Yale-av; Pat Lattimer, 344 N. 18th-st; Karen Boquist, 1191 E. Whittier-st; and Jean Spence, 152 N. Wayne-av. The meet, which is sponsored and conducted by the Columbus Recreation Department, was held today at Maryland Park Swimming Pool.

Millersport Prepare For Annual Sweet Corn Festival

Millersport, the Fairfield County village on the west end of Buckeye Lake, is again taking on a festive air The 11th annual sweet corn festival, sponsored by the local Lions Club, is now taking shape, under the leadership of Harold Berkhimer, general chairman and president of the Club.

The local High-school recently was the focal point for 18 beautiful and talented young ladies who hope to be named "Miss Sweet Corn Festival Queen."

The young ladies, each a member of a different class "B" high school in the area, are selected for scholastic accomplishments, beauty and poise.

The girls will appear in the parade of queens on Aug. 29. Each queen will bring her own school band assuring the crowd plenty of music. The publicity chairman has stated that the usual Marine color guard with the local American Legion and mounted Fairfield County horsemen, and ladies, will head the parade. John Thomas chairman of Queens and Bands, has promised the best and largest opening day parade in the history of the Festival.

For the thousands who come each year to the corn festival, there will be 40,000 ears of specially grown corn for the event. It will be served piping hot from the continious outdoor cooker, brushed with hot butter and salted for 5 cents per ear. The usual midway will be open with food stands, games and rides for the kiddies. An added attraction this year is square and round dancing each night from 8 until midnight.

All proceeds from the affair will go into the Lions welfare fund and for the maintainance of the Lions Park. The Festival opens on Thursday night, Aug. 29, at 5:30 p.m. and runs through Saturday, Aug 31.

Wildlife Council Outlines State Hunting, Fishing Dates

With the exception of a split-state squirrel season, most hunting rules and regulations will remain about the same as last year, according to the Division of Wildlife and following the annual fish and game hearing held by the Ohio Wildlife Council.

In an effort to provide more squirrel hunting opportunity in the 32 county southern zone, the season will open in the section on Sept. 2 and run through Oct. 31. The season in the northern section will open Sept. 16 and run through Oct. 31.

According to Hayden W. Olds, chief of the division of wildlife, and William B. Hendershot, supervisor of the game management section, lengthening the squirrel season in the southern zone will have no harmful effect on the squirrel population but will provide hunters additional opportunity.

Southern Ohio can withstand additional squirrel hunting pressure and the lengthened season will provide fine gray squirrel shooting during the height of the most colorful season in Ohio's hill counties.

Following are the counties in the southern zone where the squirrel season will open Sept. 2 and close Oct. 31: Jefferson, Carroll, Tuscarawas, Holmes, Knox, Licking, Coshocton, Guernsey, Harrison, Belmont, Muskingum, Fairfield, Perry, Morgan, Noble, Monroe, Washington, Athens, Hocking, Vinton, Meigs, Gallia, Jackson, Lawrence, Scioto, Pike, Ross, Highland, Adams, Brown, Clermont and Hamilton.

The remaining 56 counties, or those in the "northern zone" will have a squirrel season opening Sept. 16 and running through Oct. 31. In both the southern and northern zones the daily limit will remain at four squirrels and the possession limit after the first day will be eight.

Open season for other game species will remain about as last year with only minor alterations.

Rabbit Season

The rabbit season will open Nov. 15 and run through Jan. 1, 1958, with a daily limit of four and possession limit after the first day of eight and the hunting hours 9 a.m. to 5 p.m.

The pheasant season opens Nov. 15 and runs through Dec. 7. Cock birds only may be taken and the daily limit is two and possession limit after the first day four. Hunting hours 9 a.m. to 5 p.m.

Ruffed grouse may again be taken from Oct. 15 through Jan. 31, 1958, with a daily limit of three and possession limit after the first day of six. Hunting hours for ruffed grouse are 9 a. m. to 5 p.m. during the rabbit and pheasant season but daylight to dark before and after the rabbit and pheasant season.

The Hungarian partridge season opens Nov. 15 and runs through Dec. 7 with the hunting hours 9 a.m. to 5 p.m. Daily bag limit is two and possession limit after the first day four.

Deer Hunting

There will again be a statewide deer season and deer of either sex may be taken. (Except in Scioto and Adams Counties, where bucks only may be taken). The gunning season for deer (shotguns only using slugs) will open Dec. 11 and run through Dec. 14 with the hunting hours 9 a.m. to 5 p.m.

The bow and arrow season for deer opens Oct. 15 and will run through Dec. 31. Only arrows with wooden shafts will be permitted and bow hunting hours for deer will be daylight to dark except during the gunning season for deer when the hours will be 9 a.m. to 5 p.m.

Night hunting for raccoon, opossum and skunk will open Nov. 1 and run through Feb. 15. The daily limit on each is four.

The trapping season for muskrat, mink, raccoon, opossum and skunk opens Nov. 15 and runs through Mar. 15. There is no daily limit on the numbers of these animals taken by trapping.

A recent survey by the USDA show increased use of electricity on farms from an average of 196 kilowatt hours a month in 1947-49 to 405 kilowatt hours in 1956.

Grass Stains Often Can Be Removed

Summertime is outdoor time, and the homemaker is likely to find grass, foliage, and flower stains a summer laundry problem.

These common stains can be safely removed from most washable clothing, if the treatment is suited to the fabric, says Edna Callahan, Ohio State University extension clothing and textiles specialist.

If you know the fabric is washable, first try rubbing soap or synthetic detergent into a plant stain, and washing the garment. Or, if a test on an inside edge of a seam or other hidden part of the garment shows alcohol won't affect the dye, sponge the stain with alcohol. Use alcohol dilbuted with water on acetate fabrics. For stubborn stains you can use a sodium perborate bleach. Sprinkle the moist stain with bleach, gently cover the garment with a solution made of one tablespoon of sodium perborate per pint of water, and let it soak several hours or overnight. Use cool water for wool, silk, and Dynel and hot water for other washable fabrics. Rinse well, suggests Miss Callahan.

'TO ERR IS HUMAN... TO FORGIVE DIVINE'

Mistakes and errors are made every day in this work-a-day world, and the South Side Leader, just to keep in step has pulled a BLUNDER. Even newspapers have a human side and we have erred. It is hoped our readers possess a divine streak and will forgive.

The July 18 issue was to have carried pictures and stories of two South Side boys serving in the armed forces. To our credit is the fact that both stories were printed and one picture appeared —BUT, the picture appeared on the wrong story. In an effort to atone for this mistake we are reprinting the stories of both boys and putting their pictures over the proper articles—at least we hope they are over the proper articles.

Bill Downing In Hawaii

Pvt. Bill Downing, foster son of Mr and Mrs. Robert Haffsetter, 240 E. Hanford-st, left Fort Carson, Colo., July 6 for a West Coast embarking point and Hawaii. Arriving at his destination, it was said he would be assigned to the 25th Division, Tank Corps. Downing recently recovered from pneumonia and wrote that he was looking forward to the Hawaiian climate. He attended South High School and was associated with the Ohio Fuel Gas Co. before entering service.

Forty-Fourth Annual Franklin County Fair Opens Wednesday

OFFICE OPEN—Franklin County Fair Secretary Harold Hart opened his office at the fairgrounds last week. Hart, who is assisted by Mrs. Gail Armstrong, says entries have been coming in at an unprecedented rate this season. Judging at the fair begins at 8 a.m. next Wednesday with festivities lasting until Saturday evening. A big opening day feature will be the Horse Pulling Contest scheduled in front of the grandstand at 1 p.m.

Events of county-wide interest will move into the spotlight next week with the opening of the forty-fourth annual Franklin County Fair at Hilliards.

Scheduled for four days, from Wednesday through Saturday, the fair is crammed with events designed to interest not only rural residents, but also stimulate urban citizens.

The fair climaxes the summer for many area farmers and youths who have been preparing their stock to show at the county event. After the ribbon awarding, the exhibitors begin planning for next year's show.

Down the midway of the fair will be many amusements with the agricultural society hiring a new company to supply the thrill rides. There will be a merry-go-round, dodgem cars and many other amusements.

The fairgrounds are in the process of being completely sprayed, according to Harold Hart, secretary of the fair, to eliminate flys and other insects as much as possible.

Picnic tables will be placed on the grounds this year for families that wish to attend the event throughout the day without having to leave the grounds to eat.

Horse Pull

A feature of the fair's opening day is the horse pulling contest scheduled for 1 p.m. in front of the grandstand. The event is being backed by the Buckeye Horse Pullers Association, which has meant in the past that many teams will be on hand.

Horse pulling was a novely at last year's fair, but the widespread interest has prompted the planners to give the event more attention this season.

Junior Fair activities, always a highlight of the Franklin County Fair, will begin with judging in three classes Wednesday morning. Crowning of the Junior Fair King and Queen will be in the evening of the same day.

A $10,000 night harness racing program has also been lined up with trotters and pacers scheduled to race each evening. Each night's program will consist of eight races split evenly between the trotters and sidewheelers.

The State Brown Swiss Show will make its debut as part of the local fair. Formerly held in Urbana in conjunction with the Champaign County Fair, the cattle show has been moved to the Hilliards site because of its proximity to the state fair and better facilities.

Horse Club

The Triple T 4-H Horse Club will put on its second annual show in front of the grandstand Thursday afternoon. Another Thursday feature will be the Rural Arts Talent Show to be held in the evening.

A tractor pulling contest will highlight the fair's third day appropriately tagged "Farm Machinery Day." The Junior Fair Livestock auction will also be held in the afternoon with the 4-H demonstration eliminations set for the evening

The final day of the fair has been customarily reserved for the youth with a bevy of activities scheduled for the youngsters The Junior Fair Frolics and float parade will be held in the afternoon.

Round and square dancing will be held every night in the dancing area just east of the grandstand. A different high school band is scheduled to play during each day of the fair.

Repeat Show At State Fair

DANCING WATERS, an amazing spectacle in music and colorful water fountains in motion, will return to this year's Ohio State Fair, Aug. 23-30. The attraction drew the personal compliments of Queen Juliana when it appeared at the world famous International Flower Show in Amsterdam, Holland.

County Firemen To Sponsor Annual State Conference

The Franklin County Fire Fighters Association will sponsor the 1957 Conference of the Ohio State Firemen's Association and Ladies' Auxiliary to be held in Columbus Aug. 16-18.

Persons from this area who will serve on committees during the event are:

E. W. Slyh, 2266 Lockbourne-rd, general chairman; William Foreman, 2266 Lockbourne-rd, treasurer; Betty Vick, 3251 S. High-st, general chairman of Ladies Auxiliary; Paul Raver, 735 Blacklick-st, Groveport, parade committee; Emil Seiter, Canal Winchester, parade committee; D. M. Jones, 36 Obetz-av, Obetz, parade committee; and Normen Vick, 3251 S. High-st, parking and transportation committee.

All local fire chiefs will also serve on the co-ordination committee.

An interesting program has been arranged by the various conference committees and is scheduled to begin on Friday morning with registration at the Deshler-Hilton Hotel.

Highlights of the Friday program include the introductions of important guests; memorial services; a tour of Lockbourne Air Force Base; a big parade in the evening and a get-acquainted party following the parade.

The parade will start promptly at 8 p.m. and will move from Broad and Washington on W. Broad-st to Central High School.

A full schedule has been planned for Saturday to be climaxed with a banquet in the main dining room of the Deshler-Hilton starting at 6:30 p.m.

County Helps Set Heart Fund Record

Franklin County residents have contributed more than 21 percent of the Central Ohio Heart Association's record high Heart Fund collection in 1957, fund officials announced Saturday.

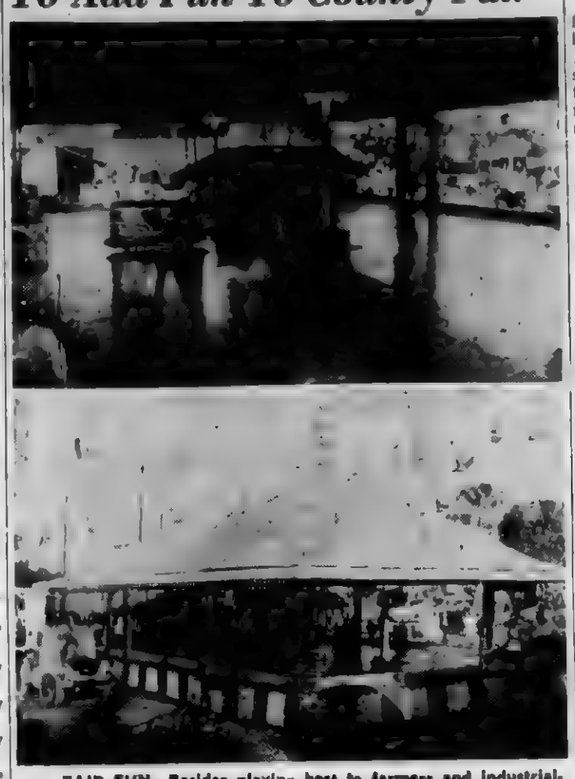
The campaign total reached $400,874.08, which was $99,087 higher than last year's campaign receipts.

Officials stated that all but five of the 51 counties in the association's area collected more money than last year. Sixty seven percent of the total was contributed on Heart Sunday last February, while 11 per cent came from business, 8½ percent from federal funds and four percent from gifts.

The association has raised over $1.5 million for heart research, education and community service in the eight years of its existence, an official said.

Parking Ban Put On State Rt. 665

No parking areas along both sides of a part of recently relocated state route 665 near Groveport have been established by the Ohio Department of Highways.



No-parking areas, now withdrawn, existed for two miles east of Shook-rd on route 665, before the section was relocated, and are now established for just over one and three-quarters miler east of Shook-rd on the relocated section of route 665.

The new designation was based on an engineering survey by the Ohio Department of Highways, part of Gov. O'Neill's program for maximum highway safety.

Leedy Amusement Co. of Olmstead Falls also has many other diversions that will provide hours of fun for fairgoers. Date of the Franklin County Fair is Aug. 14-17.

Poisoning Mystifies Southwood-av Couple

MRS. MARTIN L. LUCAS of 41 Southwood-av, studies a dying maple tree in her backyard. A tree surgeon has told Mr. and Mrs. Lucas that the tree has been sprayed with poison. The Lucases cannot understand why anyone would want to poison their tree.

• • •

When a man retires from life on the land he must often content himself with working a small patch of garden he can eek out of a city lot. Confining as this may be, nonetheless it can spell contentment to a person in advancing years.

Such a case is that of Martin L. Lucas, who with his wife, resides at 41 Southwood-av. Mr. Lucas celebrated his 80th birthday last March. All of his life he had worked with land, he has watched while a seed grows to produce a plant, and then perhaps a flower or maybe a fruit or vegetable. Growing things have been his life—and his love.

It was very difficult for Mr. Lucas five years ago when he realized that he could no longer continue his life on the farm. However he has made his home here in the South Side and has been understandably proud of his backyard garden—it is alive with flowers, glistens with well cared for tomato plants and trees of various kinds. Perhaps the star of his yard has been a hard maple tree which he started to care for shortly after moving to the Southwood-av address. He has, with the aid of his neighbors, Mr. and Mrs. Dana Pennell, 39 Southwood-av, nurtured this tree from a slip which he found in the yard.

Within the past week something has happened to the tree, it has commenced to wilt, the leaves have turned down and are brown. Mr. Lucas, understandably, concerned over his prize, has called in a tree surgeon but the diagnosis is hard for him to believe. Someone has sprayed the tree with a poison. Deliberately, some person has tried to destroy it. Some hope remains for the tree, proper fertilization and care may still keep it alive.

The Lucases are at a loss to explain what has happened. To his knowledge he has no enemies. They cannot imagine who would want to destroy the tree, or why anyone should want to see it die.

What pleasure anyone can derive from such action is hard to figure out. We all hope Mr. Lucas will be able to keep his prize. Everyone hopes that those who sprayed his tree have had the time to realize what a selfish act they have committed. They have done much, much more than hurt a tree—more even than take the light from the eyes of an elderly couple—they have destroyed a man and a woman's faith in human nature.

Auctioneer Andy Verbance

Folks, meet Andrew Verbance, "Andy" to his friends. Andy used to be a permanent Columbus resident a few years back, but he has been away from the city for about 15 years now. Guess he has a streak of wanderlust and has been looking the country over, but mostly in California. Right now Andy's residing at 1932 Wager-st, but he's got itching feet and his plans for the future are sort of indefinite.

Want you to konw Andy for reasons other than the fact he's a great guy, or because he is a well-known coin collector, or even because he can talk about his experiences traveling around that will keep you fascinated for hours. Want you to know Andy because he is an auctioneer extraordinary — and he will be practicing his craft tomorrow night at the First Annual Auction of the South-Side Business and Industrial Association.

It's the First Annual Auction of the South-Side Business and Industrial Association, and WHAT a sale it's going to be. Among the hundreds of items, they have a TV set, a ton of coal, toys, radios,

The big auction begins promptly at 8:15 p.m. Friday, and anyone who has ever attended an auction knows that the most desirable items may be — not for sure—but, possibly, may be offered to the

Where?

At the south side of Schottenstein's parking lot — you just can't miss it! The entire area will be lighted for the festivities. You just come right out Parsons-av and you'll see the rides, refreshment stands, games, and the auction. Come one and all, there will be something for everyone — come WHERE you'll find an auction like you've never seen before — plus entertainment and fun. If you've never attended an auction, your eyes will be opened to one of the most spectacular event the public is privileged to witness free of charge. Free of charge, that is, unless you decide to bid for an article and are the highest bidder.

• • •

Who?

• • •

It's the South-Side Business and Industrial Association, they used to be called the Steelton Merchants, but recently when they expanded their purposes and aims, they changed the name. It is an organization of about 25 professional men and the remainder business men, industrial men, merchants — each and every one of them a south-sider, with south-side interests at heart. WHO needs your support? The South-Side Business and Industrial Association in this —the first really big venture of this organization. You'll be doing them a big favor—and your community as well —if you attend.

• • •

Why?

• • •

Now here's a good question. The answer is nice to hear because the South-Side Business and Industrial Association wants to help the South-Side; they want to continue the work of the Steelton Merchants in placing trash receptacles on various corners to keep our neighborhoods free of litter; they want to continue sending underprivileged children to camp; they want to continue to aid in the sponsoring of Steelton Merchants football team; they want to continue helping to equip a Junior League baseball team; they want to continue in all of the good work of the Steelton Merchants; they want to make the South Side a better place to live and work. WHY not be there Friday and Saturday, for fun, bargains, and the satisfaction of helping in something really worthwhile. You'll be glad you joined in the fun.

This sleek 1947 Pontiac six-cylinder four-door sedan is just one of the many items which will go under the auctioneer's hammer Friday night at Schottenstein's parking lot. Lots of miles left in this old gas "buggy," which would serve as a good second car—or even a "first" for an economical family.

Aluminum Factory Slated For Lockbourne-rd Site

A new factory to manufacture aluminum doors, windows and jalousies will be built at the northeast corner of Lockbourne-rd and Obetz-rd, the Edward M. Dawsons firm of Industrial Realtors in Columbus announced early this week.

Negotiations have been completed on a 20-acre tract of land purchased by the Arnold Al Tex Aluminum Co. of Miami, Fla., Edward M. Dawson Jr. announced.

The aluminum company, one of the largest of its kind in the country, will start construction this fall of a 40,000 square foot factory on the site, Dawson said.

The factory site includes 15 acres from the Lonnie Alderson farm at 4000 Lockbourne-rd and five acres off the rear of the Frank Dumnell farm at 1500 Obetz-rd.

"This is the beginning of a general industrial development in this area," Dawson said. "There are several hundred more acres in the vicinity that eventually will be used for industrial building," he added.

100 Crippled Children Are Off To Camp

An assemblage of 100 tragically crippled children -- whose cups are filled to the brim with happiness for this opportunity—will enter the gates of Camp Pittenger on Aug. 18 for 13 glorious days of camping. This is the second crippled children's period sponsored by the Ohio Society for Crippled Children.

The camp is directed by Miss Marguerite Whipple, R.P.T., who today released the names of the youngsters who will attend this Easter Seal camp during the period from Aug. 18 to Aug. 30.

"The odds are against these children," states Miss Whipple, "but the courage and faith instilled into them through a shared experience such as camping help them to rise up against these odds and face life anew—with courage, independence and determination.

"When they leave camp behind and return to their homes, their cups are running over with the happiness given them through this experience in sharing—sharing their thoughts and activities with other crippled children like themselves, sharing their love of the out-of-doors with all the creatures of nature, where their innermost thoughts seem to open up as the broad green earth unfolds its mysteries before their very eyes."

City, County Sign Refuse Agreements

Columbus and Franklin County reached an official agreement Tuesday when county commissioners approved contracts on use of the Alum Creek-dr landfill and garbage collections in part of Marion Township.

Under contract terms the city will be allowed to use the landfill at Alum Creek-dr near the Franklin County Home on a limited basis. Three hundred truckloads of refuse can be unloaded free of charge to the city. The city will pay fees ranging from $5 to $6 for each load exceeding that amount.

Columbus will pay the county $12,000 to cover cost of garbage collections in part of Marion Township for the first six months of this year.

Residents who were billed by the county for the collection, and who paid the bills in June, will receive a refund within a month, County Sanitary Engineer Desso Mitchell said.

Slate Training Program For Band Recruits

South High School students who have been, or who are planning to become members of the school's marching band are being notified this week of a pre-school training program.

Any student interested in joining the marching band during the current school year should attend these meetings, and must bring their own instruments.

Commencing Aug. 18 and continuing until the re-opening of school in September, the rehearsals are scheduled as follows:

Monday—8 a.m. to 2 p.m.
Tuesday—6:30 p.m. to 9 p.m.
Wednesday—8 a.m. to 12 noon
Thursday—6:30 p.m. to 9 p.m.
Friday—8 a.m. to 12 noon

In Appearance They Differ, But Result Is Same

South Siders will soon notice a "new look" to their gas bills, Wilbur T. Collins, Columbus District manager for the Ohio Fuel Gas Co., said the change in appearance is brought about by adoption of a new, completely automatic billing operation for Ohio Fuel's customers.

The new bills are postcard-type, as were the old ones. However, they are slightly smaller and have been designed for easier reading. They are printed in blue on white paper, whereas the old bills were printed in black on tan paper.

Anticipate Heavy Attendance At S.S. Well Child Conference

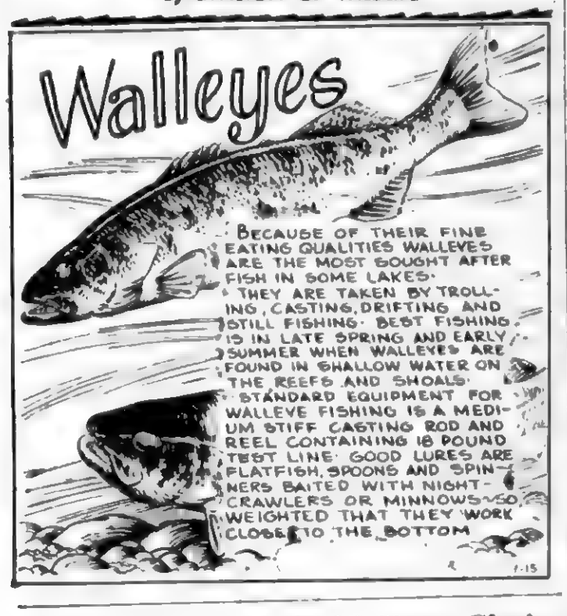
Newest Well Child Conference operated by the Columbus Health Department may become one of the biggest of the 10 maintained by the department, based on initial attendance, according to Dr. Ollie M. Goodloe, city health commissioner.

The clinic, devised to maintain good health among well babies, is located in the recreation hall at the South Side Amusement Park, 2291 S. High-st., and is open on first and third Wednesdays of each month at 11:30 a.m. Appointments for attendance may be made by calling CA.-1-2211, extension 432.

"When parents in this district learn that their children will not be admitted to schools unless they present immunization certificates testifying to their inoculations for protection against diphtheria, whooping cough, tetanus, smallpox and polio, we expect increased attendance," according to Ruth Bishop, R.N., supervisor in charge of clinic nurses

The department maintains these clinics for children who otherwise would not receive preventive pediatric attention. Each child receives a complete physical examination, the parents receive additional advice on child care and information on proper feeding, in addition to the immunizations, Dr. Goodloe explained.

Children from one month old through the age of five are accepted, he said, although the emphasis is on the infant.



The South High clinic is intended primarily for residents of the recently annexed area formerly known as Marion Township. Other similar clinics are located strategically in other Columbus neighborhoods. Sessions at South Side Settlement House, 363 Reeb-av, recently were increased from twice a month to once each week —each Monday at 8 a.m.—because of increased enrollment.

Each is staffed by a department physician specializing in childhood diseases and care and from two to four public health nurses.

Dear Son
By Joseph Martell

Chittlin' Switch,

Dear Jason:

Well, there's been plenty going on here at the Switch since I wrote you last. First of all, your brother Snod's wife had a baby last week. All I've got to say is that they must have lowered the requirements. It's a boy and they're going to call him Saliva. He's the spitting image of your Paw. No teeth and bald. You know for a fact that I never liked that girl he married. She claims to be a blue blood and I have to agree with her. It shows right through her tattooing.

I was never exactly crazy about Snod's mother-in-law, either. She never knew how to dress. I met her the other day while I was shopping at Polecat Junction and she had so many flowers on her hat two funerals were following her. After Snod was married a week she moved in bag and baggage. Snod told her to treat the house as though it were her own so she sold it.

Last Wednesday night we were invited to Grandmaw and Grandpaw Sludge's fiftieth wedding anniversary. They had quite a party for them. Almost everybody in Chittlin' Switch, Polecat Junction and Pasture Flats went to the brawl. Fifty years is a long time to be married and they fought a good fight all the way.

Naturally, at swanky affairs like the wedding anniversary you're bound to meet a lot of snobs. The old maid librarian, Prunella Tench, was there making a big display of herself and using those big words. She was talking to your Paw about your brother Zeke who will be starting grammar school in the fall. She told Paw that he ought to buy him an encyclopedia. Paw told her that the kids of today had too much and Zeke could walk to school like he had to.

There's a rumor going around that Prunella is taking up cooking on the side. (She's trying to catch a husband.) She cooked the whole supper for the church social last month and I have to admit she did a pretty good job. All the lumps in the mashed potatoes were the same size.

That's all the news for now.

Your loving, MOM

New Receiving Building To Be Discussed

The new $300,000 receiving building at the Franklin County Children's Home will be discussed today at a joint meeting of the building commission and Child Welfare group.

Ralph Kempton, architect, was authorized Wednesday to proceed with working drawings for the building. Kempton said this will take about 90 days.

The quality of food in a home freezer will decline quickly if the inside temperature rises above zero. Inefficient operation also will run up your electric bill.

Air Guardsmen Make 'Mincemeat' Of Target

Aerial gunnery learned while training weekends with the Ohio Air National Guard at nearby Lockbourne Air Force Base paid off for these Columbus jet pilots during the last two weeks at Phelps Collins Air National Guard Base, Alpena, Mich. Eight pilots fired .50 caliber machine gun bullets at it, and 33 per cent of the slugs hit the 30 by 6-foot tow target seen behind the group. Accomplishing the feat were: (left to right) 1/Lt. Charles L. Waldinger, 1963 W. Broad-st, (pilot of the F84E jetfighter which towed the target); Capt. Clayborne W. Smoot, 111 Douglas-dr, Gahanna; 2/Lt. Jerry D. Fair, 2783 Calumet; Capt. Robert M. The Gadabout

Priscilla LaRue Lenox
HI. 4-1851

Various members of one family group utilize August as a birthday month and here's proof positive: James E. Lloyd, 49 E. Hanford-st, Aug. 8; Eileen Coder, 1716 Fairwood-av, Aug. 11; Darlene Ross, 1756 Ransbourg, Aug. 12; Celia Smith, 700 Jenkins, Aug. 14. Aaron Johnson, 485 Llewellyn, Aug. 15; June Johnson, 523 Frebis, Aug. 17, and Dora Kaufman, Plain City, Aug. 6. Two other out-of-town relatives also have August birthdates, Albert Johnson, Aug. 28, and Jane Vallette, Aug. 30. Another member of the family, Mrs. Harry Coder of 1716 Coder-av, rates an item also, though not in such a pleasant way, for she is on our ailing list at this time.

Attended a jet baseball game last week and a former South Sider was sitting behind us. Hoberta Underwood (nee Boling) with her two children were the Jet rooters. Hoberta now resides in Arizona. She and the younger Underwoods have been spending the summer with her folks, residents of South Fourth-st. In the course of our conversation we were sorry to learn that her sister-in-law, Mrs. Layton Boling, has been quite ill.

Best wishes to Mr. and Mrs. Fritz Rausch, 499 E. Welch-av, who celebrated a quiet 30th wedding anniversary on Aug. 4.

Nan Buchan honored G. E. LaRue at the Jai-Lai last week. Also in the party were Don and Mary LaRue and the writer of these words.

Vacationers have been kind enough to include us in their mailing list; so would you like to share our pretty postals? Well, the Paulus' of Welch-av, found Minnesota a lovely state and particularly enjoyed the lakes. The Dunkels of Frebis-av found it very hot in Oklahoma. They also spent a week in Arkansas

The Statue of Liberty made an impressively long postal, and this was received from the Oscar Wiecher family, who have spent the summer in New York City. Ginny writes that they see something new everyday, and that the boys are getting an education. Some of the spots visited have been the museum, United Nations Building, Empire State Bldg., Statue of Liberty, Rye Beach, Jones Beach, etc. Sounds great, doesn't it?

Birthdayites in the younger generation . . . Jeffrey Scott, 1951 Gantz-rd, Aug. 16; Susan Truax, 67 Hanford-st, Aug. 16; Suzanne Belf, 305 Markison-av, Aug. 21; Conna Maynard, 41 Hanford-st, Aug. 20; Creeda Domron, 277 E. Jenkins-av, Aug. 15; Connie Wiley, 368 E. Morrill-av, Aug. 15; Mike Gates, 1591 S. High-st, Aug. 17; Edwin Madden, 1528 S. Fourth-st, Aug. 15; Carl Weaver, 283 Southwood-av, Aug. 21. Nancy Riddle, 223 E. Moler-st, Aug. 20, and Malinda Metzler, 18 W. Markison, Aug. 21.

A new little girl has been part of the family since Aug. 8, in the home of Mr. and Mrs. Bruce Lanahan, 1711 S. Third-st.

A young lady we've watched growing from young girlhood will be saying her marriage vows this coming Sunday at 2:30 p.m. The bride-to-be is Sally Miller, 1400 S. Sixth-st, and her fiance is Robert Floyd. (I think Robert's home is Millersport, though we're not sure). The ceremony will take place in Washington Avenue EUB Church.

Three Columbus fishermen had an outstanding week of catching the "finny" inhabitants of Lake Erie. The three, Mr. and Mrs. John Turner, 284 Oakwood-av, and Lawrence Wallace, 723 Hanford-st, caught 100 black bass and a 30-pound carp.

St. Paul's Lutheran Church will be the scene of the Aug. 17 wedding of Sandra Gearhart, 298 Siebert-st, and Theodore Thompson, Jr., 1208 Perry St. Sandra is a South High graduate, and Central is Theodore's alma mater.

Cloverleaf 9 will meet Aug. 15 in the home of Mrs. Louis Droudt, 318 Whittier-st.

Paul and Mary Mason of South High-st, had an enjoyable vacation this summer. Accompanied by their mothers, Mrs. Graumlich and Mrs. Mason and their daughter, Kathryn, the vacationers drove to Muskegon, then crossed Lake Michigan on the S. S. Milwaukee to Milwaukee. After looking that city over, they travelled to Madison, then on to Monroe, Wisc. Their homeward trip included Chicago, Indiana, Lake St. Mary's and Indian Lake.

The staff of Southwood School honored Miss Ruth Chapman (who has been principal of Southwood) by means of a dinner in the Scioto Room at the Southern Hotel, on Aug. 7. Miss Chapman will be principal at Oakland Park School when school bells ring again. Miss Keenan and Miss Smith recently retired, were also part of the ones honoring Miss Chapman. All members of the faculty who were in town, were present. Moonstone jewelry, given as a token of their esteem, will always serve to remind Miss Chapman of the party-givers and the pleasant evening spent at the Southern Hotel. We learned two more items when we heard about Miss Chapman, so we'll pass them along too. Mrs. Balcom will be teaching at Oakland Park, and Miss Henrietta Smith was going to Florida to escape our hay-fever season.

Little Stevie Cook will be a young man of two years on Aug. 17 Stevie is the son of Marie and Ronnie Cook, 1413 S. Sixth-st.

Four lassies who enjoyed the fun to be had at Camp Wyandot this week are Carole Weaver, Jeri Hampton, Nancy Buller and Betty Skobrak. Mrs. Weaver, Mrs. McVay and Mrs. Hampton enjoyed the trip, accompanying Carole and Jeri to the beautiful campsite. (Poor Jeri still has her arm in a cast, so that's another "limited" vacation she'll have!)

Gasper and Edith LaRue chalk up another year of wedded life today. They are preparing to return to Florida for the opening of the school year.

Many folks know Mr. and Mrs. Joseph Spiker, 67 Southwood-av, so we do hope they will think of them at this trying time. Their grandson, Joseph Spiker, is very ill in Children's Hospital. We join their many friends with hopes for a safe and speedy recovery for the young lad. Joseph is the son of Mr. and Mrs. Raymond Spiker.

Marilyn and Bob Roshon, 1128 Wilson-av, should be pardoned for slightly dazed expressions these days. The reason? Twins . . . a little girl and a little boy made their debut at Mt. Carmel Hospital not so long ago. Congratulations, Roshons.

Another newcomer who should be welcomed is the little daughter of Mr. and Mrs. Charles Randolph, 1041 Linwood-av.

Wedding congratulations are in order for Mr. and Mrs. Frank Meadows. Mrs. Meadows formerly was Jessie Landes.

The Leach family of 99 Reeb-av, spent their vacation by visiting Niagara Falls, through it was nip and tuck whether they would get to go for awhile. Someone "dived" on top of daughter Diana, at the swimming pool, and there were worries of concussion, etc. However, the family was able to continue with their plans, we are happy to report.

A return to health is fervently wished for Mary Goodfleisch, 3224 S. High-st, who has been on the ailing list.

Ye Gadabout has felt like a Cyclops (one-eyed monster in mythology) while writing this column this week. Returning from an outing at Old Man's Save, Rock House and Cedar Falls, something "flew" into our eye and just decided to stay there! However, we expect to survive, per usual. While traipsing through those beautiful Hocking County hills, we saw Clara Mae Browning, 160 Hinman-av, and her lovely daughter, who were also "traipsing".

Ed Borror, 98 E. Moler-st, who has been ailing for so long, had several visitors last week, and news of the visitors will be interesting to many local residents we know. Marion Ely, now of Long Beach, Calif., and Mr. and Mrs. Ray Ely, Florida, and Mr. and Mrs. C. P. Ely, Westerville, were the visitors. Helen, Marion's wife, did not make the trip this time. Marion had visited daughter Evelyn for a week prior to his Columbus visit. Another Ely, Clarence, is visiting in Alaska. How's that for a far-flung family?

Don't know how long Mr. Gedcist will have to remain in University Hospital, but for the card minded his room number was 707 when we inquired.

I. L. Bier, 741 E. Gates-st, will now have time to do all the things he'd like to do, for he has retired after 45 years of service with the Pennsylvania Railroad. We know how Mrs. Bier spends much of her leisure time, for she's our beloved "doll" lady, and we know she's encouraged in this wonderful work by Mr. Bier. Lots of happiness to both fine people.

We are hoping to get the columns written very early for next week's edition, so if you have any news, may we ask you to get it to us as soon as possible? We'll certainly appreciate it. Per usual, the phone is HI. 4-1051, and we are

St. Mary's Will Hold Homecoming Friday

The annual homecoming festival of St. Mary's will be held on the school grounds, 685 Mohawk-st, starting Aug. 16. There will be three full days of celebrating.

On Friday the activities will start with a fish dinner being served from 5 to 7 p.m. The festival will include about 22 booths for the entertainment of every member of the family. There will be refreshments, rides and games. They are going to have pony rides for the kiddies.

One of the chief attractions will be the awarding of a 1957 four-door Chevrolet. They will also give away a G.E. portable TV set Friday at 10 p.m. A big feature will be the awarding of door prizes every hour from 8 p.m. to 11 p.m., both Friday and Saturday nights. The winner must be present at the time of the drawing.

On Sunday, Aug. 18, the activities will draw to a close with a round and square dance from 8 to 12 p.m. in the St. Mary's gym. Music for the dance will be furnished by the Esquires.

All organizations of the parish will take part in this homecoming festival. Father James Haag is chairman of the event, assisted by Father Frank Schaefer as co-chairman.

Playgrounds

Lincoln Park

The City Recreation Department will sponsor a program at Central High School this evening at 7:30. Each of the 59 playgrounds in the city will have a two minute pageant on the theme of "Recreation Through the Ages." The program will be held in the auditorium and the public is invited. Lincoln's phase of the program will be games of early America. The playground will close at 4 o'clock Thursday afternoon.

On Aug. 10 the Junior Olympics were held at the Ohio State stadium. Ron Bell was the big winner for Lincoln Playground, taking first in the 100 yard dash, second in the 220 yard dash, and fifth in the running broad jump. Others who took part in the meet from Lincoln Playground were Bob Reall, Jerry Lyle, Tom Noble, Bill Steward and Sam Wilson.

The children have taken part in a full and varied arts and crafts program under the leadership of Rosemary Noble. Some of the things they have been doing include gimp work, making pot holders, designing and making bracelets, and this week they begin basket weaving.

On Monday, Aug. 5, the second round of Little Jet League play began, and the second round should provide better games. After a week of play, three teams are tied for the top spot, the Dodgers, Indians and the Jets. The schedule for this week included games which may decide the winner of the second round. The games are:

Monday, Aug. 12, Cardinals vs. Redlegs; Jets vs. Indians.

Wednesday, Aug. 14, Cardinals vs. Jets.

Friday, Aug. 16, Tigers vs. Jets.

Thursday's games will have to be played at a later date because of the city-wide pageant.

Schiller

At the annual playground pageant Schiller will present an act of Indian lore in which will be seen authentic Indian games for boys and also dances which were originated especially for girls. These dances are from the Sioux nation.

The playground will close at 4:30 p.m. so that the participants and staff may make last minute preparations.

Karns Park

Bill Slater ended his Little League play pitching a no-hit game as his White Sox defeated the Yankees 3-0. It was a pitcher's duel between Slater and the Yankee pitchers, Gary McCoy and Lefty Lanfair, until the White Sox first baseman, Sitits Freeman, clouted his first home run.

Bob Miller hurled a no-hit game as his Tigers defeated the Orioles 2-0. Not only did Miller pitch, but his big bat won the game for the Tigers when he blasted a double with the bases loaded in the last of the sixth inning.

Other highlights of the week found Joe Britenicker allowing only one hit as his Cub teammates bombarded the Giants 6-0, to put them in a tie for first place.

Pat Parker allowed only one hit as the league leading Phillies blasted the cellar-dwelling Pirates 16-0.

In the All Star game played at Karns Park the National League All Stars defeated the American League All Stars 12-1. Three National League hurlers combined their talents to hold the American League All Stars hitless. The three hurlers were Mike Tigyer, Bob Frost and Joe Britenicker. Roger Harper was the only one to score for the American Leaguers as he reached base on an error and stole second and third and scored on a fly ball to the outfield. The big hitters for the National Leaguers were Bobby Frost and Rocky Roshon.

The Karns Intermediate Softballers are now in the city playoffs after defeating Livingston 13-6 and Fornoff 17-10. The Karns team is undefeated going into the playoffs.

Church Softball Leagues

The Monday Junior League drew to a close in the South Side Branch YMCA Church leagues with Washington EUB taking top honors. Livingston Methodist was their last victim as the Washington team won, 19 to 5. St. Leo turned on the heat in their last game to defeat Oakwood Methodist 32 to 1.

Monday Junior Standings

	Won	Lost
Washington EUB	III	0
St Leo	7	3
Livingston Methodist	6	4
Thurman Methodist	5	5
Oakwood Methodist	2	8
St Paul Lutheran	0	10

The Intermediate League doubled up last week with each "B" team playing two games. The "A" section continued as usual with one game each, including South Methodist's defeat of St. John E&R, 11 to 10. Larkin O'Neil and Harold Pell poked out home runs for the winners. South Methodist's win made a three-way tie in the "A" section which will be played off this week for the championship. Emmanuel Lutheran just did it by winning over St. Paul E&R, 12 to 11. Monday, Oakwood Methodist defeated Hungarian E&R, 7 to 2, to hold on to first place in the "B" section along with Livingston Methodist. John Justus hit a home run for Oakwood. Tuesday, the Southwood Church of Christ lost to Livingston Methodist, 6 to 4, in a thriller all the way. Washington EUB forfeited to St. Paul Lutheran because of lack of players.

The one Wednesday game ended in another forfeit for Washington EUB as not enough players showed up and Livingston won another one. Thursday, Southwood Church of Christ found the range and bombarded Hungarian E&R with six home runs, three of which were by Don Dicke. Don Hoke, Dan Bayes and Frank Meadows came up with one each. Oakwood Methodist took over St. Paul Lutheran, 17 to 8, to make for a championship game this Thursday between Oakwood Methodist and Livingston Methodist.

He also stated that the World Series will be in color this year for at least the first two games and if a Middle-West team makes the series, probably all games will be in color TV.

Poison Available At Control Center Information On

A new, 24-hour poison information service, designed to offer immediate, accurate information about various poisons as well as ingredients of all household products, is now in operation at Children's Hospital.

Doctors and hospital emergency room staffs may call the Poison Control Center at any time, on a special telephone, and receive information that may save a person's life.

Ingredients of all common, new and rare household drugs, solutions, poisons and other compounds, as well as the degree of poison and recommended antidotes are on file.

The new center is a project of a joint committee of the Metropolitan Health Council and the Columbus Academy of Medicine, using private contributions.

58 Girls Attend South Side 'Y' Softball League Party

Tuesday, Aug. 6, saw some 58 girls from the South Side Branch YMCA Church League journey to Y Park for their annual party following the season.

Early in the evening a group of all-stars from the league played St. John E. and R., the "B" champs, and won by a 19-5 score.

But the evening was spotlighted by eats and the presentation of the trophies by H. V. "Cap" Hoover, executive secretary of the South Side Y. Mr. Hoover gave a short talk on the values of sportsmanship and appreciation to the managers and officials who helped make the league possible. Trophies were presented to St. Leo and St. John E. and R. for their achievement of being league champ. More important was the presentation of the team sportsmanship trophy to St. John E. and R., who displayed the best sportsmanship throughout the season by vote of the league managers.

The individual sportsmanship winners were presented awards next. They were selected by their teammates for good sportsmanship throughout the season, on the field and off. Winners were Bonnie Lupfer, St. John E. and R.; Marilyn Metzger, St. Paul E and R.; Pat Toberon, Oakwood Methodist; Suzanne Miller, St. Leo; and Sylvia Lyon, Southwood Church of Christ.

Businessman Says Parties Share Blame

"I charge both political parties with contributing to the indifference that marks our shameful voting record," said Oscar L. Fleckner, Columbus businessman and past Lt. Gov. of the old 8th Division of District Kiwanis, as he addressed the dinner meeting of the West Franklin Kiwanis Club at the Colony Restaurant recently.

"In the 1956 presidential election, according to the American Heritage Foundation, an organization that promotes good citizenship, only 64.9% of Ohio civilians old enough to vote went to the polls," Mr Fleckner pointed out He stated further, "the average of all states was 60.7%."

"The right to vote took a real beating, however, in the Ohio 1956 primaries. A mere 1,222,463 voters, or only one-third of those in the general election, kept their appointments with the ballot box," continued Mr. Fleckner.

"Now is the time, I believe, for political parties to take a realistic inventory; to assume the solemn responsibilities of leadership; to shake off namby-pamby attitudes; and jolt indifference with at least a few clear-cut issues," Mr. Fleckner declared.

Mr Fleckner explained his belief by saying, "Winning an election has become more important than boldly, and courageously, taking sides on vital issues. The test of 'right or wrong' has given way to circus-like contests of popularity. Simple, straightforward platforms have yielded to double talk designed to avoid conflicts and, I suspect, to keep the roads open for future 'weaving in and out for purely political expediency. Politicians are unusually sensitive to how much or how little the public demands. They have learned that the Henry Clays and their 'I would rather be right than be president' are campaign fodder. So they cater to our indifference and coat the pills of bitter facts with as much sugar as the patient demands.

ODDS ARE AGAINST YOU

If you had 18 million dollars, would you bet it against one dollar that you could toss a ball in the air and catch it? Of course you wouldn't. The odds are all out of proportion to the risk. But how about this: The average adult of 35 has some 18,408,600 minutes yet to live. Every time he takes a chance behind the wheel he gambles all his remaining minutes. The Safety Council of The Columbus Area Chamber of Commerce says—don't gamble on the highway!

Indigestion — The failure to adjust a square meal to a round stomach.

Insomnia — A sad condition in which you can't sleep when it's time to get up.

The greener the leaf in a leafy salad, the greater its nutritive value.

In the very near future men will eat baked beans and say: "Ah dear, these are just like those in the cans mother used to open."

Farmers, City Dwellers Converge On County Fair

GRANGE SPONSORED. Arthur Price (left) and Gaymond Wright place the Hilliards Grange sign atop the concession booth located near the center of the midway at the fairgrounds. The grange operates two booths at the affair where various ice cream treats are prepared for the fairgoers. Many other organizations take part in the fair from all parts of Franklin County.

EARLY ARRIVAL. Among the first area 4-H members to place their stock in the Junior Fair Building at the Franklin County Fair this week were Ralph Ridge (right) and Jim Hoover, both of Canal Winchester. The boys plan to enter stock in the cattle sections of the Junior Fair. Entries in the State Brown Swiss Show have crowded the fair area

Countians Place Aside Week To Take Stock Of Own Work

All eyes in the area will be turned this week to the Franklin County Fair which is already in progress at the Hilliards fairgrounds and will continue through Saturday.

Busy days are ahead for the exhibitors and county fair-goers who still have three days to watch the pets and projects of the district pass in review at the biggest area local participation show.

Highlights of the Thursday activity are the Triple-T 4-H Horse Club Show scheduled in front of the grandstand in the afternoon and the Ohio Brown Swiss Show which gets underway in the early morning.

A $10,000 harness program has been lined up for the fair week by the speed committee of the agricultural society. Eight races will be run each evening, divided evenly between the pacers and the trotters.

Special attention has been taken by the fair planners this year to make the grounds more pleasing to the spectators. The area has been completely sprayed to kill flies.

Picnic Tables

Picnic tables have been placed in the park area for families that plan to spend the day at the event. Food and other concession stands along the midway will be open throughout the event.

Art Price, a member of the agriculture society, estimates that this year's fair is approximately 30 per cent larger than last year's show. "We have a bigger show on the midway," Price said, "and entries in the Brown Swiss Show are crowding our barns."

Eliminations in the safety speaking and 4-H Agricultural Demonstrations will be held Friday evening to determine who will represent the county at the state fair set for later this month.

A tractor pulling contest and the Junior Fair Livestock Auction are features of the Friday afternoon show. Round and square dancing will take place on each night of the event.

Youth Day

Fair officials have decided to continue their practice of turning the last day of the fair over to the youngsters. Features of the program will be a safe driving contest, tractor rodeo, Junior Fair Frolics, float parade and parade of livestock.

Anyone that is looking for something to watch should make the Junior Fair tent his headquarters. According to Jim Mills, associate Franklin County Agriculture Extension Agent, the Junior air tent is always busy with activity.

A large variety of interests and curiosities may be satisfied by touring the fairgrounds. Displays are available in many fields including photography, animals, foods, grains, garden clubs and 4-H clubs.

Entrance to the fairgrounds is fifty cents. Auto parking is 25 cents. Both bleacher and grandstand seats sell for fifty cents with box seats going for one dollar. An economy family ticket is available for three dollars.

The honeybee—and it's a "she" if it stings—leaves a stinger in her victim. When she stings she dies, because leaving the stinger tears away part of her body. In contrast, females of the wasp, hornet and yellow jacket can sting again and again.

To Demonstrate At County Fair

Westinghouse Electric Co. will demonstrate their "Speed-O-Light" Electronic Range at the Franklin County Fair at Hilliards, Aug. 14 to 17.

Instead of using heat this electronic range cooks with high frequency radio energy which travels at speed of light. This microwave energy produces heat in the food not in the range itself or in the utensils. The food absorbs the heat while the range or cooking utensils reflect it and do not even get warm. The end result is that the electronic range produces hot and flavorful food in a cool atmosphere, in cool utensils, in a cool range.

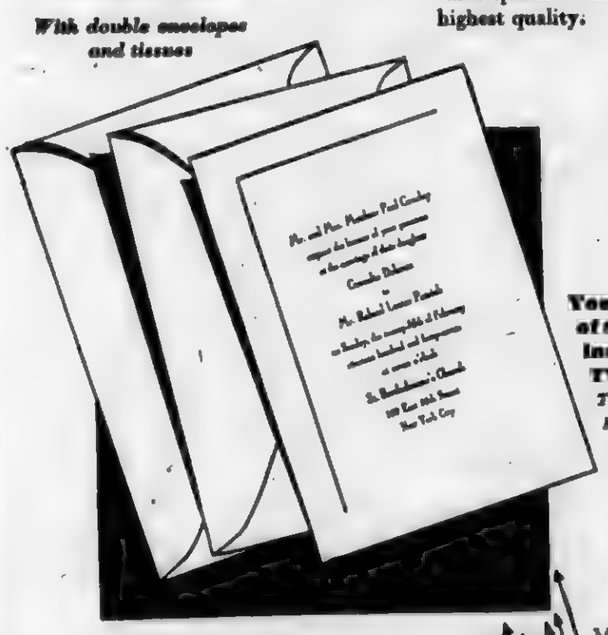
They will also have on display their new 22-inch rectangular tube color television. These displays and demonstrations will be at the Rife Hardware tent.

Logs from pruned tree stands suitable for quality sawn lumber or veneer have two to three times the value of those from unpruned stands, according to Ohio State University extension foresters.

What Makes Swim Pool, Officials Ask

An investigation was started Tuesday by Prosecutor Samuel L. Devine to determine the legal definition of a swimming pool after the owner-operator of Mapel Shades, 1506 Demorest-rd, said he needs no pool license.

The area is operated as a picnic grounds and is not advertised for swimming according to owner James Vornberger. Evelyn Sayre, 4, 30 S. Princeton-av, drowned at the pool Sunday.



Request for the investigation was made by Dr. Robert A. Evans, county health commissioner, after he and Sheriff Stacy Hall visited the site Tuesday. Besides not possessing a permit, Vornberger was also in violation of a law which requires a filtration plant for a pool.

Water in the pool is cloudy and fed by a well, according to officials. Vornberger says the cloudiness is due to iron and powdered chlorine which is placed in the water. Weekly tests are made on the water and the pool is vacuumed regularly, Vornberger said.

Like To Talk Swap? Here's FREE Golden Opportunity For All Readers

How many times have you looked about your house and found any number of very useful items that you are no longer using that perhaps someone would like very much to have?

Right now as you read these lines some such items come to mind.

Well, the South Side Leader has a real fine offer that will help you and some other subscriber. It is our job to get you together . . . and make a SWAP . . . and the fine part of it is that it costs you absolutely NOTHING!

Yes ma'am, starting this very next week this newspaper will run FREE SWAP ads in our papers . . . FREE to any paid subscriber of this paper or any of the Hartley Newspapers.

This is a public service that should prove extremely valuable to a lot of people and at the same time be one of the most interesting features of this paper for a long time.

Until further notice FREE SWAP ads will be run for paid subscribers to this paper if they will merely abide by a few simple rules:

1. Ad copy must be mailed or delivered in person to the SWAP editor, Hartley Newspapers, 2465 W. Broad-st.

2. Copy received by Monday evening will be printed that week.

3. The newspaper reserves the right to edit or reject any ad copy.

4. Any legitimate item may be advertised except real estate or autos.

5. There must be no mention made of price. The exchange must be on a strictly swap basis.

6. Each ad must contain the person's name, address and phone number.

7. No swap ads will be accepted over the phone.

8. Person inserting the ad must be a paid subscriber to one of the Hartley newspapers. Copy should state what paper you subscribe to.

Or perhaps you have a kitty you would like to swap for a dog.

Maybe someone would like to swap with you for that old set of golf clubs you no longer [illegible]

There are hundreds of items that will come to your mind. Start now by sending in an ad to the SWAP editor.

Remember, if you want to sell something for money, send your ad along to the classified department of this paper for good quick results at a very low cost.

Watch the classified section of this paper next week for the first appearance of the SWAP column.

Wonderful People

Yes, there are many wonderful people. In fact,there are so many that individual acknowledgements of "get well" or "goodwill"cards while in the hospital and, later, at home are impossible. There are so many people who are so very kind and thoughtful that my biggest "thank you" can rank only as big as a tiny wisp of wind in a big twister. For you and you and you, and on and on, please let this be my personal THANK YOU for just YOU!

A Question

Has it come that a blank stare and distorted hair cut mark the erudition standard of the day?

Bong! Bong! Bong!

Travelers in the Africa that is jungle will instantly recall some of the "bong" heard in the big "dark continent." There have been times when the traveler stood in awe of that sound. It had no good intent in it. Other times it might be just a ceremonial affair, but still did not justify uncautious proceeding. Of course, that was uncivilized conduct and there's a big difference between the African bong! and our home product—the home product having no observable justification.

"Good Intent" Mediers

Several young men illustrated the fact that firemen are better firemen than are the best-intentioned amateurs when they both helped and hindered in subduing a fire at 499 E. Whittier-st, last Friday morning. One of these kicked a door in, letting air reach the flames, increasing the hazard firemen had to battle. "Good intentions" are no guarantee of good results.

Let's Help!

In my away period there appeared on this page a story about the Heart Fund taking orders NOW for Christmas cards. Those who need heart help most and have the least for filling their needs are helped by the research work provided by the Heart Fund. YMCA Church Leagues End; Sportsmanship High

Softball closed for 1957 in the South Side Branch YMCA Church Leagues as the Intermediate League finished up last Thursday. The season was acclaimed a good one by Y officials, who said good sportsmanship and good play were shown by all teams in all leagues.

The last week of play was spotlighted by Emmanuel Lutheran, winning the second round to take undisputed championship of the league. Tuesday night they broke the three-way tie by beating South Methodist, 13 to 8. Wednesday night the championship was won by Emmanuel, when they won a thriller from St. John E and R, 12 to 8.

The "B" section of the league was taken by Livingston Methodist as they beat Oakwood Methodist, 14 to 3, to break a tie and win the championship. Don Nunn's pitching for Livingston was the main spark for the winners. Other games ending up the season were between Southwood Church of Christ and Washington EUB, and Hungarian E and R vs. St. Paul Lutheran. Southwood Church of Christ won its last game, 13 to 4, and Hungarian E and R did likewise, defeating St. Paul Lutheran, 15 to 14.

Standings for the Intermediate League were issued as follows:

"A" Teams

Emmanuel Lutheran	3	1
St. John E and R	2	2
St. Paul E and R	1	2
South Methodist	1	2

Fishing Derby On Saturday

Tom Crawshaw, director Schiller Park Recreation Center, on Monday, announced plans and regulations covering the Fishing Derby to be held at the park this Saturday, Aug. 24, 11 a.m. to 3 p. m.

"It's to be a rain or shine affair," the director said, indicating that true fishermen are never, never "stalled by bad weather."

Four Hours

Adequate time has been allowed for everyone to do a big "catching" job, it was said, the derby period running from 11 a. m. until 3 p.m., according to Director Chawshaw, who added that this gives a four-hour period in which everyone will have a full half-hour to win the prizes which have been donated.

Eligibles

The director said that the elegibles in the area constitute a very large number of boys and girls, the eligibles being South Side boys and girls of 14 years and under. The contestants will be divided into age groups, Director Crawshaw said. One group will contain children 10 years of age and under and the other group will consist of boys and girls 11 years old and under 14 years of age.

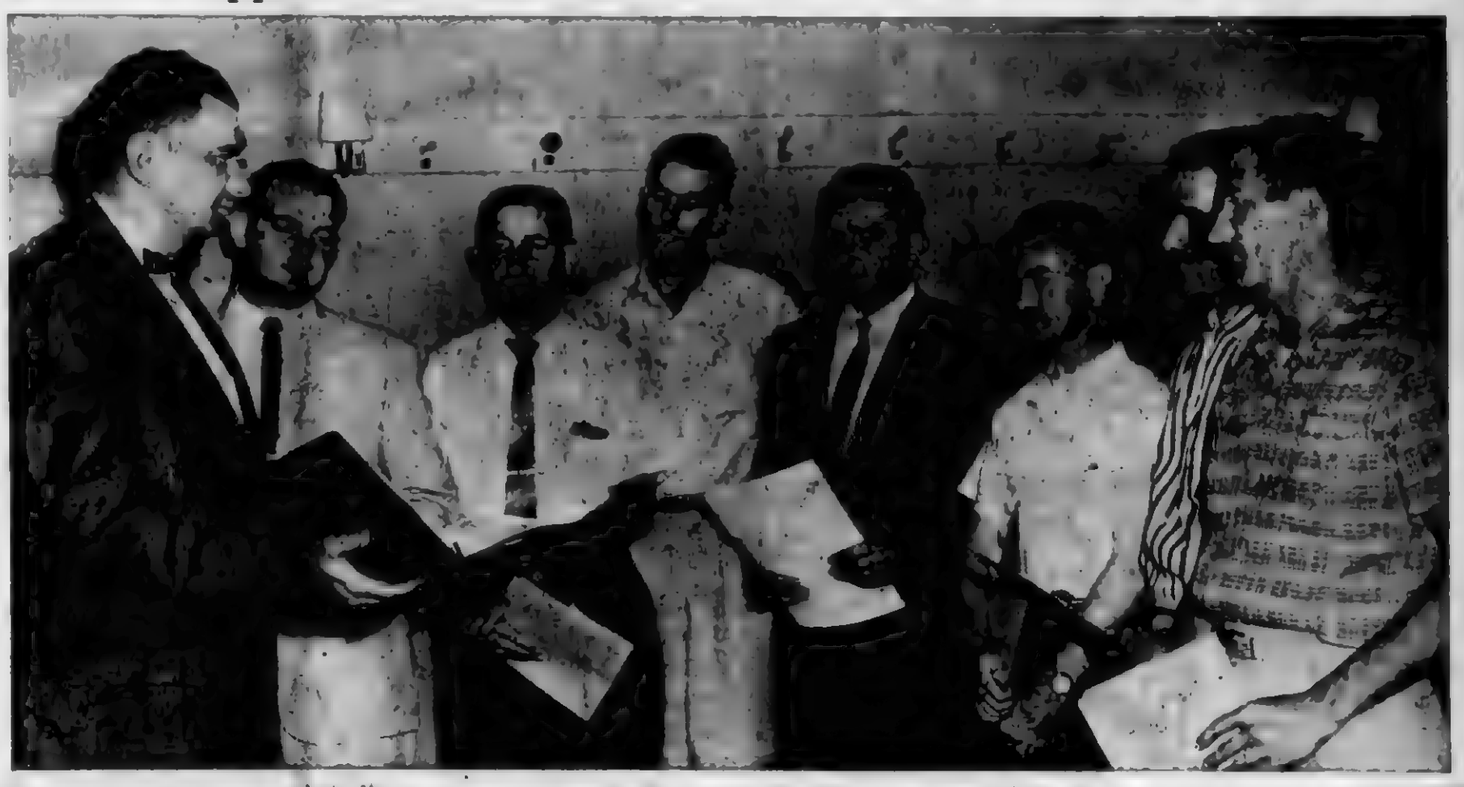
Still fishing only will be the order of the day, the director announced.

Prizes

Contestants must furnish their own pole, line and bait. Casting will result in being banished from the contest.

Prizes will be awarded in each of the four contest groups for the following classifications, the announcement stated: the longest fish, the smallest fish, and the fish weighing the most. There will be 12 prizes in all, six for boys and six for girls. The prizes will consist of fishing rods, casting equipment, land nets, lines and lures, flashlights, bicycle horn, bicycle light, haircuts.

The director said the prizes have been donated by the following South Side merchants: Swingle's Hardware, Thurman and Jaeger; Bargain Surplus Store, Nelson and Livingston; Southside Cycle Shop, 1175 Parsons-av; Calvins Barbership, 432 Hanford-st; Martin's Bike Shop, 1630 Parsons-av; Heil and Scheiderer Hardware, 1683 Parsons-av, Schottenstein's Dept. Store, 1887 Parsons-av, and the Scioto Fish and Game Preservation Club.



The Committee

The Schiller Advisory Council is sponsoring the contest and the following committee has been placed in charge of the event: Mr. and Mrs. Neil Hummel, Mr. and Mrs. Robert Rickard, Mr. and Mrs. Raymond Leddy, Ed Coburn, Ed Brand and Mike Milenshnick.

Zoo Trip Ends Season

Over 30 children from Southwood Playground turned out to go to the Columbus Zoo, Aug. 6. A school bus was provided by the Columbus Board of Education to make the trip. The children were accompanied by playground directors Norman Preston and Lois Lyons

United Appeal Volunteer Workers Receive Instructions And Material

Receiving instructions and materials, South Side volunteers prepare for their portion of the UA campaign. Shown, from left, to, right, are Edward M. Dawson, Jr., Metropolitan Division chairman; John Maloney, Charles Mileusnich, Felix Pedon, William Yoli and Robert Bender.

Local leaders from the South Side United Appeal campaign met at the Swan Lanes Restaurant recently to discuss the solicitation of small businesses in this area, and hear Chairman William Santanich urge the encouragement of small businesses to participate in the annual campaign.

Chairman Santanich pointed out that five United Appeal agencies are located in the South Side area and that South Side residents receive services from many more UA supported agencies. He also said that many residents sometimes do not realize that an agency is connected with United Appeal.

Metropolitan Division Chairman Edward M. Dawson, Jr., emphasized giving all businesses an opportunity to give to the campaign as opening the road to a more successful campaign. He also pointed out that in order to meet the health, welfare, and recreation needs of the community, it is essential to meet the $3 million goal this year. "Without these funds, we cannot possibly hope to meet the bare essentials of our community needs. This is not something that it would be 'nice' to have. It is a must for the combined welfare of every resident in Franklin County."

This year's goal is 3½% higher than last year's which was missed by seven per cent.

Captains for the South Side campaign are John Alexander, Robert Bender, Thomas Duckworth, John Maloney, Anthony Maricevich, Charles Mileusnich, Felix Pedon, Doctor Pfefferle, Alvin Schottenstein and Anthony Yoli.

UA agencies located in this area are Southside YMCA, St. Stephens Community House, South Side Day Nursery, South Side Settlement House, and the YMCA's South Side Community Center.

Damage was estimated at about $3,000, not counting the damage by water to stock and building.

Owner Robbins told the Leader that he hopes to be open quite soon. At the present time the business doors are closed while workmen clear the premises and restore the building to its usual first-class shape.

Principal Urges, Go To School!

H. D. Swain, principal of South High School, has issued an appeal to all high school students in this community to return to school in September and continue with their high school education.

All youth who are not high school graduates and not making plans to complete their high school education should study these facts published by the U.S. Department of Health, Education and Welfare, Principal, Swain said.

"Young people who drop out of school hold many more of the low paying jobs than high school graduates do.

"Finding a job is more difficult for the non-graduate.

"The non-graduate doesn't earn as much as the graduate.

"Most good jobs today require a high school diploma."

The office of South High School will be open every day next week from 8:30 a.m. until 4 p.m., the statement said. New pupils will be registered Monday and Tuesday, Aug. 26 and 27.

All high school pupils who have moved into the district during the summer and all other pupils now enrolled are urged to visit the office at South on one of the above dates New pupils should bring their report card from the last school they attended.

The butter cow will be back to greet 1957 Ohio State fair visitors Aug. 23-30.

Other dairy products features this year include judging contests and displays. In one contest, individuals will compete in judging dairy products. In another various dairy products will be exhibited and judged by experts on the basis of quality.

A special cottage cheese clinic and contest will be held. The purpose of this program is to permit cottage cheese makers throughout the state to improve the quality of cottage cheese. Also they will be eligible for prizes, Koval says.

Practical Nurse School Open For Fall Term Signups

Applications for enrollment in the fall semester class of the Practical Nurse School of Columbus and Franklin County are now being received at the school, it was announced today. The new term will begin on Monday, Sept. 9.

The course lasts 12 months. From the time a person enters the school until she is graduated and receives her diploma, her time is divided among lectures, demonstrations and practical experience under qualified instructors in well-equipped classrooms and hospitals.

The first four months—or pre-clinical—training is spent in classes at the school, which is located at 1414 S. High-st. The other eight months are devoted to clinical experience, which is given in the affiliating hospitals.

In addition to learning nursing skills, students are given training in body structure and function, convalescent patient care, nutrition and family living, personal and vocational relationships, and personal and community health.

Graduates may work in private homes, hospitals, or institutions under the direction of a licensed physician or a registered nurse.

Applicants for admission must be between the ages of 18 and 50 and in good physical and mental health. Two years of high school are required of applicants over 25, and a high school diploma of those under 25.

For residents of Franklin County, the one-year course costs slightly more than $100, the exact amount depending upon incidental costs.

The total fee takes care of tuition, books, uniforms and graduation pin. During the eight-month period spent in the hospitals, each student is paid a stipend for her services.

The Practical Nurse School of Columbus and Franklin County is approved by the State Board of Education and is accredited by the National Association for Practical Nurse Education.

The school is operated by the Columbus Board of Education and is supported through funds from the Trade and Industrial Division of the State Department of Education, the Community Chest of Franklin County and affiliating hospitals.

Ruth A. Nighman is director-coordinator of the school. Further information may be obtained by calling the school at HI. 4-6040, or directing correspondence to Mrs. Nighman.

Dear Son

By Joseph Martell

Chittlin' Switch Saturday Night

Dear Jason,

Lots of news about the family since I wrote you last week.

Your Uncle Lushmore has been buzzing around Maude Flange. Last week he got courage enough to ask her for a date and she accepted him. Maude has hair that grows all the way down her back — too bad it doesn't grow on her head. Well, anyway, Lushmore needed a little encouragement. He stopped for a few brews and finally ended up at Maude's place empty handed. She told him that all her other boy friends usually brought her candy when they came to call. Lushmore told her he didn't see her passing any of it around.

Your Paw and Lushmore are now operating the still again since the revenuers are all on vacation. Right now they've concocted something they call a Bullfrog Cocktail. Drink a little, hop a little and croak. Lushmore has never been the same since your poor Aunt Sadie fell in that barrel of Jergens lotion and softened to death.

I'm about ready for the happy house what with putting up with your Grandpaw lolling around the house all day. He hates your Paw and Lushmore and any form of liquor. Grandpaw's motto always has been: "Down With Liquor." He downed more liquor than anybody else in his day. Now since Gramps has quit drinking the hard stuff he drinks gallons and gallons of water every day. Then he sits in his rocking chair and sloshes around. Sometimes I don't think I'm really legally married to your old man. I still don't think Grandpaw had a permit to carry a rifle.

I guess I've given you all the news except about your sister Chlorine. She's now 13 and at the age where she realizes that her legs are something more than to slip into a pair of nylons. She went to the beach with that young Vermin Tazzle a few hot days ago and Vermin was teaching her how to swim. The lifeguard came along and made them both get in the water.

She put a penny in one of those weighing machines and the card came out saying: "You are trustworthy, modest, shy and pure." It got her weight wrong, too.

Well Jason, guess that's all the news I have for now. Oh, yes, I was down town the other day to the radio studio and got picked to go on one of those quiz programs. The quiz man told me I'd win an electric washing machine if I could answer his question. He asked me: "What's a Grecian urn? It seems that "about $25 a week unless he owns the restaurant" is not the right answer. I'm still using the wash tub.

Write soon,
Your loving, MOM

Broadway Musical Introduces New Westinghouse Line

With a cast of Broadway singers and dancers, the musical "The Shape of Tomorrow" opened a two-week stand here Monday at the Westinghouse Appliance Division plant as a medium to introduce the company's new appliance line to over 2,500 distributors and dealers.

"The Shape of Tomorrow" is the theme of the new appliance line being shown for the first time to dealers and distributors throughout the country. According to John W. Craig, vice president of the Westinghouse Electric Appliance Divisions, the current introduction of the 1958 appliance line is the biggest endeavor of its kind the company has ever attempted in one city.

Highlight of the show will be the first showing of the completely new concept of appliance design "The Shape of Tomorrow," in a program interwoven with song and acting. Included will be the line of refrigerators, ranges, laundry equipment and dishwashers.

What a grand time we had at the pageant. It was exciting and colorful fun! Smith Road participated in that portion of the program entitled "The Story Time of U.S.A. Representing the various story characters were the following: Christine Battiger, Debbie Hackett, Nancy Stecker, Diane Waibel, Ruth Ann Waibel, Karen Huntley, Christine Butler, Norma Frey, Joann Gartin, Carol Anthony, Elizabeth Conaway, and Candy Hackett. Mike Huntley and James Gartin were the stage men.

3 South Side Men End Basic Study

Three soldiers from the South Side recently completed eight weeks of basic combat training under the Reserve Forces Act program at Fort Knox, Ky. Men volunteering for the six-month RFA training are permitted to finish their military service in local army reserve or national guard units.

Pvt. Arthur W. Ballenger, son of Mr. and Mrs. William A. Ballenger, 350 E. Beck-st, entered the army in June, '957.

Pfc. Thomas F. Woodyard, son of Mr. and Mrs. James A. Woodyard, 750 S. Champion-av, is a 1957 graduate of Columbus South High School.

Pvt. Clyde A. Walker, whose parents, Mr. and Mrs. William Anderson, live at 411 Livingston, entered the army in June, 1957.

S.S. Playgrounds Take Part In Recreation Pageant

Deshler playground representatives were, left to right, Sharon McKitrick, Billie Chapman, Karen Pinkerman, Laurita Straub, Sharen Boquist, Karen Boquist, Sharen Tack and Barbara Moore.

Schiller representatives were, standing, left to right, Larry Cook, Herbert Patterson, Curtis Marcum, Robert Archer, Susie Crawshaw, Patti Crawshaw, Sharon Faley. Seated, left to right: Ralph Archer, Tom Faley, Jack Archer, Cassandra Latella, Theresa Latella, and Barbara Skeen.

Karns playgrounds representatives were, left to right, Anne Reinler, Charleen Haag, Carol Machowski, Ruthanne Haag, Peg Meiser, Nancy Miccio, Dorothy Davies, Joan Lantos, Linda Parsons, Elizabeth Hope, Nancy Martin.

An overflow crown marked the giant pageant presented by the Columbus Recreation Department at Central High School, Aug. 15, including Deshler, Schiller, and Karns Playgrounds.

The scenes in the pageant depicted eras since the time of the cave man and brought the viewers down to the present time with a look at the military on Mars.

The overflow crowd had a large number of South Side people, all interested in the annual event. A total of 59 playgrounds throughout the city participated in the pageant, it was announced by the Columbus Recreation Department.

Hunting Licenses To Be Available In Near Future

Harry F. West, chief of the accounting and budget section, Ohio Department of Natural Resources, has announced that hunting license agencies throughout Ohio are receiving their initial supply of 1957 hunting licenses and digests.

According to West, all areas of the state will have an adequate number on hand before the September 1 deadline, time for the new license to become effective.

The hunting license is effective from Sept. 1, 1957, through August 31, 1958. The resident hunting and trapping license costs $2 plus the 25 cent writing fee.

It is required of all persons hunting and trapping who have resided in Ohio for six months or more preceding date of application for license, except that the owner and children of owner of land and the tenant or manager or children of tenant or manager, residing on such land, may hunt or trap thereon without a hunting and trapping license.

Cost of a non-resident hunting and trapping license is $15 plus the 25 cent writing fee. It is required of all persons who have not resided in Ohio for a period of six months or more next preceding date of application for license. Members of the armed forces while on active duty are not required to have a hunting or trapping license.

In the event a sportsman loses his hunting license a duplicate hunting and trapping license is obtainable only from the clerk or agent who issued the original license. The cost is 50 cents. A duplicate license is issued only if the original is lost, stolen or destroyed.

As a result of recent legislation enacted by the 102nd General Assembly which provides for a free fishing license (after September 17) to Ohio residents 65 years or over who receive financial assistance from the Ohio Division of Aid for the aged, the Division of Wildlife has had numerous calls inquiring as to whether or not this would apply to hunters.

It should be pointed out that this law does not affect hunters and therefore persons 65 years or over who receive financial assistance from the Ohio Division of Aid for the Aged and who hunt in Ohio must purchase a hunting li-

Summer Reading Club Nears End, Staff Reports

"Have you got your suitcase yet?" This is the $64,000 question many of the South Side small-fry book borrowers at Parsons Library have been asking each other for weeks. Now, as the Summer Reading Club nears the closing date of Sept. 14, the race against time is at fever pitch, according to the library staff. Of the 750 members who joined the World Tour via Books, the largest summer reading membership Parsons has ever had, 200 have finished and an additional 150 are nearing the goal of reading 16 books. The youngsters are receiving encouragement from all sides, it was said. The proud owners of completed suitcases have decided first, to show it off to their friends, then, take it to school for more approval, and finally to hang it on the bedroom wall.

Whatever the children may do with the suitcases, they have earned the praise of the library staff for their time and perseverance in the Summer Reading Club and Parsons Branch Library staff, they said, is proud to take their hats off to all the members."

This Man Has Choice Fishing Right In His Own Back Yard

CLOSE-TO-HOME FISHING . . . Jack Murdock admires a nice smallmouth caught near his home in Little Darby Creek.

Ted Saunders, of West Jefferson, is one fisherman who doesn't get excited about going north to catch fish. This is late in the vacation season, and many anglers are still hitting the trail for Michigan, Wisconsin, Ontario, Quebec, and points north. But not Ted, he doesn't even get in his car to go fishing. Saunders operates Ted's Garage, and he fishes in the gravel pit right back of his house and garage. Ted catches his fish from water that most of us pass up on our way to the "good fishing."

Ted says that when he first located by the gravel pit several years ago, few people fished that portion of Little Darby. He started to catch catfish, including a few 13 pounders, and the word got around fast. Two summers ago he took 64 catfish, and it got so that other fishermen followed him and fished beside him wherever he fished. Ted doesn't mind this too much, for he enjoys showing beginners where and how to fish.

Not many of us, of course, have a choice fishing spot right back of our houses. But people in this section of Ohio are fortunate in having good fishing waters nearby — there is Deer Creek, the two Darbys, Madison Lake, Delaware Lake, Hoover Reservoir, Whetstone Creek, and many farm ponds. You do not need to travel great distances to find good fishing. Streams especially are neglected by anglers, simply because they are close to home. Once you are out of sight of a bridge, you seldom encounter any fishermen. There are stretches of Big Darby that I'll bet aren't fished for smallmouth bass a dozen times a year.

Sure, part of going fishing is taking a trip, seeing new sights, and getting away from it all. This is fine for your vacation, or for two or three weekends a year. But for that free afternoon or evening, close-to-home fishing will fill the bill.

Right now is a good time to fish for catfish, and Ted Saunders has a couple of lunkers located that he's concentrating on. He usually fishes at night, especially for catfish, and he uses smelt for bait. The types of bait that can be used are many and varied, ranging from soft craws to laundry soap. Shrimp, nightcrawlers, minnows, and soft craws are some of the best producers of channels and shovelheads. Ted subscribes to the theory, "To catch large fish use a large bait."

Toss your gear in the car one of these evenings and head for the nearest lake or stream. Throw in your line, and as dusk settles, light a lantern or build a small fire. The katydids will serenade you this time of year, and maybe you'll get a glimpse of a secretive wood duck family. And the chances are mighty good that you will catch some fish.

National Honor Won By Southway Post 144

Southway Post No. 144, 874 S. High-st, American Legion has been cited by American Legion National Headquarters in Indianapolis, Ind., for outstanding service to children and youth.

Announcement of the citation was made by George Kochensparger, commander of Southway Post. The commander gave much of the credit for winning the award to Joseph F. Baumbusch, who is child welfare chairman of the post.

"Child welfare is one of the American Legion's major programs," Commander Kochensparger said. "and we are proud that our efforts have been honored in this way."

The Presentation

The citation was presented to the Post by Department Child Welfare Chairman Robert Nitsche. It is personally signed by American Legion National Commander W. C. Daniel, National Child Welfare Chairman David V. Addy, National Child Welfare Director Randel Shake, and by State Child Welfare Chairman Robert Nitsche.

All American Legion Posts are required to submit an annual report of their work for children and youth. Among the activities listed by Post Commander Kochensparger were these: contributions to Cerebral Palsy, Boy's Town, Franklin Village, St. Vincent's Orphanage, Retarded Children, Polio, Police Benefit Fund, Crippled Children, Junior Baseball Sons of the Legion, and a Christmas party for 400 children.

It was on the basis of this report that Southway Post No. 144 won the citation for outstanding service during the past 12 months.

This is the second consecutive year that Southway has won the citation.

Fleeting Visitor

A fleeting visitor just passed through — a wisp of Mr. Wind on his journey from the North Pole to the discomfiture of the warm-weather loving editor. He deaccelerated just enough to throw this tantilizing thought my way: the coolness of the morning is indicative of the shivers coming my way within a few short weeks. Then, with a flip of his fingers he tossed an extra chilly breeze at me and went on his way. If only the fires of Hades could temper the winter winds! However, great coat, top coat, other winter wear are under annual overhaul getting ready—b-r-r-r.

A Picture for Remembrance
THE DEDICATED purpose of every funeral director is to make the final hour of parting one that will bring comfort of mind — to create a Memory Picture that will live through the long years ahead. This is the reason for the beauty of the caskets, the soft lights and music, the flowers and the evidence of tenderness and reverence in the service. We have dedicated our chapel to this high purpose.

The Gadabout

Priscilla LaRue Lenox
HI. 4-1051

If today's column seems a little brief, there's a reason. The "Irishman" and ye Gadabout enjoyed a few days of Michigan hospitality, so the wordage was assembled earlier than usual. This makes for a short column, but we hope you won't mind.

First off, we see that Marge Grissom's birthday will be an event of tomorrow, Friday, Aug. 23, and that she and Harlan will celebrate a wedding anniversary on Aug. 29. On both counts, congratulations!

Mrs. Katharine Barnes, 889 Gilbert-st, is on the ailing list. It would be mighty kind to send her a card or perhaps visit her.

The birthday list for "younger fry" . . . Delores Atkins, 1951 Gantz-rd, Aug. 24; Connie Rutherford, 48 E. Welch-av, Aug. 25; Carol Duncan, 102 Woodrow-av, Aug. 24; Jimmy Dayton, 248 Morrill-av, Aug. 27; Maria Hinzey, 348 E. Moler-st, Aug. 27. Robert Clark, 1463 S. Wall-st, Aug. 22; Linda MaConce, 99 Woodrow-av, Aug. 28; Sandra Matheny, 34 Markison-av, Aug. 26 Diana Harlor, 84 E. Moler-st, Aug. 27; Phillip Ikehorn, 212 Welch-av, Aug. 22, and Jay Young, 125½ E. Moler-st, Aug. 25.

An August wedding date in the years to come will be that of Donna Mae Contizano, 138 N. Huron-av, a West High graduate, and Richard Poston, 658 S. 18th-st, who received his education at South High School. Two other former South High students who will be exchanging their vows very soon are Amelia Petrasia, 1632 Parsons-av, and Richard Jones, 317 Moler-st. The wedding will take place Aug. 24 in South Methodist Church.

Perhaps you missed this little tale in your reading, so bear with us while we repeat it. (It's supposed to have happened! One of the representatives was proud that one of his New England ancestors was hanged for practicing witchcraft. Recently he was called upon to address a rather stuffy woman's club and decided to give them a jolt. At the start of his talk he told them "I don't know whether you're going to care for me; you see, my great-great-great-grandmother was a witch." It did shake the audience somewhat, but the ladies politely heard him out. At the conclusion one of the ladies came forward and told the representative "It was MOST unusual. I think it was the first time we've ever been addressed

An item we received just in time to be included in today's output was the news that Kitty and Kenny Webb are the parents of James Kenneth, born Aug. 9. Little James was a tiny mite, weighing only 4 lbs. 4 oz. Mrs. Webb will be remembered by her South High School friends as Kitty King She is living in Johnstown, while her husband is in the armed forces.

The ailing list . . . Christine Anderson, who is in White Cross Hospital; Arthur Scott, 64 E. Gates-st, who is recovering at home; little Joe Spiker who is also at home and Emma Lewis of 326 Moler-st.

The college student members of Southwood Church of Christ were honored at a pot luck supper at the church this past Tuesday. Those honored were Charles Lee, Bob Schwab, Bob Ross, Ed Day, Don Dicke, John Behling, Paul Barnhill. Two of the young folk will be entering college as freshmen this fall, also. They are Edna Ann Baughman, who wil enter Kentucky Christian College and Richard Hugoniot who is enrolled in the Cincinnati Bible Seminary.

Don and Mary LaRue are entertaining visitors from the Tar Heel State this week. The North Carolians are on their way to attend a convention of trailer dealers in Michigan.

It's fas approaching that time of year again, you know. "That time means bowling time for devotees of the kegling art. We have an SOS. and we'd like to help if possible. The Swanette League, which bowls on Thursday afternoons, is the league that would like to have more bowlers. The season starts Sept. 5, but there will be a preliminary meeting today at 1 a.m. If it's too late for you to make plans to attend today do let the bowling alley or secretary know if you're interested. The bowling alley number is HI. 4-0228 and the secretary's phone is BR. 4-1774 (ask for Ruth Barber at the BR. number). Beginners or novices will be welcomed. We'll remind you next week if you don't mind.

Sandra K. Ward, 269 E. Blenkner-st, will be answering to Mrs. Donald Walker after Aug. 23. Sandra graduated from South and Donald, 241 W. 6th-av, is an alumnus of Central and the Marine Corps.

Edna Ann Baughman, 1575 S. Sixth-st, will be celebrating a birthday Monday, Aug. 26.

Sue Ellen Jayne Ross, 746 Thurman-av, enjoyed a few days in the country last week.

Carolyn Robr, 719 Hanford-st, attended the National Junior Achievement convention, Bloomington, Ind., as a delegate. The conclave, which was a five-day affair, convened Aug. 18 at the University of Indiana.

Elected and appointed officers of Trudeau Guild 10 are as follows: chairman, Mrs. James Claar; vice chairman, Mrs. Herb Hampton; secretary, Mrs. Walter Miller; treasurer, Mrs. Don Thomas; project, Mrs. H. F. Eichel; ways and means, Mrs. Floyd Leonard; expansion, Mrs. William Paulus; patient adoption, Mrs. William Hoptry; publicity, Mrs. Lou Whitacre; calendar, Mrs. McLeod; San Air, Mrs. Paul Lenox; telephone, Mrs. Russ Canter and Mrs. McLeod; sunshine, Mrs. Dale Edwards; hospitality, Mrs. Wallace Oakley and Mrs. Glenn Buller.

Well what do you know? We're finishing the column at our usual time, so can report that we had a glorious time on our week-end jaunt. Lake Michigan was at its best, and it was so nice to renew acquaintances with friends. It was well worth the "sleepy" feeling that goes with such a fast journey. This little jaunt should wind up our summer's activities, so feel free to call HI. 4-1051 and report YOUR activities. We'll be listening, and 'til next week then, 'tis

'Car Drop' At State Fair

Crashing head-on, two fiery vehicles will illustrate the results of a serious highway smash-up in the "car drop" demonstration to be staged on health and safety day in front of the grandstand at the Ohio State Fair, Aug. 26. According to the Department of Highway Safety, chief sponsor, the two-car collision is made possible by dropping one vehicle from a crane 115 feet in the air onto another vehicle propped up on the ground. This is accomplished through special rigging and an adapted bomb-sight set up by the United States Air Force.

Rabolink Beckons To Library

A regularly featured guest at Parsons Library Story Hour at 10 o'clock Thursdays is Randolph the Rabolink (a cross between a leopard and a rabbit (puppet, that is), who delights the juvenile audience with his travels. So far Randy has shown his movies from Europe and Western United States. His extensive background and distinctive (?) heritage enable him to speak several foreign languages, including Rabolink. Randolph's exploits are entirely unpredictable and designed to encourage laughter and stimulate the children's imaginations.

According to the increased attendance and verbal acceptance of the puppet, Randolph is here to stay for quite some time. Before we close, Randolph would like this message given to all the children in your house: "Slurb younk raot krnt snee frth birg." Translated: "Please come and see me at Story Hour; it's fun for all."

Story Hour will continue throughout the school year on a day and time to be announced later, it was stated at the library.

Large Crowd Sees Youngsters Seek Fishing Victory

An estimated 315 youngsters had bait and tackle ready last Saturday morning for the annual fishing Derby at Schiller Park, according to Director Tom Crawshaw. The director said that the youngsters, 14 years and under, began arriving early with their fishing poles and their bait. Also arriving early were many older persons who came to see the annual fishing show.

Two Groups

Contestants were divided into two groups to contest for prizes, the director said, these being groups of boys and girls 10 years old and under and boys and girls 11 years of age through 14 years of age. Separate prizes were set up for boys and girls.

The contest covered a period of four hours, the director said beginning at 11 a.m. and continuing until 3 p.m., when the whistle signalled the end of the day's contest for volume fish catching.

The great patience of the boys and girls as they sought to lure fish from their hiding places received compliments from older persons watching the activities. "The fish just were not biting," Director Crawshaw said, "but those youngsters never gave up trying to outfox the fish and win a prize."

Bait of all sorts was used, it was stated — everything from soft craws to cookies. Although the catch was less than better conditions would have permitted, many were successful in pulling in fish on this "bad" fishing day, and winning one of the coveted prizes However, it was stated that the desire to win did not bring poor sportsmanship. Courtesy was in evidence all around, it was said.

Pictured above is a view of one group of the fishing contestants last Saturday. Others were fishing in other sections of the park—wherever there was water there were fisher boys and girls seeking the catch that would bring a prize. More than 300 participated and a large number of parents went along to see their children seek the elusive finnies. Weather conditions imposed a handicap and the fishing groups found less than the success they wanted.

Prizes were given for the heaviest, longest, shortest, and for the youngster who caught the most fish during the four-hour period. The prizes were donated by many South Side merchants. The prize winners for the day were, front row, Tom Blakely, Edith Sullivan, Kevin Jones, Robert Burton, Billy Tucker; back row, Rosemary Rieger, Gail Foulk, Margaret Jones, Gary Enos, Charles Richardson, Bill Jacobs and Paul Goss, the latter not shown in picture.

Local People In Show

Two residents of the South Side area have recently registered as exhibitors at the ninth annual Golden Age Hobby Show to be held Sept. 15-22 in the Columbus Gallery of Fine Arts, according to an announcement by Community Chest and Council.

Mrs. Julia Middleton, 1202 E. Whittier-st, will display crocheted handkerchiefs and hand-made pot holders. Mrs. Wilda Logsdon, 99 E. Gates-st, will display paintings.

The hobby show, one of the largest affairs for senior citizens in Franklin County, is sponsored by the Columbus Citizen, the Columbus Recreation Department, the Junior League of Columbus, and the Council of Social Agencies. The Council is a Community Chest - United Appeal - supported agency.

Exhibitors may get to register with the Council of Social Agencies, CA. 8-5896, it was stated, and anyone over 60 years old in Franklin County and surrounding communities who has a particular hobby or collection is eligible to enter the show.

Exhibitors may also offer their articles for sale at the selling mart.

from . . . . . OG's NOTES

By OLIVER GEDEIST

A Happy Story

Yes, it was a happy story. It was told to us here in the office by Mrs. W. J. Carroll, 816 Stewart-av. She was in on other business but took time to tell us that the week previous she had advertised a conventional washing machine in Leader classified. Y-e-s, she said she had expected to sell it quickly, like so many others had done . . . but goodness knows, she didn't expect to sell it next morning — to the first caller! Well, that's the story and we were happy because of the joy in the voice of Mrs. Carroll because a Leader classified did—well, what it should! Thank you for your happiness, Mrs. Carroll.

Nasty Thing!

Yes, that old calendar is a nasty thing! In the midst of summer revelries a wisp of wind will shatter the joyful moods of our mental carnivaling. However, there's a bit of summer warmth awaiting us yet — happy days until winds whip us and freeze us, shrivel us, and, generally, abuse us. Nasty calendar!

A Highly Valued Letter From Rev. Ray Huff

The following letter from MY PAL in Orange City, Fla., will, I am sure, be of interest to all the people of Thurman Avenue Methodist Church, and many others:

Mr. dear Mr. Gedeist:

At last conscience has struck its deadly blow. The time has come when I must respond to my vow. Hence my promise of a letter to you is being fulfilled.

The good Lord guarded us and guided us to our new destination in Florida. I can truthfully say that Mrs. Huff and I are very happy with our situation here. The people are, as all people are, very interesting and pleasant to meet with and to work with. This city is very much of a retirement home for those from up North. Most of the retirees come from the New England states, Pennsylvania and New York.

My church, and I say that advisedly, for I am charged with its full activities, is a beautiful small edifice, composed very much of retirees. However, they are a consecrated and very active group. It is with humility, I pray, when I state that the attendance is increasing very noticeably. In other words, we are happy and well satisfied.

The city is growing very rapidly. The population of the little city has increased around 1,500 in the last two years. This, of course, is one of the big contributing factors to the increasing of the church attendance.

In conclusion may I say that I still have sort of a void in my affections which has not been filled since I left the wonderful people of South Columbus. Five of the best years of my life were spent among the good people of friendly and loyal South Columbus. Your own personal graciousness and professional ethics were great; likewise, those with whom you are associated in the Leader's work.

God bless each one of you. My prayer is that some day in the future our paths may again cross. One way to perfect such a condition is to pay us a real visit here in sunny Florida. A letter from you would be most welcome. My best wishes to every one in South Columbus.

Sincerelyyours,
RAY W. HUFF.

Golden Age Club Date Sept. 3

The Schiller Park Golden Age Club is continuing to grow with each meeting, according to spokesmen, who said there are four or five new members being added each time the group gets together for a meeting. The organization started out with 10 members last March, it was said, and now the membership stands at 65 men and women who have reached the "golden age" of life. They are a group of people who like to get together and add "life to their years."

The next regular meeting of the club will be held next Tuesday, Sept. 3, at 1:30 p.m., in the dining room of Schiller Recreation Center. Any senior citizen of the community who has reached the age of 60 years is eligible to become a member.

Repeats OK At Lockbourne

Twenty-two boys from the South Side Branch YMCA Optimist Boys Glee Club were guests of Lockbourne Air Base, Aug. 20. The boys were driven to the base by bus, where they were promptly taken to the swimming pool for a cool morning dip. Following the swim they went on a tour of a barracks and then to chow, where most of the boys were seen going through the line two to three times. With a full stomach and renewed energy, they headed for the personal equipment building where they were shown all of the articles used for survival, whether it be water, cold, or jungle. The tour ended with a look through a KC 97, which is a refueler for jet-aircraft. All were reported tired but happy after a big day.

Dinner Date Is Set For Election

The annual Council of South Side Organizations' stag chicken and corn dinner has been announced for Thursday, Sept. 5, at 6:30 p.m., in the Optimist Lodge at South Y-Park.

James L. Wagner, the organization's secretary, also announced that the annual election of officers will be held at the meeting. Cards of announcement have been mailed. Secretary Wagner said, and he made a request that the cards for reservations be mailed to him immediately in order that plans for the dinner may be made in advance.

Schiller Girls Win Awards

Several girls from the craft classes which are held regularly at the Schiller Recreation Center have entered articles which were made in these classes in the Junior Ohio State Fair, Schiller director Tom Crawshaw has announced. These entries turned out to be prize winning articles, it was said, proving that leisure time activity can be fun and yet worthwhile projects. A first-place prize went to some of the girls in the leathercraft classes for their entries of hand tooled billfolds and coin purses, and a second-place award was presented to a group of girls for their entry of hand-made puppets.

The leather craft project was entered by Karen Born, Judy Steward, Becky Bell, Sandy Witherell, Toni Warren, Janice Wright, and Rita Breckenridge.

The hand puppets were made and entered by Sandy Witherell, Toni Warren, Rita Breckenridge, Janice Wright, and Karen Born.

The Schiller staff says it is very proud of these girls for their fine work. The craft classes are held regularly at the Center and anyone wanting to take part in any of them may do so at no cost for instruction, the director said.

Mrs. Thora Gatwood, craft instructor at Schiller will supply full information, director stated.

'Hurry' Needed

Announcement has been that acceptances received so far indicate a good attendance at "Y" Park next Thursday, Sept. 5, 6:30 p.m., when the annual Council of South Side Organization chicken and corn dinner will be held, according to an announcement from "headquarters." However, Jim Wagner said some who are planning to attend have not sent in their acceptances, and it is hoped these will be sent in early instead of waiting until the last minute. He said that reservation must be made this week—sent to the Sonuth Side Branch YMCA.

Intermediate League Given 'Eats' Party

The Intermediate League of the South Side Branch YMCA had its annual party at Emmanuel Lutheran Church, Aug. 22, according to a note from the "Y".

"Eats" were served at 7:30, after which Don Fisher of St. John E&R opened the program with a prayer. The speaker, Paul Hornung, of the Columbus Dispatch, headed the affair, along with movies of the Cleveland Browns of last year. He talked on the values of sportsmanship and then went into a description of this year's Browns and their chances in the National Football League.

"Bud" McLaughlin, manager of South Methodist, was master of ceremonies for the evening. Jay Gramlich of Emmanuel Lutheran gave the players' appreciation to the South Side "Y" and to the managers who gave their time this season.

Trophies presented went to Emmanuel Lutheran as league champs; Livingston Methodist, who were "B" champs; and the sportsmanship winners were St. Paul E&R; individual sportsmanship winners were Bob Brodt (Livingston Methodist); Fred Houck (St. Paul Lutheran); Paul Watters, (St. Paul E&R); Mike Bordi (Hungarian E&R); Jim Bryant (South Methodist); Jerry Friebis (St. oJhn E&R); Charles Gray (Southwood Church of Christ); Joe Goodrich (Oakwood Methodist); Jay Gramlich (Emmanuel Lutheran).

Signing Out

Pearl Ross Weaver has signed out for the last time in the time book of his employer, the Chesapeake & Ohio Railroad. He was signing out, which seemed to be associated with the fact that he was 75 years of age on Aug. 16 and had completed a stretch of 30 years with the C. & O.

The newly retired man came to Columbus 35 years ago, he said and has lived on the South Side from that time until now. He came here from Russell, Ky., and prior to moving to Columbus he had been employed from boyhood with the Hocking Valley Railroad in Kentucky and West Virginia. His wife died in April of this year.

Six sons are living, all on the South Side: Arthur Weaver, John Weaver, Cecil Weaver, Carl Weaver, Oris Weaver, Homer Weaver.

Library Closes

Monday, Labor Day, is to be a holiday for the folks at Parsons Branch Library, according to information given to the South Side Leader this week.

This is the annual custom, it was stated—to give employees of the library a bit of off time on an important holiday.

THIS GUNSMITH LIKES TO HUNT!

INSIDE ON THE **Outdoors** By ROD COCHRAN

Pete Thacker's workshop is full of guns. His hobby of custom gunsmithing keeps him busy evenings and week-ends.

With the squirrel season opening on Labor Day in southern and eastern Ohio this year, I got the old .22 rifle out the other day to check it over. The oiling I gave it last January had given it ample protection, the bolt worked smoothly, and everything seemed to be in tip-top condition. The first rule of gun safety is to use firearms that are in perfect working order.

As I rubbed the smooth walnut stock, I thought again about having a scope mounted on the rifle. I have considered this for several years, but I hated to give up the peep sight that was so deadly on bushytails when my shooting eye was 20-20. Time brings all things however, and perhaps this was the year for a scope.

I gave Pete Thacker, of Galloway, Rt. 1, a call, and made arrangements to leave my rifle with him the next day. Pete is a tool and die maker for the Clark Grave Vault Company, and his hobby of custom gunsmithing keeps him busy evenings and weekends.

Its always a treat to walk into Pete's workshop and examine the fine guns. The fancy custom engraving always fascinates me, and I like to work the smooth actions in rifles. Pete enjoys working on small-bore varmit guns, and big game rifles like 30.06's and 270's. He always has some shotguns in for repair, and usually there is a muzzle loader or two around.

There are plenty of reliable gun dealers and sporting goods stores, but good custom gunsmiths are not easy to find. The emphasis on mass production has almost done away with hand craftsmen of all kinds, and gunsmiths are no exception. Pete, for instance, learned gunsmithing from his father, who had served his apprenticeship under his own father. There are many things that are passed on from father to son that just cannot be learned from books. For example, Pete blues his guns according to an old European method that may not be written down anywhere.

There are two kinds of "gun cranks." Those who just like to collect guns, and those who enjoy hunting with fine firearms. Pete belongs to the latter group, and he hunts deer and bear near Ridgeway, Pa., in the Allegheny National Forest. Two friends, R. V. Alter, of Lincoln Village, and M. R. Doty, of West Jefferson, are going with him this year.

Well, Pete and I decided that I needed a 2½ power telescopic sight, with crosshairs, mounted on my squirrel gun. Pete checked the rifle over and told me what I already knew, that the gun was in fine condition. With proper care, it is virtually impossible to "wear out" a gun from hunting. I've come to the conclusion that the rifle will probably outlast me.

The squirrel season, by the way, comes in Sept. 2 in Fairfield, Ross, Licking, and Knox counties, and the counties to the east and south of them. The season opens in Franklin, Madison, Delaware, and Pickaway counties Sept. 16. The squirrel season closes throughout the state October 31. All dates are inclusive.

Benfield Ave. Man Observes 91st Birthday, Behmis Grove

Frank Darst of 27 Benfield-av sort of reached up the scale of years and notched himself a bit further along the road last July 27. It was on that day that he could look into the mirror and tell himself that he had conquered Time for just nine years short of the envied century mark.

High on the list of important items at the celebration were representatives of five generations, beginning with the celebrant and going down to the youngest, five-month-old great-great-granddaughter, Christie Lee Barry, daughter of Mrs. Bettey Barry, 20 years of age, who lives at 178 Betz-rd.

Others present and comprising the five generations, in addition to Frank Darst, the celebrant, were Mrs. Ersal Brust, daughter, 57 years, Chillicothe; Mrs. Margaret Crabtree, 38 years, granddaughter, of 2535 Parsons-av.

The celebration was held at Behmis Grove on Bixby-rd. Darst lives with a daughter and family, Mr. and Mrs. Charles Bruce, at 27 Benfield-av.

"The Great Grey Canyon" is the name given to the world's largest sandstone quarry near South Amherst, Ohio.

Letters To The Editor

Aug. 28, 1957

Sir:

Thank you for the introduction of the Swap Column. Hope it lasts a long time. Since moving we found items we wish were something else in our new home. Also the children keep growing and needing different size clothing. Mother delights in trading any way because people are so interesting.

I vote that the Swapper's mart continue. Why not set a small fee per ad to give it longer life? Possibly less than to advertise for sale but enough to offset printing costs. Thanks again,

Mrs. H. M. Leupold.

To the Editor:

Fines have not solved moving traffic violations. Better results might be obtained by impounding the car for a few days instead. This might prove to be a deterrent big enough to stop some of our careless driving.

Mayor Urges Assistance To Relocators

I want to urge every Columbus citizen who might have a house or apartment that they could rent to a fellow citizen displaced by the expressway program to call the Family Relocation Office at CA. 1-3532.

The relocation office, which is under the Department of Slum Clearance and Rehabilitation, has had good cooperation from the Management Division of the Board of Realtors and from many individual citizens in its efforts to solve this tremendous problem of relocating Columbus families in order to carry out this important expressway program. But the office needs every citizen's cooperation to solve this problem completely, especially during the next four months.

With your cooperation we can build together our new Columbus, Ohio. — M. E. Sensenbrenner, Mayor.

Mr. and Mrs. C. Elliott, with daughters, Isabelle and Evelyn, are vacationing in California at this time. If you remember, the trip was a present from the twins to their parents for the 50th wedding anniversary the elder Elliotts celebrated earlier in the year. The Elliott family resides at 346 Sheldon-av.

Belated birthday greetings to Wycoff twins, Jim and Judy. However, the female half of the twins is now Mrs. Roger Smith.

Karen Schmitt, 419 Zimpfer-st, celebrated her ninth and, perhaps her last birthday in Columbus. The Schmitt family should be en route by now to Minneapolis, to make their home. Karen's birthday, incidentally, was an event of Aug. 21.

When Martha J. Waugh, 79 Woodrow-av, became a full-fledged nurse in graduating ceremonies held for Grant Hospital students. She heard the first citizen of Ohio make the main address of the day. Governor O'Neill was the speaker and Paul R. Gingher presented the diplomas.

Marian Snyder and her sons are taking a last-of-the-summer vacation in Vermont, while papa Earl holds down the fort in the Deshler-av home.

It's birthday time for these small-fry . . Rencee Jividen, 197 Frehis-av, Aug. 30; Bobby Henry, 343 E. Welch-av, Sept. 3; Frankie Holt, 266 Markison-av, Aug. 29; Carl Adams, 39½ W. Welch-av, Sept. 2; George Shively, 1752 S Sixth-st, Sept. 4; Carolyn Cordell, 1770 S. Fifth-st, Sept. 2, and Nancy Smith, 314 Welch-av, Aug. 31.

A little girl, Valeri Jo, was the Aug. 13 gift to Betsy and Johnny Behling at St. Ann's Hospital. Many South Siders would recognize Betsy's maiden name, Bonnette, so we'll include that item.

The ailing list includes Arthur Scott, 64 E. Gates-st, and Dickie Bishop, 1576 S. Fourth-st.

The Bible School and church members of Southwood Church of Christ will hold their annual picnic at the South Side "Y" Park this Saturday, Aug. 31, from 1 to 8 p.m. Milk, lemonade, and ice cream will be furnished. The highlight of the day will be a ball game between the men and boys. (The older men will be showing the younger ones how to play the game, I THINK.)

The Colegrove family of Champion-av had a pleasant time at Niagara Falls not so long ago.

Mr. and Mrs. George E. White, 714 S. Ohio-av, attained their 50th wedding anniversary on Aug. 18. Immediate members of the family helped them to celebrate the event. There are five living children, 14 grandchildren, and three great-grandchildren.

Representing the South Unit of the Columbus Symphony Orchestra, Inc., of the Women's Board, is Mrs. Arthur Puetz. The council has been formed so that the units can become better acquainted, can exchange ideas, and share problems. The council is composed of unit chairmen.

Mrs. Joseph Kite and her two children, Patty and Corpy, were the guests of the Lenox family, 1411 S. Sixth-st, this past weekend. The Kites made the trip from Charleroi, Pa.

Did you get to the fair this year? It was practically a "must" in ye Gadabout's household. The oldest child worked at the fairgrounds all summer, so we HAD to see the flowers and trees, you know!

Our sympathy to the family of Mrs. Ricker, recently deceased.

Here's a cute little note we have listed: Ralph and Roberta Emerich, 281 E. Moler-st, had their sixth young 'un not so long ago, and her name, carrying out the 'R" tradition, is Regina Sue. The other youngsters are Ronnie, Ruthie, Rita, Randy, and Rhonda.

Three young couples will soon be saying words that make them "Mr. and Mrs.," so congratulations to Diane Heft and Thomas Neiswander; Jo Anne Moriani and George Goldberg; Roberta Mac Dworkin and Saul Izeman. To give a few more details, Miss Heft is a resident of 919 Studer-av, and Mr. Neiswander resides at 924 Hamlet-st. The two Holy Family graduates will be married Aug. 31, in Holy Family Church. Miss Moriani, 2102 Berrell-av, will wed South High grad George Goldberg on Sept. 2. Mr. Goldberg also attended Ohio State. His address is 25 N. Gould-rd. Miss Dworkin's, 960 Berkeley-rd, and Mr. Izeman, 717 Wager-st are both South High alumni, and have attended OSU. The wedding will occur Sept. 1.

We promised to include a reminder of the Swanette Bowling League which bowls on Thursdays at 1 p.m. at the Swan Alleys. The season starts Sept. 5, but there's still time to get your name in. You may call the Swan, HI. 4-0228, or the League's secretary, Ruth Barber, at BR. 4-1774. Don't worry if you've never bowled before; there will be capable people to give you the "how-to's."

Next meeting of the Parents' Volunteer Association of Orient State Institute will be held Sunday, Sept. 1, in Kirk Hall, at 2 p.m. The board of trustees will meet half-hour prior to the regular meeting. Reading the News Letter that the PVA kindly sent us, we note that the boys who make rugs in the Occupational Therapy Department need material to work with. They can use jeans, dresses, nylons, slips, socks, drapes, trousers, and shirts to give suggestions. And, of course, the need is always there for sales tax and trading stamps. If you receive trading stamps you don't save, won't you send them on to PVA, Box J, Orient, Ohio? They will appreciate it.

Yep, September's within "sniffling" distance . . . (guess that sentence isn't so funny to the poor hay fever sufferers . . . sorry!) Well, it's real close, as a look at the calendar reveals. Three meetings in two days isn't a "load," but it is when you've had eight or nine weeks of loafing around. First, at Benjamin Franklin Hospital, Mary Merritt and ye "G" will make like Arlene Frances and Dorothy Killgallen, panelists on "What's My Line." The patients will see the program over the closed TV circuit at the hospital tonight. (We fully expect to equal the first panel's score . . . zero!) Some of the patients will be contestants and the editor of a Columbus daily will be the moderator.

This evening at 7:30 members of South High's executive board will hold their first meeting of the school year at the school. Tomorrow at 1:30 p.m. members of the Southwood executive board will meet at the school for their initial meeting. (A private note to our cor-pusk-les. You can't be tired already; you haven't even started yet!)

Two of the youngsters who called us a while ago to surprise their mother on her birthday, are now in line to receive their birthday greetings. Billy and Kathleen McLoughlin, 253 E. Mithoff-st, are the children. Billy was seven on Aug 25 and Kathleen has her 12th birthday this week. Kathleen and Jo-Ann, the ten year old of the family, spent part of August in Akron and Cleveland, visiting aunts.

Congratulations to Dr. and Mrs. Roy Bethel who now are parents of a little girl. (Mrs. Bethel is the well-known Nita Hutch of radio and TV fame, and her folks are residents of Hinman-av). This is the second little Bethel for Roy and Nita.

No more items, so until next edition, do remember HI. 4-1051, won't you? Till next week, 'tis

Ohio Waterfowl Hunt Season Extends Oct. 18 Thru Dec. 26

Ohio waterfowl hunters will be pleased to know that wood ducks will again be legal game during the forthcoming duck season which opens Oct. 18 and runs through Dec. 26.

Last year, 1956, the U. S. Fish and Wildlife Service closed the season on wood ducks in the Mississippi Flyway, which included Ohio.

In announcing the Ohio waterfowl hunting dates, it was made known that the Ohio Wildlife Council had an option to permit hunting from ½ hour before sunrise to sunset and not taking wood ducks or accepting the ½ hour before sunrise to ½ hour before sunset with one wood duck permitted.

After considering all aspects of the problem, council decided more hunters over Ohio would benefit by being permitted to take wood ducks with all waterfowl hunting stopping at ½ hour before sunset.

The 1957 waterfowl dates will coincide exactly with those of the 1955 season (two years ago) which was considered by many veteran duck hunters to have been the best in many years.

The complete summary of the 1957 waterfowl, coot and snipe season looks like this: Daily shooting hours (including opening day, Oct. 18) ½ hour before sunrise to ½ hour before sunset.

The daily limit of ducks is four and the possession limit is eight after the first day. One wood duck may be included in the daily bag and possession limit and one Hooded Merganser may also be included in the daily bag and possession limit.

Hunters may take five American and Red-breasted Mergansers singly or in the aggregate of both kinds with ten in possession after the first day. (These in addition to the regular daily limit of four other ducks.)

There will be a daily limit of five geese (these limits on geese may not include, in the alternative, more than two Canada geese or its subspecies, two White-fronted geese, or one Canada goose or its subspecies and one White-fronted goose.)

The season on coots conforms to the waterfowl season with a daily limit of ten and possession limit of ten after the first day. The season on Wilson's or Jacksnipe will open on Oct. 18 and run for 30 days through Nov. 16. The daily limit for snipe is eight and the possession limit after the first day is eight.

Smooth Procedure

In some factories, the paint used for finishing various products is circulated in pipes. The hose lines of spray guns are attached to the pipes containing the desired colors and the finishing process is completed swiftly and easily.

The system of printing on cellophane was developed by the founders of the Shellmar Company at Mt. Vernon, Ohio.

Labor Day 'Y' Dance To End Season

The last of the summer series of Y-Park square dances is scheduled for Monday, Labor Day, 8 to 11 p.m. in the large shelter house at "Y" Park. Pictured are the musicians who will provide the music for the evening. They are, left to right, Linton Ames, guitar; Robert Clarke, piano; Henry Willeke, fiddle; and Jim Wagner of the "Y" staff doing the calling and instructing. The dances are sponsored by the Young People's Inter-Church Council of the South Side Branch YMCA. Oakwood Methodist Youth Fellowship will serve as hosts to the Labor Day affair.

Unit Offers Tickets For Symphony

Six women, members of the South Unit of the Columbus Symphony Orchestra, have been appointed to serve on the season ticket committee of the unit by Mrs. Arthur Puetz, 1470 Studer-av, unit chairman. Under the direction of Mrs. Warren Parkinson, 98 N. Powell-av, ticket chairman, the following women in this area are busy contacting friends and neighbors alone with last season's subscribers: Mrs. William Fornof, 103 Fornof-rd; Mrs. Lawrence G. Sanders, 304 E. Deshler-av; Mrs. Lester Newkirk, 44 Stimmel-st; Mrs. D. J. Gilbert, 3225 E. Mound-st; Mrs. Nick Martella, 1339 Oak-st; Mrs. William C. Hickle, 306 Seibert-st.

Mrs. Lawrence G. Sanders is publicity chairman.

Schedule

Evan Whallon, conductor, has scheduled the following concerts for 1957-58 series: Oct. 16, Byron Janis, piano soloist; Dec. 4, all orchestral presentation of the complete score of Tchaikovsky's two-act ballet, "The Nut-Cracker," with Irwin Johnson serving as narrator; Feb. 22, Claudio Arrau, piano soloist; Feb. 26, Mozart's opera-comedy, "Cosi Fan Tutte," to be presented with six young American singers, including Phyllis Curtin, Barbara Gibson, Jane Hopson, David Lloyd, Mac Morgan and Kenneth Smith; Apr. 9, Leonard Rose, cello soloist. All concerts will be presented in Veterans' Memorial Auditorium.

PTA, with one for each school . . . giving us one of the most enjoyable experiences of the year . . . working with publicity chairmen, serving in whatever way the South Side Leader may be useful, together with whatever service the editor may be able to render. One thought: publicity chairmen will help along if married women's names (like Mrs. J. W. Smith instead of Florence Smith) are used in writing reports of meetings and foretelling affairs of the PTA and other organizations and activities.

One other thought: We will help in any way possible. Therefore, come in or telephone when things are beginning to develop. Don't wait till every detail is completed. Let the editor help with publicity early in the preparation stage of whatever is to be. And remember, your story is strong if it follows this line: Who, what, where, when, why, how. The same applies to church planning. Publicity chairmen in churches will find the newsman welcoming every opportunity to be of service. Let's tell in advance about what's coming, and when it comes it will be worth more to you.

1900

DIPHTHERIA-SMALLPOX
TYPHOID FEVER
1957

THEY WILL TELL YOU HOW THESE DISEASES WERE DREADED . . . HOW THEY WERE OFTEN
CRIPPLING AND FATAL . . . but this is not generally the case today
The early part of the Twentieth Century has been phenomenal in the eradication of diseases and such scourges as diphtheria, smallpox and typhoid fever have practically disappeared. Infant mortality has been reduced to a minimum and the contagious diseases have been brought under control. The terrific impact that these diseases had on the adolescent and on children has practically disappeared due to the present form of therapeutics.
Diabetis mellitus which took many a life can now be most adequately controlled by insulin, and pernicious anemia, at the present time, can be controlled by injections of liver or the intrinsic factor as represented by Vitamin B12.
Many other diseases such as syphilis came under control by the use of arsenicals. Pneumonia and meningitis which were treated by serum therapy and which required indefinite periods of time and which had a great morbidity have responded to the sulfonamides, penicillin and the use of hormones.
In 1900 medical textbooks relied on tonics, antipyretics and a great many medicinals which were uncertain, and of questionable therapeutic value. Today, with the advent of the sulfonamides during the war period followed by penicillin the patient has been made extremely comfortable. For instance, scarlet fever, although in itself not a disease to be dreaded, has terrific complications such as mastoiditis and nephritis. Mastoiditis lasted months and invalided the patient for long periods of time with running ears, general debility, secondary anemia, etc. Under the proper administration of the sulfonamides and the antibiotics these complications have disappeared completely, so much so that in the large teaching hospitals, where they had hundreds of mastoidectomies a year, hardly any can be seen even for teaching purposes.

Young People Inter-Church Meet Sept. 22

Members of the South Side Branch YMCA Young People's Inter-Church Council have chosen the theme "Building a Christian Fellowship" for their annual fall conference, to be held at South Y Park Sunday afternoon and evening, Sept. 22.

The fall conference is designed to help the Youth Fellowships of all the South Side churches to stimulate interest and cooperation in getting their own groups organized and working in an appealing, well-rounded, and worthwhile youth fellowship program, according to Jim Wagner.

The conference will begin with registration at 1:30 p.m., Wagner said, and will include discussion groups for both junior high age and senior high and over; recreation; pot-luck supper and fellowship together; evaluation reports; and close with an evening vesper and consecration service, beginning at 7:30 p.m.

All churches of the South Side and surrounding areas have been requested to participate. Persons or groups desiring more information should contact the South Side Branch YMCA, 864 S. Third-st, or phone HI. 4-2151.

The fall conference program is sponsored by the South Side Branch YMCA Young People's Inter-Church Council and the South Side Ministerial Association.

Watch this paper for further details on the conference, as well as the listing of outstanding leaders who will appear on the program.

Further details have been promised to the Leader in succeeding issues of the newspaper as various details or unfolded.

Mrs. Risley Appeals For Retarded Children Drive

Mrs. Walter Risley, 799 Thurman-av, has been named division chairman to organize the South Side and the Southeast section of Columbus for Retarded Children's "Light a Life" campaign in November.

The fund-raising campaign will be the second annual drive sponsored by the Council for Retarded Children, Inc., according to Mrs. Howark D. Sirak, campaign general chairman.

The November door-to-door drive will support the School For Retarded Children, which provides expert training for Franklin County retarded children of school age not eligible to a public education. Children having an IQ of less than 50 are excluded from the public education program, it was said.

Many of the children will eventually require care in a special residential institution, according to Mrs. Risley.

"Only 160 of the 650 retarded children in Franklin County are being served by the present school, which is filled to capacity. Those on the waiting list are patiently awaiting an opportunity to enroll. We can and must help them overcome their handicap," Mrs. Risley said. She said more than 10,000 volunteers are needed to conduct the solicitation in Columbus and Franklin County.

Annual Stint Is Completed

Army Reserve Capt. Robert R. Grove, whose home is at 896 S. Richardson-av, completed two weeks of active duty training Aug. 24 at Fort George G. Meade, Md.

Captain Grove was receiving annual summer training with members of his local reserve unit, the 449th General Hospital, located at Fort Hayes, O.

He is employed as a medical service representative by the Parke Davis and Company, Detroit.

The captain was graduated from Ohio State University in 1947. His parents, Mr and Mrs. Roland A. Grove, live at 540 S. East-st, Bucyrus.

Leading insect killer in the U. S. at present is DDT. This country produces about 70 million pounds a year.

World production of apples last year was about 626 million bushels, of which about one-sixth was in the U. S.

Chlorine and sodium perborate bleaches generally remove the same types of stains, says the specialist. However, chlorine bleaches should never be used on wool, silk, blends containing these fibers, or on fabrics such as many of the new "wash and wear" cottons, that have chlorine-retentive resin finishes.

Alfalfa sowed in summer at the Ohio Agricultural Experiment Station, Wooster, yielded as much as spring seedings.

A custom pleasing to every wife is that of her husband sending a bouquet of flowers in celebration of their wedding anniversaries. Sometimes this is done by sending a rose for every year of marriage, but any lovely flower lets her know that the sender remembers and treasures the years of happy married life. Flowers play a big role on the wedding day and should be a part of every anniversary.

Recently celebrating anniversaries were Mr. & Mrs. Floyd Lemmon (26th), Mr. & Mrs. Frank Bill (28th), Mr. & Mrs. C. W. Stevenson (17th), Mr. & Mrs. Adam Fornof in St. Petersburg, Fla., (41st) and Mr. & Mrs. Homer Thaxton (53rd). Birthday greetings to Mrs. Ferd Gaulke, Sr., and to Mrs. Edna Thaxton. Congratulations to Mr. & Mrs. Charles Coplan and Mr. & Mrs. Sherman Hagerman who have new baby sons, and to Mr. & Mrs. Jack Babbert, and Mr. & Mrs. Harold Priest, who have new baby daughters.

Get well wishes to Mrs. Dorothy Minniear, Carrie Levin, Pat Doran, Joe Kallos, Mark Evans, Mrs. Earl Gockenbach, Dorothy Sapp, Charles W. Graham, Julia Yockum, Mrs. Ruth Jarvis, Mrs. Floy Harmel and Mrs. Elsie Malherbe.

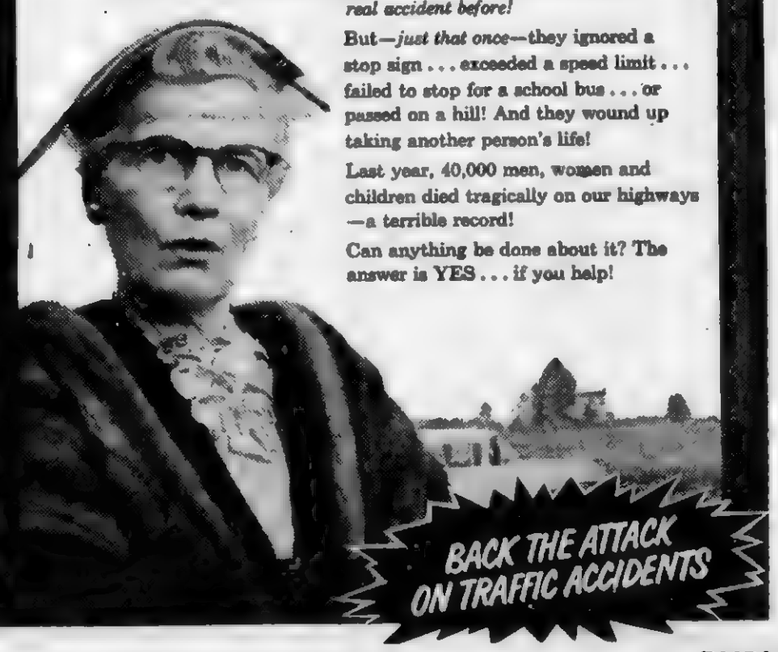
Drive with Care (SCHOOL'S OPEN) Protect Our Children

"Me . . . a murderer?"

People just like yourself become killers every day . . . and so could you! Want to know why?



Ask any police official. He'll tell you that the people who are involved in fatal traffic accidents aren't habitual criminals at all!

Mostly they're normal, respectable citizens who *never had a real accident before!*

But—*just that once*—they ignored a stop sign . . . exceeded a speed limit . . . failed to stop for a school bus . . . or passed on a hill! And they wound up taking another person's life!

Last year, 40,000 men, women and children died tragically on our highways—a terrible record!

Can anything be done about it? The answer is YES . . . if you help!

Here's How You Can

HELP STOP TRAFFIC TRAGEDIES

1. Drive safely and courteously yourself. Observe speed limits and warning signs.

2. Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you.

Where Traffic Laws Are Strictly Enforced, Deaths Go Down

Support Your Local Safety Council

"I've killed a child!"

"Never had an accident before. Never been in trouble with the law. Always tried to do right by my family and friends . . . they'll tell you. Now I've killed a child—just by taking a foolish chance."

Every day it happens, often just like that, to drivers who thought accidents happen only to the other fellow.

Remember this. No one *expects* to meet death on the road. Certainly no one expects to be guilty of causing it. Yet, last year 40,000 men, women and children died in traffic accidents.

Thousands of drivers—many who never had or expected to have an accident—found themselves guilty of killing someone on the highway. Most of these deaths can be prevented—with your cooperation.

Dear Son

By Joseph Martell

Chittlin' Switch Monday noon.

Dear Son:

Well, it's been abou' three or four weeks since I wrote you but I've been very busy. During that time there's been a lot going on here at Chittlin' Switch so here goes.

I was down to the village the other day and I happened to see your old buddy, Vernon Stench, walking with his new girl. I'm not one to talk about anyone but I'd say she missed being Miss America by two feet. Twelve inches on each hip. A drunk saw her on the beach one day and took the pledge. Pink elephants and purple monkeys were bad enough but this was the first time he ever saw a baby elephant eating frozen custard sitting on a stool.

Your Uncle Lushmore is fine and sends his regards. He had been bothered with insomnia for the past month or so and the doctor told Lush that a good hooker of moonshine before he went to bed would help. Trouble is he went to bed about twenty-two times a night.

Your paw got fired from that job he had at the florist shop. A fireman in the next county died and the florist told Paw to send a wreath out to the fireman's house and to put some appropriate wording on the ribbon. The fireman's widow did not appreciate the words; "GONE TO HIS LAST FIRE."

I don't know what to do about your poor sister, Morphine. She has an unhappy married life. Your brother-in-law, Zeke, never pays her a compliment. The other day when Zeke came home from work she was in tears and said; "I'm heartbroken. This afternoon I baked you a lovely cake but the dog ate it." Zeke thought for a second and said; "Don't cry, honey. He was an old dog anyway!"

Write soon. Your loving,
Mom

Library Lists New Books

Announcement has been made at Parsons Library that Story Hour will be held every Saturday morning at 10 o'clock throughout the coming season. The first session in the Saturday series will be held Sept. 14, it was stated. There will be no Story Hour the week of Sept. 1, it was said. The staff will welcome every neighborhood youngster between the ages of three and 12 to attend these story and craft sessions.

The winter library hours will be in effect beginning Sept. 16. The hours will be, Monday through Friday, 1 to 9 p.m.; Saturday, 9 a.m. to 9 p.m.

Late Summer

A few late-summer arrivals at Parsons Library were listed. They are Coxe, "Murder On Their Minds," "Man on a Rope;" Erle Stanley Gardner, "Beware the Curves," "You Can Die Laughing;" Lockridge, "The Tangled Cord;" McGiven, "Night Extra;" Rex Stout, "Three For the Chair."

The two special mystery selections of the month are Haycraft's "A Treasury of Great Mysteries," in two volumes, a collection of favorite authors and favorite stories; "Mr. Arkadin.' by Orson Welles.

Historical Fiction

For the historical fiction fan, "River Witch," by Marjorie McIntyre, a colorful pageant of the Missouri River, steamboats, romance, and adventure in 1845. Noel Gerson, remembered for novels such as "That Egyptian Woman," "The Impostor," and many others presents a story of William the Conqueror and his wife Matilda in the early days of England. "The Conqueror's Wife" is a story full of the intrigue and drama of the age. Gerson has woven romance and reality into a vivid story of the historic days now forgotten. Frank Slaughter, who needs no introduction to the reader of historic fictron, has brought to life the vague incidents surrounding the Seminole war of 1835. "The Warrior" is a novel concerning Osceola, admirable leader of the Seminole Indians, and the events that shaped his life, which, in turn, affects the lives of all the characters in the book.

Light Reading

"Jericho's Daughters," by Paul Wellman, is the final novel in the Jericho saga which concerns the conflict of a loveless marriage and a marriageless love, and the bitter competition between the Sentinel and Clarion newspapers. A contemporary story of people and a town.

"We Are Seven," by Una Troy, is a delightful novel about the seven illegitimate children of Miss Monaghan and their hilarious affairs in the town of Doon, Ireland. The story is just for laughs and is utterly charming.

Current Non-Fiction

For the space enthusiast, "Man Into Space," by Oberth; "Atoms for the World," by Tecmi; "Earth Sattelites," by Moore.

Three books similar, yet vastly different, are "The Living Faith," by Lloyd Douglas, author of the "Magnificent Obsession;" "Inspiring Messages for Daily Living," by Norman Vincent Peale; "How to Cash In On Your Worries," by the intrepid Dr. Crane.

Squirrel Hunting With Caution Is Safe Sport

According to Harold Green, supervisor of Firearms and Water Safety in the Division of Wildlife, during the 30 day squirrel season in 1956, 18 persons were injured and 6 were killed. During all other game seasons combined there were 49 injured and 5 killed. It is therefore apparent that the danger of being involved in a hunting accident is greater while squirrel hunting than while hunting any other game in Ohio.

Most of these accidents are the result of a person being mistaken for game or the victim being in the line of fire and out of sight of the shooter. The generally heavy cover in which squirrels are found is one of the reasons for the large number of casualties.

With the 1957 squirrel season running almost two months (Sept. 2 to Oct. 31 in the southern zone and from Sept. 16 through Oct. 31 in the northern zone) it is apparent that hunters will have to use extreme caution if accidents are to be kept to a minimum.

Green also says, "To avoid being involved in a hunting accident, be absolutely sure of your target before you shoot and if you aren't sure where your shot is going, don't shoot. Be sure to wear bright colored clothing and above all 'Think,' your gun can't."

World attention has been focused in past months on the United Nations and the various trouble spots in the world. Your Columbus Public Library has numerous books on the United Nations and its accomplishments.

Appreciation

Hard work and no pay, but satisfaction. That is the mark of the managers who volunteer their time and effort aside from their regular jobs so that the youth of South Columbus can play softball and basketball in the South Side Branch YMCA Church Leagues, according to Jim Wagner. Most of us do not realize the time, effort and planning these men and women put in to their teams and league to make it function properly in the interest of the community, Jim Wagner said, adding the following:

Listed below are the people who donated their time for the softball season just ended: Bill Arnold, Jack Stephens, Frank Kimray (St. Paul E&R); Charles Kaiser (St. Leo); Ray Salyer, Bill Shere and George Strain (Oakwood Methodist); Herb Sharp and Earl Joiner (Washington EUB); "Bud" McLaughlin (South Methodist); Milton Atherton, Ross Hughes, Wib Koetz, Bill Reiner (St. John E&R); Howard Henry (Central Community); Chet Emrich and Fred Hatfield (Emmanuel Lutheran). Richard Hegenberger, Mrs. Baughman, Bob Hugoniot (Southwood) Church of Christ); Gene Zollinger and Jerry Bordner (Thurman Methodist); Paul Hickman, Charles Stroh, and Ken Sunker (St. Paul Lutheran); Jack Welch (Corpus Christi); Larry Bukey and Ken Gillian (Livingston Methodist); Roy Roherar and John Lewis (Gates-Fourth Methodist); Don Badger and John Wine (Ohio Avenue EUB); Paul Barton (Hungarian E&R)

OG's Notes

By OLIVER GEDEIST

Why . . . TOMI

Maybe it wasn't Tom's fault, but one of the advertisements under his jurisdiction in last week's South Side Leader had "typewriters" spelled without the first "E" in TYPEWRITER. However, since the display advertising manager's attention was called to it (that's Tom, of course) he has respelled the word. If the Accurate Office Equipment Company at 484 S. High-st has any left in stock we hope the typewriters will not leave the E out of their names when they are talking (or spelling) things over

* * *

Gifts For Giving

This is an intriguing phrase When I first came to the South Side and heard the words the significance of the words escaped me—I just had had no intimate acquaintance with the phrase Being of an inquisite mind, I made some inquiries—and it all boiled down to a goodly number of people doing a real big job in a field seldom invaded by the average person. The phrase "Gifts for Giving" was applied to dolls given to the "Doll Lady," Mrs. Biers, known to thousands through her work of rebuilding dolls for children whose Christmas would be bleak and cheerless except for her devoted efforts, which also include giving reconstructed dolls to parents confined to Benjamin Franklin and who are thus able to make gifts to their little tots at home. The "Doll Lady" is a benefactor of great worth . . . "as you did unto one of the least of these . . ." Please keep the dolls rolling in to the Doll Lady.

* * *

Don't Murder Them

School days are here again—happy days ahead for those who are allowed to live! Let's take a little longer to arrive at a destination, let's be Oh, so careful for these little tots . . . let's let them live

* * *

School Days

Happy days are here again! Of course, for some there will be required the passing of many years before the children of now will recognize the inherent happiness of "happy school days." Learning to live and work and play, to accord others their "rights" . . . climbing the ladder to a useful future . . . we who are older know they are "happy days" albeit gone from us

* * *

Failures

Some things hurt One of these "things" is a failure to be honorable when there has been previously given extra chance. When kindness fails to be rewarded with at least determination to be honest, one feels a great incompetency in himself; otherwise why should there have been a failure A young fellow has just failed after many efforts to lead and guide. Why is human nature so weak? Why are we so limited in ability to guide or lead? The fact that this has been a companion of the minds of many people over the ages does not lessen the hurt when a nice young fellow slides away from help.

Volunteers To Seek Funds For Nightingale Cottage

Pictured above are Mrs. Clifford R. Gaver, 1345 Wilson-av, at foot of steps, starting a youngster on his way to learning to walk up steps, with Mrs. Charles Jones, 1807 Baldridge rd, encouraging a start toward the top. Some of the funds to be sought here Monday, Sept. 9, will be used for similar needs.

September is "Wing Month" to the 1500 members of the Wings of Nightingale Cottage, according to Mrs. Robert Ertley, Cottage publicity chairman. She said: "This period is the time the volunteer women will canvass industrial plants, office buildings and shopping centers in an effort to raise funds for the children at the cottage." Highlight of the entire campaign, the publicity chairman said, is the annual "Wing Day," which will be held in Columbus, Worthington and Westerville on Monday, Sept. 9.

Downtown Corners

From 8.30 a.m. to 10 p.m Wing members will be standing on all downtown street corners asking you to "be an angel and sprout a wing." They will hold colorful containers and carry baskets filled with Wing Day buttons for each contributor. All monies realized from the fund-raising drive will be given to Nightingale Cottage. The goal is to top the $10,000 raised in previous years. Saturday, Sept. 7, Wing Day will be held in Grove City, Groveport, and outlying areas

On Brice Rd.

Nightingale Cottage is located on Brice-rd, near Reynoldsburg. It was opened in 1931 as a convalescent home for children two to 14 years of age. Its purpose is to fill the gap between hospital and home. No child from Franklin County has ever been refused admittance because of inability to pay. Sixty per cent of the days' care last year was free. In 1956, operating expenses totaled $83,792 02, or $9.71 per patient per day. The Wings, one of the main sources of income, contributed $25,000 to the cottage operating budget last year.

Cases treated include heart diseases (42 per cent in 1956), orthopedic cases, chronic diseases, psychiatric and emotional problems, surgical cases, both plastic and general, and medical and malnutrition cases.

Barrett PTA Program Set

When President Mrs Wendell Green called the first Barrett Junior High School PTA board meeting to order at 1 p.m. on Aug 27 the organization began to make plans for the year ahead, according to Mrs. William Palus publicity chairman. The meeting was held at the home of Mrs. Howard Merritt

One of the first items on the agenda was that of formulating a program for the year, part of which is given here. The "positive" philosophy saturates the program, it was pointed out, and it was said that the program promises an interesting plan for the entire school year.

Begins In November

The program will first be used at the meeting in November, the publicity chairman said. The theme: "Positive Approach To Radio, TV, and Newspapers," and it was said that this will involve all the human, psychological, philosophical phases of school and the various methods of communications. Also, it is believed, the subjects and variations will form a challenging influence in the year's work.

In February, the "Positive Approach to Health" will be the lure to some research for the meeting for this month

For March the "Positive Approach" will have added the study "of the PTA"—which is the subject for the discussion.

Music will come into the picture, it was said, for the month of April—"Positive Approach To Music."

Welcome—Reception

PTA has set aside the evening of Oct. 17 to hold a reception and open house for Principal Thomas B. Quick, whose appointment to succeed Principal Robert Nash, resigned for other and higher educational activities, was reported in the South Side Leader some months ago.

Miss Bowers Makes Plea For Social Service Aid

More men and women volunteers are needed for social service agencies than ever before, according to a report from the agency contact committee of the

Miss Bowers

Volunteer Service Bureau.

The bureau, a division of the Council of Social Agencies, has compiled a report showing that 379 volunteers are needed to aid 66 social service agencies during the year in Columbus and Franklin County.

Miss Helen Bowers, head of the Volunteer Bureau, said the requests from agencies for volunteer workers is increasing because needs are increasing. Expanding needs are attributed to the growth of the community. There has been a general increase in population over the past few years. An increase in the number of aged and children is a major factor in the need for more helpers in agencies serving those groups, according to Miss Bowers.

The biggest increase in requests for volunteers came from settlement houses. Fifty volunteers are needed there. The reason for this, according to the committee, is because settlement houses need strong leadership to offset juvenile delinquency

Group Leaders

A total of 95 volunteers are needed to serve as group leaders and entertainers to help people have fun at settlement houses, children's institutions, mental hospitals, and Golden Age centers. Ninety-three volunteers have been requested to serve as play and recreation leaders at nurseries, community centers, hospitals, and children's homes.

Forty volunteer drivers are needed to transport children and adults to clinics and hospitals for treatment; 53 office workers will be required to work as receptionists, typists, and filing clerks; 48 friendly visitors are needed at rooming houses, nursing homes, hospitals, and the county home to read to the shut-ins, write letters, and entertain. Fifty specially skilled volunteers are requested to teach crafts, music, art, and ceramics.

How To Start

Miss Bowers said interested men and women can call the Volunteer Service Bureau, CA. 8-5696, or visit the office at 137 E. State-st. She said the average time required of a volunteer worker is three hours each week

Although the Volunteer Service Bureau is supported by United Appeal-Community Chest funds, it serves private and public agencies outside the United Appeal as well as those supported by its fall campaign.

European Trip Long Awaited

Mrs Ina F White, secretary and receptionist at South Side Settlement, whose home is at 331 Barthman av, early Tuesday morning left Columbus for New York City. She was accompanied by her son, Alfred E White and daughter, Cozine White

The group of three soon will be reduced to two in one group and the other alone That's because the brother-sister group will, after visiting New York City, Atlantic City, and Hoboken, N.J., with their mother, see her off on the S.S. Statendam to sail to Europe. The daughter and son will return to Columbus. The Statendam sails tomorrow, Friday

The itinerary calls for stops at ports in England, Holland, Belgium, Luxembourg, Germany, Switzerland, Liechtenstein, Austria, Italy, Monte Carlo, French Riviera, France

In a visit with Mrs. White prior to her departure Mrs. White spoke of the interesting days ahead of her, and said she would be accomplishing something which had been in her mind, sometimes apparently hopeless, but always there

She anticipated the trip as an experience which makes her long-time waiting now seem a happy preparation. She also stated that her family is one of four generations which have held memberships in the Settlement House and participated in the interesting and constructive accomplishments of the institution

The trip will require several weeks.

The Statement

"You will not be given credit for any books you may read after Sept. 14. However, those of you who have not read the 16 books required by the Summer Reading Club, let's get busy and finish them! We would like all Reading Club members to come and get their suitcases whether or not they have finished."

Story Hour Change

Special request was made that the Leader tell about the change of time of the Saturday Morning Story Hour. Yes, that's what the statement said — the Story Hour has been changed to Saturday morning, at 10 o'clock.

What Is A Good Fishing Motor?

This fisherman considers his outboard as important as his rod and reel. There are no outboard horsepower limitations at Delaware Reservoir or Buckeye Lake. Six horsepower or less motors are allowed at Hoover Reservoir. No motors are allowed at Madison Lake.

INSIDE ON THE Outdoors By ROD COCHRAN

The question, "what is a fishing motor", has been asked thousands of times, and the usual answer was something in the five horsepower class. But not anymore. A fishing motor today can be anything from a 3 to the largest outboard made.

Motors in the small horsepower category, however, still get the popularity nod. Fishing boats are usually lighter than the average pleasure craft, and it takes less horsepower to run them. Light weight is important too. Many anglers now have their own boats and trailers, but some carry their motor in the trunk of their car and rent a boat wherever they go. And, 50 pounds is about all a man wants to carry down a hill, especially when he's loaded down with a gas tank, tackle box, life preservers, lunch basket, and other paraphernalia.

Most fishermen appreciate the conveniences that pleasure boaters demand. He does not need a motor powerful enough to pull water skiers or one fancied up with chrome trim, but he wants a remote fuel tank, and especially a gear shift. Neutral and reverse might be considered more important for the fisherman than for anyone else, since this maneuverability often makes the difference between catching fish and not. Being able to stop and reverse will also save a lot of trolling rigs that get snagged.

Bigger Ones Useful, Too

In addition to motors in the 5½ to 10 horsepower class, a slightly larger motor such as an 18 is becoming highly popular for fisherman boat owners. This size of motor is ideal for fishing Lake Erie, it has the power to push a big boat fast, and yet it idles almost as well as the smaller enginers. It is also fine for the pleasure boater who fishes occasionally.

For a man who fishes Ohio waters exclusive of Lake Erie, a wise choice would be a motor of 6 horsepower or less. They are plenty powerful enough for our waters, and are excellent for trolling. They are also allowed at many city reservoirs and lakes where larger motors are not permitted. Hoover Reservoir, and the Muskingum Conservancy District Lakes in eastern Ohio, are examples of waters that have a 6 horsepower or less limit.

Outboards are fast becoming a "necessity" for fishermen. When you buy yours be sure you get the one you need — not too much power or too little. Buying an outboard takes the same careful consideration that you would give a new flyrod before acquiring it.

Sharon Howell, 88 E. Innis-av, will notch another year on Father Time's yardstick today. An aside to "Dixie" Sharon's brother: does the opening of school bring on your malady, that of being "schoolsick?" (You see, Dixie's a high school graduate, but he misses the hub-bub of school life!")

John and Mary Leist, with Johnny and Pam are in New York City for a fast three-day vacation this week. The former South Side Leist children will be enrolled in one of the newest schools this year, Binns Elementary.

Mrs. Joseph Woerner, 1219 Wager-st, is the board representative of the Apogee Club. The group is scheduled to meet this evening at 8 p.m. in the home of Mrs. Francis Adams, 703 Fairlawn-dr.

Happy birthday time to the following youngsters, Debra Dailey, 1732 Bruck-st, Sept. 6; Barbara Haven, 372 Sheldon-av, Sept. 7; Carol Parks, 298 Markison-av, Sept. 10; Danny Mayer, 77 Prebis-av, Sept. 11; Robert Hoderfield, 263 Jenkins-av, Sept. 5; Raymond Jordan, 66 Reeb-av, Sept. 7; Margaret Marie, 332 Sheldon-av, Sept. 30. Patricia Herman, 1364 S. Third-st, Sept. 5; Paulette Knapp, 399 Markison-av, Sept. 11.

Trudeau Guild 25 met last evening in the home of Mrs. James Coslett, 504 E. Morrill-av. Trudeau Guild 10 will meet Sept. 11, at 8 p.m. in the home of Mrs. Floyd Leonard, 515 Forest-st.

Larry and Jane Rumsey, former Columbusites, visited their respective parents from Aug. 23 to Sept. 1. The junior Rumseys now make their home in Youngstown. While here Jane was the honor guest at a stork shower, given by Mary Rose Alexander, 222 Frebis-av, Aug. 28.

Edna Ann Baughman left early Monday morning to enroll in Kentucky Christian College. "Eddy" Anne is a resident of 1575 S. Sixth-st, and is the daughter of Mr. and Mrs. Paul Baughman. The Baughmans' son, Donald, is already a missionary in Africa, so there will be two members of the family engaged in this worthwhile work. Richie Hugoniot, 299 Sheldon-av, left today to start his studies in the Cincinnati Bible College.

Walter and Margaret Miller, 1400 S. Sixth-st, celebrate their 21st wedding anniversary today, so congratulations are sent their way.

A recent wedding and three that will occur in the near future comprise our "middle-aislers" this week. Diane Heft, 914 Studer-av, became Mrs. Clyde Neiswander on Aug. 31. The young couple received their high school diplomas from Holy Family High. They are now making their home at 249 S. Grubb-st. Alice Leiloni Roof, 698 Southwood-av, will exchange her marital vows with Donald Morehart, 993 Ellsworth-av. These South High School graduates will have Sept. 7 as a wedding anniversary in the years to come. Their vows will be repeated in South Methodist Church.

Ohio Avenue EUB Church will be the scene of the Sept. 8 wedding of Rita Jane Harmon and Roger Bell. Miss Harmon resides at 1524 E Whittier-st and Mr. Bell is a Westerville resident. Miss Harmon, a South High grad, attended Otterbein College. Her fiance, a graduate of Westerville, is attending Otterbein. Elaine Joan Duros, 1339 S. Champion-av, and James D. Kiouritas, Portsmouth, will have their wedding ceremony in the Greek Orthodox Church on Sept. 8. Mr. Kiouritas is a junior in the college of dentistry at Ohio State.

Cloverleaf 26 will convene for a 12-noon luncheon in the Southern Hotel, Sept. 12. Hostess will be Mrs. Ferd Graf, 1191 Linwood-av. The third quarterly meeting of the Cloverleaf Club will be held Sept. 9, 8 p.m., in St. Anthony's Hospital. Final plans will be made for the annual fall dance and festival.

Happy birthdays to Ruth McGraw and Isabelle Rausch, both Sept. 7 celebrators.

Last Saturday proved to be an exciting one in the lives of three S. Sixth-av residents. Priscilla Dicke found herself at Children's Hospital for tests and X-rays for back injuries. A sprained back was the verdict. Ronnie and Marie Cook had a fire in their place of business on Innis-av, which was discovered early enough to avert a large loss.

When Southway Unit 144 installs its new officers on Sept. 6, two of the women will be South Side residents. Mrs. Harold Backus, 437 Sycamore-st, will be president, and Mrs. Harry Denman, 491 Carpenter-st, will be second vice-president. The installation will be held at 8 p.m. in the post home, 874 S. High-st.

Thought you'd like to hear that the stint at Benjamin Franklin Hospital a week ago was lots of fun and the panel uncovered one winner, with another one very close. Don Weaver, editor of the Citizen, did a fine job of confusing ye Gadabout and fellow panelists. Mary Merritt, vice-president of the Guilds, Fred Berkhimer, county commissioner, and Charlotte Curtis, society editor of the Citizen, were the others who joined in the evening's fun. And here we insert a tribute to Mrs Mart, the hard-working "special services" director at B.F.H. She is doing a wonderful job at the hospital so we'd like to acknowledge it personally. While thinking of the patients at Benjamin Franklin, we'd also like to remind the readers of the "Gifts for Giving" which we conduct at the Christmas season, whereby the things donated by the warm-hearted folks are given to the patients, to be used as their Christmas presents for loved ones. It's a little early for Christmas thoughts, perhaps, but groups that meet monthly have just a few meetings to consider the project.

Our plea this year is for games that several children can play as a group. Parents, naturally, don't like to give something to one child, ignoring the others. And, of course, our beloved "Doll Lady," Mrs. Bier, is working on her doilies and would like to have more to dress. Remember, any surplus items will go to Franklin Village and Orient, as they did last year.

Mrs. Virginia Braun Keller, 1083 S. High-st, is one of the committe members who is assisting in plans for the first luncheon of the season for the Saturday Music Club. The affair will be held this Saturday at 1 p.m. at the University Club.

Deadline and items are practically in a tie this week! Do phone us at HI. 4-1061, won't you? Till next edition, tis

Please Don't Hit My Child

EVERY parent joins in saying, "Please don't hit my child."

Children are known to take chances . . . much as we caution and warn them! In their eagerness to play or get home from school or go to the corner store . . . they often forget the precautions that have been pointed out to them.

Let us, in this community, learn to think for the kiddies. Certainly we must stress safety rules to them but let each of us be on the alert at all times for the unexpected — a child dashing between cars or running across the driveway as we leave for work. Give the kids the right of way, regardless. Let's obey every sign and warning — everyone — no exception — and let's teach the children safety.

Teach the Child and Yourself Safety!

A community of safe drivers is a wonderful place in which to live and raise our children.

STEPS of PROGRESS

This is one of a series of messages designed to point out why this community is truly a wonderful place in which to live. Reflecting the steps of progress in our area, these advertisements are sponsored by local business and professional men who are appreciative of the loyalty, cooperation, and patronage of the loyal citizens whom they serve. Each message is a tribute to a group or organization having complete faith and confidence in the future progress of this community.

Maennerchor To Sing At Park

The Columbus Park of Roses will present the Columbus Maennerchor as its highlight Sunday afternoon, Sept. 8, at 4:30 p.m. as its 13th offering on the park's summer entertainment series.

The program arranged by Prof. Leinhauser, music director of the Columbus Maennerchor for presentation at the Park will feature the famous Men's Chorus singing many such favorites as: Sonntag its by S. Breu; Walderwachen by A. Fleischer; Morning by Oley Speaks and many others.

Following the initial selections by the Maennerchor, the Damenchor will provide a variety with its chorus of feminine voices. They will sing "Glow Worm" by Paul Lincke; "Waldhutlelein" by Otto Von Walden; and many others. As the finale of the afternoon's performance the songs "Beautiful Ohio" by Mary Earl; "Wanderlied," by R. Schuman will be sung by the Mixed Chorus.

The Columbus Maennerchor, consisting of 125 members, is one of the longest established and best-known choral groups in the city of Columbus, with its prime interest of keeping the fine music of the masters alive for the sole benefit of the people of Columbus without compension. The Maennerchor has been in existence over 100 years.

As the final offering on the Park of Roses concert series program, the famous "Fasting Ballet" will present its entertaining ballet at 8 p.m. on Sept. 15. The Park of Roses on this Sept. 8 will have the annual rose show of the Central Ohio Rose Society. A spokesman said, "The Park of Roses is indeed offering the people of Columbus a fine afternoon of entertainment and enjoyment."

Motor-Driven Cyclers Need Licenses

The new act to require licensing of motor driven cycle operators, age 14 and over, became effective in Ohio Aug. 27. Motor driven cycles (motorcycles, motor bikes and motor scooters) of whatever power, are motor vehicles under Ohio laws and their operators must be licensed under the provision of the Ohio Drivers' Licensing law. The new law provides that persons 14 and over can obtain restrictions in licenses for the operation of cycles and scooters of not more than five-brake horsepower.

Before a license can be issued to a teen-ager, the parent or some other responsible person must sign the application and thus come under the financial responsibility law which requires the same minimum standard liability insurance policy which is required for automobile operators.

Information regarding the types of cycles and scooters which are eligible for operation under this new law may be obtained from Howard's Sales and Service, 757 Parsons-av.

Sermon Subjects

The following sermon subjects have been listed for the named congregations next Sunday, Sept. 8:

St. John's Evangelical Protestant Church, at both morning services, "Earth and Men."

"Let's Quit Accusing God Of Evil" will be the sermon topic of Rev. Glendon Herbert, pastor of Ohio-av EUB Church at the 8:30 and 10:30 a.m. services Sunday.

Col. Miller In Germany

Whittier-st Man

Lt. Col. George P. Miller, pictured above, son of Mr. and Mrs. Press G. Miller, 729 E. Whittier-st, was recently assigned as commander of the 385th Military Police Battalion in Stuttgart, Germany. Colonel Miller, whose wife, Fontelle, is with him in Germany, is a veteran of World War II and the Korean conflict. He holds the Legion of Merit and the Bronze Star Medal. The colonel attended Ohio State University.

End Duty Stint In Virginia

Capt. Donald F. Bowman, whose wife, Pat, lives at 925 Miller-av, recently completed two weeks of active duty training with the 401st Quartermaster Battalion at Fort Lee, Va.

Capt. Bowman, son of Frank S. Bowman, 119 North-st, Southgate, Ky., is a machine accounting supervisor with the Nationwide Mutual Insurance Co. He was graduated from the University of Cincinnati in 1949 and from Ohio State University in 1950.

Capt. Bowman is a member of Beta Alpha Psi, Beta Gamma Sigma and Phi Eta Sigma fraternities.

If you're buying fresh snap beans, check to see if they "snap" rather than bend. If beans bend, they're too long off the vine and too old for tasty eating.

Fayette County is well known as a horse-breeding center.

Col. Gerstner Is Battalion Chief: Germany

Army Lt. Col. John F. Gerstner, whose wife, Ida, lives in Jefferson City, Mo., recently arrived in Germany and is now commander of the 97th Signal Battalion.

A veteran of 16 years of military service, Col. Gerstner is the son of Mrs. Joseph Gerstner, 444 Hosack-st. He was stationed at Fort Leavenworth, Kan., before arriving overseas on this tour of duty.

The colonel is a graduate of South High School in Columbus.

Coach Says Sponsors Are Needed For Local Team

Charles Smith, head coach and manager of the football team to represent the South Side Business and Industrial Organization, has announced the completion of most details fitting the local aggregation into the Middleweight Football League and "we hope, bringing a championship to the local field," Smith said.

Smith told the South Side Leader that the late start last year did not give a full estimate of the competence of the team, which, due to the late start, resulted in only five games being played when the season ended, with a scoring record of two wins and three losses.

Sponsors Needed

The head coach and manager said that the team needs additional sponsors to properly equip it for the fall playing.

All players on the team and in the league have passed high school age, and there is a weight limit of 185 pounds, Smith said. Many of these boys have made All-County and All-City Football team, and therefore, according to Smith, may be expected to play winning football this fall, with a good chance of bringing a championship to the South Side.

Players

Players on the team, with their home addresses, have been given by Manager Smith as follows:

Carrol McBroom, 464 Olpp-av; Bob Jones, 1539 Clifton; Frank Howard, 717 Stambaugh. Jim Wright, 501 Morrill-av; Don Little, 1612 Thomas-av; Bob Lyons, 361 Garfield; William Smith, 350 Barthman; Alan Bowen, 1148 Ellsworth; Ralph Dowler, 1225 Smithrd, James Lockhart, 735 Stambaugh; Dan Johnson, 965 Lawrence-dr; Frank Bullock, 374 Hinman-av; Norman Cline, 1318½ Summit-st.

Coach-Manager Smith said that prospective sponsors may reach him by telephoning HI. 4-4629.

3 Millionth Girl Scout

Surprised to find out she is the three millionth Girl Scout in the United States, 12-year-old Janice Brewer of St. Louis, Mo., holds the form indicating she has been officially registered as a member of Girl Scouts of the U.S.A. Nationwide Girl Scout membership has tripled since 1944 but many girls, like Janice, must wait to become Girl Scouts because there is a shortage of adult troop leaders.

TB Cruiser On Parsons Next Sunday

In an unusual move, according to the Tuberculosis Society, the Christmas Seal X-ray cruiser will operate on Sunday. The new departure will, it was announced, take place this Sunday, Sept. 8, and will be stationed at 1887 Parsons-av. The cruiser will repeat the location on Monday, Sept. 9, the announcement said. The hours for both days will be from 1 p.m. to 8 p.m.

The Sunday operation was decided upon, the Society said, to make the cruiser's service available to many who have not been able to have all-family checks.

City Planners Suggest Terrace Garden Change

City Planning Director Jack Bachtel has made some last minute recommendations before construction starts on the $5 million Terrace Gardens apartment project on Alum Creek-dr.

A major change, recommended by Bachtel, involves changing several acres set aside for a school area to a different location.

The change would move the school section north along Alum Creek-dr, permitting easier access to school facilities, Bachtel pointed out.

Once this change has been worked out and the site approved by the City Planning Commission, the project builders can proceed with actual construction plans.

The revised plan for the project may be presented to the Planning Commission at its next meeting, Sept. 12, Bachtel said.

The 385-unit low-rent project is to be used for housing of persons displaced by expressways and slum clearance programs. It will include 11 apartment units in each building, ranging from one to three bedrooms.

The Ludowici Celadon Co. in New Lexington, O., is proclaimed as the largest roofing tile plant in the world.

Prominent Church Educators To Speak At 'Y' Youth Rally

South Side Branch YMCA Young People's Inter-Church Council announced it has secured four top-flight leaders as discussion leaders for its annual fall conference for South Side Church Young People, to be held at Y-Park on Sunday afternoon and evening, Sept. 22.

The discussion groups have been broken down into two categories: junior high age and under and senior high age and over. Both discussion groups will be divided into two areas. The following leaders have been named for the respective topics:

Junior High Group — "Home-Church-Youth" by Mrs. Charles Nichols, minister to children of First Community Church, and "Improving our Youth Groups" by Robert Sheehan, associate pastor of Indianola Presbyterian Church.

Senior High and Over Group: "Inter-Faith Marriage" by Theodore Preuss, pastor of Trinity United Church of Christ, and "Improving our Youth Groups" by James Recob, pastor of Oakland Park E.U.B. Church.

Purpose of the conference is to stimulate enthusiasm among the various youth groups in planning and setting up fall and winter Youth Fellowship Programs within their own individual churches.

The conference should be of interest and worthwhile to every Youth Fellowship member, leader and advisor, as well as ministers who have, or are, contemplating Youth Fellowship programs.

The conference will open with registration at 1:30 p.m., and will close with all discussion groups combining at 7:30 p.m. for a vesper and consecration service.

A pot-luck supper will be enjoyed by all at 5:30 p.m.

Slate Dance Sun., Sept. 8

The Federation of Young Adult Lutherans will hold a round and square dance Sunday evening, Sept. 8, 7 p.m., at the Christian Youth Center, three miles north of West Jefferson on N. Walnut-st and Middle Pike-rd. Refreshments will be served. All single, adult Lutherans of the Columbus area are eligible to attend, it was stated.

Ohio ranks first in soft red winter wheat production with a little over one-fifth of the total U.S. soft red production. Indiana is second.

A Picture for Remembrance
THE DEDICATED purpose of every funeral director is to make the final hour of parting one that will bring comfort of mind — to create a Memory Picture that will live through the long years ahead. This is the reason for the beauty of the caskets, the soft lights and music, the flowers and the evidence of tenderness and reverence in the service. Refugees From Reds Are Quick To Adapt To New Environment Here

John Monar, recent refugee from Reds in Europe stands between Dora Sharte, right, and Frigga Scholz outside of South High School, where instructors said all were "making the grade," although Dora, who has been here nearly three years, is the only one of the trio who speaks English.

By Staff Writer

Have you ever wondered what it's like to be among strangers with no word of their language known to you?

That question was uppermost in my mind one afternoon recently when I went to South High to interview three students not long here. Another thought also was in my mind: How will they adjust socially?

It turned out that one of the three I went to see became my interpreter for the other girl in the trio. This young lady, a German from East Germany, had moved with her family into West Germany and they came to this country more than two years ago. She is Dora Scharte, age 16. It is considered impolite to try to "dig" too much information from refugees about how escapes were made. In this the writer was most polite. However, the young lady's family went to West Germany to live until they could come to this country and to Columbus.

This young refugee interpreted for our interview with Frigga Scholz, 15, of East Germany. Frigga hopes to become a citizen and make a career in the United States diplomatic service. Her English is slight but won't be for long.

John Monar, Hungarian, is a senior at South High. He escaped after last October's revolution. How does he get along? Fine, he said, though a teacher volunteered as an interpreter. He has a few English words, a big smile and—well, a fellow can make motions, and that seems to be the "ticket" to understanding, to cooperation, and to the fellowship. John is medically inclined, and hopes to attend college with a physician's life in his picture.

John arrived in New York July 26 by air and then came here to join the Hungarian community.

John wishes his family could come here, too.

These refugees point up, during an interview, the horror heaped upon slave countries.

A Happy Pleasure

'Twas a pleasure to work with Mrs. Paul Mason when she was publicity chairman for Southwood PTA through the last school year. Then, with her term finished and her elementary school offspring transferred to the pinnacle of South High freshman . . . well we thought, there's a mighty good "cooperator" in news—a mighty good publicity chairman gone. But, not so . . . Mrs. Mason went along with her offspring to South High, and behold! . . . she had dobe so well in Southwood that she became publicity chairman for South High.

• • •

And that brings us to another happy experience . . . two ladies from Roosevelt Jr. High School . . . and a paid-up membership card for the editor in Roosevelt's PTA. Mrs. Mary B. Thomson is president and Mrs. H. D. Ellefritt is publicity chairman. They recently visited the South Side Leader office to talk over mutual interests in publicizing Roosevelt

Rev. Clay To Attend Camp Meet

Rev. D. E. Clay, pastor of the Wilson-av Nazarene Church is scheduled to attend the annual Central Ohio district Nazarene preachers' retreat at the Columbus camp next week, Monday through Wednesday noon.

Plans for a "home mission reserve army" of 2,500 persons will be outlined by District Superintendent Harvey S. Galloway of Columbus. He has set Sunday, Oct. 6, as "army recruitment day" in the 121 district Nazarene churches.

Each volunteer in the "army" pledges to give $2 in each of five mail solicitations that will be made in 1957-58. The money will go to help underwrite the finances for 12 new churches the district aims to establish this year.

Dr. Howard H. Hamlin, Chicago surgeon, will be retreat speaker. He was on General MacArthur's staff, Army of Occupation, Japan. He is a graduate of the University of Denver medical school.

The retreat will be an opportunity for recreation and fellowship as well as meditation for pastors from a 35-county area from Lake Erie to the Ohio River, Rev. Clay said.

Rev. Everett E. Mosslander, pastor of Thurman-av Methodist Church, and his family, will be honored by the membership at a reception in the church sanctuary Sept. 18 at 7:30 p.m., according to Mrs. Dale Davy, who reported the forthcoming event.

S. S. Council Elects Leaders At 'Y'-Park

Council members enjoying annual dinner at "Y" Park

New officers were elected by the Council of South Side Organizations at a dinner meeting at Y-Park Thursday evening, Sept. 5. Pictured above are representatives of the South Side's civic organizations, representing various social and charitable groups. Elected to serve for the next 12 months were: Chairman Jerry Fedderson; Harold Washburn, second vice-chairman, Howard Henry, secretary, James L. Wagner; treasurer, Howard Storch; executive secretary, M. V. Hoover. Elected officials will serve for the next 12 months, according to Jim Wagner of the "Y" staff. The organization as such is detached from business interests — it is, Wagner said, "an organization which is devoted to whatever is for the benefit of the people who live in the South Side." Many things helpful to the community have been accomplished by the organization, it was said, which could not have been done without an organization like the Council of South Side Organizations, which is composed of elected representatives of other organizations in the community.

Blaze Damages Parsons Home

Damage unofficially estimated at $1000 was caused Sunday afternoon when a short circuit in attic wiring over the second-floor apartment of Mrs. Genia Krancevitch started the blaze. The fire was in a two-story brick house at 1671 Parsons-av and most of the damage was in Mrs. Krancevitch's apartment, reports indicated.

Some damage was done to the next-door apartment of Thomas C. Paxton, who was busy in a downstairs cafe, which he operates. Several customers vacated the cafe when the fire alarm was sounded.

The loss would have been much greater, according to Battalion Fire Chief Charles Pugh, except for the fast work of firemen responding to the alarm, who covered furnishings with fire-resisting tarpaulins, retarding the efforts of the blaze.

Work On Mercy Hospital's New Addition Proceeds Rapidly

Comparing blue prints and work on Mercy's new addition.

Mercy Hospital Superintendent G. W. Beard is pictured above (center) talking with Jim Pendleton, left, superintendent of General Maintenance and Engineering Co., ad Harry Goss, superintendent of Inscho, Brand & Inscho, architects, who designed the new addition to Mercy Hospital.

The work has progressed rapidly since the South Side Leader announced recently that an old residence at the rear of Mercy was being torn down to make room for the long-awaited building which would give Mercy urgently needed additional room. The new addition will house the dietary program of the hospital, while the areas to be vacated by the dietary department will be converted to regular hospital requirements, it was said. Residents say the new addition will be a welcome addition to the area. It is believed that the new building addition will enhance values all around it. Superintendent Beard said it is certain that in addition to enhancing the value of adjoining property, the new building will contribute greatly to the operation of the hospital and to increasing the capacity of the hospital, which has been under heavy strain to take care of those seeking admittance.

Workmen not only have finished general excavation, but foundation and wall work have proceeded in keeping with the rest of the work. Shown in the picture, walls and ground foundation have progressed substantially. Asked how soon the new department will be ready for hospital use, Superintendent Beard pointed out that many factors enter into operations of this sort and make estimates of time hazardous. However, he thought that the work will progress so that before freezing weather arrives outside work will be advanced and contractors will be working inside.

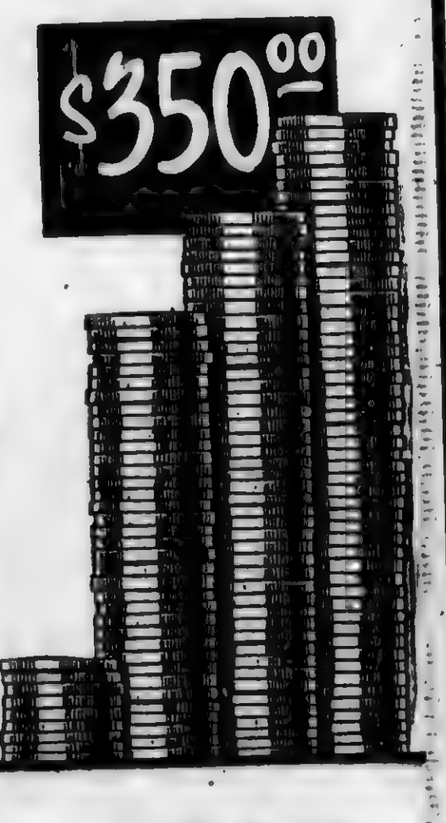
These Southside Druggists Ask You To...



TAKE YOUR CHOICE

NEW DRUGS SOON GET CHEAPER . . . mass production and free competition soon drive the price down. For example, in 1942 a single 100,000-unit shot of penicillin cost about $22. Today, it's within the reach of everyone.

WITH NEW DRUGS HUNDREDS OF DOLLARS IN BILLS AND LOST TIME ARE SAVED. Here is the heart of the miracle — in 1931 a case of lobar pneumonia might well have cost $400, plus 8 weeks loss of work — even if the patient lived.

TODAY the use of antibiotics costing $15 to $25 with only 8 days' loss of work, is sufficient to cure most cases.

WITH NEW DRUGS MANY PRODUCTIVE LIVES ARE SAVED . . . Fewer productive careers are now nipped in the bud — think of the earning and productive capacity of the 500,000 pneumonia patients whose lives have been saved in the past 10 years.

$350.00

For a serious mastoid operation involving $100 for the actual operation — $200 for two weeks' hospitalization — $50 for doctor's visits — plus a nip-and-tuck gamble with death.

$15.00

For the quantity of penicillin necessary to control a middle ear infection quickly and easily, without undue suffering, and with little discomfort to the patient.

Hoermle's 32nd Anniversary Brings To Light Startling Facts About TV

Hoermle's Appliances of 1894 Parsons-av, is celebrating the 32nd anniversary of the store this month and has announced that TV prices are going down! Although this statement appears slightly out of line it is by all means the truth in the fact that today you get more for your money than you did when TV first came to Columbus in 1949, says Bill Hoermle.

March 17, 1949, the South Side Leader carried a story concerning the birth of TV in Columbus. A Hoermle's advertisement at that time carried a price of $595 for an RCA Victor 8-inch TV combination. For that much today you can buy color TV.

The First

March 27, 1949, was the day that WLW-C first televised programs. A total of 1,130,000 living within a 45-mile radius were expected to watch. From that day to this television has grown in Columbus and now there are three local stations with programs being pipod in from all over the world.

This month Hoermle's set out to prove that the price of television is going down because quality is going up. The sets of today are larger and offer much more in fine viewing and service free operation, according to George Horvath who has been sales manager for Hoermle's for the past few years.

Special Room

Now in 1957 Hoermle's has opened a special room to be known as the "Colorarium," from which will eminate the true story on color TV. Bill Hoermle, Sr., has stated that he is completely sold on color TV and is trying to provide the best in color TV now, that so many programs are coming on in true live color.

Color programs such as Midwestern Hayride and Ruth Lyons are every day fare, and special sports broadcasts plus literally hundreds of shows each season offer a tempting fare. The new Colorarium is open to the public and color shows will be shown each day, Bill Hoermle announced.

Some of the many questions asked eight years ago when TV first came to Columbus are listed here along with their answers and the correct answers as of today:

Answers Given

QUESTION: When color TV comes, will it render early receivers obsolete? It may be possible to have an adapter. TODAY: Old sets cannot pick up the color but will show it in black and white; but color TV sets today are as low in price as some old sets in 1949.

QUESTION: Is it necessary to darken the room to watch TV? Answer then: Not necessary for total darkness as long as direct rays do not fall directly on the screen. Today: Sets of today give a clear picture even in a room where the lights are on or the window emits bright sun rays.

Can Be Answered

Bill Hoermle states that any and all questions pertaining to TV can be answered by someone in his large organization. The company started in 1925 and has climbed through the years to a point where it now employs approximately 20 people.

Farmer Aids Wildlife Program

Carl Cox and Al Ward inspect a four year old multiflora rose planting. After a couple more years Carl will not have to worry about fixing his wire fence, the hedge will do the job. In the meantime he and his Brittany spaniel, Candy, will hunt pheasants along the fencerow.

INSIDE ON THE Outdoors
By ROD COCHRAN

Carl Cox, Madison County farmer, is heartily in favor of a wildlife restoration program that the Ohio Division of Wildlife has termed 56-D.

Carl explains it this way, "We all know that the changes that have occurred in farming in recent years have not helped wildlife's living quarters. Osage orange hedges and other brushy travel lanes have disappeared for the most part. Woodlot grazing has increased and there is little acreage on the modern farm that is not subject at some time of the year to drastic disturbance, always at the expense of wildlife."

This program that Carl is sold on is an attempt to establish some brushy fencerows, some wildlife food patches, and to protect woodlots and swamps from grazing. Multiflora roses are used for living fences, annual plants are established on odd areas or other places not used for farming as food patches, and grass and legume cover is improved by liming, fertilizing, and reseeding.

Plan Offers Complete Service

The plan was originated for farmers who cooperate with the Soil Conservation Service, and have a complete conservation plan on their farms. It is not necessary, however, for farmers to be Soil Conservation Service cooperators to participate in the wildlife habitat program. The Division of Wildlife will supply the planting stock, equipment, and labor necessary to do the job, or will only supply seedlings and leave the responsibility of planting to the farmer.

Carl has had a multiflora rose fence on his farm near Big Plain for 15 years. He is very well satisfied with it, and has found only one instance where it resecded in a cropfield. It's a favorite hangout for pheasants, and the fence protects them from predators and also from hunters. Carl's Brittany spaniels can't route the birds if they want to sit tight in the thorny fence. When Carl was plowing the field next to the fence last spring, he saw 13 hen pheasants and 1 cock hiding in it.

Al Ward, Madison County game protector, told me that there are eight new 56-D cooperators in Madison County this year. Planting stock put out last spring included multiflora rose, Austrian pine, white pine, Norway spruce, and black walnut. Plantings ranged from 1,800 to 8,000 seedlings per farm.

If you are interested in the 56-D program you should contact your county game protector. In Madison County it's Alan Ward, Rt. 3, London, phone UL. 2-9761. In Franklin County contact Robert Strohm, 3296 Westerville-rd, Columbus, phone AM. 8-3955.

In celebration of having served South Siders with beauty needs for the past 10 years, Mildred Stewart has announced in an advertisement in this issue of the South Side Leader that several specials are available to the public.

Fayette Beauty Salon has been operating at this spot for the past four years and, according to Mildred, everyone is invited to drop in and visit with her and her staff, and see the many changes that have been made in the decor of the shop.

Mrs. Stewart, who is married and resides at 1876 S. Sixth-st, is a graduate of East High School and attended Bliss Business School. She also studied dermatology at Ohio State University.

Presently a staff of eight persons is employed to facilitate the beauty needs of South Siders. They are Mr. Joseph, hair cutting and hair stylist; Dolores Barnes, hair cutting and hair stylist; Gertrude Smith, permanent waving; Josephine Hunt, hair cutting and styling; Rose Carr, hair cutting and styling; Ernestine Yancey, hair styling; Bessie McBroom, shampoo and manicure; Lula Belton, shampooing.

Awarded a plaque of merit for permanent waving and coiffure design by the Rayette Beauty Culture Educational Institute, Mrs. Stewart also has won a loving-cup by Rilling as a professional cold-wave award. She is a member of the Hair Fashion Guild of America, was appointed to serve on the board to select the hair style of the month, and is a member of the Hairdressers Guild of Ohio.

Fay-Arnold Cosmetic Company, with offices and laboratories in Dayotn, O., is also owned by Mrs. Stewart. Fay-Arnold Co. is the maker of a corrective line of cosmetics. Mrs. Stewart is the founder and originator of the company, with the formulas being developed by her to meet specialized needs.

Mrs. Stewart has a son living on Champion-av. She is, also, the grandmother of three young ladies and one young man.

Motto of the Wayette Beauty Shop is, "If your hair isn't becoming to you, you should be coming to us." The proving of that motto will be greatly rewarding for the women of the South Side. New hours for fall are 9 to 9 week days and 9 to 5 Saturdays.

Group From South Side Settlement In Theater Party

To Be Guests of Dutch Uncles

Part of a group of children from the South Side Settlement House who will be among the 700 children from 14 community houses, orphanages, and boy's clubs to attend the special showing of "Around the World in Eighty Days" as guests of the Dutch Uncles of Columbus Saturday morning, Sept. 14, at 9 o'clock according to an announcement. Some of these are pictured above.

Dr. Jimmie Hull, Dutch Uncle "Big Stuff," president of the Dutch Uncles, stated that due to the limited seating capacity of the new Hunt Cinestage Theater at 217 N. High-st, only 50 children can be accommodated from each side of the 14 organizations entertained throughout the year by the Dutch Uncles. The children are being selected by the directors of these organizations on the merit system.

When the show is over at 12 noon the Dutch Uncles will serve refreshments in the alley north of the theater. The alley will be closed to traffic by the Columbus Police Department, it was stated.

Brand Names Are Featured At Moore's Appliances

Shown in the middle above is Don Thrasher, new owner of Moore's Appliances, 1340 Parsons-av. Don, who until recently was the TV repairman for Moore's, recently acquired ownership of this rapidly developing appliance sales and service store.

On the left in the photo is Henry Seifert of the Ohio Fuel Gas Co. discussing with Don the new gas company promotion entitled "Green Dot for Burner with the Brain" that is currently featuring the new Norge range shown in the picture.

To Don's right is Miss Virginia Walton, the "Miss Mary Proctor" of this area, talking up the fine points of the Miss America Steam and Dry Iron.

Norge and Proctor are only two of the many brand names now sold by Moore's. To those who know Langley Parker, Mr. Parker is still associated with the firm in the capacity of salesman.

O. G.'s Notes—

(Continued from Page 1)

PTA activities . . . PTA s always provide news and a newsman is happy because PTA publicity chairmen are most helpful.

Another Subject

There's another subject this time—one of our South Side neighbors receiving a well-deserved honor. It's no other than Walter Haines of the B. F. Goodrich Co. store at 1942 Parsons-av. We are happy to report: An executive of the company in an appropriate ceremony placed on Walter's coat lapel a pin attesting to the 10 years Walter has been with the company . . . in our book it was an appropriate honor from Goodrich to a really top man . . . and Bill Hoermle, Sr., is in the news this week . . . a great big sale on TV. Can't tell about it in this limited space, but he has provided for it in the advertising columns of this issue of the South Side Leader. . . . and a former South Side man, William R. Sullivan, now at 720 W. Tenth-Pl, Los Angeles, Calif., "pinch-hitting" in a serious subject, recommends via a post card that "since the fines have not solved the moving traffic violations, better results might be obtained by impounding the car for a few days instead — this might prove to be a deterrent big enough to stop some of our careless driving."

STRENGTH FOR THESE DAYS from The Bible

The Lord hath heard my supplication; the Lord will receive my prayer.—(Psalms 6, 9,)

God hears the faintest, unspoken prayer that wells up from our hearts, the silent supplication that forms on our lips—and even as we pray in faith and trust, He is answering: for He is always listening, ever loving and merciful.

A TRIBUTE TO OUR SCHOOL SYSTEM

STEPS of PROGRESS

This is one of a series of messages designed to point out why this community is truly a wonderful place in which to live. Reflecting the steps of progress in our area, these advertisements are sponsored by local business and professional men who are appreciative of the loyalty, cooperation, and patronage of the loyal citizens whom they serve. Each message is a tribute to a group or organization having complete faith and confidence in the future progress of this community.

Investing in the FUTURE of Our Youngsters

ONE of the most outstanding advantages of living in this community is the high standards of efficiency that are reflected in our school system. Teachers, school boards, parent organizations, all are contributing effectively in making possible the finest educational facilities possible.

Poultry Specialty Shop Opens Soon At Great Southern

The newest approach in merchandising of poultry products will be seen by visitors at the opening of Tasty Bird Farm's new store in the Great Western Shoppers Mart, this Thursday, Friday and Saturday.

Specializing in whole and cut-up poultry, eggs and butter, as well as barbecued chickens, hams and ribs, the shop also features some delicatessen items. Also offered is the King-O-Chick bird, a chicken processed to be cooked many different ways. The store is equipped with two large barbecue machines. A special seasoning is employed.

Great Western's new Tasty Bird store is the 16th in Ohio. Two others are in this city — at Town and Country and Northern Lights Shopping Centers. A fourth is to be located at Great Southern when construction on the new center is finished later this fall.

The Great Western store is managed by Robert Scoles, a poultry specialist of six years, who is a graduate of Ohio State University.

The one car that can look you in the eye and say you never had it like this before

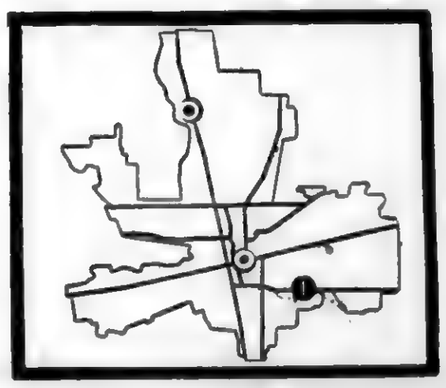
You can choose from any of the 18 Edsel models and be sure of styling that is clean, crisp and distinctive — from the bold vertical grille and the long hood to the sweep of Edsel's wide, low flight deck. Any one of the Edsel's outstanding advances — the exclusive Edsel engines or "one and only" Teletouch Drive would make it one of America's most capable cars. And the sum-total of dozens of others make it the most convenient, most comfortable car you have ever driven. With all its great advances you may well ask, how much does the Edsel cost? While the Edsel looks expensive, it actually isn't. In any one of its four series—Citation, Corsair, Pacer or Ranger—or among the station wagons—there's an Edsel for you.

THE EDSEL IS PRICED JUST ABOVE THE LOWEST TO JUST BELOW THE HIGHEST

NEVER BEFORE SO MUCH THAT'S NEW

- CONTROL CENTER INSTRUMENT PANEL.
- DIAL-TEMP AIR SYSTEM
- NEW INSIDE LOCKS
- VISUAL WARNING LIGHTS
- ENGINE TACHOMETER
- SPEED WARNING LIGHT SPEEDOMETER
- PANEL-MOUNTED COMPASS
- NEW SAFETY LATCHES
- NEW ROOMINESS AND COMFORT
- CONTROL-CENTER SPLIT SEAT
- CONTOUR FRONT SEAT
- SAFETY STEERING WHEEL
- SELF-ADJUSTING BRAKES
- REAR DECK OPENER — Lets you open trunk — right from driver's seat.
- INSIDE LOCKING HOOD
- THREE-STAGE COOLING SYSTEM
- TEMPERED AIR INDUCTION SYSTEM
- WATER-WARMED INTAKE MANIFOLD

The same air of elegance, the same look of superb ability, in all its 18 models.



You can tell a block away this is no ordinary car.

This is the Edsel and there has never been a car like it. Originality is clearly written in the elegance of its every line — from its bold vertical grille to the sweep of its low, wide flight deck.

The Edsel is the result of eleven years of planning and testing. Indeed, no new car has ever had such a proved background — for example, more than 1,250,000 road-test miles alone. Concentrated in the Edsel is more than a half century of manufacturing and engineering experience of Ford Motor Company. But to really know how completely its designers have spurned the commonplace, you must drive it.

YOU ARE INVITED TO TAKE A PREVIEW DRIVE IN AN EDSEL

OG's Notes

By OLIVER GEDEIST

Piano Wanted

There's a story here about a visit I made to the Southwood Elementary School. The visit confirmed something which I had heard . . . you see, please, what I had heard was about a needed piano. That's right. There was a piano — in fact there is one there now. However, that's the difficulty—one just can't go around to where needed . . . The piano there was used in the first grade, where it was and is useful—greatly needed . . . When school opened recently, the first-grade teacher, learning that there were 100 tots in kindergarten and knowing the value of music to the tiny tots, surrendered her piano to the kindergarten . . . But the first grade teacher finds the piano indispensable in the first grade. But she had given hers to the kindergarten and has none for the first grade . . . Anyone having an unneeded piano should call Principal Mearle E. Caskey, HI. 4-4729. He will arrange to have it picked up and tuned by the Board of Education . . . and a lot of hearts will be made happy and a lot of good will be done. Who'll reach for that phone . . .? And now for another important matter . . . loyalty to the Fighting Bulldogs. Some fans thought there was too much of a rush to leave the stands as soon as the game was over. "But the Bulldogs lost!!" some have said. Of course they lost — some one or some group always does, in normal play. Let's give this serious thought: win or lose, let's act like we won. And those fightin' fellows out there will bring home more victories . . .

Fourteen Pounds

That's what the big fish brought back from Canada by Mrs. Herbert Meeker weighed—brought back all iced and sound to prove that Mrs. Meeker is a piscatorial champ. They were in White Fish Falls. O, yes, a story in this issue of the Leader tells that the big fish weighed 14 pounds . . . And it looks like there's to be a dance contest . . . with many PTA's and church groups announcing dances . . . Look over the stories in this issue and go to the one nearest you

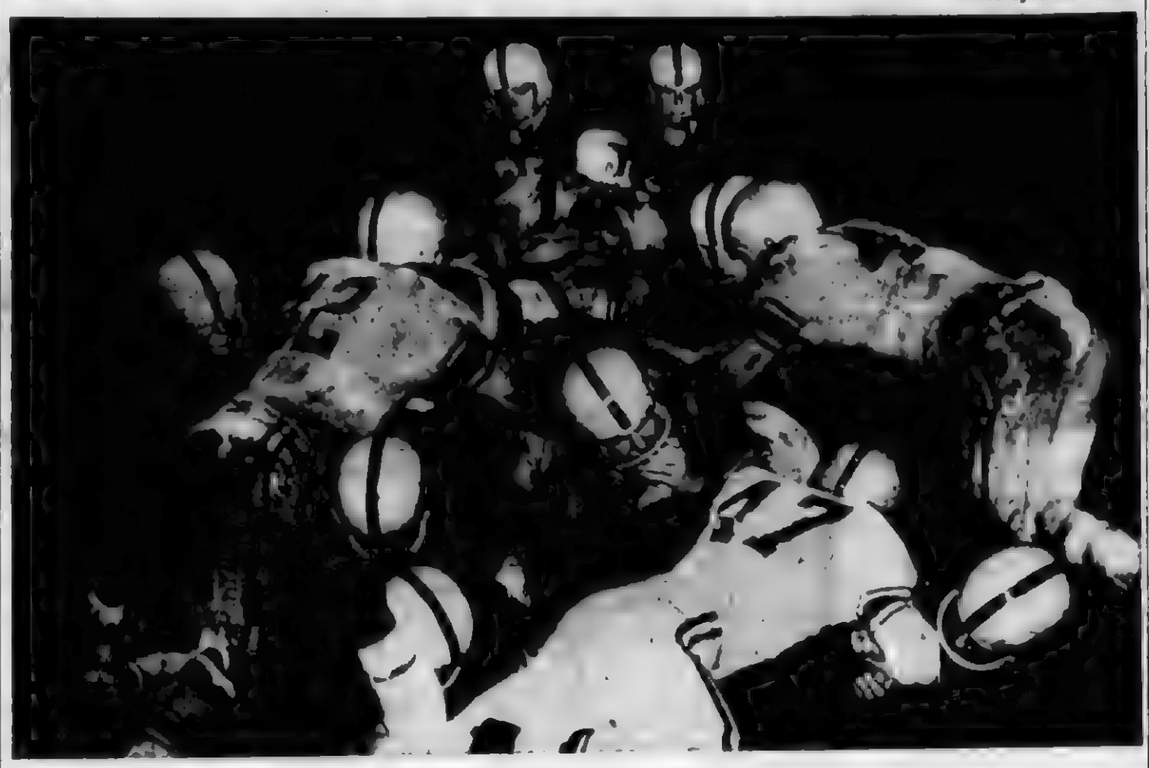
Free Movies At Schiller

Free movies will be shown in the auditorium of Schiller Recreation Center each Friday afternoon at 4 o'clock and again in the evening at 7:30 it has been announced. This weekly program of movies will alternate between a series of cartoons one week and a feature-length movie the next, the statement said. This week the feature is reported "Sahara" plus a comic. It is open to the public, it was stated.

A Good Story Is Told By Mrs. F. Spencer

Now, here's a story that is a story. Mrs. Frank Spencer of 266 Markison-av came in to tell us about the quick sale of a washing machine she had advertised in the South Side Leader. There are many similar instances, of course, but we never tire of recording the joy others feel when the items they advertised in the Leader bring such quick sale.

Mrs. Spencer said that the advertisement brought a buyer before 6 p.m. on the day of publication. It was that easy. Mrs. Spencer wanted to tell us how easy it was to sell an item advertised in the South Side Leader.



There are many other similarly quick sales. YOU try the Leader's classified. You'll be glad. Just call HI. 4-9262.

Arlington's Defense Proved Big Factor In 12 To 0 Win Over South's Fighting Bulldogs

Arlington's George Collins, No. 25 (in black), is tackled hard by South's Jerry Merchant, No. 45, (in white) in the last quarter of play at South last Friday. Collins picked up four yards on this play and Arlington scored two plays later, climaxing a 43-yard drive. Helping on the tackle was South's co-captain, Dave Vargo. No. 35 of South is Hal Ward. Arlington won 12 to 0.

Photo by Chuck Toth

South Smothers the Arlington ball carrier in this action photo, but too late! Somewhere on the bottom of this pile of humanity is Arlington's George Patton after he plunged one yard for Arlington's second touchdown with just seconds to go in the game.

A large crowd watched this game at South as the Golden Bears defeated the Bulldogs 12 to 0. No 42 of South is Dave Vargo, No. 34 is Alan Weinberg, and No. 47 is Phil Haribuch.

* * *

There was disappointment in the air as many South fans began leaving the Mahaffey Stadium last Friday after the Bulldogs lost their first game of the season to the Golden Bears of Arlington 12-0. The Bulldogs' big chance came in the second play of scrimmage when Tom Bolen, one of South's starting halfbacks, went 40 yards before being tackled. This brought the Bulldogs down to Arlington's 20-yard line, but the Golden Bears put up a great defensive fight and held the Bulldogs for four downs and took over the ball.

The Bears trapped and double-teamed South's tackles, which enabled them to run outside the tackle and get good yardage. Dick Schumacher, Jerry Merchant, and Dave Vargo played a fine defensive game for South. Charles Williams came up many times from behind to stop the Arlington Bears from going all the way.

Jerry Hill, co-captain, suffered a slight concussion, but will be ready to meet the Grandview Bobcats tomorrow night at Grandview. Learning a great lesson from Friday night, the Bulldogs will be up Friday and ready for the Bobcats.—By Jack Speakmon and Chuck Washburn.

The one car that can look you in the eye and say you never had it like this before

You can choose from any of the 18 Edsel models and be sure of styling that is clean, crisp and distinctive — from the bold vertical grille and the long hood to the sweep of Edsel's wide, low flight deck. Any one of the Edsel's outstanding advances — the exclusive Edsel engines or "one and only" Teletouch Drive would make it one of America's most capable cars. And the sum-total of dozens of others make it the most convenient, most comfortable car you have ever driven. With all its great advances you may well ask, how much does the Edsel cost? While the Edsel looks expensive, it actually isn't. In any one of its four series—Citation, Corsair, Pacer or Ranger—or among the station wagons—there's an Edsel for you.

THE EDSEL IS PRICED JUST ABOVE THE LOWEST

The Edsel is the result of eleven years of planning and testing. Indeed, no new car has ever had such a proved background — for example, more than 1,250,000 road-test miles alone. Concentrated in the Edsel is more than a half century of manufacturing and engineering experience of Ford Motor Company. Piano Wanted

There's a story here about a visit I made to the Southwood Elementary School. The visit confirmed something which I had heard . . . you see, please, what I had heard was about a needed piano. That's right. There was a piano — in fact there is one there now. However, that's the difficulty—one just can't go around to where needed . . . The piano there was used in the first grade, where it was and is useful—greatly needed . . . When school opened recently, the first-grade teacher, learning that there were 100 tots in kindergarten and knowing the value of music to the tiny tots, surrendered her piano to the kindergarten . . . But the first grade teacher finds the piano indispensable in the first grade. But she had given hers to the kindergarten and has none for the first grade . . . Anyone having an unneeded piano should call Principal Mearle E. Caskey, HI. 4-4729. He will arrange to have it picked up and tuned by the Board of Education . . . and a lot of hearts will be made happy and a lot of good will be done. Who'll reach for that phone . . .? And now for another important matter . . . loyalty to the Fighting Bulldogs. Some fans thought there was too much of a rush to leave the stands as soon as the game was over. "But the Bulldogs lost!!" some have said. Of course they lost — some one or some group always does, in normal play. Let's give this serious thought: win or lose, let's act like we won. And those fightin' fellows out there will bring home more victories . . .

Fourteen Pounds

That's what the big fish brought back from Canada by Mrs. Herbert Meeker weighed—brought back all iced and sound to prove that Mrs. Meeker is a piscatorial champ. They were in White Fish Falls, O, yes, a story in this issue of the Leader tells that the big fish weighed 14 pounds . . . And it looks like there's to be a dance contest . . . with many PTA's and church groups announcing dances . . . Look over the stories in this issue and go to the one nearest you

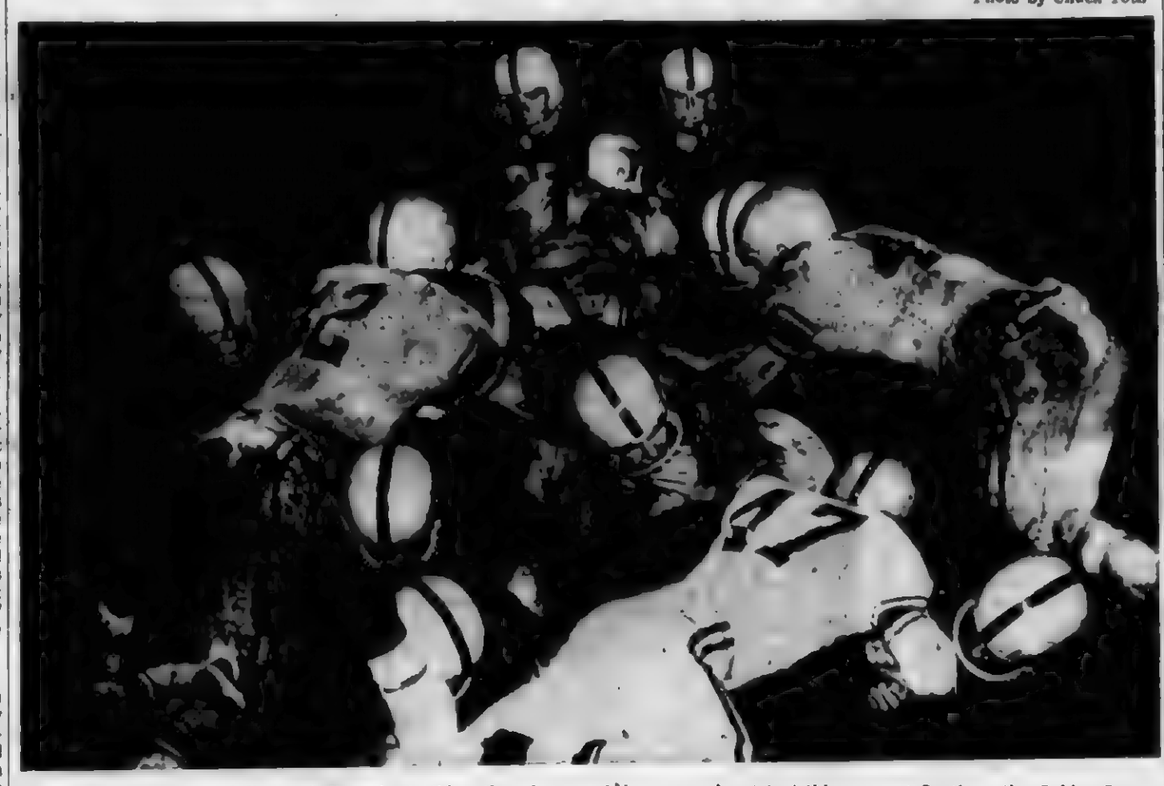
A Good Story Is Told By Mrs. F. Spencer

Now, here's a story that is a story. Mrs. Frank Spencer of 266 Markison-av came in to tell us about the quick sale of a washing machine she had advertised in the South Side Leader. There are many similar instances, of course, but we never tire of recording the joy others feel when the items they advertised in the Leader bring such quick sale.

Mrs. Spencer said that the advertisement brought a buyer before 6 p.m. on the day of publication. It was that easy. Mrs. Spencer wanted to tell us how easy it was to sell an item advertised in the South Side Leader.



There are many other similarly quick sales. YOU try the Leader's classified. You'll be glad. Just call HI. 4-9262.

John Bakers Leave for Great Lakes Cruise

Mr. and Mrs. John Baker of Seneca Appliance, local Westinghouse dealer, are seen at the Columbus Airport boarding an American Airlines plane for Cleveland to join hundreds of other Westinghouse dealers on a five-day Great Lakes Cruise.

A visit to Mackinaw Island and the trip through the Soo Locks were features of the trip. During the trip the dealers reviewed the 1958 line of major appliances and discussed fall merchandising plans for the "Shape of Tomorrow."

"The Shape of Tomorrow" theme is a bold new approach by Westinghouse, a representative said, "to offer kitchen and laundry appliances designed to look built-in at a fraction of the cost." Special feature of the 1958 refrigerators is the "Cold Injector" that chills faster, and recovers cold less from door openings quicker than regular refrigerators, according to company spokesman.

Mrs. Baker is fourth from left and stands partly in front of her husband.

Charles will get to participate in an early birthday celebration before he reports on Sept 21 to his new assignment. His natal day is an occurrance of Sept. 30, but since he won't be around to celebrate it that day, mom Helen plans to see that he gets his "cake and candles" ahead of time.

A 51st wedding anniversary was celebrated by Mr. and Mrs. John Mallory on Sept. 13. They are residents of 1215 S. High-st.

Well, we see that Louise Fulton is still as active as ever in PTA work. Her co-workers at Lincoln Park PTA will remember her, we know. She's still a ball of fire, for she's now secretary of the Grove City-Jackson Township PTA. (Louise is chairman of Trudeau Guild 25, so she still has ties in Columbus town.)

A happy "New Age" to these youngsters . . . Robert Hayes, 1586 S. Fourth-st, Sept. 20; Lora Dewel, 1417 Bruck-st, Sept 20. Since Joe and Margaret Davis had been South Siders for a few years, we'll tell their former neighbors of the sadness that is now theirs. Their son, Eldon, was stricken with the old-fashioned flu and didn't survive. Two others of their seven children were hospitalized and recovered. The Davises are now residents of Mechanicsburg, O. Little Eldon hadn't even started to school yet, and was looking forward to it.

The next item I HAVE to include or my name will be "mud," courtesy of Margaret Krouse. Margaret is a grandma and has been for 11 weeks. Didn't have my note-taking material handy to get all the vital statistics, so will have to let that go by the boards. I hope it's safe for me to go places now, especially where that Krause female is!

Roger Wycoff and Flo Clark were married last Saturday by Rev. Carl E. Hicks of the Oakwood Methodist Church. Rog's wedding had many Michigan guests as all of his relatives reside in the Wolverine State. Among the guests were his mother, Jane, and sister, Susie Jane got around briefly to some of her former neighbors, though her time was quite limited.

If memory serves correctly, Frances Rumsey, 222 Frebis-av, had a Sept. 14 birthday, so we'll offer congratulations to her and hope it was a nice day.

We received this item to little too late for last week's edition, but Trudeau Guild 30 held its meeting yesterday, in the home of Mae Castle on Gerbert-rd.

Things were certainly happening in the Karch household, 272 Southwood-av, last week. Clara Jane departed for Florida and a new position with the phone company, Jack is returning home after his tour of duty in the Air Force, and daughter, Margaret Karch Sabo, presented the latest addition to the family circle. Margaret and Gene, 1168 Frebis-av, are now parents of a little boy, born in Mt. Carmel Hospital. Got your breath yet, Ruth?

Two weddings in our list of news: Carrol Lee Frohnhoefer, 439 E. Deshler-av. and Robert Wanner, 1419 Brairwood-av, will have their wedding date as Sept. 21. Phyllis Ruth Coon, 811 Thurman-av, and Harold Duckworth of Missouri will wed at 3 p.m. this Sunday in Emmanuel Lutheran Church. Rev. C. J. Sutorious will perform the ceremony.

A/C Ivan L. Adkins, son of Mr. and Mrs. Walter Adkins, 336 E. Sycamore-st, will be bringing his English bride to the United States this fall. A/C Adkins married Valerie Francis on June 6 in Bedford, England.

Maxine Crary, 256 E. Deshler-av, was hospitalized in Grant Hospital for a few days earlier in the week. She was expecting to be home by now, but a cheery greeting would be quite appropriate we know.

A week from tomorrow, Friday, Sept. 27, the Trudeau Guilds will be sponsoring the annual Kickoff Ball at Valley Dale. (It derives its name from Ohio State football team "kicking off" the next day). Patients of Benjamin Franklin Hospital will benefit from the profits. Chuck Selby's orchestra will play from 10 p.m. to 2 a.m. Donation is $4 per couple.

The South High Alumni Association will meet Tuesday Sept. 24, at 7:30 p.m. in room 107 at the school. Primary interest will be the homecoming ceremonies for the South-Eastmoor game, Oct. 24. Columbus Chapter 1, Gold Star Mothers, will hold a rummage sale tomorrow and Saturday at 346 S. 4th-st. Donations in this area may be made by contacting Florence Tipton.

The South Unit of League of Women Voters will be meeting this coming Tuesday, Sept. 24, at 8:15 p.m. Mrs. Carl Groezinger, 1511 Wilson-av, will be hostess. Miss Arline Zander is the discussion leader and Mrs. William Durham is the resource chairman. All women interested in learning more about the League are cordially invited to contact Mrs. Groezinger, HI. 4-3984, or Mrs. Paul Lenox, HI. 4-1051, membership chairmen.

Everything has a nice little check-mark, so that ends our weekly stint. For news of any kind, the number is HI. 4-1051. Till next week then, 'tis

Too much work is as bad as too little work, but few are troubled thereby.

Quilting 'Fever' Seems To Be A Tonic For Mrs. O'Harra, 80

When friends of Mrs. Matilda O'Harra, 80, of 83 S. Powell-av, come to call, they never ask what she's doing. They know she's always quilting!

In fact Mrs. O'Harra has hardly put her needle down since she was 30 years old. It was then that her husband died and the young widow began making a living for her daughter and herself as a dressmaker.

However, for the past 15 years, Mrs. O'Harra has turned her sewing talents exclusively to quilt-making—partly because of her failing eyesight and partly because she finds it so completely relaxing.

"I've worked all my life and I can't stop now," Mrs. O'Harra said. "I relax when I work but when I'm idle, I worry. I'll probably be quilting for the rest of my days."

And from the number of "quilting customers" Mrs. O'Harra has accumulated, she might very well be. After advertising one week in this newspaper, she received 15 calls.

"I didn't expect so many," she remarked. "So I just took their names and told them I'd make their quilt if I lived long enough."

MILES OF QUILTS have passed under the deft fingers of Mrs. Matilda O'Harra. Here she works on her latest project.

Averages 4-5 a Summer

For the past seven years, Mrs. O'Harra has been averaging four or five quilts every summer. "I suppose I've made more than 35 in that time," she said, "I've always been sorry that I didn't keep a record of them."

She gives up her quilting during the winter months when she travels to New York to visit her daughter, granddaughter and two great-grandchildren.

Her quilting career, which began at the side of her mother, was resumed about 18 years ago at the Zion Lutheran Church.

"A group of us, 14 or 15, would spend a day every week at the church working on a quilt. The proceeds, of course, would go to the church."

Unfortunately, attendance dropped until only three "quilters" were left five years ago. "Then we broke up," recalled Mrs. O'Harra. "Seems the younger people just don't have much interest in it, and the older ones are getting too old."

Mrs. O'Harra's quilting begins with the marking, which she considers, by far, the "most tiresome" part of the job. "My customers piece their own covers," she explained, "and then I must mark the patterns on it, the places I will quilt. This usually takes two full days."

From there, Mrs. O'Harra spends half or three-quarters of a day putting everything together. "I spread out the lining, next the cotton, and finally the cover. Then I must pin down the corners, stretch it and smooth it out. This part takes a lot of walking and a lot of stretching."

The next step is rolling it up and putting it on the frame, ready for quilting. "I have to have help in this part," she said, "usually my neighbor helps me with the rolling. And then I spend the next five weeks quilting. That is what I really enjoy."

Although Mrs. O'Harra's quilts take approximately five weeks for completion, a complicated design and pattern may take much longer.

To Last a Lifetime

She also emphasized the importance of choosing good material for quilting. "After all, when you consider the hours spent making a quilt, you certainly want it to last a lifetime. I still have a quilt of my mother's that is 80 years old."

Another suggestion from the veteran "quilter" is that you must stick your fingers. "If you don't, you aren't going through all the fabric layers and your stitching has to be ripped out," she explained. "Your fingers must be your feelers on the underside of the quilt. And you've just got to stick them!"

It seems that needlework is certainly going to stay in Mrs. O'Harra's household. "What do I do when I'm not quilting?" She looked up from her four-poster "easel." "Well, I crochet quite a bit. I do enjoy crocheting, you know." Which could easily start another story!

Fall Classes Ready at YW

A wide variety of subjects is offered both for the homemaker and the business person in the fall classes at the YWCA. Both daytime and evening classes, beginning the end of September, feature such attractions as bridge, dance lessons, art appreciation, French, hats, sewing, tailoring, painting, piano lessons, choral group, photography, speech, cake decorating, Towle painting.

Of new interest this fall are cake decorating and Towle painting, both taught by Mrs. Leonard Sadosky; group piano lessons (Fred Waring method), taught by Foster McElfresh, Jr.; speech through story-telling by Mrs. Daniel E. Bevis; photography, given by William R. Burton.

While mothers are in classes their children from two to six years of age may attend play school under the supervision of Mrs. Fred Bruce.

O.G.'s Notes—

(Continued from Page 1)

. . . you'll have a good time and . . .

Let's Turn the Page . . .

Yes, let's turn the page . . . churches are back in fall-time operation, goers-away having returned to the routine which does so much of so great value for communities. One important item is that dealing with the rededication of the sanctary of St. Paul Evangelical and Reformed Church . . . the date is Nov. 3 . . . and it's in the very near future, too, that Ohio Avenue Evangelical Church will have a dedication of a changed interior . . . and pastor of the latter is Rev. Glendon Herbert . . . St. Paul's pastor is Rev. Paul C. Kaefer. There will be more in the news columns soon about both of these events — and other things, of course . . . and there's Chuck Toth. He will record highlights of South High School football home games with pictures which you will find in the South Side Leader. Thank you, Chuck.

A Picture for Remembrance

THE DEDICATED purpose of every funeral director is to make the final hour of parting one that will bring comfort of mind — to create a Memory Picture that will live through the long years ahead. This is the reason for the beauty of the caskets, the soft lights and music, the flowers and the evidence of tenderness and reverence in the service. We have dedicated our chapel to this high purpose.

Last Chance For Bluegills . . . .

INSIDE ON THE Outdoors
By ROD COCHRAN

Vic Dorris, probably the champion bluegill fisherman in these parts, holds up a fine specimen.

I received a call the other day with a strange request. A man was trying to locate a sporting goods store where he could buy a fishing license. They all had plenty of hunting licenses, but he had been to four stores without finding a fishing license.

This call started me to thinking about the fals- notion that many people have that Labor Day signals the end of the fishing season. If you put your tackle away on this prearranged date and wait for next May, you're missing some of the best fishing of the year.

This is particularly true with bluegill fishing. Old timers will tell you that early June is the time to fish for bluegills. It's true that spectacular bluegill fishing usually occurs in central Ohio at that time. Blues feed on the surface then, and starting about an hour before dark they belt rubber spiders with a vengeance. This is the time when trout and bass fishermen are converted—when they learn how a real fightin' fish reacts to the end of a line.

Once you get the bluegill bug, however, three or four weeks of fishing a year isn't enough. Some fans have been taking blues all summer long by fishing at night. Others mark time until the middle of September when the water cools, and bluegills go on a feeding spree again.

Use Weighted Leaders Now

You won't catch very many on the surface right now, you should fish (either flies or worms) several feet down. Sponge rubber spiders will still take a lot of blues, but you must weight them slightly with a tiny piece of lead foil or wire wrapped around the leader just ahead of the spider. It's more difficult to detect hits in this deep water fly fishing, and a very slight twitch of the leader is the only signal that another fish is on.

It is not necessary to fish "a long line" when fishing for bluegills. In fact, most beginners try to get too much line out and in doing so hit the water too hard and scare the fish. A long cane pole and very light line baited with red worms will take almost as many bluegills as a fancy fly outfit. This time of year red worms should be fished deep, and moved slowly in short jerks. A strike, only a slight movement of your line, will be hard to see.

Bluegills will hit right up to freeze up, although few fishermen are out when ice clogs the rod guides. From now until late October, however, fishing conditions are ideal. The bright, spicy days of Indian Summer and scrappy bluegills make a good combination.

South Side Women To Be Mansion Hostesses

Four women in the South Side have been asked to serve as hostesses at a tea for volunteer workers in the United Appeal campaign's "residential division" Monday, Sept. 23 at the Governor's Mansion, 358 N. Parkview-av. The hours will be from 1 until 5 p.m.

Mrs. Robert Frost, 756 E. Whittier-st, chairman of the South area of the residential campaign; Mrs. Phillip Palumbo, 945 Heyl-av, her vice-chairman; Mrs. Joseph Yurasek, 1282 Wilson-av and Mrs. Frederick J. Koch, 1580 Berkley-rd, will be hostesses.

Mrs. C. William O'Neill, wife of the governor, will receive the guests along with a number of ladies from all over the city.

Five thousand volunteer workers have received invitations to the tea in their honor. They have been recruited to conduct a door-to-door solicitation of private homes for the campaign. The solicitation of homes in Columbus and Franklin County will be conducted Monday, Oct. 7.

On Winter Schedule

Schiller Recreation Center is now operating on the winter schedule of hours, which are from 2-10 p.m. on Monday through Friday and from 9 to 12 noon on Saturday.

The playground will continue in operation as long as the weather permits it was said. As many activities as possible will be held outside, with the exception of regularly scheduled classes such as arts and crafts, tumbling and wood working, which will continue indoors.

After dark all activity will be held inside the building.

Fumble, Sprint Help Bulldogs Clip Bobcats' Tail 7 To 0

by Jordan Traikoff

Sparked by a fumble and a 20-yard sprint by Jerry Bordner, South High's Bulldogs dropped Grandview Bobcats 7 to 0 last Friday night on the Bobcat's field. The Bulldogs revenged last year's 12 to 6 last-half defeat.

For six years the Bulldogs hadn't made a showing against Grandview, but Friday night the boys from the South Side broke the jinx. South completely dominated the game both on offense and defense.

Hard Charging

Their defense stopped the hard charging Grandview single-wing offense time and time again. But they could not stop the penalties. South had two scoring drives stopped in the first half through penalties.

The Bulldogs got their break in the third period when Grandview's tailback Dave Franks fumbled the ball in the backfield and middleguard Hal Ward fell on the loose pigskin at the Bobcat's 20-yard line.

Bulldozing Bordner

On the very next play halfback Jerry Bordner went bulldozing through tackle and scampered 20 yards for the score. Jerry Hill converted the extra point, and that was all the scoring for the night. A few minutes later Charles Williams intercepted a Grandview pass on the latter's 40-yard line and sprinted over for the score, but the run was called back on a clipping penalty.

Good Game

Dave Vargo, South co-captain and tackle, Harold Ward, guard; and Alan Weinberg played a good all-around game. South's record now stands at one and one. The next game will be against the Aquinas Terrier's tomorrow night at Mahaffey stadium. Aquinas owns a two-wins, no-defeat record. This will be a clash between two good teams.

Mercy's Staff Receives First 'Shot' In Asian Flu Immunization Program

Mercy Hospital's Supt. Charles Beard, is shown leading off in the hospital's immunization program.

More than one-half of the personnel of Mercy Hospital has taken the first "shot" in a practical demonstration of preventive medicine, according to Supt. Charles Beard of the hospital. Pictured here are a number of employees of the institution taking the first "shot" on the way, it is hoped, to immunization against the new invader of health regions, Asian flu. Mercy, like other hospitals, received and is receiving its supply of the new drug only in limited supply. Answering a question asked by the newsman, Supt. Beard said that it is preferable that with the short supply, that the hospital personnel be immunized against the time when a possible epidemic might require plenty of immunized hospital staff to meet the situation. The superintendent told the newsman that more than half of Mercy's staff have been immunized against the dangerous new "flu" and that all others of the staff desiring immunization will be immunized. Key people in each department were selected for the first "shots" of the new drug, and this will be continued until all personnel desiring it will have inoculations to keep them on the job if there should be epidemic flu of the Asian variety. "The South Side may be assured that its needs will be taken care of in the event of such an epidemic," he said. Mercy's staff consists of 180 persons, Supt. Beard said.

Superintendent Beard is shown as head-off man for the inoculation.

Bloodmobile Schedules Visit In Hamilton Area Tomorrow

The Red Cross Bloodmobile will be in the Hamilton Township area on Friday, Sept. 27. It will be set up in the Hamilton Township High School between the hours of 1 and 7 p.m.

The visit will honor Mrs. Lewis Eakin of Rt. 665, Lockbourne, who has recently been hospitalized in Columbus. During her illness she received six pints of blood which helped save her life. Mrs. Eakin is well known to blood donors in this area as she has been head of Hamilton Township blood drives for some time. Now, people are given the opportunity to show their appreciation of the time and effort she has given in recruiting blood donors by making their appointment to donate on Sept. 27.

Mrs. Nelson Warner, TE. 3-1714, Lockbourne, is in charge of recruiting and scheduling of donors for the visit. Those in the Obetz or Reese Station area may contact either Mrs. Warner, Mrs. Calvin Harris, TE. 6-3396; or Mrs. Jerry Eccard, TE. 3-8178.

Mrs. Clarence Forshey, president of the Band Boosters, has appointed a committee to serve donors light refreshments in the canteen following donations.

Each donor will be given a check to determine his or her ability to donate. Those persons 18 to 60 years are eligible to give. (Persons 18 to 21 years must have written parental consent unless married.)

Due to research it has been determined that persons who have not had an attack of malaria for a 6-month period, and those not having jaundice within a two-year period will be accepted for donations as this blood can be used for fractions such as gamma globulin and serum albumin.

Four area elementary schools will be initiating their 1957 Parent-Teacher meetings today. Among others are Southwood, Stewart, Heyl, Lincoln Park, Deshler. The faculty and board members of Southwood will be introduced at 8 this evening. A reception will follow. At Stewart Avenue there will also be a get-acquainted meeting, scheduled for 7:30 p.m. The principal will introduce the teaching staff. A get-acquainted tea at 1:30 today will be held at Heyl Avenue School. Also, at 1:30, Lincoln Park School will honor the room mothers with a get-acquainted tea. The Garden Club, under the direction of Mrs. Annabelle Shott, will have a display.

Two new littles ones arrived recently, and since the mothers of both the little ones were originally South Siders, we think it appropriate to welcome them via this medium. An 8-lb. 10 oz. boy joined the Babbert family, 1837 Mooberry-st, Sept. 14. He is the son of Mr. and Mrs. Gerald Babbert. Mrs. Babbert is the former Nancy Sides. Mr. and Mrs. Roger Smith are now the parents of little Deborah Kay, born Sept. 17. Deborah's mother was formerly Judy Wycoff.

Lots of birthdays this week, so our best to Kenny Yunker, 158 Morrill-av, and Danny O'Hara, 2428 Lockbourne-rd, who attained a new year on Sept. 22. Mary De Matteo, 1582 Studer-av, has a birthday today, while Mabel Trigg, Darrel Itskin and Frank LaRue will be a year older tomorrow. Two former South-Siders who still keep up with their friends and neighbors via the Leader (that's a plug, Mr. Gedeist!) and who have imminent natal days are Imogene (Wilson) Brown and Cleo Canter. Imogene lives in Michigan and Cleo is a resident of nearby Grove City. (Oh, yes, Imogene's birth date is Sept. 29, and Oct. 1 is Cleo's special day.)

This Sunday, Sept. 29, from 11 a.m. to 8 p.m., St. Ladislaus parish will hold its annual spaghetti dinner in the school's dining room. Mrs. Albert Maciocs and Mrs. Sam Skunza are co-chairmen. You can't go wrong by planning to eat there some time during the day, believe me!

Glenwood Methodist Church will be the scene of the Sept. 29 wedding of Patricia Ann Shay, 239 N. Hague-av, to Dannie W. Price, 408 E. Moler-st.

Too many nice people are ailing these days, sorry to say. Perhaps a card or letter from friends and neighbors will help to hasten their recovery. Myrtle Mincer, 249 Frebis-av, has been in Mt. Carmel Hospital. It was an emergency-type operation, so perhaps not many of her friends knew she would be a patient. We received our information last week and do not know whether she has returned home. A home-addressed card would probably be the safer kind to send. Pat Whalen, 224 Frebis-av, underwent a tonsillectomy a short time ago and we hope he's doing real well by now. Our next ailing person, though not a South Sider, is well known to many of the area's PTA workers, and we hope she is deluged with cards. She underwent two major operations within eight days and it was a nip-and-tuck thing for her for a while. She is Mrs. Harold Weaver (better known as Mildred, perhaps), corresponding secretary of the Columbus Council of Parents and Teachers. She is in room 303, Grant Hospital; home address is 152 S. Westgate-av. We do hope lots of the PTA members will think of her at this time, whether they know her personally or not. Jack Karch, well known South High alumnus, is still another who is a hospital patient at this time. He is in a Cincinnati hospital (a veterans' hospital), so his get-well cards perhaps could be sent to his parents' home, 272 Southwood-av, and they will see to it that he gets them. A shut-in who would appreciate cards is Hilda Lampert, 1489 S. Eighth-st.

The Damenchor of the Columbus Maennerchor will sponsor its fall dance tomorrow evening, from 9 to 12. Fritz Saenger's orchestra will play. Tickets may be secured from members, or at the door.

Thurman Avenue Methodist Church women of White Cross Guild 22 will meet today at 10 a. m. in Henderson Hall.

Congratulations are extended to the residents of 915 Heyl-av for two reasons: electing to live in the friendliest part of town and for their Aug. 17 wedding. The newlyweds are Mr. and Mrs. Thomas Allen King. The wedding was performed in Cambridge, the home town of the former Miss Alice Steele. Mr. King was a resident of Lima. He is now a preseminary student at Capital University. His bride is a teacher at Deshler School.

An executive board meeting and room mothers' tea will take place at South High School today at 1:45 p.m.

Birthday excitement is the lot of these happy kiddies: Debra Poeschel, 329 Jenkins-av, Oct. 2; Wendell Fellure, 1653 S. Fourth-st, Sept. 19 (one we missed last week); Jan Herman, 1364 S. Third-st, Sept. 29; Ronald Burton, 1725 S. Sixth-st, Sept. 28; William Johnson, 241 E. Moler-st, Sept. 30; Sharon Rausch, 1620 S. Fourth-st, Sept. 26; Kathy Winkleman, 265 E. Welch-av, Sept. 29; Virginia Davis, 1460 S. Fourth-st, Sept. 26.

There is yet another birthday we want to acknowledge, and since we neglected to include it in last week's wordage we'll make a separate item of it. Mr. John Waldschmidt, 836 S. Fifth-st, was the gentleman and we hope his day was a happy one.

Hey, Herb Weisenberger, what is this we hear about you? Ignoring the common types of fish now, hm? (Herb caught a gold fish, by way of explanation. We heard it was a beauty!)

The Trudeau Guilds rate an item this week for their "activity." The big Trudeau news is the dance to be held tomorrow night at Valley Dale, Chuck Selby playing, from 10 p.m. to 2 a.m. Donation is $4 per couple. There's another item, but we'll tell you about it next week, if you don't mind.

Talked to Mrs. Roy Schneider of Parsons-av and got a big kick out of the chatter. Mrs. Schneider and her son drove to California to visit another son, Roy, and his little family. They left Aug. 3 and were gone the entire month. They took in all the well known sights, coming and going. (They were able to see both rims of Grand Canyon this way.) When they arrived in California it was still a busy time for them, as Roy Jr. showed them everything they could cram into the two weeks they were visiting. The part that I particularly chuckled over was Mrs. Schneider's description of going to see her first burlesque show. (That puts her one ahead of me!) Too, she became a gambler in Las Vegas, spent two nickels and got back 75c! The altitude got her, however, as it did the automobile. Sounded like lots of fun. Hope the Schneiders have more such vacations.

Still one more convalescent to report about. Corline Sutorious Kaser. She is now home from the hospital and is at her parents' home, 70 E. Markison-av. She is coming along nicely. We hope her former South High Classmates will drop her a line or card; she'd love to hear from them, we know. We got a lift just talking to her.

Guess we've consumed our week's supply of news, so we'll sign off till next edition. Last time we looked, the phone was still HI. 4-1051. Call us, eh? Till then—

Skeet Fans Get Jump On Hunters

Rain failed to stop these shooters at the Hilltop Conservation Club trap shoot, Sunday. From left to right are: Mr. Miller, Mr. Groves, Mr. Howard, Mrs. Staley, scorekeeper (in checkered shirt), and Mr. Staley. Miller was the winner of this shoot.

INSIDE ON THE **Outdoors** By ROD COCHRAN

Whether you realize it or not the fall hunting season is well underway. Hunters have been bagging squirrels, rails and gallinules for some time now, and the duck season is just around the corner. Pheasant and rabbit seasons open a few weeks after the waterfowl season.

The opening day is too late to do any practice shooting. If your shooting is a bit rusty, you may well come home empty-handed. Worse yet, you may injure game in the field that is not recovered.

Shooting a few clay targets before the bird season comes in is an excellent way of sharpening up. Several of the people who participated in the trap shoot held by the Hilltop Conservation Club last Sunday, were there to practice shooting as much as anything else. Sunday was very cloudy, and a drizzling rain continued most of the afternoon, but it failed to dampen the enthusiasm of the shooters. You don't always have ideal weather to hunt in, and these marksmen did their best without offering any excuses.

Trap-Card Events Held

The Hilltop Conservation Club holds a shoot every third Sunday of the month from September through April. In the trap shoots five shooters compete against each other. Each shoots at two clay birds from each position. If the winner of one shoot participates in a later shoot he is handicapped, and must shoot at greater distances.

At the same time, card shoots are held at another location on the club's grounds. Luck plays an important part in these shoots, for a single shotgun shell is fired at a cardboard target at a distance of 95 feet. There is an X in the center of the target, and the person who shoots a pellet nearest the cross in his card, wins.

The club charges $1 to enter a trap shoot, and 50 cents to enter a card shoot. The profit from these monthly shoots is used for different club activities and conservation projects. Charles Smith, club president, told me Sunday that materials for a shelter have been purchased, and the shelter should be built and in operation within a couple of months. Other officers are Al Johnson, first vice president; Stan Smith, second vice president; George Miser, secretary-treasurer; and Carl Blackburn, safety director.

Hostesses Named For Barrett PTA Executive Fete

Mrs. Sheldon Cox, Mrs. Paul Barton, and Mrs. Malcolm Parsons will serve as hostesses for the social hour next Tuesday afternoon at 3 o'clock, when the Barrett Junior High School PTA executive board honors Barrett room representatives.

The program will include several selections by the Boys' Glee Club under the direction of Andrew Denman and a short skit by Miss Isabel Wallace.

Responsibilities of room mothers include assisting in the membership drive through personal contact with parents, helping at Barrett's open house Oct. 17, and assisting board members at school dances, a spokesman told the South Side Leader.

Mrs. Wendell Green, PTA board president, will preside at the executive board meeting which is to precede the tea.

The Ohio River, oddly enough, does not belong to the State of Ohio but to Pennsylvania, West Virginia and Kentucky.

Special Meetings Mark Next Week

The women of Ohio Avenue EUB Church have two special meetings for next week. On Monday, Sept. 30, 7:30 p.m., an open meeting for ladies will be addressed by Mrs. Horace Troop of Westerville, who is president of the Ohio Southeast Conference Branch of Women's Society of World Service. She will explain in detail the purpose and value of the "unified society" which is under consideration in the Ohio Avenue Church. The meeting is announced for 7:30 p.m.

Wednesday, Oct. 2, is the denominational day of prayer for missions, sponsored by the WSWS. In the evening the prayer service will be in charge of Mrs. Glendon Herbert. Dr. Eli Mowery, a returned missionary to Korea, will be the guest speaker. Following the prayer service, the women will have their monthly business meeting, with a fellowship hour.

You'll find today's SWAP column on Page 3.

Literary Bin Rich In Books

By Parsons Library Scribe

Autumn brings to the Parsons Library a new schedule of hours. We are open Monday through Friday from 1-9 p.m.; Saturday, 9 a.m. to 9 p.m. Story hour for the children is held Saturdays at 10 to 11 a.m. Books may be returned through a mail slot at the north side of the building when the library is closed. The library invites the public to visit and browse at any time; we have a wide magazine selection which can be issued for one week to any patron with a library card. We also welcome any high-school and college students and invite them to use reference books and tables. We try to guarantee a quiet atmosphere for their study time. It's your library; use it and enjoy it.

Fall also brings to Parsons Library four outstanding best-selling novels of the day that should be "musts" on your reading list. "Go Catch a Falling Star," by Constance Robertson, presents the story of Nell Sackett and the scandal that surrounds her past and almost ruins her future. It is a unique story in that it weaves together both past and present in the very course of unravelling a baffling human mystery.

"By Love Possessed," by James Cozzens. One of our significant writers has written the most-talked-about novel of the day, a disturbing, moving, absorbing, dramatic revelation of the human mind and heart. It presents all the buried emotions, mental confusion, and conflict behind the many-faceted lives of a lawyer, clergyman, doctor, and the every day people like you and me. This is a story to hold you spellbound; one you will not soon forget. It is not just a love story, but it analyzes the emotion of love and passion and its place in the life of man.

"Rally Round the Flag Boys," by Max Schulman. A happy book, a tonic for these troubled times, a fresh breath of humor, a joy to readers of all tastes. This book is all of these things and more. The author pokes rare humor at many subjects, especially the mechanized gargets of this modern world. Guaranteed to keep you laughing.

"Fairoaks" by Frank Yerby. This is the author's longest and most ambitious novel of the South concerning Guy Falks, a southern aristocrat who lived a lie. It tells the story of the four generations of men and women who were willing to sacrifice anything for the plantation and profit of human slavery.

With these four books in mind, truly the library can say, "Reading is better than ever!"

We Are Proud That Our Newspapers Serve

On the occasion of National Newspaper Week we are proud to express our appreciation for the opportunity to serve so many people in the areas where our newspapers circulate

We are proud of our profession . . . newspapers generally are continuing to play a most important part in the maintenance of freedom all over the world

Today with major problems facing this country it is encouraging to believe that the proper solutions of these problems will result only after the public has been properly acquainted with all sides in these matters through the press

On a grass roots level we also serve. As metropolitan Columbus expands there has developed a greater responsibility for the community newspaper publisher. Ours is the duty to be alert to the needs of our ever expanding communities while remembering that we are still a vital part of the far wider city area

Almost weekly the reader interest in our group of community papers grows. Today the papers we publish serve the Hilltop, West Side, South Side, West Franklin County and portions of Madison county, southeast Franklin county and portions of Fairfield and Pickaway counties. Our combined circulations are in excess of 55,000 per week

Fundamentally, most people are small towners at heart They have a warm spot in their hearts for the old home weekly paper. **And so it is on a grass roots level they continue to be interested in their weekly community newspaper**

In many instances it contains far more of interest to the individual than any other printed piece that comes into the home And why not? It is made up of items and pictures of **you** and **you** and **you** and **your neighbors.** And what is more vitally interesting to you?

Furthermore that weekly paper stays in the home in many instances until well after Sunday or even until the next issue arrives. It is an up-to-date directory of events and services of that area right about home

And so during National Newspaper week our weekly papers again extend a pledge to at all times stand for those things that are for the best interests of our own home folks

Home folks on a grass roots level are our readers!

Aquinas Streaks To Sensational 19-0 Win

Mike Connor, No. 49, was the big gun for Aquinas last Friday night at Mahaffey Stadium as the Terriers nipped the South Bulldogs 19 to 0 with an overflowing crowd looking on. Here Connor is shown being stopped by an unidentified South player after sprinting for a 13-yard gain in the second quarter. In pursuit also is South's Alah Weinberg, No. 14; Hal Ward, No. 35; and Dick Schumacher No. 37.

—Photo by Chuck Toth

Mike Connor scores his second touchdown here as he fights his way over the goal line in the third quarter against South. Two unidentified Bulldogs hang on while Connor's teammate, Dick Sabo, No. 56, attempts to block them out. Aquinas went on to win the ball game, 19 to 0. While they lost the Bulldog spirit is still high.
